Federal Patient Protection and Affordable Care Act Notices

Choice of Primary Care Physician

We generally allow the designation of a Primary Care Physician (PCP). You have the right to designate any PCP who participates in our network and who is available to accept you or your family members. For information on how to select a PCP, and for a list of PCPs, contact the telephone number on the back of your Identification Card or refer to our website, www.anthem.com. For children, you may designate a pediatrician as the PCP.

Access to Obstetrical and Gynecological (ObGyn) Care

You do not need prior authorization from us or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services or following a pre-approved treatment plan. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the telephone number on the back of your Identification Card or refer to our website, www.anthem.com.

Additional Federal Notices

Statement of Rights under the Newborns' and Mother's Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Statement of Rights under the Women's Cancer Rights Act of 1998

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending Physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same Deductibles and Coinsurance applicable to other medical and surgical benefits provided under this Plan. (See the "Schedule of Benefits" for details.) If you would like more information on WHCRA benefits, call us at the number on the back of your Identification Card.

Coverage for a Child Due to a Qualified Medical Support Order ("QMCSO")

If you or your spouse are required, due to a QMCSO, to provide coverage for your child(ren), you may ask the Group to provide you, without charge, a written statement outlining the procedures for getting coverage for such child(ren).

Mental Health Parity and Addiction Equity Act

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and substance abuse benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering mental health and substance abuse benefits cannot set day/visit limits on mental health or substance abuse benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on mental health and substance abuse benefits offered under the Plan. Also, the Plan may not impose Deductibles, Copayment, Coinsurance, and out of pocket expenses on mental health and substance abuse benefits that are more restrictive than Deductibles, Copayment, Coinsurance and out of pocket expenses applicable to other medical and surgical benefits. Medical Necessity criteria are available upon request.

Special Enrollment Notice

If you are declining enrollment for yourself or your Dependents (including your spouse) because of other health insurance coverage, you may in the future be able to enroll yourself or your Dependents in this Plan, if you or your Dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your Dependents' other coverage). However, you must request enrollment within 30 days after your or your Dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new Dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and Your Dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.
Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program)

The Subscriber or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

To request special enrollment or obtain more information, call us at the Member Services telephone number on your Identification Card, or contact the Group.

Statement of ERISA Rights

Please note: This section applies to employer sponsored plans **other than** Church employer groups and government groups. If you have questions about whether this Plan is governed by ERISA, please contact the Plan Administrator (the Group).

The Employee Retirement Income Security Act of 1974 (ERISA) entitles you, as a Member of the Group under this Contract, to:

- Examine, without charge, at the Plan Administrator's office and at other specified locations such as worksites and union halls, all plan documents, including insurance contracts, collective bargaining agreements and copies of all documents filed by this plan with the U.S. Department of Labor, such as detailed annual reports and plan descriptions;
- Obtain copies of all plan documents and other plan information upon written request to the Plan Administrator. The Plan Administrator may make a reasonable charge for these copies; and
- Receive a summary of the plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary financial report.

In addition to creating rights for you and other employees, ERISA imposes duties on the people responsible for the operation of your employee benefit plan. The people who operate your plan are called plan fiduciaries. They must handle your plan prudently and in the best interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your right under ERISA. If your claim for welfare benefits is denied, in whole or in part, you must receive a written explanation of the reason for the denial. You have the right to have your claims reviewed and reconsidered.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan Administrator and do not receive them within 30 days, you may file suit in a federal court. In such case, the court may require the Plan Administrator to provide you the materials and

pay you up to $110 a day until you receive the materials, unless the materials are not sent because of reasons beyond the control of the Plan Administrator. If your claim for benefits is denied or ignored, in whole or in part, you may file suit in a state or federal court. If plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or may file suit in a federal court. The court will decide who should pay court costs and legal fees. It may order you to pay these expenses, for example, if it finds your claim is frivolous. If you have any questions about your plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Introduction

Welcome to Anthem!

We are pleased that you have become a Member of our health insurance Plan. We want to make sure that our services are easy to use. We've designed this Booklet to give a clear description of your benefits, as well as our rules and procedures.

The Booklet explains many of the rights and duties between you and us. It also describes how to get health care, what services are covered, and what part of the costs you will need to pay. Many parts of this Booklet are related. Therefore, reading just one or two sections may not give you a full understanding of your coverage. You should read the whole Booklet to know the terms of your coverage.

This Booklet replaces any Booklet issued to you in the past. The coverage described is based upon the terms of the Group Contract issued to your Group, and the Plan that your Group chose for you. The Group Contract, this Booklet, and any endorsements, amendments or riders attached, form the entire legal contract under which Covered Services are available.

Many words used in the Booklet have special meanings (e.g., Group, Covered Services, and Medical Necessity). These words are capitalized and are defined in the "Definitions" section. See these definitions for the best understanding of what is being stated. Throughout this Booklet you will also see references to "we," "us," "our," "you," and "your." The words "we," "us," and "our" mean Anthem Blue Cross and Blue Shield. The words "you" and "your" mean the Member, Subscriber and each covered Dependent.

If you have any questions about your Plan, please be sure to call Member Services at the number on the back of your Identification Card. Also be sure to check our website, www.anthem.com for details on how to find a Provider, get answers to questions, and access valuable health and wellness tips. Thank you again for enrolling in the Plan!

Schedule of Benefits - Anthem Bronze Blue Access PPO 5500E/20%/6500 w/HSA

In this section you will find an outline of the benefits included in your Plan and a summary of any Deductibles, Coinsurance, and Copayments that you must pay. Also listed are any Benefit Period Maximums or limits that apply. Please read the "What's Covered" and Prescription Drugs section(s) for more details on the Plan's Covered Services. Read the "What's Not Covered" section for details on Excluded Services.

All Covered Services are subject to the conditions, Exclusions, limitations, and terms of this Booklet including any endorsements, amendments, or riders.

To get the highest benefits at the lowest out-of-pocket cost, you must get Covered Services from an In-Network Provider. Benefits for Covered Services are based on the Maximum Allowed Amount, which is the most the Plan will allow for a Covered Service. When you use an Out-of-Network Provider you may have to pay the difference between the Out-of-Network Provider's billed charge and the Maximum Allowed Amount in addition to any Coinsurance, Copayments, Deductibles, and non-covered charges. This amount can be substantial. Please read the "Claims Payment" section for more details.

Deductibles, Coinsurance, and Benefit Period Maximums are calculated based upon the Maximum Allowed Amount, not the Provider's billed charges.

Essential Health Benefits provided within this Booklet are not subject to lifetime or annual dollar maximums. Certain non-essential health benefits, however, are subject to either a lifetime and/or dollar maximum.

Essential Health Benefits are defined by federal law and refer to benefits in at least the following categories:

- **Ambulatory patient services,**
- **Emergency services,**
- **Hospitalization,**
- **Maternity and newborn care,**
- **Mental health and substance use disorder services, including behavioral health treatment,**
- **Prescription drugs**
- **Rehabilitative and habilitative services and devices,**
- **Laboratory services,**
- **Preventive and wellness services, and**
- **Chronic disease management and pediatric services, including oral and vision care.**

Such benefits shall be consistent with those set forth under the Patient Protection and Affordable Care Act of 2010 and any regulations issued pursuant thereto.

Per Family – All other Members combined	$11,000	$33,000

Health Savings Account (HSA) Note: This Plan has been designed to be used with a qualified health savings account (HSA). You can use the dollars from your HSA to help meet your Deductible for Covered Services.

The In-Network and Out-of-Network Deductibles are separate and cannot be combined.

When the Deductible applies, you must pay it before benefits begin. See the sections below to find out when the Deductible applies.

Copayments and Coinsurance are separate from and do not apply to the Deductible.

Coinsurance	In-Network	Out-of-Network

Reminder: Your Coinsurance will be based on the Maximum Allowed Amount. If you use an Out-of-Network Provider, you may have to pay Coinsurance plus the difference between the Out-of-Network Provider's billed charge and the Maximum Allowed Amount.

Note: The Coinsurance listed above may not apply to all benefits, and some benefits may have a different Coinsurance. Please see the rest of this Schedule for details.

Out-of-Pocket Limit	In-Network	Out-of-Network
Per Member	$6,500	$19,500
Per Family – All other Members combined	$13,000	$39,000

The Out-of-Pocket Limit includes all Deductibles, Coinsurance, and Copayments you pay during a Benefit Period unless otherwise indicated below. It does not include charges over the Maximum Allowed Amount or amounts you pay for non-Covered Services.

The Out-of-Pocket Limit does not include amounts you pay for the following benefits:

- Services listed under "Vision Services for Members Age 21 and Older"
- Out-of-Network Human Organ and Tissue Transplant services.

Once the Out-of-Pocket Limit is satisfied, you will not have to pay any additional Deductibles, Coinsurance, or Copayments for the rest of the Benefit Period, except for the services listed above.

The In-Network and Out-of-Network Out-of-Pocket Limits are separate and do not apply toward each

Important Notice about Your Cost Shares

In certain cases, if we pay a Provider amounts that are your responsibility, such as Deductibles, Copayments or Coinsurance, we may collect such amounts directly from you. You agree that we have the right to collect such amounts from you.

The tables below outline the Plan's Covered Services and the cost share(s) you must pay. In many spots you will see the statement, "Benefits are based on the setting in which Covered Services are received." In these cases you should determine where you will receive the service (i.e., in a doctor's office, at an outpatient hospital facility, etc.) and look up that location to find out which cost share will apply. For example, you might get physical therapy in a doctor's office, an outpatient hospital facility, or during an inpatient hospital stay. For services in the office, look up "Office Visits." For services in the outpatient department of a hospital, look up "Outpatient Facility Services." For services during an inpatient stay, look up "Inpatient Services."

How Your Plan Works

Introduction

Your Plan is a PPO plan. The Plan has two sets of benefits: In-Network and Out-of-Network. If you choose an In-Network Provider, you will pay less in out-of-pocket costs, such as Copayments, Deductibles, and Coinsurance. If you use an Out-of-Network Provider, you will have to pay more out-of-pocket costs.

In-Network Services

When you use an In-Network Provider or get care as part of an Authorized Service, Covered Services will be covered at the In-Network level. Regardless of Medical Necessity, benefits will be denied for care that is not a Covered Service. We have complete authority to decide the Medical Necessity of the service. If you disagree with our determination, you have the right to file an appeal as described in the "Complaint and Appeals Process" section.

In-Network Providers include Primary Care Physicians / Providers (PCPs), Specialists (Specialty Care Physicians / Providers - SCPs), other professional Providers, Hospitals, and other Facilities who contract with us to care for you. Referrals are never needed to visit an In-Network Specialist, including behavioral health Providers.

To see a Doctor, call their office:

- Tell them you are an Anthem Member,
- Have your Member Identification Card handy. The Doctor's office may ask you for your group or Member ID number.
- Tell them the reason for your visit.

When you go to the office, be sure to bring your Member Identification Card with you.

For services from In-Network Providers:

1. You will not need to file claims. In-Network Providers will file claims for Covered Services for you. (You will still need to pay any Coinsurance, Copayments, and/or Deductibles that apply.) You may be billed by your In-Network Provider(s) for any non-Covered Services you get or when you have not followed the terms of this Booklet.

2. Precertification will be done by the In-Network Provider. (See the "Getting Approval for Benefits" section for further details.)

Please read the "Claims Payment" section for additional information on Authorized Services.

After Hours Care

If you need care after normal business hours, your Doctor may have several options for you. You should call your Doctor's office for instructions if you need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens. If you have an Emergency, call 911 or go to the nearest Emergency Room.

Out-of-Network Services

When you do not use an In-Network Provider or get care as part of an Authorized Service, Covered Services are covered at the Out-of-Network level, unless otherwise indicated in this Booklet.

For services from an Out-of-Network Provider:

1. The Out-of-Network Provider can charge you the difference between their bill and the Plan's Maximum Allowed Amount plus any Deductible and/or Coinsurance/Copayments;

2. You may have higher cost sharing amounts (i.e., Deductibles, Coinsurance, and/or Copayments);

3. You will have to pay for services that are not Medically Necessary;

4. You will have to pay for non-Covered Services;

5. You may have to file claims; and

6. You must make sure any necessary Precertification is done. (Please see "Getting Approval for Benefits" for more details.)

How to Find a Provider in the Network

There are three ways you can find out if a Provider or Facility is in the network for this Plan. You can also find out where they are located and details about their license or training.

- See your Plan's directory of In-Network Providers at www.anthem.com, which lists the Doctors, Providers, and Facilities that participate in this Plan's network.
- Call Member Services to ask for a list of Doctors and Providers that participate in this Plan's network, based on specialty and geographic area.
- Check with your Doctor or Provider.

If you need details about a Provider's license or training, or help choosing a Doctor who is right for you, call the Member Services number on the back of your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with us to help with your needs.

If an Out-of-Network Provider meets our enrollment criteria and is willing to meet the terms and conditions of our Provider agreement, that Provider has the right to become an In-Network Provider for this Plan. They will not become an In-Network Provider, however, until they have signed the required Provider agreement.

Continuity of Care

If your In-Network Provider leaves our network (for other than quality), you may be able to continue seeing that Provider for a limited time (completion of treatment or 90 days, whichever is shorter) and still get In-Network benefits. This could happen if you have a disability, a congenital condition, or you are in an active course of treatment. For purposes of this section, an "active course of treatment" is an ongoing course of treatment for a life threatening condition, a serious acute condition (such as chemotherapy, radiation therapy and post-operative visits), a pregnancy in the second or third trimester and through the postpartum period, and a health condition for which a Physician attests that discontinuing care by the current Physician would worsen the condition or interfere with anticipated outcomes. If you wish to continue seeing the same Provider, you or your Doctor should contact Member Services for details. Any decision by us regarding a request for Continuity of Care is subject to the process described in "Complaint and Appeals Process."

Your Cost-Shares

Your Plan may involve Copayments, Deductibles, and/or Coinsurance, which are charges that you must pay when receiving Covered Services. Your Plan may also have an Out-of-Pocket Limit, which limits the cost-shares you must pay. Please read the “Schedule of Benefits” for details on your cost-shares. Also read the “Definitions” section for a better understanding of each type of cost share.

Crediting Prior Plan Coverage

If you were covered by the Group’s prior carrier / plan immediately before the Group signs up with us, with no break in coverage, then you will get credit for any accrued Deductible amounts under that other plan. This does not apply to people who were not covered by the prior carrier or plan on the day before the Group’s coverage with us began, or to people who join the Group later.

If your Group moves from one of our plans to another, (for example, changes its coverage from HMO to PPO), and you were covered by the other product immediately before enrolling in this product with no break in coverage, then you may get credit for any accrued Deductible.

If your Group offers more than one of our products, and you change from one product to another with no break in coverage, you will get credit for any accrued Deductible.

If your Group offers coverage through other products or carriers in addition to ours, and you change products or carriers to enroll in this product with no break in coverage, you will get credit for any accrued Deductible under this Plan.

The credit applies for the same or overlapping benefit periods and will be given for costs you paid toward the deductible of the Group’s prior carrier or plan in the 90 days before the Group’s effective date with us. You will also receive credit for any satisfaction or partial satisfaction of waiting periods under the Group’s prior carrier or plan.

This Section Does Not Apply To You If:

- Your Group moves to this Plan at the beginning of a Benefit Period;
- You change from one of our individual policies to a group plan;
- You change employers; or
- You are a new Member of the Group who joins the Group after the Group's initial enrollment with us.

The BlueCard Program

Like all Blue Cross & Blue Shield plans throughout the country, we participate in a program called "BlueCard," which provides services to you when you are outside our Service Area. For more details on this program, please see “Inter-Plan Arrangements” in the “Claims Payment” section.

Identification Card

We will give an Identification Card to each Member enrolled in the Plan. When you get care, you must show your Identification Card. Only a Member who has paid the Premiums for this Plan has the right to services or benefits under this Booklet. If anyone gets services or benefits to which they are not entitled to under the terms of this Booklet, he/she must pay for the actual cost of the services.

Getting Approval for Benefits

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigational as those terms are defined in this Booklet. Utilization Review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

Reviewing Where Services Are Provided

A service must be Medically Necessary to be a Covered Service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be Medically Necessary if they are given in a higher level of care, or higher cost setting / place of care. This means that a request for a service may be denied because it is not Medically Necessary for the service to be provided where it is being requested. When this happens the service can be requested again in another place and will be reviewed again for Medical Necessity. At times a different Provider or Facility may need to be used in order for the service to be considered Medically Necessary. Examples include:

- A service may be denied on an inpatient basis at a Hospital but may be approvable if provided on an outpatient basis at a Hospital.
- A service may be denied on an outpatient basis at a Hospital but may be approvable at a free standing imagining center, infusion center, Ambulatory Surgery Center, or in a Physician's office.
- A service may be denied at a Skilled Nursing Facility but may be approvable in a home setting.

Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. Anthem may decide that a service that was asked for is not Medically Necessary if you have not tried other clinically equivalent treatments that are more cost effective and appropriate. "Clinically equivalent" means treatments that for most Members, will give you similar results for a disease or condition.

If you have any questions about the Utilization Review process, the medical policies, or clinical guidelines, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed even if we decide your services are Medically Necessary. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. Premium must be paid for the time period that services are given;
3. The service or supply must be a Covered Service under your Plan;
4. The service cannot be subject to an Exclusion under your Plan; and
5. You must not have exceeded any applicable limits under your Plan.

Types of Reviews

- **Pre-service Review –** A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.

  Precertification – A required Pre-service Review for a benefit coverage determination for a service or treatment. Certain services require Precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental / Investigational as those terms are defined in this Booklet.

  For admissions following Emergency Care, you, your authorized representative or Doctor must tell us within 24 hours of the admission or as soon as possible within a reasonable period of time. For childbirth admissions, Precertification is not needed unless there is a problem and/or the mother and

baby are not sent home at the same time. Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

- **Continued Stay / Concurrent Review** - A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.

Both Pre-Service and Continued Stay / Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any Doctor with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review –** A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a Precertification, or when a needed Precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which we have a related clinical coverage guideline and are typically initiated by us.

Who is Responsible for Precertification?

Typically, In-Network Providers know which services need Precertification and will get any Precertification when needed. Your Primary Care Physician and other In-Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, Facility or attending Doctor ("requesting Provider") will get in touch with us to ask for a Precertification. However, you may request a Precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

Provider Network Status	Responsibility to Get Precertification	Comments
In Network	Provider	• The Provider must get Precertification when required
Out of Network/ Non-Participating	Member	• Member must get Precertification when required. (Call Member Services.) • Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and or setting is found to not be Medically Necessary.
Blue Card Provider	Member **(Except for Inpatient Admissions)**	• Member must get Precertification when required. (Call Member Services.) • Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and or setting is found to not be Medically Necessary. • **Blue Card Providers must obtain precertification for all Inpatient**

NOTE: For an Emergency Care admission, precertification is not required. However, you, your authorized representative or Doctor must tell us within 24 hours of the admission or as soon as possible within a reasonable period of time.		

How Decisions are Made

We use our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make our Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section "Prescription Drugs Administered by a Medical Provider." Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the Precertification phone number on the back of your Identification Card.

If you are not satisfied with our decision under this section of your benefits, please refer to the "Complaint and Appeals Process" section to see what rights may be available to you.

Decision and Notice Requirements

We will review requests for benefits according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, we will follow state laws. If you live in and/or get services in a state other than the state where your Contract was issued other state-specific requirements may apply. You may call the phone number on the back of your Identification Card for more details.

Request Category	Timeframe Requirement for Decision and Notification
Urgent Pre-Service Review	72 hours from the receipt of request
Non-Urgent Pre-Service Review	15 calendar days from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received more than 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received less than 24 hours before the end of the previous authorization or no previous authorization exists	24 hours from the receipt of the request
Non-Urgent Continued Review for ongoing outpatient treatment	15 calendar days from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make our decision, we will tell the requesting Provider of the specific information needed to finish the review. If we do not get the specific information we need or if the information is not complete by the required timeframe, we will make a decision based upon the information we have.

We will notify you and your Provider of our decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic**.**

Important Information

Anthem may, from time to time, waive, enhance, change or end certain medical management processes (including utilization management, case management, and disease management) and/or offer an alternate benefit if in our discretion, such change furthers the provision of cost effective, value based and/or quality services.

We may also select certain qualifying Providers to take part in a program that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt your claim from medical review if certain conditions apply.

Just because Anthem exempts a process, Provider or Claim from the standards which otherwise would apply, it does not mean that Anthem will do so in the future, or will do so in the future for any other Provider, claim or Member. Anthem may stop or change any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs by contacting the Member Services number on the back of your ID card.

Health Plan Individual Case Management

Our health plan individual case management programs (Case Management) help coordinate services for Members with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

Our Case Management programs are confidential and voluntary and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any Covered Services you are receiving.

If you meet program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and team work with you and/or your chosen authorized representative, treating Doctor(s), and other Providers.

In addition, we may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, we may provide benefits for alternate care that is not listed as a Covered Service. We may also extend Covered Services beyond the Benefit Maximums of this Plan. We will make our decision case-by-case, if in our discretion the alternate or extended benefit is in the best interest of you and Anthem and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, we will notify you or your authorized representative in writing.

What's Covered

This section describes the Covered Services available under your Plan. Covered Services are subject to all the terms and conditions listed in this Booklet, including, but not limited to, Benefit Maximums, Deductibles, Copayments, Coinsurance, Exclusions and Medical Necessity requirements. Please read the "Schedule of Benefits" for details on the amounts you must pay for Covered Services and for details on any Benefit Maximums. Also be sure to read "How your Plan Works" for more information on your Plan's rules. Read the "What's Not Covered" section for important details on Excluded Services.

Your benefits are described below. Benefits are listed alphabetically to make them easy to find. Please note that several sections may apply to your claims. For example, if you have surgery, benefits for your Hospital stay will be described under "Inpatient Hospital Care" and benefits for your Doctor's services will be described under "Inpatient Professional Services." As a result, you should read all sections that might apply to your claims.

You should also know that many Covered Services can be received in several settings, including a Doctor's office, an Urgent Care Facility, an Outpatient Facility, or an Inpatient Facility. **For services to be covered, they must be provided in the least costly setting that is medically appropriate.** The costs of services will often vary depending on the setting you choose, and the choice of setting can result in a change in the amount you need to pay or even in a denial for the services. Please see the "Schedule of Benefits" and the "Getting Approval for Benefits" sections for more details on how benefits vary in each setting.

Allergy Services

Your Plan includes benefits for Medically Necessary allergy testing and treatment, including allergy serum and allergy shots.

Ambulance Services

Medically Necessary ambulance services are a Covered Service when:

- You are transported by a state licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, water, fixed wing, and rotary wing air transportation.

And one or more of the following criteria are met:

- For ground ambulance, you are taken:
  - From your home, the scene of an accident or medical Emergency to a Hospital;
  - Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital
  - Between a Hospital and a Skilled Nursing Facility or other approved Facility.

- For air or water ambulance, you are taken:
  - From the scene of an accident or medical Emergency to a Hospital;
  - Between Hospitals, including when we require you to move from an Out-of-Network Hospital to an In-Network Hospital
  - Between a Hospital and an approved Facility.

Ambulance services are subject to Medical Necessity reviews by us. Emergency ground ambulance services do not require precertification and are allowed regardless of whether the Provider is an In-Network or Out-of-Network Provider.

Non-Emergency ambulance services are subject to Medical Necessity reviews by us. When using an air ambulance for non-Emergency transportation, we reserve the right to select the air ambulance Provider. If you do not use the air ambulance Provider we select no benefits will be available. Please see the "Schedule of Benefits" for the maximum benefit.

You must be taken to the nearest Facility that can give care for your condition. In certain cases we may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or injury by medical professionals from an ambulance service, even if you are not taken to a Facility.

Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your family or Doctor are not a Covered Service.

Other non-covered ambulance services include trips to:

a) A Doctor's office or clinic;
b) A morgue or funeral home.

Important Notes on Air Ambulance Benefits

Benefits are only available for air ambulance when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a Facility than the ground ambulance can provide, the Plan will cover the air ambulance. Air ambulance will also be covered if you are in an area that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a Hospital that is not an acute care Hospital (such as a Skilled Nursing Facility or a rehabilitation facility), or if you are taken to a Physician's office or your home.

Hospital to Hospital Transport

If you are moving from one Hospital to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the Hospital that first treats cannot give you the medical services you need. Certain specialized services are not available at all Hospitals. For example, burn care, cardiac care, trauma care, and critical care are only available at certain Hospitals. To be covered, you must be taken to the closest Hospital that can treat you. **Coverage is not available for air ambulance transfers simply because you, your family, or your Provider prefers a specific Hospital or Physician.**

Dental Services

Your Dental Benefits

Dental care treatment decisions are made by you and your dentist. We cover treatment based on what benefits you have, not whether the care is medically or dentally necessary. The only exception is when you get orthodontic care — we do review those services to make sure they're appropriate. Also, services for tooth reimplantation will be covered if Medically Necessary.

Dental Providers

Every plan has a network of dentists to choose from. You can go to any dentist, whether they're in your network or not. But you'll almost always pay less for the same level of care if you see a dentist in your network. Also, dentists in your network will send claims for care directly to us. When you go out of network, you may have to pay up front — then you'll submit claims to us for reimbursement.

For help finding a dentist in your network, log in to anthem.com/mydentalvision and go to "Find a Doctor." When it asks for the type of doctor, choose dentist. You can also call the Member Services number on your dental ID card for help.

Pretreatment Estimate

When you need major dental care, like crowns, root canals, dentures/bridges, oral surgery, or braces — it is best to go over a care or treatment plan with your dentist beforehand. It should include a "pretreatment estimate" so you know what it will cost.

You or your dentist can send us the pretreatment estimate to get an idea of how much of the cost your benefits will cover. Then you can work with your dentist to make financial arrangements, before you start treatment.

How We Pay for Orthodontic Care.

Because orthodontic treatment usually occurs over a long period of time, payments are made over the course of your treatment. In order us to continue to pay for your orthodontic care, you must have continuous coverage under this Plan.

The first payment for orthodontic care is made when treatment begins. Treatment begins when the appliances are installed. Your dental Provider should submit the necessary forms telling us when your appliance is installed. Payments are then made at six month intervals until the treatment is finished or coverage under this Plan ends.

If your orthodontic treatment is already in progress (the appliance has been installed) when you begin coverage under this Plan, the orthodontic treatment benefit under this coverage will be on a pro-rated basis. We will only cover the portion of orthodontic treatment that you are given while covered under this

Plan. We will not pay for any portion of your treatment that was given before your effective date under this Plan.

Emergency Services

Emergency (Emergency Medical Condition)

“Emergency,”” or “Emergency Medical Condition” means a medical or behavioral health condition of recent onset and sufficient severity, including but not limited to, severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that his or her condition, sickness, or injury is of such a nature that not getting immediate medical care could result in: (a) placing the patient’s health or the health of another person in serious danger or, for a pregnant women, placing the women’s health or the health of her unborn child in serious danger; (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part. Such conditions include but are not limited to, chest pain, stroke, poisoning, serious breathing problems, unconsciousness, severe burns or cuts, uncontrolled bleeding, or seizures and such other acute conditions as may be determined to be Emergencies by us.

Emergency Care

“Emergency Care” means a medical or behavioral health exam done in the Emergency Department of a Hospital, and includes services routinely available in the Emergency Department to evaluate an Emergency Condition. It includes any further medical or behavioral health exams and treatment required to stabilize the patient.

Medically Necessary services will be covered whether you get care from an In-Network or Out-of-Network Provider. Emergency Care you get from an Out-of-Network Provider will be covered as an In-Network service, but you may have to pay the difference between the Out-of-Network Provider’s charge and the Maximum Allowed Amount, as well as any applicable Coinsurance, Copayment or Deductible.

The Maximum Allowed Amount for Emergency Care from an Out-of-Network Provider will be the greatest of the following:

1. The amount negotiated with In-Network Providers for the Emergency service;
2. The amount for the Emergency service calculated using the same method we generally use to determine payments for Out-of-Network services but substituting the In-Network cost-sharing for the Out-of-Network cost-sharing; or
3. The amount that would be paid under Medicare for the Emergency service.

If you are admitted to the Hospital from the Emergency Room, be sure that you or your Doctor calls us as soon as possible. We will review your care to decide if a Hospital stay is needed and how many days you should stay. See “Getting Approval for Benefits” for more details. If you or your Doctor do not call us, you may have to pay for services that are determined to be not Medically Necessary.

Treatment you get after your condition has stabilized is not Emergency Care. If you continue to get care from an Out-of-Network Provider, Covered Services will be covered at the Out-of-Network level unless we agree to cover them as an Authorized Service.

Habilitative Services

Benefits also include habilitative health care services and devices that help you keep, learn or improve skills and functioning for daily living. Examples include therapy for a child who isn't walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

Please see "Therapy Services" later in this section for further details.

To be eligible for benefits, you must essentially be confined to the home, as an alternative to a Hospital stay, and be physically unable to get needed medical services on an outpatient basis. Disease modifying therapy treats the underlying terminal illness.

The services and supplies listed below are Covered Services when given by a Hospice for the palliative care of pain and other symptoms that are part of a terminal disease. Bereavement services are available to surviving Members of the immediate family for one year after the Member's death. Immediate family means your spouse, children, stepchildren, parents, brothers and sisters.

Your Doctor must agree to care by the Hospice and must be consulted in the development of the care plan. The Hospice must keep a written care plan on file and give it to us upon request.

At an In-Network Transplant Provider Facility, the Transplant Benefit Period starts one day before a Covered Transplant Procedure and lasts for the applicable case rate / global time period. The number of days will vary depending on the type of transplant received and the In-Network Transplant Provider agreement. Call the Case Manager for specific In-Network Transplant Provider details for services received at or coordinated by an In-Network Transplant Provider Facility.

At an Out-of-Network Transplant Provider Facility, the Transplant Benefit Period starts one day before a Covered Transplant Procedure and lasts until the date of discharge.

Prior Approval and Precertification

To maximize your benefits, you should call our Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation and/or work-up for a transplant. We will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, In-Network Transplant Provider rules, or Exclusions apply. Call the Member Services phone number on the back of your Identification Card and ask for the transplant coordinator. Even if we give a prior approval for the Covered Transplant Procedure, you or your Provider must call our Transplant Department for Precertification prior to the transplant whether this is performed in an Inpatient or Outpatient setting.

Precertification is required before we will cover benefits for a transplant. Your Doctor must certify, and we must agree, that the transplant is Medically Necessary. Your Doctor should send a written request for Precertification to us as soon as possible to start this process. Not getting Precertification will result in a denial of benefits.

Please note that there are cases where your Provider asks for approval for Human Leukocyte Antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search and/or collection and storage is NOT an approval for the later transplant. A separate Medical Necessity decision will be needed for the transplant.

Transportation and Lodging

We will cover the cost of reasonable and necessary travel costs when you get prior approval and need to travel more than 75 miles from your permanent home to reach the Facility where the Covered Transplant Procedure will be performed. Our help with travel costs includes transportation to and from the Facility, and lodging for the patient and one companion. If the Member receiving care is a minor, then reasonable and necessary costs for transportation and lodging may be allowed for two companions. You must send itemized receipts for transportation and lodging costs in a form satisfactory to us when claims are filed. Call us for complete information.

For lodging and ground transportation benefits, we will cover costs up to the current limits set forth in the Internal Revenue Code.

Non-Covered Services for transportation and lodging include:

- Child care,
- Mileage within the medical transplant Facility city,
- Rental cars, buses, taxis, or shuttle service, except as specifically approved by us,

Covered Services will include the obstetrical care given by that Provider through the end of the pregnancy and the immediate post-partum period.

Important Note About Maternity Admissions: Under federal law, we may not limit benefits for any Hospital length of stay for childbirth for the mother or newborn to less than 48 hours after vaginal birth, or less than 96 hours after a cesarean section (C-section). However, federal law as a rule does not stop the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours, or 96 hours, as applicable. In any case, as provided by federal law, we may not require a Provider to get authorization from us before prescribing a length of stay which is not more than 48 hours for a vaginal birth or 96 hours after a C-section.

An urgent health problem is an unexpected illness or injury that calls for care that cannot wait until a regularly scheduled office visit. There are a number of additional covered lens options that are available through your Blue View Vision Provider. See the Schedule of Benefits for the list of options.

Frames

Your Blue View Vision Provider will have a collection of frames for you to choose from. They can tell you which frames are included at no extra charge and which ones will cost you more.

Contact Lenses

Each Benefit Period, you can get a lens benefit for eyeglass lenses, non-elective contact lenses or elective contact lenses. But you can only get one of those three options in a given Benefit Period. (However, one set of replacement lenses may also be covered if Medically Necessary.) Your Blue View Vision Provider will have a collection of contact lenses for you to choose from. Vision Services for Members Age 21 and Older

The vision benefits described in this section only apply to Members age 21 or older. To get the In-Network benefit, you must use a Blue View Vision Provider. If you need help finding a Blue View Vision Provider, please visit our website or call us at the number on the back of your ID card.

Routine Eye Exam

This Plan covers a complete routine eye exam with dilation, as needed. The exam is used to check all aspects of your vision.

Benefits do not include glasses or contact lenses. However, one pair of glasses or contact lenses is covered after surgical removal of the lens(es) of the eyes under the “Prosthetics” benefit.

Prescription Drugs Administered by a Medical Provider

Your Plan covers Prescription Drugs, including Specialty Drugs, that must be administered to you as part of a doctor's visit, home care visit, or at an outpatient Facility when they are Covered Services. This may include Drugs for infusion therapy, chemotherapy, blood products, certain injectables, and any Drug that must be administered by a Provider. This section applies when a Provider orders the Drug and a medical Provider administers it to you in a medical setting. Benefits for Drugs that you inject or get through your Pharmacy benefits (i.e., self-administered Drugs) are not covered under this section. Benefits for those Drugs are described in the "Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy" section.

Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, your prescribing Doctor may be asked to give more details before we can decide if the Prescription Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Provider qualifications including REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated.
- Use of an Anthem Prescription Drug List (a formulary developed by Anthem) which is a list of FDA-approved Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and Controlled Substances must be prescribed by a licensed Provider with an active DEA license.

Compound drugs are a Covered Service when a commercially available dosage form of a Medically Necessary medication is not available, all the ingredients of the compound drug are FDA approved as designated in the FDA's Orange Book: *Approved Drug Products with Therapeutic Equivalence Evaluations*, require a prescription to dispense, and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

Precertification

Precertification may be required for certain Prescription Drugs to help make sure proper use and guidelines for Prescription Drug coverage are followed. We will give the results of our decision to both you and your Provider.

For a list of Prescription Drugs that need precertification, please call the phone number on the back of your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Plan. Your Provider may check with us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Please refer to the section "Getting Approval for Benefits" for more details.

If precertification is denied you have the right to file an appeal as outlined in the "Complaint and Appeals Process" section of this Booklet.

Designated Pharmacy Provider

Anthem may establish one or more Designated Pharmacy Provider programs which provide specific pharmacy services (including shipment of Prescription Drugs) to Members. An In-Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the In-Network Provider must have signed a Designated Pharmacy Provider Agreement with us. You or your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to you or your Provider and administered in your Provider's office, you and your Provider are required to order from a Designated Pharmacy Provider. A Patient Care coordinator will work with you and your Provider to obtain Precertification and to assist shipment to your Provider's office.

We may also require you to use a Designated Pharmacy Provider to obtain Prescription Drugs for treatment of certain clinical conditions such as Hemophilia. We reserve our right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to you. Anthem may, from time to time, change upon advance notice, the Designated Pharmacy Provider for a Drug, if in our discretion, such change can help provide cost effective, value based and/or quality services.

If You are required to use a Designated Pharmacy Provider and you choose not to obtain your Prescription Drug from a Designated Pharmacy Provider, coverage will be provided at the Out-of-Network level**.**

You can get the list of the Prescription Drugs covered under this section by calling Member Services at the phone number on the back of your Identification Card or check our website at www.anthem.com.

Therapeutic Substitution

Therapeutic substitution is an optional program that tells you and your Doctor about alternatives to certain prescribed Drugs. We may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic substitute is right for you. For questions or issues about therapeutic Drug substitutes, call Member Services at the phone number on the back of your Identification Card.

Prescription Drug Benefit at a Retail or Home Delivery (Mail Order) Pharmacy

Your Plan also includes benefits for Prescription Drugs you get at a Retail or Mail Order Pharmacy. We use a Pharmacy Benefits Manager (PBM) to manage these benefits. The PBM has a network of Retail Pharmacies, a Home Delivery (Mail Order) Pharmacy, and a Specialty Pharmacy. The PBM works to make sure Drugs are used properly. This includes checking that Prescriptions are based on recognized and appropriate doses and checking for Drug interactions or pregnancy concerns.

Please note: Benefits for Prescription Drugs, including Specialty Drugs, which are administered to you by a medical Provider in a medical setting (e.g., doctor's office visit, home care visit, or outpatient Facility) are covered under the "Prescription Drugs Administered by a Medical Provider" benefit. Please read that section for important details.

Prescription Drug Benefits

Prescription Drug benefits may require prior authorization to determine if your Drugs should be covered. Your In-Network Pharmacist will be told if prior authorization is required and if any additional details are needed for us to decide benefits.

Prior Authorization

Prescribing Providers must obtain prior authorization in order for you to get benefits for certain Drugs. At times, your Provider will initiate a prior authorization on your behalf before your Pharmacy fills your Prescription. At other times, the Pharmacy may make you or your Provider aware that a prior authorization or other information is needed. In order to determine if the Prescription drug is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific Provider qualifications including REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one Drug, Drug regimen, or treatment be used prior to use of another Drug, Drug regimen, or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated.
- Use of a Prescription Drug List (as described below).

You or your Provider can get the list of the Drugs that require prior authorization by calling Member Services at the phone number on the back of your Identification Card or check our website at www.anthem.com. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under your Plan. Your Provider may check with us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Anthem may, from time to time, waive, enhance, change or end certain prior authorization and/or offer alternate benefits, if in our discretion, such change furthers the provision of cost effective, value based and/or quality services.

If prior authorization is denied you have the right to file an appeal as outlined in the "Complaint and Appeals Process" section of this Booklet.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the Food and Drug Administration (FDA) and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and you must get them from a licensed Pharmacy. Controlled Substances must be prescribed by a licensed Provider with an active DEA license.

Benefits are available for the following:

- Prescription Legend Drugs from either a Retail Pharmacy or the PBM's Home Delivery Pharmacy;
- Specialty Drugs;
- Self-administered Drugs. These are Drugs that do not need administration or monitoring by a Provider in an office or Facility. Injectables and infused Drugs that need Provider administration and/or supervision are covered under the "Prescription Drugs Administered by a Medical Provider" benefit;
- Self-injectable insulin and supplies and equipment used to administer insulin;
- Self-administered contraceptives, including oral contraceptive Drugs, self-injectable contraceptive Drugs, contraceptive patches, and contraceptive rings. Certain contraceptives are covered under the "Preventive Care" benefit. Please see that section for more details.
- Self-administered anti-cancer Drugs. As required by Kentucky law, you will not have to pay a cost-share (e.g., Copayment, Deductible, or Coinsurance) for the Drugs you get at a Retail or Home Delivery (Mail Order) Pharmacy that is higher than the cost-share you pay for chemotherapy covered under the "Prescription Drugs Administered by a Medical Provider" benefit.
- Special food products or supplements when prescribed by a Doctor if we agree they are Medically Necessary.
- Therapeutic food, formulas, supplements, and low-protein modified food products needed to treat inborn errors of metabolism or genetic conditions when given under the direction of a Doctor. Prior Authorization is required
- Flu Shots (including administration). These will be covered under the "Preventive Care" benefit.
- Immunizations (including administration) required by the "Preventive Care" benefit.
- Prescription Drugs that help you stop smoking or reduce your dependence on tobacco products. These Drugs will be covered under the "Preventive Care" benefit.
- FDA-approved smoking cessation products, including over the counter nicotine replacement products, when obtained with a Prescription, subject to age limits defined by the Food and Drug Administration (FDA). These products will be covered under the "Preventive Care" benefit.
- Compound drugs when a commercially available dosage form of a Medically Necessary medication is not available, all the ingredients of the compound drug are FDA approved as designated in the FDA's Orange Book: *Approved Drug Products with Therapeutic Equivalence Evaluations*, require a prescription to dispense, and are not essentially the same as an FDA approved product from a drug manufacturer. Non-FDA approved, non-proprietary, multisource ingredients that are vehicles essential for compound administration may be covered.

Where You Can Get Prescription Drugs

Your Plan has three levels of coverage. To get the lowest out-of-pocket cost, you must get Covered Services from a Level 1 In-Network Pharmacy. If you get Covered Services from any other In-Network Pharmacy, benefits will be covered at Level 2 and you may pay more in Deductible, Copayments, and Coinsurance.

Level 1 In-Network Pharmacies. When you go to Level 1 In-Network Pharmacies, (also referred to as Core Pharmacies), you pay a lower Copayment / Coinsurance on Covered Services than when you go to other In-Network Pharmacies.

Level 2 In-Network Pharmacies. When you go to Level 2 In-Network Pharmacies, (also referred to as Wrap Pharmacies), you pay a higher Copayment / Coinsurance on Covered Services than when you go to a Level 1 In-Network Pharmacy.

Level 3 Out of-Network Pharmacies. When you go to Level 3 Out of Network Pharmacies, you will pay the highest Copayment/Coinsurance because these pharmacies are not in our network.

In-Network Pharmacy

You can visit one of the local Retail Pharmacies in our network. Give the Pharmacy the prescription from your Doctor and your Identification Card and they will file your claim for you. You will need to pay any Copayment, Coinsurance, and/or Deductible that applies when you get the Drug. If you do not have your Identification Card, the Pharmacy will charge you the full retail price of the Prescription and will not be able to file the claim for you. You will need to ask the Pharmacy for a detailed receipt and send it to us with a written request for payment.

Important Note: If the utilization guidelines of a Prescription Drug(s) suggest there are patterns of its over-utilization or misuse, your selection of In-Network Pharmacies may be limited. If this happens, we may require you to select a single In-Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will only be paid if you use the In-Network Pharmacy. We will contact you if we determine that use of a single In-Network Pharmacy is needed and give you options as to which In-Network Pharmacy you may use. If you do not select one of the In-Network Pharmacies we offer within 31 days, we will select a single In-Network Pharmacy for you. If you disagree with our decision, you may ask us to reconsider it as outlined in the "Complaint and Appeals Process" section of this Booklet.

In addition, if the utilization guidelines for Controlled Substance Prescription Drug(s) suggest there are patterns of its over-utilization or misuse, your selection of In-Network Providers for Controlled Substance Prescriptions may be limited. If this happens, we may require you to select a single In-Network Provider that will provide and coordinate all Controlled Substance Prescriptions. Benefits for Controlled Substance Prescriptions will only be paid if you use the single In-Network Provider. We will contact you if we determine that use of a single In-Network Provider is needed and give you options as to which In-Network Provider you may use. If you do not select one of the In-Network Providers we offer within 31 days, we will select a single In-Network Provider for you. If you disagree with our decision, you may ask us to reconsider it as outlined in the "Complaint and Appeals Process" section of this Booklet.

Maintenance Pharmacy

You may also obtain a 90-day supply of Maintenance Medications from a Maintenance Pharmacy. A Maintenance Medication is a Drug you take on a regular basis to treat or control a chronic illness such as heart disease, high blood pressure, epilepsy, or diabetes. If you are not sure the Prescription Drug you are taking is a Maintenance Medication or need to determine if your Pharmacy is a Maintenance Pharmacy, please call Member Services at the number on the back of your Identification Card or check our website at www.anthem.com for more details.

Specialty Pharmacy

We have a list of certain Specialty Drugs that we may require you or your doctor to order from the PBM's Specialty Pharmacy. This list may change from time to time. Specialty Drugs that you must receive from the Specialty Pharmacy are limited distribution drugs as well as those Drugs that require special handling, provider coordination, or patient education that cannot be provided by a retail pharmacy. If you or your provider believes that your retail pharmacy can provide the special handling, provider coordination, and/or

patient education, you may contact us at the Member Services number on the back of your Identification Card to request an exception to receive the Specialty Drug at the retail pharmacy.

When you use the PBM's Specialty Pharmacy, its patient care coordinator will work with you and your Doctor to get prior authorization and to ship your Specialty Drugs to your home or your preferred address. Your patient care coordinator will also tell you when it is time to refill your prescription.

You can get the list of covered Specialty Drugs by calling Member Services at the phone number on the back of your Identification Card or check our website at www.anthem.com.

Home Delivery Pharmacy

The PBM also has a Home Delivery Pharmacy which lets you get certain Drugs by mail if you take them on a regular basis. You will need to contact the PBM to sign up when you first use the service. You can mail written prescriptions from your Doctor or have your Doctor send the prescription to the Home Delivery Pharmacy. Your Doctor may also call the Home Delivery Pharmacy. You will need to send in any Copayments, Deductible, or Coinsurance amounts that apply when you ask for a prescription or refill.

Home Delivery Choice for Maintenance Drugs – If you are taking a Maintenance Medication, you may get the first 30 day supply and one 30 day refill of the same Maintenance Medication at your local Retail Pharmacy. You must then contact the Home Delivery Pharmacy and tell them if you would like to keep getting your Maintenance Medications from your local Retail Pharmacy or if you would like to use the Home Delivery Pharmacy. You will have to pay the full retail cost of any Maintenance Medication you get without registering your choice each year through the Home Delivery Pharmacy. You can tell us your choice by phone at 888-772-5188 or by visiting our website at www.anthem.com.

A Maintenance Medication is a Drug you take on a regular basis to treat or control a chronic illness such as heart disease, high blood pressure, epilepsy, or diabetes. If you are not sure if the Prescription Drug you are taking is a Maintenance Medication, please call Member Services at the number on the back of your Identification Card or check our website at www.anthem.com for more details.

Out-of-Network Pharmacy

You may also use a Pharmacy that is not in our network. You will be charged the full retail price of the Drug and you will have to send your claim for the Drug to us. (Out-of-Network Pharmacies won't file the claim for you.) You can get a claims form from us or the PBM. You must fill in the top section of the form and ask the Out-of-Network Pharmacy to fill in the bottom section. If the bottom section of this form cannot be filled out by the pharmacist, you must attach a detailed receipt to the claim form. The receipt must show:

- Name and address of the Out-of-Network Pharmacy;
- Patient's name;
- Prescription number;
- Date the prescription was filled;
- Name of the Drug;
- Cost of the Drug;
- Quantity (amount) of each covered Drug or refill dispensed.

You must pay the amount shown in the Schedule of Benefits. This is based on the Maximum Allowed Amount as determined by our normal or average contracted rate with network pharmacies on or near the date of service.

What You Pay for Prescription Drugs

Tiers

Your share of the cost for Prescription Drugs may vary based on the tier the Drug is in.

Please note: To get the lowest out-of-pocket cost, you must get Covered Services from a Level 1 In-Network Pharmacy.

- Tier 1 Drugs have the lowest Coinsurance or Copayment. This tier contains low cost and preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products, or multi-source Brand Drugs.
- Tier 2 Drugs have a higher Coinsurance or Copayment than those in Tier 1. This tier may contain preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products or multi-source Brand Drugs.
- Tier 3 Drugs have a higher Coinsurance or Copayment than those in Tier 2. This tier may contain higher cost, preferred, and non-preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products or multi-source Brand Drugs.
- Tier 4 Drugs have a higher Coinsurance or Copayment than those in Tier 3. This tier may contain higher cost, preferred, and non-preferred Drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products or multi-source Brand Drugs.

We assign drugs to tiers based on clinical findings from the Pharmacy and Therapeutics (P&T) Process. We retain the right, at our discretion, to decide coverage for doses and administration (i.e., oral, injection, topical, or inhaled). We may cover one form of administration instead of another, or put other forms of administration in a different tier.

Prescription Drug List

We also have an Anthem Prescription Drug List, (a formulary), which is a list of FDA-approved Drugs that have been reviewed and recommended for use based on their quality and cost effectiveness. Benefits may not be covered for certain Drugs if they are not on the Prescription Drug List.

The Drug List is developed by us based upon clinical findings, and where proper, the cost of the Drug relative to other Drugs in its therapeutic class or used to treat the same or similar condition. It is also based on the availability of over the counter medicines, Generic Drugs, the use of one Drug over another by our Members, and where proper, certain clinical economic reasons.

We retain the right, at our discretion, to decide coverage for doses and administration methods (i.e., oral, injection, topical, or inhaled) and may cover one form of administration instead of another as Medically Necessary.

You may request a copy of the covered Prescription Drug list by calling the Member Services telephone number on the back of your Identification Card or visiting our website at www.anthem.com. The covered Prescription Drug list is subject to periodic review and amendment. Inclusion of a Drug or related item on the covered Prescription Drug list is not a guarantee of coverage.

Exception Request for a Drug not on the Prescription Drug List

If you or your Doctor believes you need a Prescription Drug that is not on the Prescription Drug List, please have your Doctor or pharmacist get in touch with us. We will cover the other Prescription Drug only if we agree that it is Medically Necessary and appropriate over the other Drugs that are on the List. We will make a coverage decision within 72 hours of receiving your complete request. If we approve the coverage of the Drug, coverage of the Drug will be provided for the duration of your prescription, including

refills. If we deny coverage of the Drug, you have the right to request an external review by an Independent Review Organization (IRO). You can send your request to us and we will refer all eligible requests to the IRO. The IRO will make a coverage decision within 72 hours of the time we receive your complete request. If the IRO approves the coverage of the Drug, coverage of the Drug will be provided for the duration of your prescription, including refills.

You or your Doctor may also submit a request for a Prescription Drug that is not on the Prescription Drug List based on exigent circumstances. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the Plan. We will make a coverage decision within 24 hours of receiving your complete request. If we approve the coverage of the Drug, coverage of the Drug will be provided for the duration of the exigency. If we deny coverage of the Drug, you have the right to request an external review by an IRO. You can send your request to us and we will refer all eligible requests to the IRO. The IRO will make a coverage decision within 24 hours of the time we receive your complete request. If the IRO approves the coverage of the Drug, coverage of the Drug will be provided for the duration of the exigency.

Coverage of a Drug approved as a result of your request or your Doctor's request for an exception will only be provided if you are a Member enrolled under the Plan.

Additional Features of Your Prescription Drug Pharmacy Benefit

Day Supply and Refill Limits

Certain day supply limits apply to Prescription Drugs as listed in the "Schedule of Benefits." In most cases, you must use a certain amount of your prescription before it can be refilled. In some cases we may let you get an early refill. For example, we may let you refill your prescription early if it is decided that you need a larger dose. We will work with the Pharmacy to decide when this should happen.

As required by Kentucky law, this Plan will cover refills of prescription eye drops as follows:

- For a 30-day supply, between 25 and 30 days from the later of a) the original date the prescription was filled, or b) the date you received your most recent refill.

- For a 90-day supply, between 80 and 90 days from the later of a) the original date the prescription was filled, or b) the date you received your most recent refill.

- The Plan will also cover one additional bottle of drops every 3 months when the additional bottle is requested by you or your prescribing Provider at the time the original prescription is filled, and the Provider indicates on the prescription that the additional bottle is needed by you for use in a day care center or school.

If you are going on vacation and you need more than the day supply allowed, you should ask your pharmacist to call our PBM and ask for an override for one early refill. If you need more than one early refill, please call Member Services at the number on the back of your Identification Card.

Therapeutic Substitution

Therapeutic substitution is an optional program that tells you and your Doctor about alternatives to certain prescribed Drugs. We may contact you and your Doctor to make you aware of these choices. Only you and your Doctor can determine if the therapeutic substitute is right for you. For questions or issues about therapeutic Drug substitutes, call Member Services at the phone number on the back of your Identification Card.

Split Fill Dispensing Program

The split fill dispensing program is designed to prevent and/or minimize wasted Prescription Drugs if your Prescription Drugs or dose changes between fills, by allowing only a portion of your prescription to be filled at the Specialty Pharmacy. This program also saves you out of pocket expenses. The Prescription Drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and potential reactions or side-effects. You can access the list of these Prescription Drugs by calling the toll-free number on your member ID card or log on to the website at www.anthem.com.

Half-Tablet Program

The Half-Tablet Program lets you pay a reduced Copayment on selected “once daily dosage” Drugs on our approved list. The program lets you get a 30-day supply (15 tablets) of the higher strength Drug when the Doctor tells you to take a “½ tablet daily.” The Half-Tablet Program is strictly voluntary and you should talk to your Doctor about the choice when it is available. To get a list of the Drugs in the program call the number on the back of your Identification Card.

Special Programs

Except when prohibited by federal regulations (such as HSA rules), from time to time we may offer programs to support the use of more cost-effective or clinically effective Prescription Drugs including Generic Drugs, Home Delivery Drugs, over the counter Drugs or preferred products. Such programs may reduce or waive Copayments or Coinsurance for a limited time.

Additional Information About Experimental / Investigational Services

We will find any Drug, biologic, device, diagnostic service, product, equipment, procedure, treatment, service, or supply (i.e., any service or supply) to be Experimental / Investigational if we find that one or more of the following criteria apply when the service or supply is given:

- It cannot be legally marketed in the United States without the final approval of the Food and Drug Administration (FDA), or other licensing or regulatory agency, and such final approval has not been granted;
- It has been determined by the FDA to be contraindicated for the specific use; or
- It is subject to review and approval of an Institutional Review Board (IRB) or other body serving a similar function; or
- It is given as part of informed consent documents that describe the service or supply as Experimental / Investigational, or otherwise indicate that the safety, toxicity, or efficacy of the service or supply is under evaluation.

Any service or supply not deemed Experimental / Investigational based on the criteria above may still be deemed Experimental / Investigational by us. In determining whether a service or supply is Experimental / Investigational, we will consider the information described below and assess whether:

- the scientific evidence is conclusive concerning the effect of the service on health outcomes;
- the evidence demonstrates the service improves net health outcomes of the total population for whom the service might be proposed by producing beneficial effects that outweigh any harmful effects;
- the evidence demonstrates the service has been shown to be as beneficial for the total population for whom the service might be proposed as any established alternatives; and

- the evidence demonstrates the service has been shown to improve the net health outcomes of the total population for whom the service might be proposed under the usual conditions of medical practice outside clinical investigational settings.

The information we consider or evaluate to determine whether a service or supply is Experimental / Investigational under the above criteria may include one or more items from the following list, which is not all inclusive:

- published authoritative, peer-reviewed medical or scientific literature, or the absence thereof; or
- evaluations of national medical associations, consensus panels, and other technology evaluation bodies; or
- documents issued by and/or filed with the FDA or other federal, state or local agency with the authority to approve, regulate, or investigate the use of the Drug, biologic, device, diagnostic service, product, equipment, procedure, treatment, service, or supply; or
- documents of an IRB or other similar body performing substantially the same function; or
- consent document(s) and/or the written protocol(s) used by the treating Physicians, other medical professionals, or facilities or by other treating Physicians, other medical professionals or facilities studying substantially the same service or supply; or
- medical records; or
- the opinions of consulting Providers and other experts in the field.

We will apply our medical policy to identify and weigh all information and determine all questions about whether a service or supply is Experimental / Investigational.

Claims Payment

This section describes how we reimburse claims and what information is needed when you submit a claim. When you receive care from an In-Network Provider, you do not need to file a claim because the In-Network Provider will do this for you. If you receive care from an Out-of-Network Provider, you will need to make sure a claim is filed. Many Out-of-Network Hospitals, Doctors and other Providers will file your claim for you, although they are not required to do so. If you file the claim, use a claim form as described later in this section.

Maximum Allowed Amount

General

This section describes how we determine the amount of reimbursement for Covered Services. Reimbursement for services rendered by In-Network and Out-of-Network Providers is based on this Booklet's Maximum Allowed Amount for the Covered Service that you receive. Please see "Inter-Plan Arrangements" later in this section for additional information.

The Maximum Allowed Amount for this Booklet is the maximum amount of reimbursement we will allow for services and supplies:

- That meet our definition of Covered Services, to the extent such services and supplies are covered under your Booklet and are not excluded;
- That are Medically Necessary; and
- That are provided in accordance with all applicable preauthorization, utilization management or other requirements set forth in your Booklet.

You will be required to pay a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. In addition, when you receive Covered Services from an Out-of-Network Provider, you may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.

When you receive Covered Services from Provider, we will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect our determination of the Maximum Allowed Amount. Our application of these rules does not mean that the Covered Services you received were not Medically Necessary. It means we have determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same Doctor or other healthcare professional, we may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is an In-Network Provider or an Out-of-Network Provider.

An In-Network Provider is a Provider who is in the managed network for this specific product or in a special Center of Excellence/or other closely managed specialty network, or who has a participation contract with us. For Covered Services performed by an In-Network Provider, the Maximum Allowed Amount for this Booklet is the rate the Provider has agreed with us to accept as reimbursement for the Covered Services. Because In-Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send you a bill or collect for amounts above the Maximum Allowed Amount. However, you may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent you have not met your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding an In-Network Provider or visit www.anthem.com.

Providers who have not signed any contract with us and are not in any of our networks are Out-of-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers.

For Covered Services you receive from an Out-of-Network Provider, the Maximum Allowed Amount for this Booklet will be one of the following as determined by us:

1. An amount based on our Out-of-Network Provider fee schedule/rate, which we have established in our discretion, and which we reserve the right to modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar providers contracted with us, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data; or

2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the Maximum Allowed amount upon the level or method of reimbursement used by CMS, Anthem will update such information, which is unadjusted for geographic locality, no less than annually; or

3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers' fees and costs to deliver care, or

4. An amount negotiated by us or a third party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management, or

5. An amount based on or derived from the total charges billed by the Out-of-Network Provider.

Providers who are not contracted for this product, but are contracted for other products with us are also considered Out-of-Network. For this Booklet, the Maximum Allowed Amount for services from these Providers will be one of the five methods shown above unless the contract between us and that Provider specifies a different amount.

For Covered Services rendered outside Anthem's Service Area by Out-of-Network Providers, claims may be priced using the local Blue Cross Blue Shield plan's non-participating provider fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing we would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price.

Unlike In-Network Providers, Out-of-Network Providers may send you a bill and collect for the amount of the Provider's charge that exceeds our Maximum Allowed Amount. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing an In-Network Provider will likely result in lower out of pocket costs to you.

Please call Member Services for help in finding an In-Network Provider or visit our website at www.anthem.com.

Member Services is also available to assist you in determining this Booklet's Maximum Allowed Amount for a particular service from an Out-of-Network Provider. In order for us to assist you, you will need to obtain from your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider's charges to calculate your out of pocket responsibility. Although Member Services can assist you with this pre-service information, the final Maximum Allowed Amount for your claim will be based on the actual claim submitted by the Provider.

For Prescription Drugs, the Maximum Allowed Amount is the amount determined by us using Prescription Drug cost information provided by the Pharmacy Benefits Manager.

Member Cost Share

For certain Covered Services and depending on your Plan design, you may be required to pay a part of the Maximum Allowed Amount as your cost share amount (for example, Deductible, Copayment, and/or Coinsurance).

Your cost share amount and Out-of-Pocket Limits may vary depending on whether you received services from an In-Network or Out-of-Network Provider. Specifically, you may be required to pay higher cost sharing amounts or may have limits on your benefits when using Out-of-Network Providers. Please see the "Schedule of Benefits" in this Booklet for your cost share responsibilities and limitations, or call Member Services to learn how this Booklet's benefits or cost share amounts may vary by the type of Provider you use.

We will not provide any reimbursement for non-Covered Services. You may be responsible for the total amount billed by your Provider for non-Covered Services, regardless of whether such services are performed by an In-Network or Out-of-Network Provider. Non-covered services include services specifically excluded from coverage by the terms of your Plan and received after benefits have been exhausted Benefits may be exhausted by exceeding, for example, benefit caps or day/visit limits.

In some instances you may only be asked to pay the lower In-Network cost sharing amount when you use an Out-of-Network Provider. For example, if you go to an In-Network Hospital or Provider Facility and receive Covered Services from an Out-of-Network Provider such as a radiologist, anesthesiologist or pathologist who is employed by or contracted with an In-Network Hospital or Facility, you will pay the In-Network cost share amounts for those Covered Services. However, you also may be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge.

We and/or our designated pharmacy benefits manager may receive discounts, rebates, or other funds from drug manufacturers, wholesalers, distributors, and/or similar vendors, which may be related to certain Prescription Drug purchases under this Benefit Booklet and which positively impact the cost effectiveness of Covered Services. These amounts are retained by us. These amounts will not be applied to your Deductible, if any, or taken into account in determining your Copayment or Coinsurance.

The following are examples for illustrative purposes only; the amounts shown may be different than this Booklet's cost share amounts; see your "Schedule of Benefits" for your applicable amounts.

Example: Your Plan has a Coinsurance cost share of 20% for In-Network services, and 30% for Out-of-Network services after the In-Network or Out-of-Network Deductible has been met.

You undergo a surgical procedure in an In-Network Hospital. The Hospital has contracted with an Out-of-Network anesthesiologist to perform the anesthesiology services for the surgery. You have no control over the anesthesiologist used.

- *The Out-of-Network anesthesiologist's charge for the service is $1200. The Maximum Allowed Amount for the anesthesiology service is $950; your Coinsurance responsibility is 20% of $950, or $190 and the remaining allowance from us is 80% of $950, or $760. You may receive a bill from the anesthesiologist for the difference between $1200 and $950. Provided the Deductible has been met, your total out of pocket responsibility would be $190 (20% Coinsurance responsibility) plus an additional $250, for a total of $440.*

- *You choose an In-Network surgeon. The charge was $2500. The Maximum Allowed Amount for the surgery is $1500; your Coinsurance responsibility when an In-Network surgeon is used is 20% of $1500, or $300. We allow 80% of $1500, or $1200. The In-Network surgeon accepts the total of $1500 as reimbursement for the surgery regardless of the charges. Your total out of pocket responsibility would be $300.*

- *You choose an Out-of-Network surgeon. The Out-of-Network surgeon's charge for the service is $2500. The Maximum Allowed Amount for the surgery service is $1500; your Coinsurance responsibility for the Out-of-Network surgeon is 30% of $1500, or $450 after the Out-of-Network Deductible has been met. We allow the remaining 70% of $1500, or $1050.* ***In addition****, the Out-of-Network surgeon could bill you the difference between $2500 and $1500, so your total Out of Pocket charge would be $450 plus an additional $1000, for a total of* ***$1450****.*

Authorized Services

In some circumstances, such as where there is no In-Network Provider available for the Covered Service, we may authorize the In-Network cost share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service you receive from an Out-of-Network Provider. In such circumstances, you must contact us in advance of obtaining the Covered Service. We also may authorize the In-Network cost share amounts to apply to a claim for Covered Services if you receive Emergency services from an Out-of-Network Provider and are not able to contact us until after the Covered Service is rendered. If we authorize an In-Network cost share amount to apply to a Covered Service received from an Out-of-Network Provider, you may also still be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge. Please contact Member Services for Authorized Services information or to request authorization.

The following are examples for illustrative purposes only; the amounts shown may be different than this Booklet's cost share amounts; see your "Schedule of Benefits" for your applicable amounts.

Example:
You require the services of a specialty Provider; but there is no In-Network Provider for that specialty in your state of residence. You contact us in advance of receiving any Covered Services, and we authorize you to go to an available Out-of-Network Provider for that Covered Service and we agree that the In-Network cost share will apply.

Your Plan has a $45 Copayment for Out-of-Network Providers and a $25 Copayment for In-Network Providers for the Covered Service. The Out-of-Network Provider's charge for this service is $500. The Maximum Allowed Amount is $200.

Because we have authorized the In-Network cost share amount to apply in this situation, you will be responsible for the In-Network Copayment of $25 and we will be responsible for the remaining $175 of the $200 Maximum Allowed Amount.

Because the Out-of-Network Provider's charge for this service is $500, you may receive a bill from the Out-of-Network Provider for the difference between the $500 charge and the Maximum Allowed Amount of $200. Combined with your In-Network Copayment of $25, your total out of pocket expense would be $325.

Notice of Claim & Proof of Loss

After you get Covered Services, we must receive written notice of your claim within 90 days in order for benefits to be paid. The claim must have the information we need to determine benefits. If the claim does not include enough information, we will ask for more details and it must be sent to us upon request or no benefits will be covered, unless required by law. Claims will be paid within 30 days of the date we get the completed claim and proof of loss.

In certain cases, you may have some extra time to file a claim. If we did not get your claim within 90 days, but it is sent in as soon as reasonably possible and within one year after the 90 day period ends (i.e., within 15 months), you may still be able to get benefits. **However, any claims, or additional information on claims, sent in more than 15 months after you get Covered Services will be denied.**

Claim Forms

Claim forms will usually be available from most Providers. If forms are not available, either send a written request for a claims form to us, or contact Member Services and ask for a claims form to be sent to you. If you do not receive the claims form, written notice of services rendered may be submitted to us without the claim form. The same information that would be given on the claim form must be included in the written notice of claim. This includes:

- Name of patient.
- Patient's relationship with the Subscriber.
- Identification number.
- Date, type, and place of service.
- Your signature and the Provider's signature.

Member's Cooperation

You will be expected to complete and submit to us all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program. If you fail to cooperate (including if you fail to enroll under Part B of the Medicare program where Medicare is the responsible payer), you will be responsible for any charge for services. Please note that once we become aware of your eligibility for Medicare, we will pay claims as if you had enrolled in Medicare, even if you did not.

Payment of Benefits

We will make benefit payments directly to In-Network Providers for Covered Services. If you use an Out-of-Network Provider, however, we may make benefit payments to you or the Out-of-Network Provider, at our discretion. Payments may also be made to, and notice regarding the receipt and/or adjudication of claims sent to, an Alternate Recipient (any child of a Subscriber who is recognized, under a Qualified Medical Child Support Order (QMSCO), as having a right to enrollment under the Group's Contract), or that person's custodial parent or designated representative. Any benefit payments made by us will discharge our obligation for Covered Services. You cannot assign your right to benefits to anyone, except as required by a Qualified Medical Child Support Order as defined by ERISA or any applicable state law.

Once a Provider performs a Covered Service, we will not honor a request for us to withhold payment of the claims submitted.

Inter-Plan Arrangements

Out-of-Area Services

Overview

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside the geographic area we serve (the "Anthem Service Area"), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Service Area, you will receive it from one of two kinds of Providers. Most Providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some Providers ("nonparticipating providers") don't contract with the Host Blue. We explain below how we pay both kinds of Providers.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that you obtain from a Pharmacy and most dental or vision benefits.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, we will still fulfill our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When you receive Covered Services outside the Anthem Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to Us.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Special Cases: Value-Based Programs

BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem through average pricing or fee schedule adjustments. Additional information is available upon request.

C. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

D. Nonparticipating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When Covered Services are provided outside of Anthem's Service Area by non-participating providers, we may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as Deductible, Copayment or Coinsurance will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment we will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network Emergency services.

2. **Exceptions**

In certain situations, we may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price to determine the amount we will pay for services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment we make for the Covered Services as set forth in this paragraph.

Coordination of Benefits When Members Are Insured Under More Than One Plan

Applicability

This provision applies when you have health or dental care coverage under more than one Plan. For the purposes of this provision, "Plan" is defined below.

If this provision applies, the Order of Benefit Determination Rules specify whether the benefits of this Plan are determined before or after those of another Plan. The benefits of this Plan:

1. Will not be reduced when, under the Order of Benefit Determination Rules, this Plan determines its benefits before another Plan; but

2. May be reduced when, under the Order of Benefit Determination Rules, another Plan determines its benefits first. The reduction is described under the heading "Effects on the Benefits of this Plan."

Definitions

Plan - this Plan and any other arrangement providing health or dental care or benefits for health or dental care through:

1. Group insurance or group-type coverage whether insured or uninsured. This shall not include the medical benefits coverage in a group, group-type, and individual motor vehicle “no-fault” and traditional automobile “fault” type contracts. This does include prepayment group practice or individual practice coverage. It also includes coverage other than school accident-type coverage.

2. Individual insurance for individual-type coverage. This includes prepayment, group practice, or individual practice coverage.

3. Coverage under a governmental Plan or coverage required or provided by law except Medicaid.

4. Any other coverage which, as defined by the Employee Retirement Income Security Act of 1974, is a labor-management trustee Plan, a union welfare Plan, an employee organization Plan or an employee benefit organization.

5. Any other coverage provided because of sponsorship by or membership in any other association, union, or similar organization.

"Plan" does not include any of the following:

1. Group or group-type fixed indemnity medical expense reimbursement policies.

2. School accident-type coverage for grammar, high school, and college students for accidents only, including athletic injuries, either on a 24 hour basis or on a "to and from" school basis.

Primary Plan/Secondary Plan - the Order of Benefit Determination Rules state whether this Plan is a Primary Plan or Secondary Plan as to another Plan covering the person.

Primary plan means a plan whose benefits shall be determined without taking the existence of any other plan into consideration if:

1. The plan either has no order of benefits determination requirements, or

2. All plans that cover the person use the order of benefits determination requirements as listed in the Order of Benefit Determination Rules section.

When this Plan is a Primary Plan, its benefits are determined before those of the other Plan and without considering the other Plan's benefits.

When this Plan is a Secondary Plan, its benefits are determined after those of the other Plan and may be reduced because of the other Plan's benefits.

When there are more than two Plans covering the person, this Plan may be a Primary Plan as to one or more other Plans, and may be a Secondary Plan as to a different Plan or Plans.

Allowable Expense - a health or dental care service or expense including Deductibles, Coinsurance or Copayment, that is covered in full or in part by any of the plans covering the person.

The difference between the cost of a private Hospital room and the cost of a semiprivate Hospital room is not considered an Allowable Expense under the above definition unless the patient's stay in a private Hospital room is Medically Necessary either in terms of accepted medical practice or as specifically defined in this Plan.

When a Plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an Allowable Expense and a benefit paid.

When the benefits are reduced under a Primary Plan because a Member does not comply with the Plan provisions, the amount of such reduction will not be considered an Allowable Expense. Examples of such provisions are those related to second surgical opinions, Precertification of admissions or services, and Preferred Provider arrangements. Only benefit reductions based upon provisions similar to this one and which are contained in the Primary Plan may be excluded from Allowable Expenses. This provision shall not be used by a Secondary Plan to refuse to pay benefits because a health maintenance organization (HMO) member has elected to have health care services provided by a non-HMO provider and the HMO, pursuant to its Contract, is not obligated to pay for providing those services.

Allowable Expense does not include the amount that is subject to the Primary high-deductible health plan’s deductible, if we have been advised by you that all Plans covering you are high-deductible health plans and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986**.**

Order of Benefit Determination Rules

When there is a basis for a claim under this Plan and another Plan, this Plan is a Secondary Plan which has its benefits determined after those of the other Plan, unless:

1. The other Plan has rules coordinating its benefits with those of this Plan; and

2. Both those rules and this Plan's rules require that this Plan's benefits be determined before those of the other Plan.

This Plan determines its order of benefits using the first of the following rules which applies:

1. Pediatric Dental Coordination of Benefits (COB). These pediatric dental COB provisions are applicable to only the pediatric dental benefits found in the “Dental Services For Members Through Age 20” benefit in the “What’s Covered” section. If pediatric dental Essential Health Benefits are included as part of the medical plan, the medical plan will be primary coverage and any standalone dental plan will be secondary. If the member has two medical plans, each offering pediatric dental

Essential Health Benefit coverage for spouse and family, the Order of Benefits Determinations rules below apply.

2. Non-Dependent/Dependent. The benefits of the Plan which covers the person as an employee, Subscriber or Subscriber (that is, other than as a Dependent) are determined before those of the Plan which covers the person as a Dependent.

3. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:

   A. For a Dependent child whose parents are married or are living together, whether or not they have ever been married:

      1. The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or

      2. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.

   B. For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

      1. If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;

      2. If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of 1. above will determine the order of benefits;

      3. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of 1. above will determine the order of benefits; or

      4. If there is no court decree assigning responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

         a. The Plan covering the Custodial parent;

         b. The Plan covering the spouse of the Custodial parent;

         c. The Plan covering the non-custodial parent; and then

         d. The Plan covering the spouse of the non-custodial parent.

   4. For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of item 1. above will determine the order of benefits as if those individuals were the parents of the child.

   5. Joint Custody. If the specific terms of a court decree state that the parents will share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Plans covering the child shall follow the Order of Benefit Determination Rules outlined in paragraph 2.

6. Active/Inactive Subscriber. The benefits of a Plan which covers a person as an employee who is neither laid off nor retired or as that employee's Dependent are determined before those of a Plan which covers that person as a laid off or retired employee or as that employee's Dependent. If the other plan does not have this rule and if, as a result, the plans do not agree on the order of benefits, this rule 5 is ignored. This rule does not supersede rule 1 above.

7. Continuation Coverage. If a person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefit determination:

    a. First, the benefits of a Plan covering the person as an employee, Subscriber or Subscriber or as that person's Dependent;

    b. Second, the benefits under the continuation coverage. If the other Plan does not have the rule described above and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.

8. Longer/Shorter Length of Coverage. If none of the above rules determines the order of benefits, the benefits of the Plan which covered the person longer are determined before those of the Plan which covered that person for the shorter term. If none of the preceding rules determines the Primary Plan, the Allowable Expenses shall be shared equally between the Plans.

Effect on this Plan's Benefits

When a Member is covered under two or more Plans which together pay more than the Allowable Expense, the Plan will pay this Plan's benefits according to the Order of Benefit Determination Rules. This Plan’s benefit payments will not be affected when it is Primary. However, when this Plan is Secondary under the Order of Benefit Determination Rules, benefits payable will be reduced, if necessary, so that combined benefits of all Plans covering you or your Dependent do not exceed the Allowable Expense.

When this Plan is Secondary, you will receive credit during the calendar year for the amount by which your benefits are reduced. This credit will not be applied to the extent that would cause you to receive:

1. A combined benefit from all Plans greater than the Allowable Expense; or

2. More benefits during a calendar year than you would receive if there were no other coverage.

When the benefits of this Plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Plan.

Right to Receive and Release Needed Information

Certain facts are needed to apply these rules. We have the right to decide which facts we need. We may get needed facts from or give them to any other organization or person. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give us any facts we need to pay the claim.

Facility of Payment

A payment made under another Plan may include an amount which should have been paid under this Plan. If it does, we may pay that amount to the organization which made that payment. That amount will then be treated as though it were a benefit paid under this Plan. We will not have to pay that amount

again. The term ``payment made'' includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payment made by the Plan is more than it should have paid under this provision, we may recover the excess from one or more of:

1. The persons we have paid or for whom we paid;

2. Insurance companies; or

3. Other organizations.

The "amount of the payments made" includes the reasonable cash value of any benefit provided in the form of services.

Subrogation and Reimbursement

These provisions apply when we pay benefits as a result of injuries or illness you sustained and you have a right to a Recovery or have received a Recovery. A Recovery is money you receive from another, their insurer or from any "Uninsured Motorist", "Underinsured Motorist", "Medical-Payments", "No-Fault", or "Personal Injury Protection" or other insurance coverage provision as a result of injury or illness caused by another. Regardless of how you or your representative or any agreements characterize the money you receive, it shall be subject to the Subrogation and Reimbursement provisions of this Plan.

Subrogation

We have the right to recover payments we make on your behalf from any party responsible for compensating you for your injuries. The following apply:

- We have first priority for the full amount of benefits we have paid from any Recovery regardless of whether you are fully compensated, and regardless of whether the payments you receive make you whole for your losses and injuries.
- You and your legal representative must do whatever is necessary to enable us to exercise our rights and do nothing to prejudice them.
- We have the right to take whatever legal action we see fit against any party or entity to recover the benefits paid under this Plan.
- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full our subrogation claim and any claim still held by you, our subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs.
- We are not responsible for any attorney fees, other expenses or costs you incur without our prior written consent. We further agree that the "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by us.

Reimbursement

If you obtain a Recovery and we have not been repaid for the benefits we paid on your behalf, we shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf and the following apply:

- You must promptly reimburse us to the extent of benefits we paid on your behalf from any Recovery.
- Notwithstanding any allocation made in a settlement agreement or court order, we shall have a right of Recovery, in first priority, against any Recovery.
- You and your legal representative must hold in trust for us the proceeds of the gross Recovery (i.e., the total amount of your Recovery before attorney fees, other expenses or costs) to be paid to us immediately upon your receipt of the Recovery.
- Any Recovery you obtain must not be dissipated or disbursed until such time as we have been repaid in accordance with these provisions.
- You must reimburse us, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by us.
- If you fail to repay us, we shall be entitled to deduct any of the unsatisfied portion of the amount of benefits we have paid or the amount of your Recovery whichever is less, from any future benefit under the Plan if:

    1. The amount we paid on your behalf is not repaid or otherwise recovered by us; or
    2. You fail to cooperate.

- In the event that you fail to disclose to us the amount of your settlement, we shall be entitled to deduct the amount of our lien from any future benefit under the Plan.
- We shall also be entitled to recover any of the unsatisfied portion of the amount we have paid or the amount of your settlement, whichever is less, directly from the Providers to whom we have made payments. In such a circumstance, it may then be your obligation to pay the Provider the full billed amount, and we would not have any obligation to pay the Provider.
- We are entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate or make you whole.

Your Duties

- You must notify us promptly of how, when and where an accident or incident resulting in personal injury or illness to you occurred and all information regarding the parties involved and any other information requested by us.
- You must cooperate with us in the investigation, settlement and protection of our rights.
- You must not do anything to prejudice our rights.
- You must send us copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to you.
- You must promptly notify us if you retain an attorney or if a lawsuit is filed on your behalf.
- You must immediately notify us if a trial is commenced, if a settlement occurs, or if potentially dispositive motions are filed in a case.

If the covered person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision. Likewise, if the covered person's relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, that Recovery shall be subject to this provision.

We are entitled to recover attorney's fees and costs incurred in enforcing this provision.

Complaint and Appeals Process

Si usted necesita ayuda en español para entender este documento, puede solicitarla gratuitamente llamando a Servicios al Cliente al número que se encuentra en su tarjeta de identificación.

(If you need assistance in Spanish to understand this document, you may request it for free by calling Member Services at the number on Your Identification Card.)

We want your experience with us to be as positive as possible. There may be times, however, when you have a complaint, problem, or question about your Plan or a service you have received. In those cases, please contact Member Services by calling the number on the back of your ID card. Our Member Services representatives are specially trained to answer your questions about our health plans. Please call during business hours, Monday through Friday, with questions regarding:

- Your coverage and benefit levels, including Deductible, Coinsurance, or Copayment amounts;
- Specific claims or services you have received;
- Doctors or Hospitals in the network;
- Authorizations; and/or
- Provider directories.

You will be notified, in writing, if a claim or other request for benefits is denied in whole or in part. If such a request is denied, the notice of denial will explain why benefits were denied and describe your rights under the appeals process. A complaint process also exists to help you understand the Plan's determinations.

The Complaint Process

A complaint procedure is available to provide reasonable, informative responses to complaints that you may have about us. A complaint is an expression of dissatisfaction that can often be resolved by an explanation from us of our procedures and contracts. We invite you to share any concerns that you may have over benefit determinations, coverage cancellations, or the quality of care rendered by Providers in our networks.

If you have a complaint or problem concerning benefits or services, please contact us. Please refer to your Identification Card for our address and telephone number. You may send in your complaint by letter or by phone call. Or, if you wish, you may meet with your local service representative to discuss your complaint. Members are encouraged to file complaints within 60 days of an initial, adverse action, but must file within six months after receipt of notice of the initial, adverse action. The time required to review complaints does not extend the time in which appeals must be filed.

The Appeals Process

An appeal is a formal request from you that asks us to change a previous determination. If you are notified in writing of any Adverse Determination or Coverage Denial, you will be advised of your right to an internal appeal and an external review if appropriate. You also have a right to appeal if we fail to make a Utilization Review determination and provide written notice within the required time frame. For purposes of this section:

- Coverage Denial means our determination that a service, treatment, Drug or device is specifically limited or excluded under this Booklet.

- Adverse Determination means our denial, reduction, or termination of a benefit (either in whole or in part) based on any of the following:

- A determination that you are not eligible to participate in the Plan, including the denial, reduction, or termination of a benefit (in whole or in part) as a result of a utilization review;
- A determination that the benefit is Experimental / Investigational or not Medically Necessary;
- A determination that the benefit is not a covered benefit under the Plan; or
- A determination that the benefit is excluded due to a limitation in the Plan.

Adverse Determination includes any rescission of coverage, whether or not, in connection with the rescission, there is an adverse effect on any particular benefit.

The internal appeals process may be initiated by you, your authorized representative, or a Provider acting on your behalf within 60 days of the date you get our written notice of an Adverse Determination, a Coverage Denial or any other adverse decision we made, but must be filed within six months of the date you get the initial decision. The request should include any medical information pertinent to the appeal. All portions of the medical records that are relevant to the appeal and any other comments, documents, records or other information submitted by you relating to the issue being appealed, regardless of whether such information was considered in making the initial decision, will be considered in the review of the appeal. Any new medical information pertinent to the appeal will also be considered. You are entitled to receive, upon request and free of charge, reasonable access to, and copies of, documents, records, and other information relevant to the appeal.

In addition, we will also provide you, free of charge, with any new or additional evidence we will consider, rely upon, or generate in connection with the claim, as well as our rationale for making any Adverse Determination. We will provide this as soon as possible and sufficiently in advance of the date on which the final Adverse Determination is due, by law, to give you a reasonable opportunity to respond prior to that date.

You will continue to get coverage under the Plan pending the outcome of the internal appeal, as long as you remain eligible for coverage. If you have undertaken an ongoing course of treatment, we will only reduce or terminate it after giving you advance notice.

If a representative is seeking an appeal on your behalf, we must get a signed Designation of Representation (DOR) form from you. The appeal process will not begin until we get the properly completed DOR form. The only exception to this is if a Physician requests an expedited internal appeal on your behalf, the Physician will be deemed to be your representative for the purpose of filing the expedited internal appeal even though we did not get the signed form. We will forward a Designation of Representation form to you to complete in all other situations.

We will ensure that appeals are reviewed in a manner designed to ensure the independence and partiality of the individuals responsible for reviewing your request (referred to as qualified reviewers). The qualified reviewers will not be the same people who made the initial denial or determination. They will not be the subordinates of the initial decision maker either and no deference will be given to the initial decision. If the internal appeal is related to an Adverse Determination or any other adverse decision that is based in whole or in part on a medical judgment, at least one person conducting the appeal will be a licensed Physician (or if the determination involves services rendered by a Chiropractor or Optometrist, a Chiropractor or Optometrist licensed in Kentucky) unless a nurse can approve the request. If the appeal is related to a medical or surgical specialty or subspecialty, upon your request of the request of your authorized representative or Provider, at least one person conducting the appeal will be a board eligible or certified Physician in the appropriate specialty or subspecialty.

Within a reasonable time given the medical circumstances and no later than 30 days after we get a written or an oral request for appeal, we will send a written decision to you or your authorized representative and, if applicable, your Provider.

If we fail to resolve the appeal with the required time, you may pursue external review as described later in this section. This option is not available, however, if our failure to resolve the appeal is due to a de minimus violation that does not cause harm to you or is not likely to cause prejudice or harm to you, if the

delay is for good cause or due to matters beyond our control, and is part of an ongoing, good faith exchange of information between you and us.

Expedited Appeals

An expedited appeal is deemed necessary when you are hospitalized, or in the opinion of the treating Provider (or any Physician with knowledge of your medical condition), review under the standard time frame could, in the absence of immediate medical attention, result in any of the following:

- Placing the your health or, with respect to a pregnant woman, your health or your unborn child's health in serious jeopardy;
- Subjecting you to severe pain that cannot be adequately managed;
- Serious impairment to bodily functions;
- Serious dysfunction of a bodily organ or part; or
- Any claim that a Physician with knowledge of your medical condition determines is a claim involving urgent care.

In addition, Members in urgent care situations and Members receiving an ongoing course of treatment may be allowed to proceed with an expedited external review at the same time as the internal appeals process.

The Plan, applying a prudent lay person standard, may also determine that an appeal may be expedited. The request for an expedited internal appeal may be in writing or an oral request, followed up by an abbreviated written request by you, your authorized representative or Provider acting on your behalf. We have the right to require verification from the treating Provider (or other Physician with knowledge of your medical condition), that your condition warrants an expedited internal appeal.

The process for the expedited internal appeal is similar to the standard internal appeal, except that we will communicate our decision to you or your authorized representative as soon as possible taking into account the medical urgency of the situation, but no later than 72 hours after receipt of the request for an expedited internal appeal. All necessary information, including our decision on review, shall be transmitted between us and you or your authorized representative by phone, facsimile, or other available similarly expeditious method.

If our decision is to uphold a Coverage Denial, you, your authorized representative or a Provider acting on behalf of and with your consent may contact the Kentucky Department of Insurance, Health and Life Division, 215 W. Main Street, P.O. Box 517, Frankfort, KY 40602, and request a review of our decision. The Department will make a determination as to whether the service should or should not be covered. If the Department determines the disputed service should be covered, it may direct us to either pay the service or offer external review to resolve the issue.

External Review by an Independent Review Entity

You, your authorized representative, or a Provider acting on your behalf and with your consent may request an external review of an Adverse Determination if the following criteria are met:

- The internal appeal process outlined above was completed or jointly waived by you and us or we failed to make a decision within 30 days of receiving the written appeal or within 72 hours of receiving the request for an expedited appeal; and

- You were covered under this Plan on the date of service or, if a prospective denial, you were eligible to receive benefits under this Plan on the date the proposed service was requested.

The request for an external review of an Adverse Determination must be sent to us within 4 months of the date you get our written decision rendered under the internal appeals process. As part of the request,

you shall provide written consent authorizing the independent review entity to get all medical records from us and any Provider utilized for review purposes regarding the decision to deny, limit, reduce or terminate coverage.

We will determine if your request qualifies for independent review and will refer all eligible requests to the Kentucky Department of Insurance, who will assign an independent review entity. Independent review entities are assigned on a rotating basis so that we do not have the same independent review entity for two consecutive external reviews. We will inform you in writing of the independent review entity that will conduct the review and inform you of your right to submit additional information to the independent review entity within 5 days. If the independent review entity receives the information within 5 days they will include it in their review and forward a copy to us within one day. We will also forward all information required to be considered for an external review to the independent review entity within three business days of assignment.

You will be assessed a filing fee of $25 to be paid to the independent review entity. This fee may be waived if the independent review entity determines that the fee creates a financial hardship on you. The fee shall be refunded if the independent review entity finds in your favor. If you send in multiple requests for external review within a one-year period, you will not have to pay more than $75 per year in filing fees. We will pay the rest of the cost of the external review.

The independent review entity will send a written decision to you within 21 days from the date they get of all information required from us. An extension of up to 14 days may be allowed if agreed to by you and us. In no event will the independent review entity take longer than 45 days to complete their review.

You will not be able to get an external review of an Adverse Determination if:

- Your Adverse Determination has previously gone through the external review process and the independent review entity found in our favor; and

- No new relevant clinical information has been sent to us since the independent review entity found in our favor.

If a dispute arises between us and you about the right to an external review, you may file a complaint with the Kentucky Department of Insurance. Within five days of the date they get your complaint, the Department will make a decision. They may direct us to send the dispute to an independent review entity for an external review if they find that the dispute involves denial of coverage based on Medical Necessity or the service being Experimental / Investigational and all other external review requirements have been met.

Expedited External Reviews

External reviews shall be done in an expedited manner by the independent review entity if you are hospitalized, or if, in the opinion of the treating Provider, review under the standard time frame could, in the absence of immediate medical attention, result in any of the following:

- Placing your health or, with respect to a pregnant woman, your health or your unborn child's health in serious jeopardy;
- Subjecting you to severe pain that cannot be adequately managed;
- Serious impairment to bodily functions; or
- Serious dysfunction of a bodily organ or part.

Expedited reviews are also available if you are requesting review of a decision that a recommended or requested service is Experimental / Investigational and your Physician certifies in writing that the requested service would be significantly less effective if not promptly initiated.

You may pursue an expedited external review while simultaneously pursuing an expedited internal appeal.

The request for an expedited external review may be in writing or an oral request, followed up by an abbreviated written request, by you, your authorized representative or a Provider acting on your behalf and with your consent. Requests for expedited external review shall be sent by us to the independent review entity within 24 hours of receipt. We will call the independent review entity to confirm that a specialist is available and that the review has been accepted.

For expedited external review, a decision shall be made by the independent review entity within 24 hours of getting all information required from us. An extension of up to 24 hours may be allowed if agreed to by you and us. We will provide notice to the independent review entity and to you the same day that the Adverse Determination has been assigned to an independent review entity for expedited review. In no event will the independent review entity take longer than 72 hours to complete their review.

The Decision of the Independent Review Entity

The independent review entity shall provide you, your treating Provider, the Kentucky Department of Insurance and us a decision which shall include:

- The findings for either us or you regarding each issue under review;
- A summary of the proposed service, treatment, drug, device or supply for which the review was performed;
- The relevant provisions in the Plan and how they were applied; and
- The relevant provisions of any nationally recognized and peer-reviewed medical or scientific documents used in the external review.

Records provided to independent review organizations are handled as confidential records.

The decision of the independent review entity will be binding on us and you except to the extent that there are remedies available under applicable state or federal law.

You must exhaust our internal appeals process before filing a lawsuit or other legal action of any kind against us. Eligibility and Enrollment – Adding Members

In this section you will find information on who is eligible for coverage under this Plan and when Members can be added to your coverage. Eligibility requirements are described in general terms below. For more specific information, please see your Human Resources or Benefits Department.

Who is Eligible for Coverage

The Subscriber

To be eligible to enroll as a Subscriber, the individual must:

- Be an employee, member, or retiree of the Group, and:
- Be entitled to participate in the benefit Plan arranged by the Group;
- Have satisfied any probationary or waiting period established by the Group and (for non-retirees) and perform the duties of your principal occupation for the Group;

Dependents

To be eligible to enroll as a Dependent, you must be listed on the enrollment form completed by the Subscriber, meet all Dependent eligibility criteria established by the Group, and be one of the following:

- The Subscriber's spouse. For information on spousal eligibility please contact the Group.

- The Subscriber's Domestic Partner, if Domestic Partner coverage is allowed under the Group's Plan. Please contact the Group to determine if Domestic Partners are eligible under this Plan. Domestic Partner, or Domestic Partnership means a person of the same or opposite sex who has signed the Domestic Partner Affidavit certifying that he or she is the Subscriber's sole Domestic Partner and has been for 12 months or more; he or she is mentally competent; he or she is not related to the Subscriber by blood closer than permitted by state law for marriage; he or she is not married to anyone else; and he or she is financially interdependent with the Subscriber.

  For purposes of this Plan, a Domestic Partner shall be treated the same as a spouse, and a Domestic Partner's child, adopted child, or child for whom a Domestic Partner has legal guardianship shall be treated the same as any other child.

  Any federal or state law that applies to a Member who is a spouse or child under this Plan shall also apply to a Domestic Partner or a Domestic Partner's child who is a Member under this Plan. This includes but is not limited to, COBRA, FMLA, and COB. A Domestic Partner's or a Domestic Partner's child's coverage ends on the date of dissolution of the Domestic Partnership.

  To apply for coverage as Domestic Partners, both the Subscriber and the Domestic Partner must complete and sign the Affidavit of Domestic Partnership in addition to the Enrollment Application, and must meet all criteria stated in the Affidavit. Signatures must be witnessed and notarized by a notary public. We reserve the right to make the ultimate decision in determining eligibility of the Domestic Partner.

- The Subscriber's or the Subscriber's spouse's children, including natural children, stepchildren, newborn and legally adopted children and children who the Group has determined are covered under a Qualified Medical Child Support Order as defined by ERISA or any applicable state law.

- Children for whom the Subscriber or the Subscriber's spouse is a legal guardian or as otherwise required by law.

All enrolled eligible children will continue to be covered until the age limit listed in the Schedule of Benefits. Coverage may be continued past the age limit in the following circumstances:

- For those already enrolled unmarried Dependents who cannot work to support themselves due to mental retardation or physical handicap. The Dependent's disability must start before the end of the period they would become ineligible for coverage. We must be informed of the Dependent's eligibility for continuation of coverage within 31 days after the Dependent would normally become ineligible. You must then give proof as often as we require. This will not be more often than once a year after the two-year period following the child reaching the limiting age. You must give the proof at no cost to us. You must notify us if the Dependent's marital status changes and they are no longer eligible for continued coverage.

We may require you to give proof of continued eligibility for any enrolled child. Your failure to give this information could result in termination of a child's coverage.

To obtain coverage for children, we may require you to give us a copy of any legal documents awarding guardianship of such child(ren) to you.

Types of Coverage

Your Group offers the enrollment options listed below. After reviewing the available options, you may choose the option that best meets your needs. The options are as follows:

- Subscriber only (also referred to as single coverage);
- Subscriber and spouse or Domestic Partner;
- Subscriber and child(ren);
- Subscriber and family.

When You Can Enroll

Initial Enrollment

The Group will offer an initial enrollment period to new Subscribers and their Dependents when the Subscriber is first eligible for coverage. Coverage will be effective based on the waiting period chosen by the Group, and will not exceed 90 days.

If you did not enroll yourself and/or your Dependents during the initial enrollment period you will only be able to enroll during an Open Enrollment period or during a Special Enrollment period, as described below.

Open Enrollment

Open Enrollment refers to a period of time, usually 60 days, during which eligible Subscribers and Dependents can apply for or change coverage. Open Enrollment occurs only once per year. The Group will notify you when Open Enrollment is available.

Special Enrollment Periods

If a Subscriber or Dependent does not apply for coverage when they were first eligible, they may be able to join the Plan prior to Open Enrollment if they qualify for Special Enrollment. Except as noted otherwise below, the Subscriber or Dependent must request Special Enrollment within 31 days of a qualifying event.

Special Enrollment is available for eligible individuals who:

- Lost eligibility under a prior health plan for reasons other than non-payment of premium or due to fraud or intentional misrepresentation of a material fact.
- Exhausted COBRA benefits or stopped receiving group contributions toward the cost of the prior health plan.
- Lost employer contributions towards the cost of the other coverage;
- Are now eligible for coverage due to marriage, birth, adoption, or placement for adoption.

Important Notes about Special Enrollment:

- Members who enroll during Special Enrollment are **not** considered Late Enrollees.
- Individuals must request coverage within 31 days of a qualifying event (i.e., marriage, exhaustion of COBRA, etc.).

Medicaid and Children's Health Insurance Program Special Enrollment

Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program)

The Subscriber or Dependent must request Special Enrollment within 60 days of the above events.

Late Enrollees

If the Subscriber does not enroll themselves and/or their Dependents when first eligible or during a Special Enrollment period, they will not be eligible to enroll until the next Open Enrollment Period.

Members Covered Under the Group's Prior Plan

Members who were previously enrolled under another plan offered by the Group that is being replaced by this Plan are eligible for coverage on the Effective Date of this coverage.

Enrolling Dependent Children

Newborn Children

Newborn children are covered automatically from the moment of birth. Following the birth a child, you should submit an application / change form to the Group within 31 days to add the newborn to your Plan.

Even if no additional Premium is required, you should still submit an application / change form to the Group to add the newborn to your Plan, to make sure we have accurate records and are able to cover your claims.

If additional Premium is required, your newborn's coverage will only continue past the initial 31 days if you send us the application / change form and pay the additional premium within 31 days of the birth.

Adopted Children

A child will be considered adopted from the earlier of: (1) the moment of placement in your home; or (2) the date of an entry of an order granting custody of the child to you. The child will continue to be considered adopted unless the child is removed from your home prior to issuance of a legal decree of adoption.

Your Dependent's Effective Date will be the date of the adoption or placement for adoption if you send us the completed application / change form within 31 days of the event.

Adding a Child due to Award of Legal Custody or Guardianship

If you or your spouse is awarded legal custody or guardianship for a child, an application must be submitted within 31 days of the date legal custody or guardianship is awarded by the court. Coverage will be effective on the date the court granted legal custody or guardianship.

Qualified Medical Child Support Order

If you are required by a qualified medical child support order or court order, as defined by ERISA and/or applicable state or federal law, to enroll your child in this Plan, we will permit the child to enroll at any time without regard to any Open Enrollment limits and will provide the benefits of this Plan according to the applicable requirements of such order.

We will cover your child under this Plan once we get the application from you, the child's other parent, the Cabinet for Health and Family Services.

After the child is covered, and as long as you are eligible under this Plan, we will continue to cover the child unless we get satisfactory written evidence that the court order is no longer in effect or that the child has coverage under another health plan that provides comparable health coverage.

A child's coverage will not extend beyond any Dependent Age Limit listed in the Schedule of Benefits.

Updating Coverage and/or Removing Dependents

You are required to notify the Group of any changes that affect your eligibility or the eligibility of your Dependents for this Plan. When any of the following occurs, contact the Group and complete the appropriate forms:

- Changes in address;
- Marriage or divorce;
- Death of an enrolled family member (a different type of coverage may be necessary);
- Enrollment in another health plan or in Medicare;
- Eligibility for Medicare;
- Dependent child reaching the Dependent Age Limit (see “Termination and Continuation of Coverage”);
- Enrolled Dependent child either becomes totally or permanently disabled, or is no longer disabled.

Failure to notify us of individuals no longer eligible for services will not obligate us to cover such services, even if Premium is received for those individuals. All notifications must be in writing and on approved forms. We will return any unearned Premium as required by Kentucky law.

Nondiscrimination

No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

Statements and Forms

All Members must complete and submit applications or other forms or statements that we may reasonably request.

Any rights to benefits under this Plan are subject to the condition that all such information is true, correct, and complete. Any material misrepresentation by you may result in termination of coverage as provided in the "Termination and Continuation of Coverage" section. We will not use a statement made by you to

void your coverage after that coverage has been in effect for two years. This does not apply, however, to fraudulent misstatements.

Termination and Continuation of Coverage

Termination

Except as otherwise provided, your coverage may terminate in the following situations:

- When the Contract between the Group and us terminates. If your coverage is through an association, your coverage will terminate when the Contract between the association and us terminates, or when your Group leaves the association. It will be the Group's responsibility to notify you of the termination of coverage.

- If you choose to terminate your coverage.

- If you or your Dependents cease to meet the eligibility requirements of the Plan, subject to any applicable continuation or conversion requirements. If you cease to be eligible, the Group and/or you must notify us immediately. The Group and/or you shall be responsible for payment for any services incurred by you after you cease to meet eligibility requirements.

- If you elect coverage under another carrier's health benefit plan, which is offered by the Group as an option instead of this Plan, subject to the consent of the Group. The Group agrees to immediately notify us that you have elected coverage elsewhere.

- If you perform an act, practice, or omission that constitutes fraud or make an intentional misrepresentation of material fact, as prohibited by the terms of your Plan, your coverage and the coverage of your Dependents can be retroactively terminated or rescinded. A rescission of coverage means that the coverage may be legally voided back to the start of your coverage under the Plan, just as if you never had coverage under the Plan. You will be provided with a 30 calendar day advance notice with appeal rights before your coverage is retroactively terminated or rescinded. You are responsible for paying us for the cost of previously received services based on the Maximum Allowable Amount for such services, less any Copayments made or Premium paid for such services.

- If you fail to pay or fail to make satisfactory arrangements to pay your portion of the Premium, we may terminate your coverage and may also terminate the coverage of your Dependents.

- If you permit the use of your or any other Member's Plan Identification Card by any other person; use another person's Identification Card; or use an invalid Identification Card to obtain services, your coverage will terminate immediately upon our written notice to the Group. Anyone involved in the misuse of a Plan Identification Card will be liable to and must reimburse us for the Maximum Allowed Amount for services received through such misuse.

You will be notified in writing of the date your coverage ends by either us or the Group.

Removal of Members

Upon written request through the Group, you may cancel your coverage and/or your Dependent's coverage from the Plan. If this happens, no benefits will be provided for Covered Services after the termination date.

Continuation of Coverage Under Federal Law (COBRA)

The following applies if you are covered by a Group that is subject to the requirements of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985, as amended.

COBRA continuation coverage can become available to you when you would otherwise lose coverage under your Group's health Plan. It can also become available to other Members of your family, who are covered under the Group's health Plan, when they would otherwise lose their health coverage. For additional information about your rights and duties under federal law, you should contact the Group.

Qualifying events for Continuation Coverage under Federal Law (COBRA)

COBRA continuation coverage is available when your coverage would otherwise end because of certain "qualifying events." After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse and your Dependent children could become qualified beneficiaries if you were covered on the day before the qualifying event and your coverage would be lost because of the qualifying event. Qualified beneficiaries who elect COBRA must pay for this COBRA continuation coverage.

This benefit entitles each Member of your family who is enrolled in the Plan to elect continuation independently. Each qualified beneficiary has the right to make independent benefit elections at the time of annual enrollment. Covered Subscribers may elect COBRA continuation coverage on behalf of their spouses, and parents or legal guardians may elect COBRA continuation coverage on behalf of their children. A child born to, or placed for adoption with, a covered Subscriber during the period of continuation coverage is also eligible for election of continuation coverage.

Qualifying Event	Length of Availability of Coverage
For Subscribers:	
Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction In Hours Worked	18 months
For Dependents:	
A Covered Subscriber's Voluntary or Involuntary Termination (other than gross misconduct) or Loss of Coverage Under an Employer's Health Plan Due to Reduction In Hours Worked	18 months
Covered Subscriber's Entitlement to Medicare	36 months
Divorce or Legal Separation	36 months
Death of a Covered Subscriber	36 months
For Dependent Children:	
Loss of Dependent Child Status	36 months

COBRA coverage will end before the end of the maximum continuation period listed above if you become entitled to Medicare benefits. In that case a qualified beneficiary – other than the Medicare beneficiary – is entitled to continuation coverage for no more than a total of 36 months. (For example, if you become entitled to Medicare prior to termination of employment or reduction in hours, COBRA continuation coverage for your spouse and children can last up to 36 months after the date of Medicare entitlement.)

If Your Group Offers Retirement Coverage

If you are a retiree under this Plan, filing a proceeding in bankruptcy under Title 11 of the United States Code may be a qualifying event. If a proceeding in bankruptcy is filed with respect to your Group, and that bankruptcy results in the loss of coverage, you will become a qualified beneficiary with respect to the bankruptcy. Your Dependents will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under this Plan. If COBRA coverage becomes available to a retiree and his or her covered family members as a result of a bankruptcy filing, the retiree may continue coverage for life and his or her Dependents may also continue coverage for a maximum of up to 36 months following the date of the retiree's death.

Second qualifying event

If your family has another qualifying event (such as a legal separation, divorce, etc.) during the initial 18 months of COBRA continuation coverage, your Dependents can receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months from the original qualifying event. Such additional coverage is only available if the second qualifying event would have caused your Dependents to lose coverage under the Plan had the first qualifying event not occurred.

Notification Requirements

The Group will offer COBRA continuation coverage to qualified beneficiaries only after the Group has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the Subscriber, commencement of a proceeding in bankruptcy with respect to the employer, or the Subscriber's becoming entitled to Medicare benefits (under Part A, Part B, or both), the Group will notify the COBRA Administrator (e.g., Human Resources or their external vendor) of the qualifying event.

You Must Give Notice of Some Qualifying Events

For other qualifying events (e.g., divorce or legal separation of the Subscriber and spouse or a Dependent child's losing eligibility for coverage as a Dependent child), you must notify the Group within 60 days after the qualifying event occurs.

Electing COBRA Continuation Coverage

To continue your coverage, you or an eligible family Member must make an election within 60 days of the date your coverage would otherwise end, or the date the company's benefit Plan Administrator notifies you or your family Member of this right, whichever is later. You must pay the total Premium appropriate for the type of benefit coverage you choose to continue. If the Premium rate changes for active associates, your monthly Premium will also change. The Premium you must pay cannot be more than 102% of the Premium charged for Employees with similar coverage, and it must be paid to the company's benefit plan administrator within 30 days of the date due, except that the initial Premium payment must be made before 45 days after the initial election for continuation coverage, or your continuation rights will be forfeited.

Disability extension of 18-month period of continuation coverage

For Subscribers who are determined, at the time of the qualifying event, to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act, and Subscribers who become disabled during the first 60 days of COBRA continuation coverage, coverage may continue from 18 to 29 months. These Subscribers' Dependents are also eligible for the 18- to 29-month disability extension. (This also applies if any covered family Member is found to be disabled.) This would only apply if the qualified beneficiary gives notice of disability status within 60 days of the disabling determination. In these cases, the Employer can charge 150% of Premium for months 19 through 29. This would allow health coverage to be provided in the period between the end of 18 months and the time that Medicare begins coverage for the disabled at 29 months. (If a qualified beneficiary is determined by the Social Security Administration to

no longer be disabled, such qualified beneficiary must notify the Plan Administrator of that fact in writing within 30 days after the Social Security Administration's determination.)

Trade Adjustment Act Eligible Individual

If you don't initially elect COBRA coverage and later become eligible for trade adjustment assistance under the U.S. Trade Act of 1974 due to the same event which caused you to be eligible initially for COBRA coverage under this Plan, you will be entitled to another 60-day period in which to elect COBRA coverage. This second 60-day period will commence on the first day of the month on which you become eligible for trade adjustment assistance. COBRA coverage elected during this second election period will be effective on the first day of the election period.

When COBRA Coverage Ends

COBRA benefits are available without proof of insurability and coverage will end on the earliest of the following:

- A covered individual reaches the end of the maximum coverage period;
- A covered individual fails to pay a required Premium on time;
- A covered individual becomes covered under any other group health plan after electing COBRA. If the other group health plan contains any exclusion or limitation on a pre-existing condition that applies to you, you may continue COBRA coverage only until these limitations cease;
- A covered individual becomes entitled to Medicare after electing COBRA; or
- The Group terminates all of its group welfare benefit plans.

Other Coverage Options Besides Cobra Continuation Coverage

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If You Have Questions

Questions concerning your Group's health Plan and your COBRA continuation coverage rights should be addressed to the Group. For more information about your rights under ERISA, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website at www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

Continuation of Coverage Under Kentucky Law

Any Subscriber whose coverage in this Plan ends may continue coverage for themselves and for any Dependents if the Subscriber was covered under this Plan, or a group plan it replaced, for at least 3 months. Coverage will be continued at the Group Premium rate.

The Subscriber will be sent an offer of continued coverage at his or her last known address. To continue coverage, the Subscriber must send in the Premium and written application for coverage no later than:

- 31 days after coverage ends if the Subscriber is given a written notice of the continuation option when their coverage ends; or

- As soon as possible after they have been given written notice of the continuation privilege if the Subscriber did not get notice when their coverage ended; but

- In no event, later than 60 days after the initial 31-day continuation period ends.

Continuation of coverage will end on the earlier of:

- 18 months from the date the Subscriber's coverage would have otherwise ended under the Group Contract because their employment or membership in the Group ended;

- The date through which the Subscriber timely paid the Group Premium rate; or

- The date this coverage ends and is not replaced within 31 days by other coverage.

Continuation of coverage will be available to a surviving spouse and Dependent children if the Subscriber dies or divorces. Continuation of coverage will also be available to any covered Dependent child whose coverage ends because they have reached the age limit under this Plan.

Please note that this continuation of coverage is not available to Members that are covered by, or eligible for, Medicare or other group coverage.

Conversion

Any Member (e.g., the Subscriber or his / her Dependents) that is covered under this Plan, or any Group plan it replaced, for at least 3 months may buy a conversion health plan when coverage under this Plan ends. The conversion health plan will have benefits similar this Plan.

We will send the offer of the conversion plan to the Subscriber at their last known address. To buy the coverage, we must get the Premium and written application for the conversion plan no later than:

- 31 days after coverage ends if the Subscriber is given written notice of conversion option when their coverage ends; or

- 60 days after the Subscriber is given written notice of the conversion plan option, if we failed to send the offer when their coverage originally ended.

Please note that conversion coverage is not available to Members eligible for, or covered by, Medicare or another group plan, or for Members covered by substantially similar benefits by another individual hospital, surgical, or medical expenses insurance policy. It also is not available if issuing the conversion contract will make the Member over insured according to our rules.

Continuation of Coverage Due To Military Service

Under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), the Subscriber or his / her Dependents may have a right to continue health care coverage under the Plan if the Subscriber must take a leave of absence from work due to military leave.

Employers must give a cumulative total of five years and in certain instances more than five years, of military leave.

“Military service” means performance of duty on a voluntary or involuntary basis and includes active duty, active duty for training, initial active duty for training, inactive duty training, and full-time National Guard duty.

During a military leave covered by USERRA, the law requires employers to continue to give coverage under this Plan to its Members. The coverage provided must be identical to the coverage provided to similarly situated, active employees and Dependents. This means that if the coverage for similarly situated, active employees and Dependents is modified, coverage for you (the individual on military leave) will be modified.

You may elect to continue to cover yourself and your eligible Dependents by notifying your employer in advance and submitting payment of any required contribution for health coverage. This may include the amount the employer normally pays on your behalf. If your military service is for a period of time less than 31 days, you may not be required to pay more than the active Member contribution, if any, for continuation of health coverage. For military leaves of 31 days or more, you may be required to pay up to 102% of the full cost of coverage, i.e., the employee and employer share.

The amount of time you continue coverage due to USERRA will reduce the amount of time you will be eligible to continue coverage under COBRA.

Maximum Period of Coverage During a Military Leave

Continued coverage under USERRA will end on the earlier of the following events:

1. The date you fail to return to work with the Group following completion of your military leave. Subscribers must return to work within:
    a) The first full business day after completing military service, for leaves of 30 days or less. A reasonable amount of travel time will be allowed for returning from such military service.
    b) 14 days after completing military service for leaves of 31 to 180 days,
    c) 90 days after completing military service for leaves of more than 180 days; or
2. 24 months from the date your leave began.

Reinstatement of Coverage Following a Military Leave

Regardless of whether you continue coverage during your military leave, if you return to work your health coverage and that of your eligible Dependents will be reinstated under this Plan if you return within:

1. The first full business day of completing your military service, for leaves of 30 days or less. A reasonable amount of travel time will be allowed for returning from such military service;
2. 14 days of completing your military service for leaves of 31 to 180 days; or
3. 90 days of completing your military service for leaves of more than 180 days.

If, due to an illness or injury caused or aggravated by your military service, you cannot return to work within the time frames stated above, you may take up to:

1. Two years; or
2. As soon as reasonably possible if, for reasons beyond your control you cannot return within two years because you are recovering from such illness or injury.

If your coverage under the Plan is reinstated, all terms and conditions of the Plan will apply to the extent that they would have applied if you had not taken military leave and your coverage had been continuous. Any waiting / probationary periods will apply only to the extent that they applied before.

Please note that, regardless of the continuation and/or reinstatement provisions listed above, this Plan will not cover services for any illness or injury caused or aggravated by your military service, as indicated in the "What's Not Covered" section.

Family and Medical Leave Act of 1993

A Subscriber who takes a leave of absence under the Family and Medical Leave Act of 1993 (the Act) will still be eligible for this Plan during their leave. We will not consider the Subscriber and his or her Dependents ineligible because the Subscriber is not at work.

If the Subscriber ends their coverage during the leave, the Subscriber and any Dependents who were covered immediately before the leave may be added back to the Plan when the Subscriber returns to work without medical underwriting. To be added back to the Plan, the Group may have to give us evidence that the Family and Medical Leave Act applied to the Subscriber. We may require a copy of the health care Provider statement allowed by the Act.

Benefits After the Group Contract Ends

If you are Totally Disabled on the date the Group Contract ends and you are not eligible for another health plan, you can continue to get Covered Services for the Total Disability. Benefits will continue until the earliest of the following:

1. Your Total Disability ends;
2. You get coverage for the Total Disability under another group policy;

General Provisions

Assignment

The Group cannot legally transfer this Booklet, without obtaining written permission from us. Members cannot legally transfer the coverage. Benefits available under this Booklet are not assignable by any Member without obtaining written permission from us, unless in a way described in this Booklet.

Care Coordination

We pay In-Network Providers in various ways to provide Covered Services to you. For example, sometimes we may pay In-Network Providers a separate amount for each Covered Service they provide. We may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, we may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, we may pay In-Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate In-Network Providers for coordination of Member care. In some instances, In-Network Providers may be required to make payment to us because they did not meet certain standards. You do not share in any payments made by In-Network Providers to us under these programs.

Clerical Error

A clerical error will never disturb or affect your coverage, as long as your coverage is valid under the rules of the Plan. This rule applies to any clerical error, regardless of whether it was the fault of the Group or us.

Confidentiality and Release of Information

We will use reasonable efforts, and take the same care to preserve the confidentiality of your medical information. We may use data collected in the course of providing services hereunder for statistical evaluation and research. If such data is ever released to a third party, it shall be released only in aggregate statistical form without identifying you. Medical information may be released only with your written consent or as required by law. It must be signed, dated and must specify the nature of the information and to which persons and organizations it may be disclosed. You may access your own medical records.

We may release your medical information to professional peer review organizations and to the Group for purposes of reporting claims experience or conducting an audit of our operations, provided the information disclosed is reasonably necessary for the Group to conduct the review or audit.

A statement describing our policies and procedures for preserving the confidentiality of medical records is available and will be furnished to you upon request.

Conformity with Law

Any term of the Plan which is in conflict with the laws of the state in which the Group Contract is issued, or with federal law, will hereby be automatically amended to conform with the minimum requirements of such laws.

Contract with Anthem

The Group, on behalf of itself and its participants, hereby expressly acknowledges its understanding that this Plan constitutes a Contract solely between the Group and us, Anthem Health Plans of Kentucky, Inc., dba Anthem Blue Cross and Blue Shield (Anthem), and that we are an independent corporation licensed to use the Blue Cross and Blue Shield names and marks in the state of Kentucky. The Blue Cross Blue Shield marks are registered by the Blue Cross and Blue Shield Association, an association of independently licensed Blue Cross and Blue Shield plans, with the U.S. Patent and Trademark Office in Washington, D.C. and in other countries. Further, we are not contracting as the agent of the Blue Cross and Blue Shield Association or any other Blue Cross and/or Blue Shield plan or licensee. The Group, on behalf of itself and its participants, further acknowledges and agrees that it has not entered into this Contract based upon representations by any person other than Anthem Health Plans of Kentucky, Inc. and that no person, entity, or organization other than Anthem shall be held accountable or liable to the Group for any of Anthem's obligations to the Group created under the Contract. This paragraph shall not create any additional obligations whatsoever on our part other than those obligations created under other terms of this agreement.

Entire Contract

Note: The laws of the state in which the Group Contract is issued will apply unless otherwise stated herein.

This Booklet, the Group Contract, the Group application, any riders, endorsements or attachments, and the individual applications of the Subscriber and Dependents constitute the entire Contract between the Group and us and as of the Effective Date, supersede all other agreements. Any and all statements made to us by the Group and any and all statements made to the Group by us are representations and not warranties. No such statement, unless it is contained in a written application for coverage under this Booklet, shall be used in defense to a claim under this Booklet.

Form or Content of Booklet

No agent or employee of ours is authorized to change the form or content of this Booklet. Changes can only be made through a written authorization, signed by an officer of Anthem.

Government Programs

The benefits under this Plan shall not duplicate any benefits that you are entitled to, or eligible for, under any other governmental program. This does not apply if any particular laws require us to be the primary payer. If we have duplicated such benefits, all money paid by such programs to you for services you have or are receiving, shall be returned by or on your behalf to us.

Medical Policy and Technology Assessment

Anthem reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or Medical Necessity of new technology. Guidance and external validation of Anthem's medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including Anthem's medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Medicare

Any benefits covered under both this Plan and Medicare will be covered according to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, Booklet terms, and federal law.

Except when federal law requires us to be the primary payer, the benefits under this Plan for Members age 65 and older, or Members otherwise eligible for Medicare, do not duplicate any benefit for which Members are entitled under Medicare, including Part B. Where Medicare is the responsible payer, all sums payable by Medicare for services provided to you shall be reimbursed by or on your behalf to us, to the extent we have made payment for such services. For the purposes of the calculation of benefits, if you have not enrolled in Medicare Part B, we will calculate benefits as if you had enrolled. **You should enroll in Medicare Part B as soon as possible to avoid potential liability.**

Modifications

This Booklet allows the Group to make Plan coverage available to eligible Members. However, this Booklet shall be subject to amendment, modification, and termination in accordance with any of its terms, the Group Contract, or by mutual agreement between the Group and us without the permission or involvement of any Member. Changes will not be effective until the date specified in the written notice we give to the Group about the change. By electing medical and Hospital coverage under the Plan or accepting Plan benefits, all Members who are legally capable of entering into a contract, and the legal representatives of all Members that are incapable of entering into a contract, agree to all terms and conditions in this Booklet.

Not Liable for Provider Acts or Omissions

We are not responsible for the actual care you receive from any person. This Booklet does not give anyone any claim, right, or cause of action against Anthem based on the actions of a Provider of health care, services, or supplies.

Payment Innovation Programs

We pay In-Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) – may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by us from time to time, but they will be generally designed to tie a certain portion of an In-Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, In-Network Providers may be required to make payment to us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect your access to health care. The Program payments are not made as payment for specific Covered Services provided to you, but instead, are based on the In-Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by us or to us under the Program(s), and you do not share in any payments made by Network Providers to us under the Program(s).

Policies and Procedures

We are able to introduce new policies, procedures, rules and interpretations, as long as they are

reasonable. Such changes are introduced to make the Plan more orderly and efficient. Members must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the Group Contract, we have the authority, in our sole discretion, to introduce or terminate from time to time, pilot or test programs for disease management, care management, or wellness initiatives which may result in the payment of benefits not otherwise specified in this Booklet. We reserve the right to discontinue a pilot or test program at any time.

Program Incentives

We may offer incentives from time to time, at our discretion, in order to introduce you to covered programs and services available under this Plan. The purpose of these incentives include making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member cost shares. Acceptance of these incentives is voluntary as long as Anthem offers the incentives program. We may discontinue an incentive for a particular covered program or service at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Relationship of Parties (Group-Member-Anthem)

The Group is responsible for passing information to you. For example, if we give notice to the Group, it is the Group's responsibility to pass that information to you. The Group is also responsible for passing eligibility data to us in a timely manner. If the Group does not give us timely enrollment and termination information, we are not responsible for the payment of Covered Services for Members.

Relationship of Parties (Anthem and In-Network Providers)

The relationship between Anthem and In-Network Providers is an independent contractor relationship. In-Network Providers are not agents or employees of ours, nor is Anthem, or any employee of Anthem, an employee or agent of In-Network Providers.

Your health care Provider is solely responsible for all decisions regarding your care and treatment, regardless of whether such care and treatment is a Covered Service under this Plan. We shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by you while receiving care from any In-Network Provider or in any In-Network Provider's Facilities.

Your In-Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Providers, including In-Network Providers, Out-of-Network Providers, and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or us.

Reservation of Discretionary Authority

This section only applies when the interpretation of this Booklet is governed by the Employee Retirement Income Security Act (ERISA), 29 U.S.C. 1001 et seq.

We, or anyone acting on our behalf, will determine the administration of benefits and eligibility for participation in such a manner that has a rational relationship to the terms set forth herein. However, we, or anyone acting on our behalf, have, to the fullest extent permitted under applicable law, discretion to determine administration of your benefits. Our determination shall be binding, subject to any rights of complaint and/or appeal provided under the Plan or under applicable law. This may include, without

limitation, determinations of whether the services, care, treatment, or supplies are Medically Necessary, Experimental / Investigational, whether surgery is cosmetic, and whether charges are consistent with our Maximum Allowed Amount. However you may utilize all applicable complaint and/or appeals procedures specified in the Booklet or otherwise required by applicable law. This reservation of discretionary authority shall not be used in such a manner as to deny coverage clearly set forth in the Booklet or to arbitrarily construe or abuse the provision of benefits or rights of appeal under the Plan. This reservation of discretionary authority does not prohibit you from seeking judicial review of our determination after exhausting administrative remedies.

We, or anyone acting on our behalf, will have all the powers necessary or appropriate to enable it to carry out our duties in connection with the operation and administration of the Plan. This includes, without limitation, the power to construe the Contract, to determine all questions arising under the Booklet and to make, establish and amend the rules, regulations and procedures with regard to the interpretation and administration of the provisions of this Booklet. However, these powers shall be exercised in such a manner that has reasonable relationship to the provisions of the Contract, the Booklet, Provider agreements, and applicable state or federal laws. A specific limitation or exclusion will override more general benefit language.

Right of Recovery and Adjustment

Whenever payment has been made in error, we will have the right to recover such payment from you or, if applicable, the Provider or otherwise make appropriate adjustment to claims. In most instances such recovery or adjustment activity shall be limited to the calendar year in which the error is discovered. Except in cases of fraud, we will only recover such payment from the Provider during the 24 months after the date we made the payment on a claim submitted by the Provider.

We have oversight responsibility for compliance with Provider and vendor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, we have established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. We will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount.

Unauthorized Use of Identification Card

If you permit your Identification Card to be used by someone else or if you use the card before coverage is in effect or after coverage has ended, you will be liable for payment of any expenses incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage.

Value-Added Programs

We may offer health or fitness related programs to our Members, through which you may access discounted rates from certain vendors for products and services available to the general public. Products and services available under this program are not Covered Services under your Plan but are in addition to Plan benefits. As such, program features are not guaranteed under your health Plan Contract and could be discontinued at any time. We do not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services you receive.

Value of Covered Services

For purposes of subrogation, reimbursement of excess benefits, or reimbursement under any Workers' Compensation or Employer Liability Law, the value of Covered Services shall be the amount we paid for the Covered Services.

Voluntary Clinical Quality Programs

We may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from Covered Services under your Plan. These programs are not guaranteed and could be discontinued at any time. We will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which we encourage you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Voluntary Wellness Incentive Programs

We may offer health or fitness related program options for purchase by your Group to help you achieve your best health. These programs are not Covered Services under your Plan, but are separate components, which are not guaranteed under this Plan and could be discontinued at any time. If your Group has selected one of these options to make available to all employees, you may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options a Group may select, you may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If you think you might be unable to meet the standard, you might qualify for an opportunity to earn the same reward by different means. You may contact us at the Member Services number on your ID card and we will work with you (and, if you wish, your Doctor) to find a wellness program with the same reward that is right for you in light of your health status. (If you receive a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to you. For additional guidance, please consult your tax advisor.)

The benefits under this Plan are not designed to duplicate benefits that you are eligible for under Workers' Compensation Law. All money paid or owed by Workers' Compensation for services provided to you shall be paid back by, or on your behalf of to us if we have made or makes payment for the services received. It is understood that coverage under this Plan does not replace or affect any Workers' Compensation coverage requirements.

If you have questions on any of these definitions, please call Member Services at the number on the back of your Identification Card.

- Not Experimental / Investigational, excluded, or limited by this Booklet, or by any amendment or rider to this Booklet.
- Approved by us before you get the service if prior authorization is needed.

A charge for a Covered Service will apply on the date the service, supply, or treatment was given to you.

- Known to be effective, as proven by scientific evidence, in materially improving health outcomes;

- Cost-effective compared to alternative interventions, including no intervention or the same intervention in an alternative setting. Cost effective does not always mean lowest cost. It does mean that as to the diagnosis or treatment of the Member's illness, injury or disease, the service is not more costly than an alternative service or sequence of services that is medically appropriate. For example, we will not provide coverage for an Inpatient admission for surgery if the surgery could have been performed on an outpatient basis or an infusion or injection of a Specialty Drug provided in the outpatient department of a Hospital if the drug could be provided in a Physician's office or the home setting;
- Not Experimental / Investigational;
- Not primarily for the convenience of the Member, the Member's family or the Provider.
- Not otherwise subject to an Exclusion under this Plan.

The committees of the National Pharmacy and Therapeutics Process meet regularly to talk about and find the clinical and financial value of medicines for our Members. This process first evaluates the clinical evidence of each product under review. The clinical review is then combined with an in-depth review of the market dynamics, Member impact and financial value to make choices for the formulary.
