## COVERED SERVICES

This section describes the Covered Services available under your health care benefits when provided and billed by eligible Providers. **Care must be received from a Primary Care Physician (PCP), Specialty Care Physician (SCP) or another Network Provider, to be covered except for Emergency Care, urgent care, and ambulance services, or services authorized by Us.** The amount payable for Covered Services varies depending on whether you receive your care from a PCP, SCP or another Network Provider.

**All Covered Services and benefits are subject to the conditions, Exclusions, limitations, terms and provisions of this Contract, including any attachments, riders and endorsements.** Covered Services must be Medically Necessary and not Experimental/Investigative. The fact that a Provider may prescribe, order, recommend or approve a service, treatment or supply does not make it Medically Necessary or a Covered Service and **does not** guarantee payment. To receive maximum benefits for Covered Services, you must follow the terms of the Contract, including receipt of care from a PCP, SCP or another Network Provider, and obtain any required Prior Authorization or Precertification. Contact your Network Provider to be sure that Prior Authorization or Precertification has been obtained. We base Our decisions about Prior Authorization, Precertification, Medical Necessity, Experimental/Investigative services and new technology on Our Clinical Coverage Guidelines and Medical Policy. We may also consider published peer-review medical literature, opinions of experts and the recommendations of nationally recognized public and private organizations which review the medical effectiveness of health care services and technology.

Benefits for Covered Services may be payable subject to an approved treatment plan created under the terms of this Contract. **Benefits for Covered Services are based on the Maximum Allowable Amount for such service. Our payment for Covered Services will be limited by any applicable Coinsurance, Copayment, Deductible, Benefit Period maximum, in this Contract.**

### Ambulance Services (Air, Ground and Water)

**See the Schedule of Cost-Shares and Benefits for any applicable Deductible, Coinsurance, Copayment, and Benefit Limitation information.**

Medically Necessary ambulance services are a Covered Service when one or more of the following criteria are met:

- You are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, fixed wing, rotary wing or water transportation.
- You are taken:
  - 1) From your home, scene of accident or medical Emergency to a Hospital;
  - 2) Between Hospitals, including when We require you to move from an Non-Network Hospital to an Network Hospital; or
  - 3) Between a Hospital, Skilled Nursing Facility (ground transport only) or approved Facility.

You must be taken to the nearest Facility that can give care for Your condition. In certain cases We may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or injury by medical professionals during an ambulance service, even if You are not taken to a Facility.

Non-Network Providers may bill you for any charges that exceed the Plan's Maximum Allowed Amount.

#### Ground Ambulance

Services are subject to Medical Necessity review by The Health Plan. All scheduled ground ambulance services for non-Emergency transports, not including acute facility to acute facility transport, must be Preauthorized.

**Air and Water Ambulance** Air Ambulance Services are subject to Medical Necessity review by The Health Plan. The Health Plan retains the right to select the Air Ambulance provider. This includes fixed wing, rotary wing or water transportation.

Air ambulance services for non-Emergency Hospital to Hospital transports must be Preauthorized.

### **Hospital to Hospital Air Ambulance Transport**

Air ambulance transport is for purposes of transferring from one Hospital to another Hospital and is a Covered Service if such Air Ambulance transport is Medically Necessary, for example, if transportation by ground ambulance would endanger Your health or the transferring Hospital does not have adequate facilities to provide the medical services needed. Examples of such specialized medical services that are generally not available at all types of facilities may include but are not limited to: burn care, cardiac care, trauma care, and critical care. Transport from one Hospital to another Hospital is covered only if the Hospital to which the patient is transferred is the nearest one with medically appropriate facilities.

### **Fixed and Rotary Wing Air Ambulance**

Fixed wing or rotary wing air ambulance is furnished when Your medical condition is such that transport by ground ambulance, in whole or in part, is not appropriate. Generally, transport by fixed wing or rotary wing air ambulance may be necessary because Your condition requires rapid transport to a treatment facility, and either great distances or other obstacles preclude such rapid delivery to the nearest appropriate facility. Transport by fixed wing or rotary wing air ambulance may also be necessary because You are located in a place that is inaccessible to a ground or water ambulance provider.

## **Autism Spectrum Disorders**

Coverage is provided for the treatment of autism spectrum disorders. Treatment is limited to services prescribed by your Physician in accordance with a treatment plan. Autism spectrum disorder means a neurological condition, including Asperger's syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association. Any exclusion or limitation in this Contract in conflict with the coverage described in this provision will not apply.

## **Behavioral Health Services**

### **Mental Health and Substance Abuse Services**

## Clinical Trials

Benefits include coverage for services, such as routine patient care costs, given to you as a participant in an approved Clinical Trial if the services are Covered Services under this Contract. An “approved Clinical Trial” means a phase I, phase II, phase III, or phase IV Clinical Trial that studies the prevention, detection, or treatment of cancer or other life-threatening conditions. The term life-threatening condition means any disease or condition from which death is likely unless the disease or condition is treated.

Benefits are limited to the following trials:

1. Federally funded trials approved or funded by one of the following:
  - a. The National Institutes of Health.
  - b. The Centers for Disease Control and Prevention.
  - c. The Agency for Health Care Research and Quality.
  - d. The Centers for Medicare & Medicaid Services.
  - e. Cooperative group or center of any of the entities described in (a) through (d) or the Department of Defense or the Department of Veterans Affairs.
  - f. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
  - g. Any of the following in i-iii below if the study or investigation has been reviewed and approved through a system of peer review that the Secretary determines 1) to be comparable to the system of peer review of studies and investigations used by the National Institutes of Health, and 2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
    - 1) The Department of Veterans Affairs.
    - 2) The Department of Defense.
    - 3) The Department of Energy.
2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration;
3. Studies or investigations done for drug trials which are exempt from the investigational new drug application.

Your Plan may require you to use a Network Provider to maximize your benefits.

Routine patient care costs include items, services, and drugs provided to you in connection with an approved Clinical Trial and that would otherwise be covered by this plan.

When a requested service is part of an approved Clinical Trial, it is a Covered Service even though it might otherwise be Investigational as defined by this Plan. All other requests for Clinical Trials services that are not part of approved Clinical Trials will be reviewed according to our Clinical Coverage Guidelines, related policies and procedures.

Your Plan is not required to provide benefits for the following services. We reserve our right to exclude any of the following services:

1. The Investigational item, device, or service, itself; or
2. Items and services that given only to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; or
3. A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis;
4. Any item or service that is paid for, or should have been paid for, by the sponsor of the trial.

## **Dental Services – Dental Care for Pediatric Members**

### **Your Dental Benefits**

Anthem does not determine whether the dental services listed in this section are Medically Necessary to treat your specific condition or restore your dentition. There is a preset schedule of dental care services that are covered under this Contract. We evaluate the procedures submitted to Us on your claim to determine if they are a Covered Service under this Contract.

EXCEPTION: Claims for orthodontic care will be reviewed to determine if it was Dentally Necessary Orthodontic Care. See the section “Orthodontic Care” for more information.

Your dentist may recommend or prescribe other dental care services that are not covered, are cosmetic in nature, or exceed the benefit frequencies of this Contract. While these services may be necessary for your dental condition, they may not be covered by Us. There may be an alternative dental care service available to you that is covered under your Contract. These alternative services are called optional treatments. If an allowance for an optional treatment is available, you may apply this allowance to the initial dental care service prescribed by your dentist. You are responsible for any costs that exceed the allowance, in addition to any Coinsurance or Deductible you may have.

The decision as to what dental care treatment is best for you is solely between you and your dentist.

### **Pretreatment Estimates**

A pretreatment estimate is a valuable tool for you and your dentist. It provides you and the dentist with an idea of what your out of pocket costs will be for the dental care treatment. This will allow the dentist and you to make any necessary financial arrangements before treatment begins. It is a good idea to get a pretreatment estimate for dental care that involves major restorative, periodontic, prosthodontic, endodontic, oral surgery, or orthodontic care.

The pretreatment estimate is recommended, but it is not required for you to receive benefits for covered dental care services.

A pretreatment estimate does not authorize treatment or determine its medical necessity (except for orthodontics), and does not guarantee benefits. The estimate will be based on your current eligibility and the Contract benefits in effect at the time the estimate is submitted to Us. This is an estimate only. Our final payment will be based on the claim that is submitted at the time of the completed dental care service(s). Submission of other claims, changes in your eligibility or changes to the Contract may affect our final payment.

You can ask your dentist to submit a pretreatment estimate for you, or you can send it to Us yourself. Please include the procedure codes for the services to be performed (your dentist can tell you what procedures codes). Pretreatment estimate requests can be sent to the address on your dental ID Card.

### **Dental Providers**

You must select a Participating dentist to receive dental benefits. Please call Our Customer Service department at the number shown on the back of Your ID Card for help in finding a Participating dentist or visit Our website at [www.anthem.com/mydentalvision](http://www.anthem.com/mydentalvision). Please refer to Your ID Card for the name of the dental program that Participating Providers have agreed to service when You are choosing a Participating dentist.

## Orthodontic Care

Orthodontic Treatment is the prevention and correction of malocclusion of teeth and associated dental and facial disharmonies. We will only cover orthodontic care that is Dentally Necessary Orthodontic Care. You should submit your treatment plan to us before you start any orthodontic treatment to make sure it is covered under this Contract.

### Dentally Necessary Orthodontic Care

To be considered Dentally Necessary Orthodontic Care, at least one of the following criteria must be present:

- a) There is spacing between adjacent teeth which interferes with the biting function;
- b) There is an overbite to the extent that the lower anterior teeth impinge on the roof of the mouth when you bite;
- c) Positioning of the jaws or teeth impair chewing or biting function;
- d) On an objective professionally recognized dental orthodontic severity index, the condition scores at a level consistent with the need for orthodontic care; or
- e) Based on a comparable assessment of items a through d, there is an overall orthodontic problem that interferes with the biting function.

### Orthodontic treatment may include the following:

- Limited Treatment - Treatments which are not full treatment cases and are usually done for minor tooth movement.
- Interceptive Treatment - A limited (phase I) treatment phase used to prevent or assist in the severity of future treatment.
- Comprehensive (complete) Treatment - Full treatment includes all radiographs, diagnostic casts/models, appliances and visits.
- Removable Appliance Therapy - An appliance that is removable and not cemented or bonded to the teeth.
- Fixed Appliance Therapy - A component that is cemented or bonded to the teeth.
- Complex Surgical Procedures – surgical exposure of impacted or unerupted tooth for orthodontic reasons; or surgical repositioning of teeth.

**Note:** Treatment in progress (appliances placed prior to being covered under this Contract) will be benefited on a pro-rated basis.

### Orthodontic Exclusions

Coverage is NOT provided for:

- Monthly treatment visits that are inclusive of treatment cost;
- Repair or replacement of lost/broken/stolen appliances;
- Orthodontic retention/retainer as a separate service;
- Retreatment and/or services for any treatment due to relapse;
- Inpatient or Outpatient Hospital expenses (please refer to your medical coverage to determine if this is a covered medical service); and
- Provisional splinting, temporary procedures or interim stabilization of teeth.

### Orthodontic Payments

Because orthodontic treatment normally occurs over a long period of time, payments are made over the course of your treatment. You must have continuous coverage under this plan in order to receive ongoing payments for your orthodontic treatment.

Payments for treatment are made: (1) when treatment begins (appliances are installed), and (2) at six month intervals thereafter, until treatment is completed or this coverage ends.

Before treatment begins, the treating dentist should submit a pre-treatment estimate to us. An Estimate of Benefits form will be sent to you and your dentist indicating the estimated maximum allowed amount, including any amount (Coinsurance) you may owe. This form serves as a claim form when treatment begins.

When treatment begins, the dentist should submit the Estimate of Benefit form with the date of appliance placement and his/her signature. After benefit and eligibility verification by us, a payment will be issued. A new/revised Estimate of Benefits form will also be issued to you and your dentist. This again will serve as the claim form to be submitted 6 months from the date of appliance placement.

## Dental Services

### Accident Related Dental Services

Outpatient Services, Physician Home Visits and Office Services, Emergency Care and Urgent Care services for dental work and oral surgery are covered if they are for the initial repair of an injury to the jaw, sound natural teeth, mouth or face which are required as a result of an accident and are not excessive in scope, duration, or intensity to provide safe, adequate, and appropriate treatment without adversely affecting the patient's condition. Injury as a result of chewing or biting is not considered an accidental injury. "Initial" dental work to repair injuries due to an accident means performed within 12 months from the injury, or as reasonably soon thereafter as possible and includes all examinations and treatment to complete the repair. For a child requiring facial reconstruction due to dental related injury, there may be several years between the accident and the final repair.

Covered Services for accidental dental include, but are not limited to:

- Oral examinations;

- Tests and laboratory examinations;
- Restorations;
- Prosthetic services;
- Oral surgery;

The Indications for General Anesthesia, as published in the reference manual of the American Academy of Pediatric Dentistry, should be used to determine whether performing dental procedures is necessary to treat the Member's condition under general anesthesia. This coverage does not apply to treatment for temporal mandibular joint disorders (TMJ).

General anesthesia is a Drug, gas or other modality that, when administered, causes a complete loss of sensation and a loss of consciousness. Benefits are not provided for routine dental services.

NOTE: Benefits are not provided for routine dental care, unless otherwise specified as a Covered Service in this Contract.

For the purposes of this benefit, a "Health Care Professional" means the Physician or podiatrist ordering the training or a Provider who has obtained certification in diabetes education by the American Diabetes Association.

Covered Services also include all Physician prescribed Medically Necessary equipment and supplies used for the management and treatment of diabetes. See "Medical Supplies, Durable Medical Equipment and Appliances" and "Physician Home Visits and Office Services".

## Emergency Care and Urgent Care Services

**See the Schedule of Cost-Shares and Benefits for any applicable Deductible, Coinsurance, Copayment, and Benefit Limitation information.**

### Emergency Care (including Emergency Room Services)

If you are experiencing an Emergency, call 9-1-1 or go to the nearest Hospital. Services which We determine to meet the definition of Emergency Care will be covered, whether the care is rendered by a Network Provider or Non-Network Provider. Emergency Care you get from a Non-Network Provider will be covered as a Network service. When you receive Emergency Care rendered by a Non-Network Provider, by law, the Non-Network Provider cannot charge you any more than the applicable Coinsurance, Copayment or Deductible under your Plan.

The Maximum Allowed Amount for Emergency Care from a Non-Network Provider will be the greatest of the following:

1. The amount negotiated with Network Providers for the Emergency service;
2. The amount for the Emergency service calculated using the same method we generally use to determine payments for Non-Network services but substituting the Network cost-sharing for the Non-Network cost-sharing; or
3. The amount that would be paid under Medicare for the Emergency service.

In addition, if you contact your Physician and are referred to a Hospital emergency room, benefits will be provided at the level for Emergency Care. Hospitals are open to treat an Emergency 24 hours a day, 7 days a week. **Follow-up care is not considered Emergency Care.**

Benefits are provided for treatment of Emergency Medical Conditions and Emergency screening and Stabilization services without Prior Authorization for conditions that reasonably appear to a prudent layperson to constitute an Emergency Medical Condition based upon the patient's presenting symptoms and conditions. Benefits for Emergency Care include facility costs and Physician services, and supplies and Prescription Drugs charged by that facility.

For an Inpatient admission following Emergency Care, Precertification is not required. However, you must notify Us or verify that your Physician has notified Us of your admission within 48 hours or as soon as possible within a reasonable period of time. When We are contacted, you will be notified whether the Inpatient setting is appropriate, and if appropriate, the number of days considered Medically Necessary. By calling Us, you may avoid financial responsibility for any Inpatient care that is determined to be not Medically Necessary under your Plan. If your Provider does not have a contract with Us or is a BlueCard Provider, you will be financially responsible for any care We determine is not Medically Necessary.

Care and treatment provided once you are Stabilized is not Emergency Care. Continuation of care from a Non-Network Provider beyond that needed to evaluate or Stabilize your condition in an Emergency will be considered as a Non-Network service unless We authorize the continuation of care and it is Medically Necessary.

### Urgent Care Center Services

Often an urgent rather than an Emergency medical problem exists. All Covered Services obtained at Urgent Care Centers are subject to the Urgent Care Copayment/Coinsurance. Urgent care services can be obtained from a Network or Non-Network Provider. Urgent care services rendered by a Non-Network Urgent Care Provider will be considered as a Network service; however the Member **may** be responsible for the difference between the Non-Network Provider's charge and the Maximum Allowable Amount, in addition to any applicable Copayment/Coinsurance or Deductible. If you experience an accidental injury or a medical problem, the Plan will determine whether your injury or condition is an urgent care or Emergency Care situation for coverage purposes, based on your diagnosis and symptoms.

An urgent care medical problem is an unexpected episode of illness or an injury requiring treatment which cannot reasonably be postponed for regularly scheduled care. It is not considered an Emergency. Urgent care medical problems include, but are not limited to, earache, sore throat, and fever (not above 104 degrees). An urgent care medical problem is one that is not life threatening and does not require use of

an emergency room at a Hospital. If you call your Physician prior to receiving care for an urgent medical problem and your Physician authorizes you to go to an emergency room, your care will be paid at the level specified in the Schedule of Cost-Shares and Benefits for Emergency Room Services.

### **Statement of Rights Under the Newborns' and Mothers' Health Protection Act**

Under federal law, health insurance issuers generally may not restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, less than 96 hours following a delivery by cesarean section. However, the issuer may pay for a short stay if the attending provider (e.g., your Physician, nurse, midwife, or Physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, an issuer may not, under federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours).

## **Medical Supplies, Durable Medical Equipment, and Appliances**

**See the Schedule of Cost-Shares and Benefits for any applicable Deductible, Coinsurance, Copayment, and Benefit Limitation information.**

The supplies, equipment and appliances described below are Covered Services under this benefit. If the supplies, equipment and appliances include comfort, luxury, or convenience items or features which exceed what is Medically Necessary in your situation or needed to treat your condition, reimbursement will be based on the Maximum Allowable Amount for a standard item that is a Covered Service, serves the same purpose, and is Medically Necessary. Any expense that exceeds the Maximum Allowable Amount for the standard item that is a Covered Service is your responsibility. For example, the reimbursement for a motorized wheelchair will be limited to the reimbursement for a standard wheelchair, when a standard wheelchair adequately accommodates your condition.

Repair, adjustment and replacement of purchased equipment, supplies or appliances as set forth below may be covered, as approved by Us. The repair, adjustment or replacement of the purchased equipment, supply or appliance is covered if:

- 4) The equipment, supply or appliance is damaged and cannot be repaired

Benefits for repairs and replacement do not include the following:

## Prescription Drugs

### What You Pay for Prescription Drugs

#### Tier One, Tier Two, Tier Three, Tier Four

Your Copayment/Coinsurance amount may vary based on whether the Prescription Drug, including covered Specialty Drugs, has been classified by Us as a first, second, third, or fourth “tier” Drug. Refer to your Schedule of Cost-Shares and Benefits to determine your Copayment, Coinsurance and Deductible (if any) amounts. The determination of tiers is made by Us, through the Pharmacy and Therapeutics (P&T) Process, based upon clinical information, and where appropriate the cost of the Drug relative to other Drugs in its therapeutic class or used to treat the same or similar condition; the availability of over-the-counter alternatives; and where appropriate certain clinical economic factors. We retain the right, at Our discretion, to decide coverage for doses and administration (i.e., by mouth, shots, topical, or inhaled). We may cover one form of administration instead of another, or put other forms of administration in a different tier.

**Note:** Your Copayment(s) and/or Coinsurance will not be reduced by any discounts, rebates or other funds received by Anthem’s designated Pharmacy Benefits Manager, from drug manufacturers,

wholesalers, distributors, and/or similar vendors and/or funds received by Anthem from Anthem's designated Pharmacy Benefits Manager.

## **Prescription Drug List**

We also have a Prescription Drug List, (a Formulary), which is a list of FDA-approved Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness.

The Drug List is developed by Us based upon clinical findings, and where proper, the cost of the Drug relative to other Drugs in its therapeutic class or used to treat the same or similar condition. It is also based on the availability of over the counter medicines, Generic Drugs, the use of one Drug over another by Our Members, and where proper, certain clinical economic reasons.

If you have a question regarding whether a Drug is on the Prescription Drug Formulary, contact the Customer Service telephone number on the back of Your Identification Card.

We retain the right, at Our discretion, to decide coverage for doses and administration methods (i.e., by oral, injected, topical, or inhaled) and may cover one form of administration instead of another as Medically Necessary.

Your Contract limits Prescription Drug coverage to those Drugs listed on Our Prescription Drug List. This Formulary contains a limited number of Prescription Drugs, and may be different than the Formulary for other Anthem products. Benefits may not be covered for certain drugs if they are not on the Prescription Drug List. Generally, it includes select Generic Drugs with limited Brand Name Prescription Drugs coverage. This list is subject to periodic review and modification by Anthem. We may add or delete Prescription Drugs from this Formulary from time to time. A description of the Prescription Drugs that are listed on this Formulary is available upon request and at [www.anthem.com](http://www.anthem.com).

## **Exception Request for a Drug not on the Prescription Drug List**

If you or your Doctor believe you need a Prescription Drug that is not on the Prescription Drug List, please have your Doctor or pharmacist get in touch with us. We will cover the other Prescription Drug only if we agree that it is Medically Necessary and appropriate over the other Drugs that are on the List. We will make a coverage decision within 72 hours of receiving your request. If we approve the coverage of the Drug, coverage of the Drug will be provided for the duration of your prescription, including refills. If we deny coverage of the Drug, you have the right to request an external review by an Independent Review Organization (IRO). The IRO will make a coverage decision within 72 hours of receiving your request. If the IRO approves the coverage of the Drug, coverage of the Drug will be provided for the duration of your prescription, including refills.

You or your Doctor may also submit a request for a Prescription Drug that is not on the Prescription Drug List based on exigent circumstances. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the Plan. We will make a coverage decision within 24 hours of receiving your request. If we approve the coverage of the Drug, coverage of the Drug will be provided for the duration of the exigency. If we deny coverage of the Drug, you have the right to request an external review by an IRO. The IRO will make a coverage decision within 24 hours of receiving your request. If the IRO approves the coverage of the Drug, coverage of the Drug will be provided for the duration of the exigency.

Coverage of a Drug approved as a result of your request or your Doctor's request for an exception will only be provided if you are a Member enrolled under the Plan.

## **Covered Prescription Drugs**

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and you must get them from a licensed Pharmacy.

- Self-administered contraceptives, including oral contraceptive Drugs, self-injectable contraceptive Drugs, contraceptive patches, and contraceptive rings; certain contraceptives are covered under the "Preventive Care" benefit. Please see that section for more details.

## Where You Can Obtain Prescription Drugs

Your Contract includes benefits for Prescription Drugs you get at a Retail or Mail Order Pharmacy. We use a Pharmacy Benefits Manager (PBM) to manage these benefits. The PBM has a network of Retail Pharmacies, a (Mail Service) Pharmacy, and a Specialty Pharmacy. The PBM works to make sure Drugs are used properly. This includes checking that Prescriptions are based on recognized and appropriate doses and checking for Drug interactions or pregnancy concerns.

### Retail

You can visit one of the local Retail Pharmacies in Our network. Give the Pharmacy the prescription from your Doctor and your Identification Card and they will file your claim for you. Refer to your Schedule of Cost-Shares and Benefits for any Copayment, Coinsurance, and/or Deductible that applies when you obtain Prescription Drugs. If you do not have your Identification Card, the Pharmacy may charge you the full retail price of the Prescription and may not be able to file the claim for you. You will need to ask the Pharmacy for a detailed receipt and send it to Us with a written request for payment.

If We determine that You may be using a Prescription Drug in a harmful or abusive manner, or with harmful frequency, Your selection of Participating Pharmacies may be limited. If this happens, We may require You to select a single Participating Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if You use the selected single Participating Pharmacy. If You do not make a selection within 31 days of the date We notify You, We will select a single Participating Pharmacy for You.

**Helpful tip:** Benefits for Prescription Drugs, including Specialty Drugs, which must be administered to you in a medical setting (e.g., doctor's office, home care visit, or Outpatient Facility) are covered under the "Administered by a Medical Provider" benefit. Please read that section for important details.

### Mail Order

Your Mail Order Prescription Drug program is administered by Anthem's PBM which lets you get certain Drugs by mail if you take them on a regular basis (Maintenance Medication). Your mail order Prescriptions are filled by an independent, licensed Pharmacy. Anthem does not dispense Drugs or fill Prescriptions.

Refer to your Schedule of Cost-Shares and Benefits for any Copayment, Coinsurance, and/or Deductible that applies when you obtain Prescription Drugs.

**Helpful Tip:** If you decide to use Mail Order, We suggest that you order your refill two weeks before you need it to avoid running out of your medication. For any questions concerning the mail order program, call the Customer Service telephone number on the back of Your Identification Card.

The Prescription must state the dosage and your name and address; it must be signed by your Physician.

The first mail order Prescription you submit must include a completed patient profile form. This form will be sent to you upon becoming eligible for this program. Any subsequent mail order Prescriptions for that Insured need only the Prescription and payment enclosed.

You must authorize the pharmacist to release information needed in connection with the filling of a Prescription to the designated mail order Prescription Drug program.

**Note:** Some Prescription Drugs and/or medicines are not available or are not covered for purchase through the mail order Prescription Drug program including, but not limited to, antibiotics, Drugs not on the Formulary, Drugs and medications to treat Infertility, impotence and/or sexual dysfunction, injectables, including Self-Administered Injectables except Insulin. Please check with the mail order Prescription Drug program customer service department at telephone number on the back of Your Identification Card for availability of the Drug or medication.

### **Specialty Pharmacy**

Specialty Drugs are high-cost, injectable, infused, oral or inhaled medications (including therapeutic biological products) that are used to treat chronic or complex illnesses or conditions. Specialty medications have special handling, storage and shipping requirements, such as temperature control. Specialty drugs may require nursing services or special programs to encourage patient compliance. Specialty Drugs are covered only when purchased from the Specialty Preferred Provider.

The list of Specialty Drugs is based upon clinical findings from the Pharmacy and Therapeutics (P&T) Process, and where appropriate, certain clinical economic reasons. This list will change from time to time.

### **When You Order Your Prescription Through the Specialty Preferred Provider**

You can only have your Prescription for a Specialty Drug filled through the Anthem's Specialty Preferred Provider. Specialty Drugs are limited to a 30-day supply per fill. The Specialty Preferred Provider will deliver your Specialty Drugs to you by mail or common carrier for self administration in your home. You cannot pick up your medication at Anthem.

The Prescription for the Specialty Drug must state the Drug name, dosage, directions for use, quantity, the Physician's name and phone number, and the patient's name and address and be signed by a Physician.

You or your Physician may order your Specialty Drug from the Specialty Preferred Program by calling the Customer Service telephone number on the back of Your Identification Card. The PBM's Specialty Pharmacy has Dedicated Care Coordinators to help you take charge of your health problem and offers toll-free twenty-four hour access to nurses and pharmacists to answer your questions about Specialty Drugs. A Dedicated Care Coordinator will work with you and your Doctor to get Prior Authorization. When you call the Specialty Preferred Provider, a Dedicated Care Coordinator will guide you through the process up to and including actual delivery of your Specialty Drug to you. When you order your Specialty Drug by telephone, you will need to use a credit or debit card to pay for it. You may also submit your Specialty Drug prescription with the appropriate payment for the amount of the purchase and a properly completed order form to the Specialty Preferred Provider at the address shown below. Once you have met your Deductible, if any, you will only have to pay the cost of your Copayment or Coinsurance as found in the Schedule of Cost-Shares and Benefits. When you order your Specialty Drug by mail, you will need to use a check, money order, credit or debit card to pay for it.

You or your Physician may obtain a list of Specialty Drugs available through the Specialty Preferred Provider network by contacting Member Services by calling the Customer Service telephone number on the back of Your Identification Card or online at [www.anthem.com](http://www.anthem.com). You or your Physician may also obtain order forms by contacting Member Services or by accessing Our web site at [www.anthem.com](http://www.anthem.com).

### **Urgent or Emergency need of a Specialty Drug subject to the Specialty Pharmacy Program**

If you are out of a Specialty Drug which must be obtained through the Specialty Pharmacy Program, We will authorize an override of the Specialty Pharmacy Program requirement for 72-hours, or until the next business day following a holiday or weekend to allow you to get a 72-hour Emergency supply of medication, or the smallest packaged quantity, whichever is greater, if your doctor decides that it is appropriate and Medically Necessary. You may have to pay the applicable Copayment/Coinsurance, if any.

If you order your specialty drug through the Specialty Preferred Provider and it does not arrive, if your Physician decides that it is Medically Necessary for you to have the drug immediately, We will authorize an override of the Specialty Pharmacy Program requirement for a 30-day supply or less to allow you to get an Emergency supply of medication from a Participating Pharmacy near you. A customer service representative from the Specialty Preferred Provider will coordinate the exception and you will not be required to pay additional Coinsurance.

## **Important Details About Prescription Drug Coverage**

Your Contract includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, your prescribing Doctor may be asked to give more details before We can decide if the Drug is Medically Necessary. We may also set quantity and/or age limits for specific Prescription Drugs or use recommendations made as part of Our Medical Policy and Technology Assessment Committee and/or Pharmacy and Therapeutics Process.

Prescription Drug benefits may depend on reviews to decide when Drugs should be covered. These reviews may include Prior Authorization, Step Therapy, use of a Prescription Drug List, Therapeutic Substitution, day / supply limits, and other utilization reviews. Your Participating Pharmacist will be told of any rules when you fill a Prescription, and will be also told about any details We need to decide benefits.

## **Drug Utilization Review**

Your Prescription Drug benefits include utilization review of Prescription Drug usage for your health and safety. Certain Drugs may require Prior Authorization. Also, a Participating Pharmacist can help arrange Prior Authorization or dispense an Emergency amount. If there are patterns of over utilization or misuse of Drugs, We will notify your personal Physician and your pharmacist. We reserve the right to limit benefits to prevent over utilization of Drugs.

## **Prior Authorization**

Prior Authorization may be needed for certain Prescription Drugs to make sure proper use and guidelines for Prescription Drug coverage are followed. We will contact your Provider to get the details We need to decide if Prior Authorization should be given. We will give the results of Our decision to both you and your Provider.

If Prior Authorization is denied you have the right to file a Grievance as outlined in the "Member Grievances" section of this Contract.

For a list of Drugs that need Prior Authorization, please call the phone number on the back of your Identification Card or visit [www.anthem.com](http://www.anthem.com). The list will be reviewed and updated from time to time. Including a Drug or related item on the list does not promise coverage under your Contract. Your Provider may check with Us to verify Drug coverage, to find out whether any quantity (amount) and/or age limits apply, and to find out which Brand Name or Generic Drugs are covered under the Contract.

## **Step Therapy**

Step therapy is a process in which you may need to use one type of Drug before We will cover another. We check certain Prescription Drugs to make sure that proper prescribing guidelines are followed. These guidelines help you get high quality and cost effective Prescription Drugs. If a Doctor decides that a certain Drug is needed, the Prior Authorization will apply.

## **Administered by a Medical Provider**

Your Contract also covers Prescription Drugs when they are administered to you as part of a doctor's visit, home care visit, or at an Outpatient facility. This includes Drugs for infusion therapy, chemotherapy,

Specialty Drugs, blood products, and injectables that must be administered by a Provider. This section applies when your Provider orders the Drug and administers it to you. Benefits for Drugs that you inject or get at a Pharmacy (i.e., self-administered Drugs) are not covered under this section. Benefits for those Drugs are described in the “Where You Can Obtain Prescription Drugs” section.

**Helpful tip:** When Prescription Drugs are covered under this benefit, they will not also be covered under the “Where You Can Obtain Prescription Drugs” benefit. Also, if Prescription Drugs are covered under the “Where You Can Obtain Prescription Drugs” benefit, they will not be covered under this benefit.

## **Additional Features**

Certain day supply limits apply to Prescription Drugs as listed in the “Schedule of Cost-Shares and Benefits.” In most cases, you must use a certain amount of your prescription (e.g., 85%) before it can be refilled.

### **Half-Tablet Program**

The half-tablet program lets you pay a reduced Copayment on selected “once daily dosage” Drugs on Our approved list. The program lets you get a 30-day supply (15 tablets) of the higher strength Drug when the Doctor tells you to take a “½ tablet daily.” The Half-Tablet Program is strictly voluntary and you should talk to your Doctor about the choice when it is available. To get a list of the Drugs in the program call the number on the back of your Identification Card.

### **Split Fill Dispensing Program**

The split fill dispensing program is designed to prevent and/or minimize wasted prescription drugs if Your Prescription Drugs or dose changes between fills, by allowing only a portion of Your prescription to be filled at a retail Pharmacy. This program also saves You out of pocket expenses.

The Prescription Drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and potential reactions or side-effects. You can access the list of these prescription drugs by calling the toll-free Member Services number on your Member ID Card or log on to the Member website at [www.anthem.com](http://www.anthem.com).

### **Special Programs**

Except where prohibited by federal regulations, from time to time We may offer programs to support the use of more cost-effective or clinically effective Prescription Drugs including Generic Drugs, Home Delivery Drugs, over the counter Drugs or preferred products. Such programs may reduce or waive Copayments or Coinsurance for a limited time. In addition, We may allow access to network rates for Drugs not listed on Our Formulary.

Day rehabilitation program services provided through a Day Hospital for physical medicine and rehabilitation are Covered Services. ## **Transplant: Human Organ and Tissue Transplant (Bone Marrow/Stem Cell) Services**

Any Medically Necessary human organ and stem cell / bone marrow transplants and infusions as determined by Us including necessary acquisition procedures, mobilization, collection and storage, and including Medically Necessary myeloablative or reduced intensity preparative chemotherapy or radiation therapy or a combination of these therapies.

### **In-Network Transplant Provider**

A Provider that Anthem has chosen as a Center of Medical Excellence and/or a Provider selected to take part as an In-Network transplant provider by the Blue Cross and Blue Shield Association.

The Provider has entered into a transplant provider agreement to give Covered Transplant Procedures to you and take care of certain administrative duties for the transplant network. A Provider may be an In-Network Transplant Provider for:

- Certain Covered Transplant Procedures; or
- All Covered Transplant Procedures.

### **Out-of-Network Transplant Provider**

### **Transplant Benefit Period**

The number of days will vary depending on the type of transplant received and the In-Network Transplant Provider agreement. Contact the Case Manager for specific In-Network transplant Provider information for services received at or coordinated by an In-Network Transplant Provider Facility. Services received from an Out-of-Network Transplant Facility starts one day prior to a Covered Transplant Procedure and continues to the date of discharge.

## Prior Approval and Precertification

In order to maximize your benefits, you will need to call Our transplant department to discuss benefit coverage when it is determined a transplant may be needed. **You must do this before you have an evaluation and/or work-up for a transplant.** Your evaluation and work-up services must be provided by an In-Network Transplant Provider to receive maximum benefits. We will assist you in maximizing your benefits by providing coverage information, including details regarding what is covered and whether any clinical coverage guidelines, medical policies, In-Network Transplant Provider requirements, or exclusions are applicable. Even if a Hospital is an In-Network Provider for other services, it may not be an In-Network Transplant Provider for certain transplant services. Please call us to find out which Hospitals are In-Network Transplant Providers. Contact the Customer Service telephone number on the back of your Identification Card and ask for the transplant coordinator. Even if We issue a prior approval for the Covered Transplant Procedure, you or your Provider must call Our transplant department for precertification prior to the transplant whether this is performed in an Inpatient or Outpatient setting.

**Helpful tip:** Receiving transplant evaluation and work-up services at an In-Network Transplant Facility will maximize your benefits.

Please note that there are instances where your Provider requests approval for Human Leukocyte Antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final determination as to what transplant procedure will be requested. Under these circumstances, the HLA testing and donor search charges are covered as routine diagnostic testing. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search services performed by an authorized registry and/or a collection and storage is NOT an approval for the subsequent requested transplant. A separate Medical Necessity determination will be made for the transplant procedure.

## Transportation and Lodging

The above services are covered as Inpatient Services, Outpatient Services or Physician Home Visits and Office Services depending where the service is performed subject to Member cost shares.

We will deem any Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply to be Experimental/Investigative if We determine that one or more of the following criteria apply when the service is rendered with respect to the use for which benefits are sought. The Drug, biologic, device, Diagnostic, product, equipment, procedure, treatment, service, or supply:

- cannot be legally marketed in the United States without the final approval of the Food and Drug Administration (FDA), or other licensing or regulatory agency, and such final approval has not been granted;
- has been determined by the FDA to be contraindicated for the specific use; or

Any service not deemed Experimental/Investigative based on the criteria above may still be deemed Experimental/Investigative by Us. In determining whether a Service is Experimental/Investigative, We will consider the information described below and assess whether:

- the scientific evidence is conclusory concerning the effect of the service on health outcomes;
- the evidence demonstrates the service improves net health outcomes of the total population for whom the service might be proposed by producing beneficial effects that outweigh any harmful effects;
- the evidence demonstrates the service has been shown to be as beneficial for the total population for whom the service might be proposed as any established alternatives; and
- the evidence demonstrates the service has been shown to improve the net health outcomes of the total population for whom the service might be proposed under the usual conditions of medical practice outside clinical investigatory settings.
- published authoritative, peer-reviewed medical or scientific literature, or the absence thereof; or
- evaluations of national medical associations, consensus panels, and other technology evaluation bodies; or

If the Subscriber does not pay the required Premium by the end of the grace period, the Contract is terminated. The application of the grace period to claims is based on the date of service and not on the date the claim was submitted.

### **Subscriber Receives APTC**

If the Subscriber receiving the APTC has previously paid at least one month's Premium in a Benefit Period, We must provide a grace period of at least three consecutive months. During the grace period, We must apply any payment received to the first billing cycle in which payment was delinquent and continue to collect the APTC. If full Premium payment is not received during the grace period, the last day of coverage will be the last day of the first month of the 3-month grace period. We must pay claims during the first month of the grace period but may pend claims in the second and third months subject to Anthem's right to terminate the Contract as provided herein. You will be liable to Us for the Premium payment due including those for the grace period. You will also be liable to Us for any claims payments made for services incurred after the last day of the first month of the 3-month grace period.

### **Subscriber Does Not Receive APTC**

If the Subscriber is not receiving an APTC, this Contract has a grace period of 31 days. This means if any Premium payment, except the first, is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the Contract will stay in force and claims will be pended unless prior to the date Premium payment is due You give timely written notice to Us that the Contract is to be terminated. If you do not make the full Premium payment during the grace period, the Contract will be terminated on the last day through which Premium is paid. You will be liable to Us for any claims payments made for services incurred after the date through which Premium is paid.

## After Termination

Once this Contract is terminated the former Members cannot reapply until the next annual open enrollment period unless they experience an event that qualifies for a special enrollment period prior to the annual open enrollment period.

## Removal of Members

A Subscriber may terminate the enrollment of any Member from the Plan. If this happens, no benefits will be provided for Covered Services provided after the Member's termination date.

## HOW TO OBTAIN COVERED SERVICES

In order to obtain benefits for Covered Services, care must be received from Network Providers. Network Providers are the key to providing and coordinating your health care services. Contact a PCP, SCP, other Network Provider or Us to be sure that Prior Authorization and/or precertification has been obtained.

If you receive services from a Non-Network Provider except in emergencies and out-of-area urgent care situations, you will be responsible for the charges for the services.

### Service Area

The Service Area for this Plan is the State of Indiana.

### Network Services and Benefits

If your care is rendered by a PCP, SCP, or another Network Provider, benefits will be provided at the Network level. Regardless of Medical Necessity, no benefits will be provided for care that is not a Covered Service even if performed by a PCP, SCP, or another Network Provider. All medical care must be under the direction of Physicians. We have final authority to determine the Medical Necessity of the service or referral to be arranged.

We may inform you that it is not Medically Necessary for you to receive services or remain in a Hospital or other facility. This decision is made upon review of your condition and treatment. You may appeal this decision. See the "Member Grievances" section of this Contract.

- **Network Providers** include PCPs, SCPs, other professional Providers, Hospitals, and other facility Providers who contract with Us to perform services for you. PCPs include general practitioners, internists, family practitioners, pediatricians, obstetricians & gynecologists, geriatricians or other Network Providers as allowed by the Plan. The PCP is the Physician who may provide, coordinate, and arrange your health care services. SCPs are Network Physicians who provide specialty medical services not normally provided by a PCP.

A consultation with a Network health care provider for a second opinion may be obtained at the same Copayment/Coinsurance as any other service.

For services rendered by Network Providers:

- **You will not be required to file any claims for services you obtain directly from Network Providers. Network Providers will seek compensation for Covered Services rendered from Us and not from you except for approved Copayments/Coinsurance and/or Deductibles.** You may be billed by your Network Provider(s) for any non-Covered Services you receive or where you have not acted in accordance with this Contract.
- **Health Care Management is the responsibility of the Network Provider.**

If there is no Network Provider who is qualified to perform the treatment you require, contact Us prior to receiving the service or treatment and We may approve a Non-Network Provider for that service as an Authorized Service. Non-Network Providers are described below.

### Non-Network Services

Your health care plan does not cover benefits for services received from Non-Network providers unless the services are:

- To treat an Emergency Medical Condition;
- Out-of-area urgent care; or

- Authorized by Us.

Anthem has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking Emergency services, urgent care services or other services authorized by Us in accordance with this Contract from Non-Network Providers could be balanced billed by the Non-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

## How to Find a Provider in the Network

There are three ways you can find out if a Provider or Facility is in the network for this Plan. You can also find out where they are located and details about their license or training.

- See your Plan's directory of Network Providers at [www.anthem.com](http://www.anthem.com), which lists the Doctors, Providers, and Facilities that participate in this Plan's network.
- Call Customer Service to ask for a list of Doctors and Providers that participate in this Plan's network, based on specialty and geographic area.
- Check with your Doctor or Provider.

If you need details about a Provider's license or training, or help choosing a Doctor who is right for you, call the Customer Service number on the back of your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with your needs.

## First - Make an Office Visit with Your PCP

Your PCP's job is to help you stay healthy, not just treat you when you are sick. After you pick a PCP set up an office visit. During this visit, get to know your PCP and help your PCP get to know you. You should talk to your PCP about:

- Your personal health history,
- Your family health history,
- Your lifestyle,
- Any health concerns you have.

If you do not get to know your PCP, they may not be able to properly manage your care. To see a Doctor, call their office:

- Tell them you are an Anthem Member,
- Have your Member Identification Card handy. The Doctor's office may ask you for your group or Member ID number.
- Tell them the reason for your visit.

When you go to the office, be sure to bring your Member Identification Card with you.

If you need to see a Specialist, you can visit any Network Specialist including a behavioral health Provider. You do not have to get a referral.

If you have any questions about Covered Services, call Us at the telephone number listed on the back of your Identification Card.

## Termination of Providers

You will be notified of the termination of PCP and/or Hospital Provider contracts in Our Service Area. If you are receiving care from a Network Provider whose contractual relationship with Us has terminated for a reason other than a quality of care issue, Indiana law allows you to request continued Covered Services from the terminated Network Provider for a set period.

## Relationship of Parties (Anthem and Network Providers)

The relationship between Anthem and Network Providers is an independent contractor relationship. Network Providers are not agents or employees of Ours, nor is Anthem, or any employee of Anthem, an employee or agent of Network Providers.

Your health care Provider is solely responsible for all decisions regarding your care and treatment, regardless of whether such care and treatment is a Covered Service under this Plan. We shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by you while receiving care from any Network Provider or for any injuries suffered by you while receiving care from any Network Provider's facilities.

Your Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Providers, including Network Providers, Non-Network Providers, and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or Us.

## Payment Innovation Programs

We pay Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) - may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by Us from time to time, but they will be generally designed to tie a certain portion of a Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, Network Providers may be required to make payment to Us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect Your access to health care. The Program payments are not made as payment for specific Covered Health Care Services provided to You, but instead, are based on the Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by Us or to Us under the Program(s), and You do not share in any payments made by Network Providers to Us under the Program(s).

## Not Liable For Provider Acts or Omissions

The Plan is not responsible for the actual care you receive from any person. This Contract does not give anyone any claim, right, or cause of action against the Plan based on the actions of a Provider of health care, services or supplies. We and Our Providers are independent entities contracting with each other for the sole purpose of carrying out the provisions of this Contract. We will not be liable for any act or omission of any Provider or any agent or employee of a Provider.

Network Physicians maintain the Physician-patient relationship with Members and are solely responsible to Members for all medical services they provide.

## Identification Card

When you receive care, you must show your Identification Card. Only a Member who has paid the Premiums under this Contract has the right to services or benefits under this Contract. If anyone receives services or benefits to which he/she is not entitled to under the terms of this Contract, he/she is responsible for the actual cost of the services or benefits.

# CLAIMS PAYMENT

## How to Obtain Benefits

When your care is rendered by a Network Provider you are not required to file a claim. Since no claim filing is required, provisions below regarding “Claim Forms” and “Notice of Claim” do not apply.

## How Benefits Are Paid

### MAXIMUM ALLOWED (ALLOWABLE) AMOUNT (MAA)

#### GENERAL

Reimbursement for services rendered by Participating and Non-Participating Providers is based on the Maximum Allowed Amount for the Covered Service that you receive. Please see the “Inter-Plan Arrangements” section of this Contract for additional information.

The Maximum Allowed Amount is the maximum amount of reimbursement Anthem will allow for services and supplies:

- that meet Our definition of Covered Services, to the extent such services and supplies are covered under Your Contract and are not excluded;
- that are Medically Necessary; and
- that are provided in accordance with all applicable Prior Authorization, utilization management or other requirements set forth in your Contract.

You will be required to pay a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. In addition, when you receive Covered Services from a Non-Participating Provider, you may be responsible for paying any difference between the Maximum Allowed Amount and the Provider’s actual charges. This amount can be significant.

When you receive Covered Services from a Provider, We will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect Our determination of the Maximum Allowed Amount. Our application of these rules does not mean that the Covered Services you received were not Medically Necessary. It only means We have determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

When multiple procedures are performed on the same day by the same Provider, or other healthcare professional, We may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

#### PROVIDER NETWORK STATUS

The Maximum Allowed Amount may vary depending upon whether the Provider is a Participating Provider or a Non-Participating Provider.

A Participating Provider is a Provider who is in the managed network for this specific Contract or in a special center of excellence/or other closely managed specialty network. For Covered Services performed by a Participating Provider, the Maximum Allowed Amount for this Plan is the rate the Provider has agreed with Anthem to accept as reimbursement for the Covered Services. Because Participating

Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Please call Customer Service for help in finding a Participating Provider or visit Our website at [www.anthem.com](http://www.anthem.com).

Providers who have not signed any contract with Us and are not in any of Our networks are Non-Participating Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers.

For Covered Services you receive from a Non-Participating Provider that have been Prior Authorized by Us, the Maximum Allowed Amount for this Plan will be one of the following as determined by Anthem:

- 1) An amount based on Our Non-Participating Provider fee schedule/rate, which We have established in Our discretion, and which We reserve the right to modify from time to time, after considering one or more of the following: reimbursement amounts for like/similar Providers contracted with Anthem, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data; or
- 2) An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the Maximum Allowed amount upon the level or method of reimbursement used by CMS, Anthem will update such information, which is unadjusted for geographic locality, no less than annually; or
- 3) An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers' fees and costs to deliver care, or
- 4) An amount negotiated by Us or a third party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management.
- 5) An amount based on or derived from the total charges billed by the Non-Participating Provider.

Providers who are not contracted for this product, but contracted for other products with Anthem are also considered Non-Participating. For this Plan, the Maximum Allowable Amount reimbursement for services from these Providers will be one of the five methods shown above unless the contract between Anthem and that Provider specifies a different amount.

Customer Service is also available to assist you in determining this Plan's Maximum Allowed Amount for a particular service from a Non-Participating Provider. In order for Anthem to assist you, you will need to obtain from your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider's charges to calculate Your Out-of-Pocket responsibility. Although Customer Service can assist you with this pre-service information, the final Maximum Allowed Amount for Your claim will be based on the actual claim submitted.

For Prescription Drugs: The Maximum Allowed Amount for Prescription Drugs is the amount determined by Anthem using prescription drug cost information provided by the Pharmacy benefits manager (PBM).

## **MEMBER COST SHARE**

For certain Covered Services and depending on your Contract, You may be required to pay a part of the Maximum Allowed Amount as your Cost-Share amount (for example, Deductible, Copayment, and/or Coinsurance).

Anthem will not provide any reimbursement for non-Covered Services. You will be responsible for the total amount billed by your Provider for non Covered Services, regardless of whether such services are performed by a Participating or Non-Participating Provider. Non-Covered Services include services specifically excluded from coverage by the terms of your Contract, and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, your day/visit limits

In some instances you may only be asked to pay the lower Network Cost-Sharing amount when you use a Non-Participating Provider. For example, if you go to a Participating Hospital or Provider Facility and receive Covered Services from a Non-Participating Provider such as a radiologist, anesthesiologist or pathologist who is employed by or contracted with a Participating Hospital or facility, you will pay the

Participating cost share amounts for those Covered Services. However, you also may be liable for the difference between the Maximum Allowed Amount and the Non-Participating Provider's charge.

### **Deductible Calculation**

Each family Member's Maximum Allowed Amount for Covered Services is applied to his/her individual Deductible. Once two or more family Members' Maximum Allowed Amount for Covered Services combine to equal the family Deductible, then no other Individual Deductible needs to be met for that calendar year. No one person can contribute more than his/her Individual Deductible to the Family Deductible.

The Deductible applies to most Covered Services even those with a zero percent Coinsurance. An example of services not subject to the deductible is Network Preventive Care Services required by law.

Generally, Copayments are not subject to and do not apply to the Deductible, however to confirm how your Plan works, please refer to the Schedule of Cost Shares and Benefits.

The Deductible and Copayment/Coinsurance amount incurred in a calendar year apply to the Out-of-Pocket Limit.

### **Out-of-Pocket Limit Calculation**

The Deductible, Coinsurance, and Copayment amounts incurred in a calendar year apply to the Out-of-Pocket Limit.

The individual Out-of-Pocket Limit applies to each covered family member. Once two or more covered family members' Out-of-Pocket Limits combine to equal the family Out-of-Pocket Limit amount, the Out-of-Pocket Limit will be satisfied for the family for that calendar year. No one person can contribute more than their individual Out-of-Pocket Limit.

Once the Out-of-Pocket Limit is satisfied, no additional Cost Sharing will be required for the remainder of the calendar year.

### **Authorized Services**

In some non-Emergency circumstances, such as where there is no Participating Provider available for the Covered Service, We may Prior-Authorize the network Cost-Share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service You receive from a Non-Participating Provider. In such circumstance, you must contact Anthem in advance of obtaining the Covered Service. We also will authorize the Participating Cost-Share amounts to apply to a claim for Covered Services if you receive Emergency services from a Non-Participating Provider and are not able to contact Anthem until after the Covered Service is rendered. If We authorize a Network cost share amount to apply to Covered Service received from a Non-Network/Non-Participating Provider, liable for the difference between the Maximum Allowed Amount and the Non-Network Provider's charge. Under Indiana law, the Non-Network Provider can only collect from You the Network Cost Share amounts (Deductible, Copayment, and/or Coinsurance), if any, that You would be responsible to pay if the Covered Service had been provided by a Network Provider. You may not be billed by Us or by the Non-Network Provider for any difference between the Non-Network Provider charge and the amount paid by Us to the Non-Network Provider. Please contact Customer Service for Prior Authorized services information or to request authorization.

### **Example:**

You require the services of a specialty Provider; but there is no Participating Provider for that specialty in your local Network area. You contact Anthem in advance of receiving any Covered Services, and We

authorize You to go to an available Non-Participating Provider for that Covered Service and We agree that the Network Cost-Share will apply.

Your plan has a \$25 Copayment for Participating Providers for the Covered Service. The Non-Participating Provider's charge for this service is \$500. The Maximum Allowed Amount is \$200.

Because We have authorized the Participating Cost Share amount to apply in this situation, you will be responsible for the Participating Copayment of \$25 and Anthem will be responsible for the remaining \$175 of the \$200 Maximum Allowed Amount.

Because the Non-Participating Provider's charge for this service is \$500, You may receive a bill from the Non-Participating Provider for the difference between the \$500 charge and the Maximum Allowed Amount of \$200. Combined with Your Participating Copayment of \$25, your total out of pocket expense would be \$325.

## Payment of Benefits

You authorize Us to make payments directly to Providers giving Covered Services for which We provide benefits under this Contract. We also reserve the right to make payments directly to you.

You cannot assign your right to receive payment to anyone else, except as required by a "Qualified Medical Child Support order" as defined by applicable state law.

Once a Provider gives a Covered Service, We will not honor a request for Us to withhold payment of the claims submitted.

## Assignment

Payments may not be assigned without Our written approval. The coverage and any benefits under this Contract are not assignable by any Member without the written consent of the Plan, except as described in this Contract.

## Notice of Claim

We are not liable under the Contract, unless We receive written notice that Covered Services have been given to you.

The notice must be given to Us within 90 days of receiving the Covered Services, and must have the data We need to determine benefits. If the notice submitted does not include sufficient data We need to process the claim, then the necessary data must be submitted to Us within the timeframes specified in this provision or no benefits will be payable except as otherwise required by law.

If We have not received the information We need to process a claim, We will ask for the additional information necessary to complete the claim. Generally, you will receive a copy of that request for additional information, for your information. In those cases, We cannot complete the processing of the claim until the additional information requested has been received. We generally will make Our request for additional information within 30 days of Our initial receipt of the claim and will complete Our processing of the claim within 15 days after Our receipt of all requested information. An expense is considered incurred on the date the service or supply was given.

Failure to give Us notice within 90 days will not reduce any benefit if you show that the notice was given as soon as reasonably possible. No notice of an initial claim, nor additional information on a claim can be submitted later than one year after the 90 day filing period ends, and no request for an adjustment of a claim can be submitted later than 24 months after the claim has been paid.

## Proof of Loss

Written proof of loss satisfactory to Us must be submitted to Us within 90 days after the date of the event for which claim is made. If proof of loss is not sent within the time required, the claim will not be reduced or denied if it was not possible to send proof within this time. However, the proof must be sent as soon as

reasonably possible. In any case, the proof required must be sent to Us no later than one year following the 90 day period specified, unless you were legally incapacitated.

Many Providers may file for you. If your Provider will not file, and you do not receive a claim form from Us within 15 days of Our receipt of notice of claim, you may submit a written notice of services rendered to Us without the claim form. The same information that would be given on the claim form must be included in the written proof of loss. This includes:

- Name of patient
- Patient's relationship with the Subscriber
- Identification number
- Date, type and place of service
- Your signature and the Physician's signature

## Time Benefits Payable

We will pay all benefits within 30 days for clean claims filed electronically, or 45 days for clean claims filed on paper. "Clean claim" means a claim submitted by you or a Provider that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment. If We have not received the information We need to process a claim, We will ask for the additional information necessary to complete the claim. Generally, you will receive a copy of that request for additional information, for your information. In those cases, We cannot complete the processing of the claim until the additional information requested has been received. We generally will make Our request for additional information within 30 days of Our initial receipt of the claim and will complete Our processing of the claim within 15 days after Our receipt of all requested information.

If We fail to pay or deny a clean claim: (a) in 30 days for a claim filed electronically; or (b) in 45 days for a claim filed on paper, and We subsequently pay the claim, We will pay interest to the Provider that submitted the claim, as required under Indiana law.

At Our discretion, benefits will be paid to you or the Provider of services. You may not assign any payment. If other parties have paid benefits under this Plan, We may reimburse those other parties and be fully discharged from that portion of its liability.

## Your Choice of Providers

- The choice of a Provider is solely yours.
- We do not furnish Covered Services but only pay for Covered Services you receive.
- We are not liable for any act or omission of any Provider. We have no responsibility for a Provider's failure or refusal to give Covered Services to you.

## Member's Cooperation

Each Member shall complete and submit to the Plan such authorizations, consents, releases, assignments and other documents as may be requested by the Plan in order to obtain or assure reimbursement under Medicare, Worker's Compensation or any other governmental program. Any Member who fails to cooperate (including a Member who fails to enroll under Part B of the Medicare program where Medicare is the responsible payor) will be responsible for any charge for services.

## Explanation of Benefits

After you receive medical care, you will generally receive an Explanation of Benefits (EOB). The EOB is a summary of the coverage you receive. The EOB is not a bill, but a statement from Us to help you understand the coverage you are receiving. The EOB shows:

- Total amounts charged for services/supplies received;
- The amount of the charges satisfied by your coverage;

- The amount for which you are responsible (if any);
- General information about your Appeals rights and for information regarding the right to bring an action after the Appeals process.

## Inter-Plan Arrangements

### Out-of-area services

Anthem covers only limited healthcare services received outside of Our Service Area. For example, Emergency or urgent care obtained out of the Anthem Service Area is always covered.

For those out-of-area healthcare services that Anthem does cover, and which are obtained from Providers(s) that have a contractual agreement with a local Blue Cross and/or Blue Shield Licensee (“Host Blue”) with which Anthem has a relationship (referred to as an “Inter-Plan Program”), a claim for those services may be processed through an Inter-Plan Program. If so, the claim will be presented to Anthem for payment in accordance with the then current rules that apply to these Programs. These Programs include the BlueCard Program, which is described in general terms below.

### BlueCard Program

Under the BlueCard Program, when you obtain out-of-area Covered Services and supplies within the geographic area served by a Host Blue, Anthem will remain responsible for fulfilling its contractual obligations. But the Host Blue is responsible for: (a) contracting with its participating Providers; and (b) handling interactions with those providers.

The BlueCard Program allows you to obtain out-of-area Covered Services and supplies from a healthcare provider participating with a Host Blue, where available. The participating Provider will automatically file a claim for those Covered Services and supplies, so there are no claim forms to fill out. You are liable for the applicable Copayment or Coinsurance stated in this Evidence of Coverage.

Whenever you obtain covered services or supplies outside BCBS Anthem Service Area and the claim is processed through the BlueCard Program, the amount you pay for them, if not a Copayment, is calculated based on the lower of:

- The billed Covered Charges for the Covered Services or Supplies; or
- The negotiated price that the Host Blue makes available to Anthem.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with the Provider or Provider group that may include: types of settlements; incentive payments; and/or other credits or charges. Sometimes, it may be an average price, based on a discount that results in expected average savings for similar types of Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. But such adjustments will not affect any price that Anthem has already paid for your claim or your liability for any such claim.

Also, federal law or laws in a small number of states may require the Host Blue to add a surcharge to a claim calculation. If federal law or any state laws mandate other liability calculation methods, including a surcharge, Anthem would then calculate your liability for any Covered Service or Supply according to applicable law.

### Non-Participating Healthcare Providers Outside Anthem’s Service Area

As mentioned under “Out-of Area Services” above, Anthem only covers limited healthcare services outside of its Service Area. If you need to go to a Non-Participating, out-of-area Provider for Emergency or urgent care, the charges for that care are covered. To the extent that the services of Non-Participating, out-of-area Providers are covered, the amount that you pay for the provided services, if not a Copayment,

will generally be based on either the Host Blue's local payment to that Provider or any pricing arrangement required by applicable state law.

In some cases, Anthem may pay claims from Non-Participating Providers outside of Anthem's Service Area based on the Provider's billed charge. For example, this could happen in a case where you did not have reasonable access to a participating Provider, as determined by Anthem or in accordance with applicable state law. In other cases, Anthem may pay such a claim based on the payment We would make if We were paying a non-participating Provider inside of Our Service Area. This could happen when the Host Blue's payment for the service would be more than Our payment for the service. Also, at Our discretion, We may negotiate a payment with such a Provider on an exception basis.

## **Travel outside the United States – BlueCard Worldwide**

If you plan to travel outside the United States, call customer service to find out if your plan has BlueCard Worldwide benefits. Benefits for services received outside of the United States may be different from services received in the United States. Remember to take an up to date health ID Card with you.

### **When you are traveling abroad and need medical care**

You can call the BlueCard WorldWide Service Center any time. They are available 24 hours a day, seven days a week. The toll free number is 800-810-2583. Or you can call them collect at 804-673-1177. An Assistance Coordinator will speak with you and help to set up an appointment with a doctor or Hospital. The Assistance Coordinators will check with a medical professional, if needed, to determine the best course of action for you.

If you need Inpatient Hospital care, you or someone on your behalf, should contact Us for preauthorization. Keep in mind, if you need Emergency medical care, go to the nearest Hospital. There is no need to call before you receive care.

Please refer to the "Getting care in the right setting and how it affects preauthorization" paragraphs further in this section. You can learn how to get preauthorization when you need to be admitted to the Hospital for Emergency care.

### **How claims are paid with BlueCard Worldwide**

In most cases, when you arrange care with BlueCard Worldwide and receive services from a BlueCard Worldwide participating Hospital, claims will be filed for you. The only amounts that you may need to pay up front are any Copayment, Coinsurance or deductible amounts that may apply.

You will need to pay for the following services up front:

- Doctors services;
- Inpatient Hospital care not arranged through BlueCard Worldwide; and
- Outpatient services.

You will need to file a claim form for any payments made up front.

### **When you need BlueCard Worldwide claim forms**

You can get international claims forms in the following ways:

- Call the BlueCard Worldwide Service Center at the numbers above; or
- Online at [www.bcbs.com/bluecardworldwide](http://www.bcbs.com/bluecardworldwide).

You will find the address for mailing the claim on the form.

## REQUESTING APPROVAL FOR BENEFITS

Your Plan includes the processes of Precertification, Predetermination and Post Service Clinical Claims Review to decide when services should be covered by your Plan. Their purpose is to aid the delivery of cost-effective health care by reviewing the use of treatments and, when proper, the setting or place of service that they are performed. Covered Services must be Medically Necessary for benefits to be covered. When setting or place of service is part of the review, services that can be safely given to you in a lower cost setting will not be Medically Necessary if they are given in a higher cost setting.

Prior Authorization: Network Providers must obtain Prior Authorization in order for you to get benefits for certain services. Prior Authorization criteria will be based on many sources including medical policy, clinical guidelines, and pharmacy and therapeutics guidelines. Anthem may decide that a service that was prescribed or asked for is not Medically Necessary if you have not first tried other Medically Necessary and more cost effective treatments.

If you have any questions about the information in this section, you may call the Customer Service phone number on the back of your Identification Card.

### Types of Requests

- **Precertification** – A required review of a service, treatment or admission for a benefit coverage determination which must be done before the service, treatment or admission start date. For Emergency admissions, you, your authorized representative or Doctor must tell Us within 48 hours of the admission or as soon as possible within a reasonable period of time. For labor / childbirth admissions, Precertification is not needed unless there is a problem and/or the mother and baby are not sent home at the same time.
- **Predetermination** – An optional, voluntary Prospective or Continued Stay Review request for a benefit coverage determination for a service or treatment. We will check your Contract to find out if there is an Exclusion for the service or treatment. If there is a related clinical coverage guideline, the benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity under this Contract, or is Experimental/Investigative as that term is defined in this Contract.
- **Post Service Clinical Claims Review** – A Retrospective review for a benefit coverage determination to decide the Medical Necessity or Experimental/Investigative nature of a service, treatment or admission that did not need Precertification and did not have a Predetermination review performed. Medical Reviews are done for a service, treatment or admission in which We have a related clinical coverage guideline and are typically initiated by Us.

Typically, Network Providers know which services need Precertification and will get any Precertification or ask for a Predetermination when needed. Your Primary Care Physician and other Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, Facility or attending Doctor will get in touch with Us to ask for a Precertification or Predetermination review (“requesting Provider”). We will work with the requesting Provider for the Precertification request. However, you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older.

We will use Our clinical coverage guidelines, such as medical policy and other internally developed clinical guidelines, procedures, and preventative care clinical coverage guidelines, to help make Our Medical Necessity decisions, including decisions about Prescription and Specialty Drug services. We reserve the right to review and update these clinical coverage guidelines from time to time. We will administer benefits for any Medically Necessary determination, as decided solely by Us, notwithstanding that it might otherwise be found to be investigative as that term is defined in the Plan otherwise. Your Contract takes precedence over these guidelines.

You are entitled to ask for and get, free of charge, reasonable access to any records on which We based Our determination. To ask for this information, call the Precertification phone number on the back of your Identification Card.

Anthem may, from time to time, waive, enhance, modify or discontinue certain medical management processes (including utilization management, case management, and disease management) if in Anthem's discretion, such change is in furtherance of the provision of cost effective, value based and/or quality services.

In addition, We may select certain qualifying Providers to participate in a program that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt your claim from medical review if certain conditions apply.

Just because Anthem exempts a process, Provider or claim from the standards which otherwise would apply, it does not mean that Anthem will do so in the future, or will do so in the future for any other Provider, claim or Insured. Anthem may stop or modify any such exemption with or without advance notice.

You may determine whether a Provider is participating in certain programs by checking your on-line Provider Directory on-line pre-certification list or contacting customer service at number on your identification card.

We also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then We may use one or more clinical utilization management guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to Plan's Members.

## Request Categories

- **Urgent** – A request for Precertification or Predetermination that in the view of the treating Provider or any Doctor with knowledge of your medical condition, could without such care or treatment, seriously threaten your life or health or your ability to regain maximum function or subject you to severe pain that cannot be adequately managed without such care or treatment.
- **Prospective** – A request for Precertification or Predetermination that is conducted before the service, treatment or admission.
- **Continued Stay Review** - A request for Precertification or Predetermination that is conducted during the course of treatment or admission.
- **Retrospective** - A request for approval that is made after the service, treatment or admission has happened. Post Service Clinical Claims Reviews are also retrospective. Retrospective review does not include a review that is limited to an evaluation of reimbursement levels, accuracy of documentation, or coding or adjudication of payment.

## Decision and Notice Requirements

We will review requests for benefits according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, We will follow state laws. If you live in and/or get services in a state other than the state where your Contract was issued, other state-specific requirements may apply. You may call the phone number on the back of your Identification Card for more details.

Request Category	Timeframe Requirement for Decision and Notification
Prospective Urgent	72 hours from the receipt of request
Prospective Non-Urgent	15 calendar days from the receipt of the request
Continued Stay Review when hospitalized at the time of the request	72 hours from the receipt of the request and prior to expiration of current certification.
Continued Stay Review Urgent when request is received more than 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Continued Stay Review Urgent when request is received less than 24 hours before the end of the previous authorization or no previous authorization exists	72 hours from the receipt of the request
Continued Stay Review Non-Urgent	15 calendar days from the receipt of the request
Retrospective	30 calendar days from the receipt of the request

If more information is needed to make Our decision, We will tell the requesting Provider and send written notice to you or your authorized representative of the specific information needed to finish the review. If We do not get the specific information We need or if the information is not complete by the timeframe identified in the written notice, We will make a decision based upon the information We have.

We will give notice of Our decision as required by state and federal law. Notice may be given by the following methods:

**Verbal:** Oral notice given to the requesting Provider by phone or by electronic means if agreed to by the Provider.

**Written:** Mailed letter or electronic means including email and fax given to, at a minimum, the requesting Provider and you or your authorized representative.

**Precertification does not guarantee coverage for or payment of the service or treatment reviewed. For benefits to be covered, on the date you get service:**

- 1) You must be eligible for benefits;
- 2) Premium must be paid for the time period that services are given;
- 3) The service or supply must be a covered benefit under your Plan;
- 4) The service cannot be subject to an Exclusion under your Plan; and
- 5) You must not have exceeded any applicable limits under your Plan.

## Health Plan Individual Case Management

Our health plan case management programs help coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the case management program to help meet their health-related needs.

Our case management programs are confidential and voluntary and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These case management programs are separate from any Covered Services you are receiving.

If you meet program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and team work with you and/or your chosen representative, treating Doctor(s), and other Providers.

In addition, We may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, We may provide benefits for alternate care that is not listed as a Covered Service. We may also extend Covered Services beyond the Benefit Maximums of this Plan. We will make Our decision case-by-case, if in Our discretion the alternate or extended benefit is in the best interest of the Member and Anthem. A decision to provide extended benefits or approve alternate care in one case does not obligate Us to provide the same benefits again to you or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, We will notify you or your representative in writing.

## MEMBER GRIEVANCES

### Grievances

If you are dissatisfied with medical treatment you have received, you should discuss the problem with your Provider. If the problem is not resolved at that level, or if the dissatisfaction concerns another matter, you should contact Us, either orally or in writing to obtain information on Our Grievance procedures or to file a Grievance with Us.

You have the right to designate a representative (e.g. your Physician) to file a Grievance and, if the Grievance decision is adverse to you, an Appeal, with Us on your behalf and to represent you in a Grievance or an Appeal. If a Provider files a Grievance with Us that qualifies for Expedited Review, the Provider will be deemed to be your representative and correspondence concerning the Grievance will be sent directly to the Provider. In all other situations in which a representative seeks a Grievance or an Appeal on your behalf, We must obtain a signed Designation of Representation form from you before We can deal directly with your representative. We will forward a Designation of Representation form to you for completion. If We do not obtain a signed Designation of Representation form, We will continue to research your Grievance but will respond only to you unless a Designation of Representation form is received.

We will accept oral or written comments, documents or other information relating to the Grievance from the Member or the Member's Provider by telephone, facsimile or other reasonable means. Members are entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Member's Appeal.

To obtain information on Our Grievance procedures or to file a Grievance orally with Us, please call the toll free customer service number listed on the back of your Plan Identification Card. A Plan representative who is knowledgeable about Our Grievance procedures and any applicable state laws and regulations will be available to assist you at least 40 normal business hours per week.

You can also call Us at 1-800-408-5372 at any time to leave a voice mail message concerning a Grievance. Any messages you leave through this toll-free number will be returned on the following business day by a qualified Plan representative.

We will also accept Grievances filed in writing, including by facsimile. If you wish to file your Grievance in writing, please mail it to: Anthem Appeals, P.O. Box 105568, Atlanta, GA 30348-5568, ATTN: Appeals Specialist. Our facsimile number is 1-317-287-5968 if you wish to file your Grievance by fax.

Upon Our receipt of your written or oral Grievance at the above address or telephone number (or at the address or telephone number provided for filing Appeals on any adverse decision notice you receive from Us), an acknowledgment will be sent to you within 3 business days notifying you that you will receive a written response to the Grievance once an investigation into the matter is complete. Our acknowledgment may be oral for those Grievances We receive orally. All Grievances will be resolved by Us within a reasonable period of time appropriate to the medical circumstances but no later than 20 business days after they are filed (a Grievance is considered filed on the day it is received either in writing or over the phone at the above address or telephone number or at the address or telephone number provided for filing Appeals on any adverse decision notice you receive from Us).

If your Grievance cannot be resolved within 20 business days due to Our need for additional information and your Grievance is not related to an adverse certification decision (i.e. Prospective, Concurrent or Retrospective review decision) or the denial of any other Prior Authorization required by the Plan, you will be notified in writing of a 10 business day extension. This notice for an extension will be sent to you on or before the 19<sup>th</sup> business day. The extension may occur when the information is requested from a Provider, or from you, and such information has not been received within 15 business days from Our original request. In the event of an extension, We will resolve the Grievance within 30 business days from the date you filed the Grievance. If the requested information has not been received, We will make a determination based on the information in Our possession.

For Grievances concerning adverse certification decisions or the denial of any other Prior Authorization required by the Plan, a decision and written response will be sent no later than 20 business days after they are filed. No extensions for additional information will be taken without the permission of the Member.

Within 5 business days after the Grievance is resolved, We will send a letter to you notifying you of the decision reached.

## Appeals

If Our decision under the Grievance process is satisfactory to you, the matter is concluded. If Our decision is not satisfactory, you or your designated representative may initiate an Appeal by contacting the Plan either in writing or by phone at the above address and phone numbers. You will receive an acknowledgment of your Appeal within 5 business days of Our receipt of your Appeal request. Our acknowledgment may be oral for those Appeals We receive orally. We will set a date and time during normal business hours for Our Appeal panel members to meet to discuss your Appeal. You or your representative do not have to be present when the panel meets; however you or your representative may appear in person or by telephone conference to communicate with the Appeal panel if desired. You or your representative may submit oral or written comments, documents or other information relating to the Appeal for consideration by the Appeal panel whether or not you choose to appear in person or by telephone. You will be given at least 72 hours advance notice of the date and time of the panel meeting. Appeals concerning adverse Precertification, Concurrent Review or Case Management decisions will be resolved by the panel no later than 30 calendar days from the date your Appeal request was received by Us. The panel will resolve all other Appeals no later than 45 business days from the date your Appeal request was received by Us. After the Appeal panel makes a decision, you will be notified within 5 business days in writing by Us of Our decision concerning your Appeal.

Please refer to the Section "Prescription Drug List" for the process for submitting an exception request for Drugs not on the Prescription Drug List.

## Expedited Review

Expedited Review of a Grievance or Appeal may be initiated orally, in writing, or by other reasonable means available to you or your Provider. Expedited Review is available if all of the following are met:

- The service at issue has not been performed;
- Your Physician believes that the standard Appeal time frames could seriously jeopardize your life or health or could subject you to severe pain that cannot be adequately managed.

We will complete Expedited Review of a Grievance as soon as possible given the medical exigencies but no later than within forty-eight hours (48 hours) of Our receipt of sufficient information and will communicate Our decision by telephone to your attending Physician or the ordering Provider. We will also provide written notice of Our determination to you, your attending Physician or ordering provider, and the facility rendering the service. We will complete Expedited Review of an Appeal as expeditiously as the medical condition requires and Panel administration permits. Our decision will be communicated by telephone to your attending Physician or the ordering Provider. We will also provide written notice of Our determination to you, your attending Physician or ordering Provider, and to the facility rendering the service.

## External Grievance

If Our decision under the Appeals process is not satisfactory to you, you may qualify to request an External Grievance. To qualify for an External Grievance all of the following requirements must be met:

1. Your Appeal is regarding the following determinations made by Us or an agent of Ours regarding a service proposed by your treating Provider:
  - an adverse utilization review determination; or
  - an adverse determination of Medical Necessity; or
  - a determination that a proposed service is Experimental/Investigational; or
2. Your Appeal is regarding Our decision to rescind coverage under this Contract; and
3. You or your representative request the External Grievance in writing within one hundred twenty (120) days after you are notified of the Appeal panel's decision concerning your Appeal; and
4. The service is not specifically excluded in this Contract.

If an External Grievance is requested, We will forward the Grievance along with all relevant information to an independent review organization. The independent review organization will make a determination to uphold or reverse Our Appeal determination within 3 business days if an urgent condition exists which would qualify for Expedited Review or within 15 business days if the condition is non-urgent. The independent review organization will notify you and Us of its determination within 24 hours if an urgent condition exists which would qualify for Expedited Review or within 72 hours if the condition is non-urgent. If the independent review organization's determination is to reverse Our Appeals decision, We will notify you or your Provider in writing of the steps We will be taking to comply with the determination.

## Grievance/Appeal Filing Time Limit

We expect that you will use good faith to file a Grievance or an Appeal on a timely basis. However, We will not review a Grievance if it is not received by Us within 180 calendar days of the date you are notified of an adverse decision. We will accept Appeals filed within 120 days from the date you receive notice of the decision concerning your Grievance. We will accept External Grievance requests filed within 120 days after you are notified of Our Appeal decision.

## GENERAL PROVISIONS

### Entire Contract

This Contract, the application, any Riders, Endorsements or Amendments, constitute the entire Contract between the Plan and you and as of the Effective Date, supersede all other agreements between the parties. Any and all statements made to the Plan by you and any and all statements made to you by the Plan are representations and not warranties, and no such statement, unless it is contained in a written application for coverage under this Contract, shall be used in defense to a claim under this Contract.

### Entire Contract Changes

No change in this Contract shall be effective until approved in writing by one of Our executive officers. No agent has the authority to change or waive any of this Contract's provisions. We are not bound by any verbal promises made by any of Our executive officers, employees or agents.

### Disagreement with Recommended Treatment

Each Member enrolls in the Plan with the understanding that the Provider is responsible for determining the treatment appropriate for their care. You may, for personal reasons, refuse to accept procedures or treatment by Providers. Providers may regard such refusal to accept their recommendations as incompatible with continuance of the Physician-patient relationship and as obstructing the provision of proper medical care. Providers shall use their best efforts to render all Medically Necessary and appropriate health care services in a manner compatible with your wishes, insofar as this can be done consistently with the Provider's judgment as to the requirements of proper medical practice.

If you refuse to follow a recommended treatment or procedure, and the Provider believes that no professionally acceptable alternative exists, you will be so advised. In such case, neither the Plan, nor any Provider shall have any further responsibility to provide care in the case of the Provider, and to arrange care in the case of the Plan for the condition under treatment or any complications thereof.

### Circumstances Beyond the Control of the Plan

In the event of circumstances not within the control of the Plan, including but not limited to, a major disaster, epidemic, the complete or partial destruction of facilities, riot, civil, insurrection, disability of a significant part of a Network Provider's personnel or similar causes, or the rendering of health care services provided under this Contract is delayed or rendered impractical, the Plan shall make a good-faith effort to arrange for an alternative method of providing coverage. In such event, the Plan and Network Providers shall render health care services provided under this Contract insofar as practical, and according to their best judgment; but the Plan and Network Providers shall incur no liability or obligation for delay, or failure to provide or arrange for services if such failure or delay is caused by such an event.

### Worker's Compensation

The benefits under this Contract are not designed to duplicate any benefit for which Members are eligible under the Worker's Compensation Law. All sums paid or payable by Worker's Compensation for services provided to Members shall be reimbursed by, or on behalf of, the Member to the Plan to the extent the Plan has made or makes payment for such services. It is understood that coverage hereunder is not in lieu of, and shall not affect, any requirements for coverage under Worker's Compensation.

### Medicare

Any benefits covered under both this Contract and Medicare will be paid pursuant to Medicare Secondary Payer legislation, regulations, and Centers Medicare and Medicaid Services guidelines, subject to federal

court decisions. Federal law controls whenever there is a conflict among State law, Contract provisions, and federal law.

Except when federal law requires the Plan to be the primary payor, the benefits under this Contract for Members age 65 and older, or Members otherwise eligible for Medicare, do not duplicate any benefit for which Members are entitled under Medicare, including Parts B and/or D. Where Medicare is the responsible payor, all sums payable by Medicare for services provided to Members shall be reimbursed by or on behalf of the Members to the Plan, to the extent the Plan has made payment for such services. For the purposes of the calculation of benefits under this Plan, if the Member has not enrolled in Medicare Parts B & D, We will calculate benefits as if they had enrolled.

## Coordination Of Benefits

This Coordination of Benefits (COB) provision applies when you have health care coverage under more than one Plan.

Please note that several terms specific to this provision are listed below. Some of these terms have different meanings in other parts of the Contract, e.g., Plan. For this provision only, "Plan" will have the meanings as specified in the below. In the rest of the Contract, Plan has the meaning listed in the **Definitions** section.

The order of benefit determination rules determines the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits according to its policy terms regardless of the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

The Allowable expense under COB is generally the higher of the Primary and Secondary Plans' allowable amounts. A Network Provider can bill you for any remaining Coinsurance, Deductible and/or Copayment under the higher of the Plans' allowable amounts. This higher allowable amount may be more than our Maximum Allowable Amount.

### COB DEFINITIONS

**Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

- 1) Plan includes: Group and non group insurance contracts and subscriber contracts; Health maintenance organization (HMO) contracts; Uninsured arrangements of group or group-type coverage; Coverage under group or non group closed panel plans; Group-type contracts; Medical care components of long term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts (whether "fault" or "no fault"); Other governmental benefits, except for Medicare, Medicaid or a government plan that, by law, provides benefits that are in excess of those of any private insurance plan or other nongovernmental plan.
- 2) Plan does not include: Accident only coverage; Specified disease or specified accident coverage; Limited health benefit coverage; Benefits for non-medical components of long-term care policies; Hospital indemnity coverage benefits or other fixed indemnity coverage; School accident-type coverages covering grammar, high school, and college students for accidents only, including athletic injuries, either on a twenty-four (24) hour or "to and from school" basis; and Medicare supplement policies.

Each contract for coverage under items 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

**This Plan** means the part of the contract providing health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules determines whether This Plan is a Primary Plan or Secondary Plan when you have health care coverage under more than one Plan.

When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable expense.

**Allowable expense** is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering you. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering you is not an Allowable expense. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging you is not an Allowable expense; however, if a Provider has a contractual agreement with both the Primary and Secondary Plans, then the higher of the of the contracted fees is the Allowable expense, and the Provider may charge up to the higher contracted fee.

The following are non Allowable expenses:

- 1) The difference between the cost of a semi-private Hospital room and a private Hospital room is not an Allowable expense, unless one of the Plans provides coverage for private Hospital room expenses.
- 2) If you are covered by 2 or more Plans that calculate their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement methods, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
- 3) If you are covered by 2 or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
- 4) If you are covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement method or other similar reimbursement method and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement will be the Allowable expense for all Plans. However, if the Provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment will be the Allowable expense used by the Secondary Plan to determine its benefits.
- 5) The amount of any benefit reduction by the Primary Plan because you have failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admissions or services, and Network Provider arrangements.
- 6) The amount that is subject to the Primary high-deductible health plan's Deductible, if We have been advised by you that all Plans covering you are high-deductible health plans and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986.
- 7) Any amounts incurred or claims made under the Prescription Drug program of This Plan.

**Closed panel plan** is a Plan that provides health care benefits primarily in the form of services through a panel of Providers that contract with or are employed by the Plan, and that excludes coverage for services provided by other Providers, except in cases of Emergency or referral by a panel member.

**Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

## ORDER OF BENEFIT DETERMINATION RULES

When you are covered by two or more Plans, the rules for determining the order of benefit payments are:

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.

- 1) Except as provided in Paragraph 2. below, a Plan that does not contain a coordination of benefits provision that is consistent with this COB provision is always primary unless the provisions of both Plans state that the complying Plan is primary.
- 2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage will be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are placed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide Non-Network benefits.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

Each Plan determines its order of benefits using the first of the following rules that apply:

**Rule 1 - Non-Dependent or Dependent.** The Plan that covers you other than as a Dependent, for example as an employee, Member, policyholder, subscriber or retiree is the Primary Plan, and the Plan that covers you as a Dependent is the Secondary Plan. However, if you are a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering you as a Dependent and primary to the Plan covering you as other than a Dependent (e.g. a retired employee), then the order of benefits between the two Plans is reversed so that the Plan covering you as an employee, Member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan covering you as a Dependent is the Primary Plan.

**Rule 2 - Dependent Child Covered Under More Than One Plan.** Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:

- 1) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
  - The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
  - If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
- 2) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
  - If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
  - If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of 1. above will determine the order of benefits;
  - If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of 1. above will determine the order of benefits; or
  - If there is no court decree assigning responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
    - The Plan covering the Custodial parent;
    - The Plan covering the spouse of the Custodial parent;
    - The Plan covering the non-custodial parent; and then
    - The Plan covering the spouse of the non-custodial parent.

- 3) For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of item 1. above will determine the order of benefits as if those individuals were the parents of the child.

**Rule 3 - Active Employee or Retired or Laid-off Employee.** The Plan that covers you as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The Plan also covering you as a retired or laid-off employee is the Secondary Plan. The same would hold true if you are a Dependent of an active employee and you are a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if "Rule 1 - Non-Dependent or Dependent" can determine the order of benefits.

**Rule 4 - COBRA or State Continuation Coverage.** If you are covered under COBRA or under a right of continuation provided by State or other federal law and are covered under another Plan, the Plan covering you as an employee, Member, subscriber or retiree or covering you as a Dependent of an employee, Member, subscriber or retiree is the Primary Plan and the COBRA or State or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if "Rule 1 - Non-Dependent or Dependent" can determine the order of benefits.

**Rule 5 - Longer or Shorter Length of Coverage.** The Plan that covered you longer is the Primary Plan and the Plan that covered you the shorter period of time is the Secondary Plan.

**Rule 6.** If the preceding rules do not determine the order of benefits, the Allowable expenses will be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

#### **EFFECT ON THE BENEFITS OF THIS PLAN**

When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Plan Year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim.

Because the Allowable expense is generally the higher of the Primary and Secondary Plans' allowable amounts, a Network Provider can bill you for any remaining Coinsurance, Deductible and/or Copayment under the higher allowable amount. In addition, the Secondary Plan will credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

If you are enrolled in two or more Closed panel plans and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one Closed panel plan, COB will not apply between that Plan and other Closed panel plans.

#### **RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION**

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts We need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give Us any facts We need to apply those rules and determine benefits payable.

#### **FACILITY OF PAYMENT**

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, We may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

## RIGHT OF RECOVERY

If the amount of the payments made by Us is more than should have paid under this COB provision, We may recover the excess from one or more of the persons:

- 1) We have paid or for whom We have paid; or
- 2) Any other person or organization that may be responsible for the benefits or services provided for the Member.

The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

## Subrogation and Reimbursement

These provisions apply when We pay benefits as a result of injuries or illness you sustained and you have a right to a Recovery or have received a Recovery.

### Subrogation

We have the right to recover payments We make on your behalf from any party responsible for compensating you for your injuries. The following apply:

- We have the first priority for the full amount of benefits We have paid from any Recovery regardless of whether you are fully compensated, and regardless of whether the payments you receive make you whole for your losses and injuries.
- You and your legal representative must do whatever is necessary to enable Us to exercise Our rights and do nothing to prejudice them.
- We have the right to take whatever legal action We see fit against any party or entity to recover the benefits paid under this Plan.
- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full Our subrogation claim and any claim still held by you, Our subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs.
- We are not responsible for any attorney fees, other expenses or costs without Our prior written consent. We further agree that the "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by Us.

### Reimbursement

If you obtain a Recovery and We have not been repaid for the benefits We paid on your behalf, We shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf and the following apply:

- You must reimburse Us to the extent of benefits We paid on your behalf from any Recovery.
- Notwithstanding any allocation made in a settlement agreement or court order, We shall have a right of Recovery, in first priority, against any Recovery.
- You and your legal representative must hold in trust for Us the proceeds of the gross Recovery (i.e., the total amount of your Recovery before attorney fees, other expenses or costs) to be paid to Us immediately upon your receipt of the Recovery. You must reimburse Us, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by Us.

If you fail to repay Us, We shall be entitled to deduct any of the unsatisfied portion of the amount of benefits We have paid or the amount of your Recovery whichever is less, from any future benefit under the Plan if:

1. The amount We paid on your behalf is not repaid or otherwise recovered by Us;  
or
  - 2) you fail to cooperate.
- In the event that you fail to disclose to Us the amount of your settlement, We shall be entitled to deduct the amount of Our lien from any future benefit under the Plan.
  - We shall also be entitled to recover any of the unsatisfied portion of the amount We have paid or the amount of your settlement, whichever is less, directly from the providers to whom We have made payments. In such a circumstance, it may then be your obligation to pay the provider the full billed amount, and We would not have any obligation to pay the provider.
  - We are entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate or make you whole.

### **Your Duties**

- You must notify Us promptly of how, when and where an accident or incident resulting in personal injury or illness to you occurred and all information regarding the parties involved.
- You must cooperate with Us in the investigation, settlement and protection of Our rights.
- You must not do anything to prejudice Our rights.
- You must send Us copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to you.
- You must promptly notify Us if you retain an attorney or if a lawsuit is filed on your behalf.

### **Interpretation of Contract**

The laws of the State in which the Contract is issued shall be applied to the interpretations of this Contract.

### **Conformity with Law**

Any provision of this Plan which is in conflict with the laws of the State in which the Contract is issued, or with federal law, is hereby automatically amended to conform with the minimum requirements of such laws.

### **Right of Recovery**

Whenever payment has been made in error, We will have the right to recover such payment from you or, if applicable, the Provider. In the event We recover a payment made in error from the Provider, except in cases of fraud, We will only recover such payment from the Provider during the 24 months after the date We made the payment on a claim submitted by the Provider. We reserve the right to deduct or offset any amounts paid in error from any pending or future claim.

We have oversight responsibility for compliance with Provider and vendor and Subcontractor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider, Vendor, or Subcontractor resulting from these audits if the return of the overpayment is not feasible. We have established Recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses and settle or compromise Recovery amounts. We will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. We may not provide you with notice of overpayments made by Us or you if the Recovery method makes providing such notice administratively burdensome.

## Legal Action

You may not take legal action against Us to receive benefits:

- Earlier than 60 days after We receive the claim; or
- Later than three years after the date the claim is required to be furnished to Us.

You must exhaust the Plan's Member Grievance and appeal procedures before filing a lawsuit or other legal action of any kind against Us.

## Misstatement of Age

If a Member's age has been misstated, We will adjust the premiums and/or benefits under this Contract. The benefits will be the amount the premiums paid would have purchased at the correct age and/or sex.

## Premium

You shall have the responsibility for remitting payments to Anthem as they come due. Even if you have not received a premium notice from Anthem, you are still obligated to pay, at a minimum, the amount of the prior premium notice.

An administrative fee of \$20 will be charged for any check, automatic deduction, or electronic funds transfer which is returned or dishonored by the financial institution as non-payable to Anthem for any reason.

The amount of premium is printed on your premium notice; however, this amount is subject to change. We will not increase premium for any reason without giving you at least 30 days written notice. We will then send you a new notice with the new premium amount.

If a premium increase is necessary, We will bill you for the extra amount due. If this amount is not paid, this Contract will be canceled at the end of the grace period and you will receive a refund of any unearned premium.

If a decrease in premium is appropriate, We will adjust what is owed to Us and let you know the new amount of premium due. We will refund any excess premium to you.

If We have not charged the proper amount of premium, We will let you know the new amount of premium due from you. We will refund any amount which has been overpaid to Us. You must pay Us any amounts which should have been paid but were not.

If premium has been paid for any period of time after the date you cancel this Contract, We will refund that premium to you. The refund will be for that period of time after your coverage ends. Also, if a Member dies while this Contract is in force, We will refund the premium paid for such Member for any period after the date of the Member's death to you or your estate.

## Changes in Premiums

The rates for each Subscriber are guaranteed for the twelve (12) month period following the first day of the Benefit Year. The Premium for this Contract may change subject to, and as permitted by, applicable law. You will be notified of a Premium change at the address in Our records 30 days in advance. Any such change will apply to Premiums due on or after the Effective Date of change. If advance Premiums have been paid beyond the Effective Date of a rate change, such Premiums will be adjusted as of that Effective Date to comply with the rate change. Additional Premiums may be billed, if necessary, for future

## Unpaid Premium

Upon the payment of a claim under this Contract, any premium then due and unpaid or covered by any note or written order may be deducted there from.

## Provider Reimbursement

Benefits shown in this Contract or the Schedule of Benefits for Covered Services may vary depending on whether the Provider has a reimbursement agreement with Us.

Providers who have a reimbursement agreement with Us have agreed to accept either our Maximum Allowable Amount or a negotiated amount as payment in full.

Providers who do not have a reimbursement agreement with Us will normally bill you for amounts we consider to exceed the Maximum Allowable Amount in addition to any Deductibles and/or Copayments.

Regardless of whether the Provider has a reimbursement agreement with Us, your payment obligations for Deductibles and/or Copayment amounts are always determined using the Maximum Allowable Amount.

Benefit amounts applied to your payment maximum mean the amounts actually paid by Us for services received from a Provider which does not have a reimbursement agreement with Us or the amount for which you are given credit by a Provider which has a reimbursement agreement with Us.

## Relationship of Parties (Anthem and Network Providers)

The relationship between Anthem and Network Providers is an independent contractor relationship. Network Providers are not agents or employees of ours, nor is Anthem, or any employee of Anthem, an employee or agent of Network Providers.

Your health care Provider is solely responsible for all decisions regarding your care and treatment, regardless of whether such care and treatment is a Covered Service under this Plan. We shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by you while receiving care from any Network Provider or for any injuries suffered by you while receiving care from any Network Provider's Facilities.

Your Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Providers, including Network Providers, Non-Network Providers, and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or us.

## Payment Innovation Programs

We pay Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) - may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by Us from time to time, but they will be generally designed to tie a certain portion of a Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, Network Providers may be required to make payment to Us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect Your access to health care. The Program payments are not made as payment for specific Covered Health Care Services provided to You, but instead, are based on the Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by Us or to Us under the Program(s), and You do not share in any payments made by Network Providers to Us under the Program(s).

## Policies and Procedures

The Plan may adopt reasonable policies, procedures, rules and interpretations to promote the orderly and efficient administration of this Contract with which a Member shall comply.

## Waiver

No agent or other person, except an authorized officer of the Plan, has authority to waive any conditions or restrictions of this Contract, to extend the time for making a payment to the Plan, or to bind the Plan by making any promise or representation or by giving or receiving any information.

## Plan's Sole Discretion

The Plan may, at its sole discretion, cover services and supplies not specifically covered by the Contract. This applies if the Plan determines such services and supplies are in lieu of more expensive services and supplies which would otherwise be required for the care and treatment of a Member.

## Severability

In the event that any provision in this Contract is declared legally invalid by a court of law, such provision will be severable and all other provisions of the Contract will remain in force and effect.

## Anthem Insurance Companies, Inc. Note

The Subscriber hereby expressly acknowledges its understanding this Contract constitutes a contract solely between the Subscriber and Anthem Insurance Companies, Inc. (Anthem), which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans, (the "Association") permitting Anthem to use Blue Cross and/or Blue Shield Service Marks in the State of Indiana, and that Anthem is not contracting as the agent of the Association. The Subscriber further acknowledges and agrees that it has not entered into this Contract based upon representations by any person other than Anthem Insurance Companies, Inc., dba Anthem Blue Cross and Blue Shield (Anthem), and that no person, entity, or organization other than Anthem Insurance Companies, Inc., dba Anthem Blue Cross and Blue Shield (Anthem) shall be held accountable or liable to the Subscriber for any of Anthem Insurance Companies, Inc., dba Anthem Blue Cross and Blue Shield's (Anthem's) obligations to the Subscriber created under this Contract. This paragraph shall not create any additional obligations whatsoever on the part of Anthem Insurance Companies, Inc., dba Anthem Blue Cross and Blue Shield (Anthem) other than those obligations created under other provisions of this agreement.

## Voluntary Clinical Quality Programs

We may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from Covered Services under your Contract. These programs are not guaranteed and could be discontinued at any time. We will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons which we encourage you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be

offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

## **Medical Policy and Technology Assessment**

Anthem reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental/ Investigative status or Medical Necessity of new technology. Guidance and external validation of Anthem's medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including Anthem's medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

## **Value-Added and Incentive Programs**

We may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from Covered Services under your Plan. **Coinsurance** – Your share of the costs of a covered health care service, calculated as a percent (for example, 20%) of the allowed amount for the service. You pay Coinsurance plus any Deductibles you owe. For example, if the health insurance or plan's allowed amount for an office visit is \$100 and you've met your Deductible, your Coinsurance payment of 20% would be \$20. The health insurance or plan pays the rest of the allowed amount. Your Coinsurance will not be reduced by refunds, rebates or any other form of negotiated post-payment adjustments.

The Deductible may not apply to all services.

You may have a Deductible that applies to medical services and a separate Deductible that applies to Prescription Drugs. In this case, the Deductibles are separate and amounts applied to one will not apply to the other. For example, amounts applied to the medical Deductible will not apply to the Prescription Drug Deductible. Other benefits that may include a separate Deductible are Dental and Vision Services (if applicable). You can refer to the Summary of Cost Shares and Benefits for Deductible amounts, what services apply to the Deductible and if there are separate Deductibles.

**Dentally Necessary Orthodontic Care** – A service for pediatric Members used to treat malocclusion of teeth and associated dental and facial disharmonies. - Serious dysfunction of any bodily organ or part.

**Emergency Services (Emergency Care)** – With respect to an Emergency Medical Condition:

The term “Stabilize” means, with respect to an Emergency Medical Condition:

We may consult with professional peer review committees or other appropriate sources for recommendations.

**External Grievance** – Your right to request external review of an Appeal determination made by the Appeals panel that is not acceptable to you. The independent review organization will assign a medical review professional who is board certified in the applicable specialty to resolve the External Grievance. The medical review professional who is assigned must not have a conflict of interest regarding the External Grievance issue itself or any of the interested parties. In making a determination on the External Grievance, the medical review professional is required to follow a standard of review that promotes evidence–based decision–making, relying on objective criteria, and is required to apply the terms of this Contract.

**Family Coverage** – Coverage for the Subscriber and eligible Dependents.

**Formulary** – The term Formulary means a listing of Prescription Drugs that are determined by Anthem in its sole discretion to be designated as Covered drugs. Generally, it includes select Generic Drugs with limited Brand Name prescription drugs coverage. This list is subject to periodic review and modification by Anthem. We may add or delete prescription drugs from this Formulary from time to time. A description of the prescription drugs that are listed on this Formulary is available upon request and at [www.anthem.com](http://www.anthem.com)

**Generic Drugs** – The term Generic Drugs means a prescription drug that the PBM has classified as Generic Drugs through use of an independent proprietary industry database.
