For information on how to select a PCP, and for a list of PCPs, contact the telephone number on the back of Your Identification Card or refer to Our website, www.anthem.com. For children, You may designate a pediatrician as the PCP.

Access to Obstetrical and Gynecological (OB/GYN) Care

You do not need prior authorization from Us or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a healthcare professional in Our network who specializes in obstetrics or gynecology. The healthcare professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, or procedures for making Referrals. For a list of participating healthcare professionals who specialize in obstetrics or gynecology, contact the telephone number on the back of Your Identification Card or refer to Our website, www.anthem.com.

Mental Health Parity and Addiction Equity Act

The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on Mental Health and Substance Abuse benefits with day or visit limits on medical and surgical benefits. In general, Individual health plans offering Mental Health and Substance Abuse benefits cannot set day/visit limits on Mental Health or Substance Abuse benefits that are lower than any such day or visit limits for medical and surgical benefits. A health plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on Mental Health and Substance Abuse benefits offered under the health plan. Also, the health plan may not impose Deductibles, Copayment, Coinsurance, and out of pocket maximums on Mental Health and Substance Abuse benefits that are more restrictive than the predominant Deductibles, Copayment, Coinsurance and out of pocket maximums applicable to substantially all medical and surgical benefits in the same classification. Medical Necessity criteria are available upon request.

Consolidated Appropriations Act of 2021 Notice

Consolidated Appropriations Act of 2021 (CAA)

The Consolidated Appropriations Act of 2021 (CAA) is a federal law that includes the No Surprises Act as well as the Provider transparency requirements that are described below.

Surprise Billing Claims

Surprise Billing Claims are claims that are subject to the No Surprises Act requirements:

- Emergency Services provided by Non-Network Providers;
- Covered Services provided by a Non-Network Provider at a Network Facility; and
- Non-Network air ambulance Services.

No Surprises Act Requirements

Emergency Services

As required by the CAA, Emergency Services are covered under Your Plan:

- Without the need for Precertification;
- Whether the Provider is Network or Non-Network.

If the Emergency Services You receive are provided by a Non-Network Provider, Covered Services will be processed at the Network benefit level.

Note that if You receive Emergency Services from a Non-Network Provider, Your out-of-pocket costs will be limited to amounts that would apply if the Covered Services had been furnished by a Network Provider. However, if the treating Non-Network Provider determines You are stable, meaning You have been provided necessary Emergency Services such that Your condition will not materially worsen and the Non-Network Provider determines: (i) that You are able to travel to a Network Facility by non-Emergency transport; (ii) the Non-Network Provider complies with the notice and consent requirement; and (iii) You are in condition to receive the information and provide informed consent, You will be responsible for all charges. This notice and consent exception does not apply if the Covered Services furnished by a Non-Network Provider result from unforeseen and urgent medical needs arising at the time of service.

Non-Network Services Provided at a Network Facility

When You receive Covered Services from a Non-Network Provider at a Network Facility, Your claims

will not be covered if the Non-Network Provider gives You proper notice of its charges, and You give written consent to such charges. This means You will be responsible for all Non-Network charges for those services. This requirement does not apply to Ancillary Services. Ancillary Services are one of the following services: (A) Emergency Services; (B) anesthesiology; (C) laboratory and pathology services; (D) radiology; (E) neonatology; (F) diagnostic services; (G) assistant surgeons; (H) hospitalists; (I) intensivists; and (J) any services set out by the U.S. Department of Health & Human Services.

Non-Network Providers satisfy the notice and consent requirement as follows:

1) By obtaining Your written consent not later than 72 hours prior to the delivery of services; or
2) If the notice and consent is given on the date of the service, if You make an appointment within 72 hours of the services being delivered.

How Cost Shares Are Calculated

Your Cost Shares for Emergency Services or for Covered Services received by a Non-Network Provider at a Network Facility, will be calculated using the median Plan Network contract rate that we pay Network Providers for the geographic area where the Covered Service is provided. Any out-of-pocket Cost Shares You pay to a Non-Network Provider for either Emergency Services or for Covered Services provided by a Non-Network Provider at a Network Facility will be applied to Your Network Out-of-Pocket Limit.

Appeals

If You receive Emergency Services from a Non-Network Provider, Covered Services from a Non-Network Provider at a Network Facility, or Non-Network Air Ambulance Services and believe those services are covered by the No Surprises Act, You have the right to appeal that claim. If Your Appeal of a Surprise Billing Claim is denied, then You have a right to appeal the adverse decision to an Independent Review Organization as set out in the "If You Have a Complaint or an Appeal" section of this Contract.

Provider Directories

Anthem is required to confirm the list of Network Providers in its Provider Directory every 90 days. If You can show that You received inaccurate information from Anthem that a Provider was Network on a particular claim, then You will only be liable for Network Cost Share (i.e., Copayments, Deductibles, and/or Coinsurance) for that claim. Your Network Cost Share will be calculated based upon the Maximum Allowed Amount.

Transparency Requirements

Anthem provides the following information on its website at www.anthem.com:

- Protections with respect to Surprise Billing Claims by Providers, including information on how to contact State and federal agencies if You believe a Provider has violated the No Surprises Act.

You may also obtain the following information on Anthem's website or by calling Member Services at the phone number on the back of Your ID Card:

- Cost Sharing information for 500 defined services, as required by the Centers for Medicare & Medicaid Services (CMS); and
- A listing/directory of all Network Providers.

In addition, Anthem will provide access through its website to the following information:

- Network negotiated rates; and
- Historical Non-Network rates.

SCHEDULE OF COST SHARE AND BENEFITS

This chart is an overview of Your benefits for Covered Services, which are listed in detail in the "What is Covered" section. A list of services that are not covered can be found in the "What is Not Covered (Exclusions)" section.

Services will only be Covered Services if rendered by Network Providers unless:

- The services are for Emergency Care or ambulance services related to an Emergency for transportation to a Hospital;
- Covered Services meet the conditions for Surprise Billing Claims as defined in the Introduction Section at the beginning of this Contract; or
- The services are approved in advance by Anthem.

IMPORTANT: You are responsible for confirming that the Provider You are seeing or have been referred to see is a Network Provider for this Plan. It is important to understand that Anthem has many contracting Providers who may not be part of the network of Providers that applies to this Plan.

Anthem can help You find a Network Provider specific to Your Plan by calling the number on the back of Your Identification Card.

What will I pay?

Reimbursement for Covered Services is based on the Maximum Allowed Amount, which is the most Your Contract will allow for a Covered Service.

The Deductible applies to all Covered Services with a Copayment and/or Coinsurance, including 0% Coinsurance, except for:

- Network Preventive Care Services required by law
- Pediatric Vision Services
- Services, listed in the chart below, that specifically indicate that the Deductible does not apply

For a detailed explanation of how Your Deductibles and Out-of-Pocket Limits are calculated, see the "How Your Claims Are Paid" section. Except for Surprise Billing Claims, when You receive Covered Services from a Non-Network Provider, You may also be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges.

HOW YOUR COVERAGE WORKS

The purpose of this section is to help You understand how to receive the highest level of benefits available under this Plan. It provides details about Network Providers who have entered into an agreement with Anthem and Non-Network Providers who have not. You will also find information about how to access a list of Network Providers in Your Service Area and the importance of choosing a Primary Care Physician.

To find a Network Provider for this Plan, please see "How to Find a Provider in the Network" later in this section.

Your Plan is an HMO Plan. To get benefits for Covered Services, You must use Network Providers, unless We have approved an Authorized Service or if Your care involves Emergency Care or ambulance services related to an Emergency for transportation to a Hospital.

Benefits are paid when You obtain Covered Services from Your Primary Care Physician (PCP) or from another Network Provider. Services You obtain from a Non-Network Provider which are not an Authorized Service are not covered, except for Emergency Care or ambulance services related to an Emergency for transportation to a Hospital. Contact Your PCP or another Network Provider or Us to be sure that Prior Authorization and/or Precertification has been obtained.

Network Services

If Your care is rendered by a Primary Care Physician (PCP), Specialty Care Physician (SCP), or another Network Provider, benefits will be paid at the Network level. Regardless of Medical Necessity, no benefits will be paid for care that is not a Covered Service even if performed by a PCP, SCP, or another Network Provider. All medical care must be under the direction of doctors. We have final authority to determine the Medical Necessity of the service.

We may inform You that it is not Medically Necessary for You to receive services or remain in a Hospital or other Facility. This decision is made upon review of Your condition and treatment. You have the right to file a grievance as outlined in the "If You Have a Complaint or an Appeal" section of this Contract.

- Network Providers - include PCPs, SCPs, other professional Providers, Hospitals, and other Facility Providers who contract with Us to perform services for You. PCPs include general practitioners, internists, family practitioners, pediatricians, geriatricians or other Network Providers as allowed by Us. The PCP is the doctor who may provide, coordinate, and arrange Your healthcare services. SCPs are Network doctors who provide specialty medical services not normally provided by a PCP.

For services rendered by Network Providers:

- You will not be required to file any claims for services You obtain directly from Network Providers. Network Providers will seek compensation for Covered Services rendered from Us and not from You except for approved Deductibles, Coinsurance, and/or Copayments. You may be billed by Your Network Provider(s) for any non-Covered Services You receive or when You have not acted in accordance with this Contract.
- When required, prior approval of benefits is the responsibility of the Network Provider. See the "Requesting Approval for Benefits" section.

If there is no Network Provider who is qualified to perform the treatment You require, contact Us prior to receiving the service or treatment, and We may approve a Non-Network Provider for that service as an Authorized Service.

If You receive Covered Services from a Non-Network Provider after We failed to provide You with accurate information in Our Provider Directory, or after We failed to respond to Your telephone or web-based inquiry within the time required by federal law, Covered Services will be covered at the Network level.

Non-Network Services

Covered Services which are not obtained from a PCP, SCP or another Network Provider, or that are not an Authorized Service will be considered a Non-Network service and not covered under Your Plan. The only exceptions are Emergency Care or ambulance services related to an Emergency for transportation to a Hospital.

Anthem has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from non-participating or Non-Network Providers could be balance billed by the non-participating/Non-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

How to Find a Provider in the Network

There are several ways You can find out if a Provider or Facility is in the Network for this Plan. You can also find out where they are located and details about their license or training.

- See Your Plan's directory of Network Providers at www.anthem.com, which lists the doctors, Providers, and Facilities that participate in this Plan's Network.
- Search for a Provider in Our mobile app or website. Details on how to download the app can be found on Our website, www.anthem.com.
- Contact Member Services to ask for a list of doctors and Providers that participate in this Plan's Network based on specialty and geographic area. Member Services can help You determine the Provider's name, address, telephone number, professional qualifications, specialty, medical school attended, and board certifications.
- Check with Your doctor or Provider.

If You need details about a Provider's license or training or help choosing a doctor who is right for You, call the Member Services number on the back of Your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with Us to help with Your needs.

You do not need a Referral to see a Specialty Care Physician. You can visit any Network Specialist including a behavioral health Provider without a Referral from a Primary Care Physician.

Primary Care Physician (PCP)

The Primary Care Physician (PCP) is a doctor who can provide initial care, basic medical services and can be responsible for ongoing patient care. PCPs are usually internal medicine doctors, family practice doctors, general practitioners, or pediatricians. PCPs may provide care in person or virtually. As Your first point of contact, the PCP gives a wide range of healthcare services, including initial diagnosis and treatment, health supervision, management of chronic conditions, and preventive care.

The First Thing To Do – Make an Appointment With Your PCP

Your PCP's job is to help You stay healthy, not just treat You when You are sick. After You choose a PCP, make an appointment with Your PCP. During this appointment, get to know Your PCP and help Your PCP get to know You. At Your first appointment, talk to Your PCP about:

- Personal health history.
- Family health history.
- Lifestyle.
- Any health concerns You have.

It is important to note, if You have not established a relationship with Your PCP, they may not be able to effectively treat You. To see a doctor, contact their office:

- Tell them You are an Anthem Member.
- Have Your Member Identification Card handy. The doctor's office may ask You for Your

Member ID number.

- Tell them the reason for Your visit.

When You meet with Your PCP, be sure to have Your Member Identification Card available.

Connect with Us Using Our Mobile App

As soon as You enroll in this Plan, You should download Our mobile app. You can find details on how to do this on Our website, www.anthem.com.

Our goal is to make it easy for You to find answers to Your questions. You can chat with Us live in the app, or contact Us on Our website, www.anthem.com.

Other Network Providers

Network Providers include other professional Providers or Hospitals and other Facilities. We will provide You with access to a consultation with a Network Provider for a second opinion. Obtaining the second opinion shall not cost You more than Your normal Copayment or Coinsurance. The Copayment or Coinsurance You are required to pay if You receive Covered Services under this Plan from a chiropractor, optometrist, osteopath, or podiatrist **will be no greater than** the Copayment or Coinsurance You are required to pay if the services were received from Your PCP for the same or similar diagnosed condition, even if a different name or term is used to describe the condition or complaint.

If You have difficulty scheduling an appointment with Your PCP or another Network Provider, You have an obligation to notify Us. We may approve payment as an Authorized Service from a Non- Network Provider when this occurs.

If You have any questions regarding Covered Services, call Us at the telephone number listed on the back of Your Identification Card. For more information about Member services, please visit Anthem's website at www.anthem.com.

Continuity of Care

If Your Network Provider leaves Our Network for any reason other than termination for cause and You are in an active course of treatment, You may be able to continue seeing that Provider for a limited time and still receive Network benefits. This could happen if You have a disability, a congenital condition, or You are past the twenty-fourth week of pregnancy through the postpartum period or in an active course of treatment. For purposes of this section, an active course of treatment is an ongoing course of treatment for a life threatening condition, a serious acute condition (such as chemotherapy, radiation therapy and post-operative visits), and a health condition for which a doctor attests that discontinuing care by the current doctor would worsen the condition or interfere with anticipated outcomes. If You wish to continue seeing the same Provider, You or Your doctor should contact Member Services for details. Any decision by Us regarding a request for Continuity of Care is subject to the Appeals process. Continuity of Care under this section will end the earlier of completion of treatment, 90 days after the effective date of termination or non-renewal, nine months if You have been diagnosed with a terminal illness at the time of termination, or in the case of pregnancy, six weeks following delivery.

Identification Card

When You receive care, You must show Your Identification Card. Only a Member who has paid the Premiums under this Contract has the right to services or benefits under this Contract. If anyone receives services or benefits to which he/she is not entitled to under the terms of this Contract, he/she is responsible for the actual cost of the services or benefits.

After Hours Care

If You need care after normal business hours, Your doctor may have several options for You. You should call Your doctor's office for instructions if You need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens.

- If Your condition is an Emergency, You should be taken to the nearest appropriate medical Facility. In the event of an Emergency call 911 Emergency response system or the 988 suicide and crisis lifeline.
- Your coverage includes benefits for services rendered by Providers other than Network Providers when the condition treated is an Emergency, as defined in this Contract.

Relationship of Parties (Anthem and Network Providers)

The relationship between Anthem and Network Providers is an independent contractor relationship. Network Providers are not agents or employees of Ours, nor is Anthem, or any employee of Anthem, an employee or agent of Network Providers.

Your healthcare Provider is solely responsible for all decisions regarding Your care and treatment, regardless of whether such care and treatment is a Covered Service under this Plan. We shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by You while receiving care from any Network Provider or for any injuries suffered by You while receiving care from any Network Provider's Facilities.

Your Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or Referrals to other Providers, including Network Providers, Non-Network Providers, and disease management programs. If You have questions regarding such incentives or risk sharing relationships, please contact Your Provider or Us.

REQUESTING APPROVAL FOR BENEFITS

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigational as those terms are defined in this Contract. Utilization Review aids in the delivery of cost-effective healthcare by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

Reviewing Where Services Are Provided

A service must be Medically Necessary to be a Covered Service. When level of care, setting or place of service is part of the review, services that can be safely given to You in a lower level place of care or setting, will not be Medically Necessary if they are given in a higher level place of care or setting. This means that a request for a service may be denied because it is not Medically Necessary for that service to be provided in the place of care or setting that is being requested. When this happens the service can be requested again in another setting or place of care and will be reviewed again for Medical Necessity. At times a different type of Provider or Facility may need to be used in order for the service to be considered Medically Necessary.

Examples include, but are not limited to:

- A service may be denied on an Inpatient basis at a Hospital but may be approved if provided on an Outpatient basis in a Hospital setting.
- A service may be denied on an Outpatient basis in a Hospital setting but may be approved at a free-standing imaging center, infusion center, ambulatory surgical center, or in a doctor's office.
- A service may be denied at a Skilled Nursing Facility but may be approved in a home setting.

Certain Services must be reviewed to determine Medical Necessity in order for You to get benefits. Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. Anthem may decide that a treatment that was asked for is not Medically Necessary if a clinically equivalent treatment in a lower level place of care or setting is available and appropriate. "Clinically equivalent" means treatments that for most Members, will give You similar results for a disease or condition.

If You have any questions about the Utilization Review process, the medical policies or clinical guidelines, You may call the Member Service phone number on the back of Your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed even if We decide Your services are Medically Necessary. For benefits to be covered, on the date You get service:

1. You must be eligible for benefits;
2. Premium must be paid for the time period that services are given;
3. The service or supply must be a Covered Service under Your Plan;
4. The service cannot be subject to an exclusion under Your Plan; and
5. You must not have exceeded any applicable limits under Your Plan.

Types of Reviews

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.
    - **Precertification** – A required pre-service review for a benefit coverage determination for a service or treatment. Certain Services require Precertification in order for You to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental/Investigative as those terms are defined in this Contract.

For admissions following Emergency Care, You, Your authorized representative or Doctor must tell Us within 48 hours of the admission or as soon as possible. For labor / childbirth admissions, Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require concurrent review.

- **Continued Stay/Concurrent Review** – A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a Facility or course of treatment.

Both Pre-Service and Continued Stay/Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any Doctor with knowledge of Your medical condition, without such care or treatment, Your life or health or Your ability to regain maximum function could be seriously threatened or You could be subjected to severe pain that cannot be adequately managed without such care or treatment.

Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage determination that is conducted after the service or supply has been provided. Post-service reviews are performed when a service, treatment or admission did not need Precertification. Post-service reviews are done for a service, treatment or admission in which We have a related clinical coverage guideline and are typically initiated by Us.

Who is Responsible for Precertification

Typically, Network Providers know which services need Precertification and will get any Precertification when needed. Your Primary Care Physician and other Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, Facility or attending doctor ("requesting Provider") will get in touch with Us to ask for a Precertification. However, You may request a Precertification, or You may choose an authorized representative to act on Your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

Provider Network Status	Responsibility to Get Precertification	Comments
Network	Provider	The Provider must get Precertification when required
Non-Network/Non-Participating	Member	The Member has no benefit coverage for a Non-Network Provider unless: • The Member gets approval to use a Non-Network Provider before the service is given; or • The Member requires an Emergency Care admission (See note below). The Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found not to be Medically Necessary.

Provider Network Status	Responsibility to Get Precertification	Comments
BlueCard® Provider	Member **(Except for Inpatient admissions)**	The Member has no benefit coverage for a BlueCard® Provider unless: • The Member gets approval to use a BlueCard® Provider before the service is given; or • The Member requires an Emergency Care admission (see note below). If these are true, then • The Member must get Precertification when required (call Member Services). • The Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found not to be Medically Necessary. • **BlueCard® Providers must obtain Precertification for all Inpatient admissions.**
NOTE: Precertification is not required to receive Emergency Care. For Emergency Care admissions, You, Your authorized representative or doctor must tell Us within 48 hours of the admission or as soon as possible.		

How Decisions are Made

We will use Our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make Our Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section “Prescription Drugs Administered by a Medical Provider.” Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning Your request. To ask for this information, call the Precertification phone number on the back of Your Identification Card.

If You are not satisfied with Our decision under this section of Your benefits, please refer to the “If You Have a Complaint or an Appeal” section to see what rights may be available to You.

Decision and Notice Requirements

We will review requests for benefits according to the timeframes listed below. The timeframes and requirements listed are based on State and federal laws. Where State laws are stricter than federal laws, We will follow State laws. If You live in and/or get services in a State other than the State where Your Contract was issued, other State-specific requirements may apply. You may call the phone number on the back of Your Identification Card for more details.

Type of Review	Timeframe Requirement for Decision and Notification
Pre-service Urgent	24 hours from the receipt of all necessary information
Pre-service Non-Urgent	5 calendar days from the receipt of all necessary information
Concurrent/Continued Stay Review when hospitalized at the time of the request and no previous authorization exists	24 hours from the receipt of all necessary information
Concurrent/Continued Stay Review Urgent when request is received more than 24 hours before the end of the previous authorization	24 hours from the receipt of all necessary information
Concurrent/Continued Stay Review Urgent when request is received less than 24 hours before the end of the previous authorization	24 hours from the receipt of all necessary information
Continued Review Non-Urgent for ongoing Outpatient treatment	5 calendar days from the receipt of all necessary information
Post-service Review	5 calendar days from the receipt of all necessary information

If more information is needed to make Our decision, We will tell the requesting Provider of the specific information needed to finish the review. If We do not get the specific information We need by the required timeframe, We will make a decision based upon the information We have.

We will notify You and Your Provider of Our decision as required by State and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

Important Information

Anthem may, from time to time, waive, enhance, modify or discontinue certain medical management processes (including Utilization Review, case management, and disease management) and/or offer an alternative benefit if, in Anthem's discretion, such change is in furtherance of the provision of cost effective, value based and/or quality services.

We may also select certain qualifying Providers to participate in a program that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt Your claim from medical review if certain conditions apply.

Just because Anthem exempts a process, Provider or claim from the standards which otherwise would apply, it does not mean that Anthem will do so in the future, or will do so in the future for any other Provider, claim or Member. Anthem may stop or modify any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs by checking Your on-line Provider Directory, on-line Precertification list, or contacting the Member Services number on the back of Your ID Card.

We also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then We may use one or more clinical Utilization Review guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to the Plan's Members.

Health Plan Individual Case Management

Our health plan case management programs (Case Management) help coordinate services for Members with healthcare needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

Our Case Management programs are confidential and voluntary and are made available at no extra cost to You. These programs are provided by, or on behalf of and at the request of, Your health plan case management staff. These Case Management programs are separate from any Covered Services You are receiving.

If You meet program criteria and agree to take part, We will help You meet Your identified healthcare needs. This is reached through contact and team work with You and/or Your chosen representative, treating doctor(s), and other Providers.

In addition, We may assist in coordinating care with existing community-based programs and services to meet Your needs. This may include giving You information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, We may provide benefits for alternate care that is not listed as a Covered Service. We may also extend Covered Services beyond the benefit maximums of this Plan. We will make Our decisions case-by-case, if in Our discretion the alternate or extended benefit is in the best interest of the Member and Anthem. A decision to provide extended benefits or approve alternate care in one case does not obligate Us to provide the same benefits again to You or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, We will notify You or Your representative in writing.

WHAT IS COVERED

This section describes the Covered Services available under this Contract. Covered Services are subject to all the terms and conditions listed in this Contract, including, but not limited to, benefit maximums, Deductibles, Copayments, Coinsurance, exclusions and Medical Necessity requirements.

Please read the following sections of this Contract for more information about the Covered Services described in this section:

- "Schedule of Cost Share and Benefits" – for amounts You need to pay and benefit limits
- "Requesting Approval for Benefits" – for details on selecting Providers and services that require pre-authorization
- "What is Not Covered (Exclusions)" – for details on services that are not covered

Benefits are listed alphabetically to make them easy to find. Please note that several sections may apply to Your claims. For example, if You have Inpatient surgery, benefits for Your Hospital stay will be described under "Hospital Services," "Inpatient Hospital Care" and benefits for Your doctor's services will be described under "Inpatient Professional Services." As a result, You should read all sections that might apply to Your claims.

You should also know that many Covered Services can be received in several settings, including a doctor's office, an Urgent Care Center, an Outpatient Facility, or an Inpatient Facility. Benefits will often vary depending on where You choose to get Covered Services, and this can result in a change in the amount You need to pay.

Medical Services

Ambulance Services (Air, Ground and Water)

Medically Necessary ambulance services are covered when:

- You are transported by a State licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, fixed wing, rotary wing or water transportation;
- And one or more of the following are met:

  You are taken:

  1. From Your home, scene of an accident or medical Emergency to a Hospital;
  2. Between Hospitals, including when We require You to move from a Non-Network Hospital to a Network Hospital; or
  3. Between a Hospital, Skilled Nursing Facility (ground transport only) or approved Facility.

You must be taken to the nearest Facility that can give care for Your condition. In certain cases We may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or an injury by medical professionals during ambulance service, even if You are not taken to a Facility.

Non-Network Providers may bill You for any charges that exceed the Plan's Maximum Allowed Amount except for Surprise Billing Claims.

Ground Ambulance

Services are subject to Medical Necessity review by Us.

All scheduled ground ambulance services for nonemergency transports, not including acute Facility to acute Facility transport, must be preauthorized.

Air and Water Ambulance

Air and water ambulance services are subject to Medical Necessity review by Us. We retain the right to select the air ambulance Provider. This includes fixed wing, rotary wing or water transportation.

Air ambulance services for nonemergency Hospital to Hospital transports must be preauthorized.

Hospital to Hospital Air Ambulance Transport

Air ambulance transport is for purposes of transferring from one Hospital to another Hospital and is a Covered Service if such air ambulance transport is Medically Necessary, for example, if transportation by ground ambulance would endanger Your health or the transferring Hospital does not have adequate Facilities to provide the medical services needed. Examples of such specialized medical services that are generally not available at all types of Facilities may include, but are not limited to: burn care, cardiac care, trauma care, and critical care. Transport from one Hospital to another Hospital is covered only if the Hospital to which the patient is transferred is the nearest one with medically appropriate Facilities.

Fixed and Rotary Wing Air Ambulance

Fixed wing or rotary wing air ambulance is furnished when Your medical condition is such that transport by ground ambulance, in whole or in part, is not appropriate. Generally, transport by fixed wing or rotary wing air ambulance may be necessary because Your condition requires rapid transport to a treatment Facility, and either great distances or other obstacles preclude such rapid delivery to the nearest appropriate Facility. Transport by fixed wing or rotary wing air ambulance may also be necessary because You are located in a place that is inaccessible to a ground or water ambulance Provider.

Autism Spectrum Disorder Services

The diagnosis and treatment of autism spectrum disorders is covered. Autism spectrum disorders means a physical, mental, or cognitive illness or disorder which includes any of the pervasive developmental disorders as defined by the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders ("DSM") published by the American Psychiatric Association, including autistic disorder, Asperger's disorder, and pervasive developmental disorder not otherwise specified.

Treatment for autism spectrum disorders includes the following care for an individual diagnosed with any of the autism spectrum disorders:

- Medical care - services provided by a licensed doctor, an advanced registered nurse practitioner, or other licensed healthcare Provider;
- Habilitative or rehabilitative care - professional counseling and guidance services, therapy, and treatment programs, including applied behavior analysis, that are necessary to develop, maintain, and restore, to the maximum extent practicable, the functioning of an individual;
- Pharmacy care - Medically Necessary medications prescribed by a licensed doctor or other healthcare practitioner with prescribing authority and any Medically Necessary health-related services to determine the need or effectiveness of the medications;
- Psychiatric care - direct or consultative services provided by a psychiatrist licensed in the State in which the psychiatrist practices;
- Psychological care - direct or consultative services provided by an individual licensed by the Kentucky Board of Examiners of Psychology or by the appropriate licensing agency in the State in which the individual practices;
- Therapeutic care - services provided by licensed speech therapists, occupational therapists, or physical therapists; and
- Applied behavior analysis prescribed or ordered by a licensed health or allied health professional. Applied behavior analysis means the design, implementation, and evaluation of environmental

modifications, using behavioral stimuli and consequences, to produce socially significant improvement in human behavior, including the use of direct observation, measurement, and functional analysis of the relationship between environment and behavior.

No reimbursement is required under this section for services, supplies, or equipment:

- For which the Member has no legal obligation to pay in the absence of this or like coverage;
- Provided to the Member by a publicly funded program;
- Performed by a relative of a Member for which, in the absence of any health benefits coverage, no charge would be made;
- For services provided by persons who are not licensed as required by law;
- For treatments of sexual dysfunction and feeding disorders as listed in the current edition of the Diagnostic and Statistical Manual of the American Psychiatric Association;
- For treatments or other specialized services designed for autism spectrum disorder that are not backed by credible research demonstrating that the services or supplies have a measurable and beneficial health outcome and therefore considered Experimental/Investigational;
- For tuition or services that are school-based for children and adolescents under the Individuals with Disabilities Education Act;
- For learning, motor skills and primary communication disorders, as defined in the current edition of the Diagnostic and Statistical Manual of the American Psychiatric Association and which are not a part of autism spectrum disorder;
- For treatments for the primary diagnoses of learning disabilities, conduct and impulse control disorders, personality disorders and paraphilias;
- For the diagnosis or treatment of mental illness that, in Anthem's reasonable judgment, are any of the following:
    a) Not consistent with generally accepted standards of medical practice for the treatment of such conditions.
    b) Not consistent with services backed by credible research soundly demonstrating that the services or supplies will have a measurable and beneficial health outcome, and are therefore considered Experimental/Investigational.
    c) Not consistent with the Anthem's level of care guidelines or best practices, as modified from time to time.
    d) Not clinically appropriate for the Member's condition based on generally accepted standards of medical practice and benchmarks.

Members receiving treatment for autism have access to autism liaison services. For more information regarding these services, please contact Member Services on the back of your ID Card.

Biomarker Testing Services

This Plan provides coverage for Medically Necessary Biomarker Testing when ordered by a qualified health care provider operating within the Provider's scope of practice for the purpose of diagnosis, treatment, appropriate management, or ongoing monitoring of a Member's disease or condition when the test is supported by medical and scientific evidence, including but not limited to:

- Labeled indications from an FDA-approved or cleared test;
- Indicated tests for an FDA-approved drug;
- Warnings and precautions on FDA-approved drug labels;
- Centers for Medicare and Medicaid Services national coverage determinations;
- Medicare Administrative Contractor local coverage determinations;
- Nationally recognized clinical practice guidelines; or

- Consensus statements.

Clinical Trials

Benefits include coverage for services, such as routine patient care costs given to You as a participant in an approved clinical trial if the services are Covered Services under this Plan. An “approved clinical trial” means a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or other life-threatening conditions. The term life-threatening condition means any disease or condition from which death is likely unless the disease or condition is treated.

Benefits are limited to the following trials:

1. Federally funded trials approved or funded by one of the following:
    a) The National Institutes of Health.
    b) The Centers for Disease Control and Prevention.
    c) The Agency for Health Care Research and Quality.
    d) The Centers for Medicare and Medicaid Services.
    e) Cooperative group or center of any of the entities described in (a) through (d) or the Department of Defense or the Department of Veterans Affairs.
    f) A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
    g) Any of the following in i-iii below if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of Health and Human Services determines 1) to be comparable to the system of peer review of studies and investigations used by the National Institutes of Health, and 2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review. The peer review requirement shall not be applicable to cancer clinical trials provided by i-iii below.
        I. The Department of Veterans Affairs.
        II. The Department of Defense.
        III. The Department of Energy.
2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration (FDA);
3. Studies or investigations done for drug trials which are exempt from the investigational new drug application.

Your Plan may require You to use a Network Provider to maximize Your benefits.

Routine patient care costs include items, services, and drugs provided to You in connection with an approved clinical trial and that would otherwise be covered by this Plan.

All requests for clinical trials services, including requests that are not part of approved clinical trials will be reviewed according to Our Clinical Coverage Guidelines, related policies and procedures.

Dental Services

Accident Related Dental Services

Outpatient Services, doctor home visits and office services, Emergency Care and Urgent Care services received at an Urgent Care Center for dental work and oral surgery are covered if they are for the initial repair of an injury to the jaw, sound natural teeth, mouth or face which are required as a result of an accident and are not excessive in scope, duration, or intensity to provide safe, adequate, and appropriate treatment without adversely affecting the patient’s condition. Injury as a result of chewing or biting is not considered an accidental injury. “Initial” dental work to repair injuries due to an accident means performed within 12 months from the injury, or as reasonably soon thereafter as possible and includes all examinations and treatment to complete the repair. For a child requiring facial reconstruction due to

dental related injury, there may be several years between the accident and the final repair.

Covered Services for accidental dental include, but are not limited to:

- Oral examinations;
- X-rays;
- Tests and laboratory examinations;
- Restorations;
- Prosthetic services;
- Oral surgery;
- Mandibular/maxillary reconstruction;
- Anesthesia.

Other Dental Services

Benefits are provided for anesthesia and Hospital or Facility charges for services performed in a Hospital and ambulatory surgical Facility in connection with dental procedures for Dependents age 19 or younger, Members with serious mental or physical conditions, and Members with significant behavioral problems, where the admitting doctor or treating dentist certifies that, because of the patient's age, condition or problem, hospitalization or general anesthesia is required in order to safely and effectively perform the procedures.

General anesthesia is a drug, gas or other modality that, when administered, causes a complete loss of sensation and a loss of consciousness.

Benefits are not provided for routine dental care.

If the above paragraph is not applicable to a Member, the only other dental expenses that are Covered Services are Facility charges for Outpatient Services. Benefits are payable only if the patient's medical condition or the dental procedure requires a Hospital setting to ensure the safety of the patient.

Diabetes Services

Benefits are provided for medical supplies, services, and equipment used in the treatment of diabetes, including diabetes self-management education programs.

Emergency Care Services

If You are experiencing an Emergency, please call 911 Emergency response system or 988 suicide and crisis lifeline or visit the nearest Hospital for treatment.

Benefits are available in a Hospital Emergency room or independent freestanding Emergency department for services and supplies to treat the onset of symptoms for an Emergency, which is defined below.

Emergency (Emergency Medical Condition)

"Emergency," or "Emergency Medical Condition", means a medical or behavioral health condition of recent onset and sufficient severity, including, but not limited to, severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that his or her condition, sickness, or injury is of such a nature that not getting immediate medical care could result in: (a) placing the patient's health or the health of another person in serious danger or, for a pregnant woman, placing the woman's health or the health of her unborn child in serious danger; (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part. Such conditions include, but are not limited to, chest pain, stroke, poisoning, serious breathing problems, unconsciousness, severe burns or cuts, uncontrolled bleeding, or seizures and such other acute conditions.

Emergency Care means a medical or behavioral health exam done in the Emergency department of a Hospital, or independent freestanding Emergency department and includes services routinely available in the Emergency department to evaluate an Emergency Medical Condition. It includes any further medical or behavioral health exams and treatment required to stabilize the patient.

Stabilize, with respect to an Emergency Medical Condition , regardless of the department of the Hospital in which such further examination or treatment is furnished, means: To provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a Facility. With respect to a pregnant woman who is having contractions, the term "stabilize" also means to deliver (including the placenta), if there is inadequate time to affect a safe transfer to another Hospital before delivery or transfer may pose a threat to the health or safety of the woman or the unborn child.

If You are admitted to the Hospital from the Emergency room, be sure that You or Your doctor calls Us as soon as possible. We will review Your care to decide if a Hospital stay is needed and how many days You should stay. If You or Your doctor does not call Us, You may have to pay for services that are determined to be not Medically Necessary.

Habilitative Services

Habilitative Services are healthcare services and devices that help You keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who is not walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology, and other services for people with disabilities in a variety of Inpatient and/or Outpatient settings.

Covered Services and supplies are those listed below if part of an approved treatment plan and when rendered by a hospice Provider for the palliative treatment of pain and other symptoms associated with a terminal disease. Palliative care means appropriate care which controls pain and relieves symptoms, but is not meant to cure a terminal illness.

In any case, as provided by federal law, We may not require a Provider to get authorization from Us before prescribing a length of stay which is not more than 48 hours for a vaginal birth or 96 hours after a C-section.

Contact the case manager for specific Network transplant Provider information for services received at or coordinated by a Network

transplant Provider Facility. Services received from a Non-Network transplant Facility start on the day of the covered transplant procedure and continue to the date of discharge.

Prior Approval and Precertification

In order to maximize Your benefits, You will need to call Our transplant department to discuss benefit coverage when it is determined a transplant may be needed. You must do this before You have an evaluation and/or work-up for a transplant. We will assist You in maximizing Your benefits by providing coverage information, including details regarding what is covered and whether any clinical coverage guidelines, medical policies, Network transplant Provider requirements, or exclusions are applicable. Please call Us to find out which Hospitals are Network transplant Providers. Contact the Member Services telephone number on the back of Your Identification Card and ask for the transplant coordinator. Even if We issue a prior approval for the covered transplant procedure, You or Your Provider must call Our transplant department for Precertification prior to the transplant whether this is performed in an Inpatient or Outpatient setting.

Precertification is required before We will cover benefits for a transplant. Your doctor must certify, and We must agree, that the transplant is Medically Necessary. Your doctor should send a written request for Precertification to Us as soon as possible to start this process. Please see the “Requesting Approval for Benefits” section for how to obtain Precertification.

Please note that there are instances where Your Provider requests approval for human leukocyte antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final determination as to what transplant procedure will be requested. Under these circumstances, the HLA testing and donor search charges are covered as routine diagnostic testing. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search services performed by an authorized registry and/or a collection and storage is NOT an approval for the subsequent requested transplant. A separate Medical Necessity determination will be made for the transplant procedure.

Transportation and Lodging

We will provide assistance with reasonable and necessary travel expenses as determined by Us when You obtain prior approval and are required to travel more than 75 miles from Your residence to reach the Facility where Your transplant evaluation and /or transplant work-up and covered transplant procedure will be performed. Our assistance with travel expenses includes transportation to and from the Facility and lodging for the patient and one companion. Travel costs for the donor are generally not covered, unless We make an exception and approve them in advance of the procedure. If the Member receiving treatment is a minor, then reasonable and necessary expenses for transportation and lodging may be allowed for two companions. The Member must submit itemized receipts for transportation and lodging expenses in a form satisfactory to Us when claims are filed. Contact Us for detailed information.

For lodging and ground transportation benefits, We will provide a maximum benefit up to the current limits set forth in the Internal Revenue Code.

The human organ and bone marrow/stem cell/cord blood transplant services benefits or requirements described above do not apply to the following:

- Cornea, ventricular assist devices; and
- Any Covered Services, related to a covered transplant procedure, received prior to or after the transplant benefit period. Please note that the initial evaluation and any necessary additional testing to determine Your eligibility as a candidate for transplant by Your Provider and the mobilization, collection and storage of bone marrow / stem cells is included in the covered transplant procedure benefit regardless of the date of service.

The above services are covered as Inpatient services, Outpatient services or doctor home visits and office services depending where the service is performed and are subject to Member Cost Share.

Urgent Care Services

Often an urgent rather than an Emergency health problem exists. An urgent health problem is an unexpected illness or injury that calls for care that cannot wait until a regularly scheduled office visit.

Urgent health problems are not life threatening and do not call for the use of an Emergency room. Urgent health problems include earache, sore throat, and fever (not above 104 degrees). Benefits for Urgent Care may include:

- X-ray services;
- Care for broken bones;
- Tests such as flu, urinalysis, pregnancy test, rapid strep;
- Laboratory services;
- Stitches for simple cuts; and
- Draining an abscess.

Prescription Drugs

This section describes how You can obtain covered Prescription Drugs administered by a medical Provider or through a Retail Pharmacy, Our Home Delivery Pharmacy, or Our Specialty Pharmacy. Please see the information below that describes how Prescription Drugs are covered.

Prescription Drugs Administered by a Medical Provider

Your Plan covers Prescription Drugs, including Specialty Drugs, that must be administered to You as part of a doctor's visit, home care visit, or at an Outpatient Facility and are Covered Services. This may include drugs for infusion therapy, chemotherapy, blood products, certain injectables, and any drug that must be administered by a Provider. This section applies when a Provider orders the drug and a medical Provider administers it to You in a medical setting. Benefits for drugs that You inject or get through Your Pharmacy benefit (i.e., Self-Administered Drugs) are not covered under this section. Benefits for those drugs are described in the "Prescription Drug Benefit at a Retail, Home Delivery, or Specialty Pharmacy" section.

Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, Your prescribing doctor may be asked to give more details before We can decide if the Prescription Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, We have established criteria.

The criteria which are called drug edits, may include requirements regarding one or more of the following:

- quantity, dose, and frequency of administration;
- specific clinical criteria (including requirements regarding age, test result requirements, and/or presence of a specific condition or disease);
- specific Provider qualifications (including REMS certification (Risk, Evaluation and Mitigation Strategies));
- use of an Anthem Prescription Drug List (a formulary developed by Anthem which is a list of drugs that have been reviewed and recommended for use based on their quality and cost effectiveness);
- step therapy requiring one drug, drug regimen or treatment be used prior to use of another drug, drug regimen or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated.

  If You or Your doctor believes the step therapy protocol should be overridden in favor of immediate coverage of the doctor's selected Prescription Drug, please have Your doctor get in touch with Us to request a step therapy exception.

  We will respond to requests for step therapy exceptions within 48 hours of receiving all necessary information to conduct the step therapy review. Our response will indicate whether the exception request is approved, denied or requires additional supplementation.

  If the step therapy exception request is denied You have the right to file an internal appeal as outlined in the "If You Have a Complaint or an Appeal" section of this Contract. If we fail to approve, deny or advise You or your prescribing doctor that additional information is needed within 48 hours of receiving an internal appeal of the denial of a step therapy exception, the exception is deemed approved.

  If an internal appeal for a step therapy exception is denied, You have the right to an external review of the denial as outlined in the "If you Have a Complaint or an Appeal" section of this Contract.

Precertification

Precertification may be required for certain Prescription Drugs to make sure proper use and guidelines for Prescription Drug coverage are followed. We will give the results of Our decision to both You and Your Provider.

For a list of Prescription Drugs that need Precertification, please call the phone number on the back of

Your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under Your Plan. Your Provider may check with Us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Please refer to the section "Requesting Approval for Benefits" for more details.

If Precertification is denied You have the right to file a grievance as outlined in the "If You Have a Complaint or an Appeal" section of this Contract.

Designated Pharmacy Provider

Anthem, in its sole discretion, may establish one or more Designated Pharmacy Provider programs which provide specific Pharmacy services (including shipment of Prescription Drugs) to Members. A Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the Network Provider must have signed a Designated Pharmacy Provider agreement with Us. You or Your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to You or Your Provider and administered in Your Provider's office, You and Your Provider are required to order from a Designated Pharmacy Provider. A Patient Care Coordinator will work with You and Your Provider to obtain Precertification and to assist shipment to Your Provider's office.

We may also require You to use a Designated Pharmacy Provider to obtain Specialty Drugs for treatment of certain clinical conditions such as hemophilia. We reserve Our right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to You. Anthem may, from time to time, change upon advance notice, the Designated Pharmacy Provider for a drug, if in Our discretion, such change can help provide cost effective, value based and/or quality services.

If You are required to use a Designated Pharmacy Provider and You choose not to obtain Your Prescription Drug from a Designated Pharmacy Provider, You will not have coverage for that Prescription Drug.

You can get the list of the Prescription Drugs covered under this section by calling Pharmacy Member Services at the phone number on the back of Your Identification Card or check Our website at www.anthem.com.

Therapeutic Equivalents

Therapeutic Equivalents is a program that tells You and Your doctor about alternatives to certain prescribed drugs. We may contact You and Your doctor to make You aware of these choices. Only You and Your doctor can determine if the therapeutic equivalent is right for You. For questions or issues about therapeutic drug equivalents, call Pharmacy Member Services at the phone number on the back of Your Identification Card.

Prescription Drug Benefit at a Retail, Home Delivery, or Specialty Pharmacy

Your Plan also includes benefits for Prescription Drugs You get at a Retail, Home Delivery, or Specialty Pharmacy. We use a Pharmacy Benefits Manager (PBM) to manage these benefits. The PBM has a network of Retail Pharmacies, a Home Delivery Pharmacy, and a Specialty Pharmacy. The PBM works to make sure drugs are used properly. This includes checking that Prescriptions are based on recognized and appropriate doses and checking for drug interactions or pregnancy concerns.

Note: Benefits for Prescription Drugs, including Specialty Drugs, which are administered to You by a medical Provider in a medical setting (e.g., doctor's office visit, home care visit, or Outpatient Facility) are covered under the "Prescription Drugs Administered by a Medical Provider" benefit. Please read that section for important details.

Prescription Drug Benefits

Prescription Drug benefits may require prior authorization to determine if Your drugs should be covered. Your Network pharmacist will be told if prior authorization is required and if any additional details are needed for Us to decide benefits.

Prior Authorization

Prior authorization is the process of getting benefits approved before certain Prescriptions can be filled.

Prescribing Providers must obtain prior authorization for drug edits in order for You to get benefits for certain drugs. At times, Your Provider will initiate a prior authorization on Your behalf before Your Pharmacy fills Your Prescription. At other times, the Pharmacy may make You or Your Provider aware that a prior authorization or other information is needed. In order to determine if the Prescription Drug is eligible for coverage, We have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- quantity, dose, and frequency of administration;
- specific clinical criteria (including requirements regarding age, test result requirements, and/or presence of a specific condition or disease);
- specific Provider qualifications (including REMS certification (Risk, Evaluation and Mitigation Strategies));
- use of a Prescription Drug List (as described below);
- step therapy requiring one drug, drug regimen or treatment be used prior to use of another drug, drug regimen or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated.

  If You or Your doctor believes the step therapy protocol should be overridden in favor of immediate coverage of the doctor's selected Prescription Drug, please have Your doctor get in touch with Us to request a step therapy exception.

  We will respond to requests for step therapy exceptions within 48 hours of receiving all necessary information to conduct the step therapy review. Our response will indicate whether the exception request is approved, denied or requires additional supplementation.

  If the step therapy exception request is denied You have the right to file an internal appeal as outlined in the "If You Have a Complaint or an Appeal" section of this Contract. If we fail to approve, deny or advise You or your prescribing doctor that additional information is needed within 48 hours of receiving an internal appeal of the denial of a step therapy exception, the exception is deemed approved.

  If an internal appeal for a step therapy exception is denied, You have the right to an external review of the denial as outlined in the "If You Have a Complaint or an Appeal" section of this Contract.

You or Your Provider can get the list of the drugs that require prior authorization by calling Pharmacy Member Services at the phone number on the back of Your Identification Card or check Our website at www.anthem.com. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under Your Plan. Your Provider may check with Us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Anthem may, from time to time, waive, enhance, change or end certain prior authorization and/or alternate benefits, if in Our sole discretion; such change furthers the provision of cost effective, value based and/or quality services.

If prior authorization is denied, You have the right to file a grievance as outlined in the "If You Have a Complaint or an Appeal" section of this Contract.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the FDA and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and You must get them from a licensed Pharmacy. Controlled substances must be prescribed by a licensed Provider with an active Drug Enforcement Administration (DEA) license.

Benefits are available for the following:

- Prescription Drugs from either a Retail Pharmacy or the PBM's Home Delivery Pharmacy;
- Specialty Drugs;
- Self-Administered Drugs. These are drugs that do not need administration or monitoring by a Provider in an office or Facility. Injectables and infused drugs that need Provider administration and/or supervision are covered under the "Prescription Drugs Administered by a Medical Provider" benefit;
- Self-injectable insulin and supplies and equipment used to administer insulin;
- Self-administered contraceptives, including oral contraceptive drugs, self-injectable contraceptive drugs, contraceptive patches, and contraceptive rings; certain contraceptives are covered under the "Preventive Care Services" benefit. Please see that section for more details.
- Flu Shots (including administration).
- Therapeutic food, formulas, supplements, and low protein modified food products prescribed for the treatment of inborn errors of metabolism or genetic conditions, if the food is obtained under the direction of a doctor. Prior authorization is required.
- Self-administered anti-cancer drugs.

Where You Can Get Prescription Drugs

Network Pharmacy

You can visit one of the local Retail Pharmacies in Our Network. Give the Pharmacy the Prescription from Your doctor and Your Identification Card and they will file Your claim for You. You will need to pay any Copayment, Coinsurance, and/or Deductible that applies when You get the drug. If You do not have Your Identification Card, the Pharmacy will charge You the full retail price of the Prescription and will not be able to file the claim for You. You will need to ask the Pharmacy for a detailed receipt and send it to Us with a written request for payment.

Note: If the utilization guidelines of a Prescription Drug suggest there are patterns of its over-utilization or misuse, Your selection of Network Pharmacies may be limited. If this happens, We may require You to select a single Network Pharmacy that will provide and coordinate all future Pharmacy services. Benefits will only be paid if You use the Network Pharmacy. We will contact You if We determine that use of a single Network Pharmacy is needed and give You options as to which Network Pharmacy You may use. If You do not select one of the Network Pharmacies We offer within 31 days, We will select a single Network Pharmacy for You. If You disagree with Our decision, You may ask Us to reconsider it as outlined in the "If You Have a Complaint or an Appeal" section of this Contract.

In addition, if the utilization guidelines for Controlled Substance Prescription Drug(s) suggest there are patterns of its over-utilization or misuse, Your selection of Network Providers for Controlled Substance Prescriptions may be limited. If this happens, We may require You to select a single Network Provider that will provide and coordinate all Controlled Substance Prescriptions. Benefits for Controlled Substance Prescriptions will only be paid if You use the single Network Provider. We will contact You if We determine that use of a single Network Provider is needed and give You options as to which Network Provider You may use. If You do not select one of the Network Providers We offer within 31 days, We will select a single Network Provider for You. If You disagree with Our decision, You may ask Us to reconsider it as outlined in the "If You Have a Complaint or an Appeal" section of this Contract.

Specialty Pharmacy

We keep a list of Specialty Drugs that may be covered based upon clinical findings from the Pharmacy and Therapeutics (P & T) Process, and where appropriate, certain clinical economic reasons. This list will change from time to time. We may require You or Your doctor to order certain Specialty Drugs from the PBM's Specialty Pharmacy.

We have a list of certain Specialty Drugs that We may require You or Your doctor to order from the PBM's Specialty Pharmacy. This list may change from time to time. Specialty Drugs that You receive from the Specialty Pharmacy are limited distribution drugs as well as those drugs that require special handling, Provider coordination, or patient education that cannot be provided by a Retail Pharmacy. If You or Your Provider believes that Your Retail Pharmacy can provide special handling, Provider coordination, and/or patient education, You may contact Us at the Pharmacy Member Services number on the back of Your Identification Card to request an exception to receive the Specialty Drug at the Retail Pharmacy.

When You use the PBM's Specialty Pharmacy its patient care coordinator will work with You and Your doctor to get prior authorization and to ship Your Specialty Drugs to Your home or Your preferred address. Your patient care coordinator will also tell You when it is time to refill Your Prescription.

You can get the list of covered Specialty Drugs by calling Pharmacy Member Services at the phone number on the back of Your Identification Card or check Our website at www.anthem.com.

When You Order Your Prescription Through the PBM's Specialty Pharmacy

You can only have Your Prescription for a Specialty Drug filled through the PBM's Specialty Pharmacy. Specialty Drugs are limited to a 30-day supply per fill. The PBM's Specialty Pharmacy will deliver Your Specialty Drugs to You by mail or common carrier for self-administration in Your home. You cannot pick up Your medication at Anthem.

Specialty Pharmacy Program

If You are out of a Specialty Drug which must be obtained through the PBM's Specialty Pharmacy program, We will authorize an override of the Specialty Pharmacy program requirement for 72-hours, or until the next business day following a holiday or weekend to allow You to get a 72-hour emergency supply of medication, or the smallest packaged quantity, whichever is greater, if Your doctor decides that it is appropriate and Medically Necessary. You may have to pay the applicable Copayment/Coinsurance, if any.

If You order Your Specialty Drug through the PBM's Specialty Pharmacy and it does not arrive, if Your doctor decides that it is Medically Necessary for You to have the drug immediately, We will authorize an override of the Specialty Pharmacy program requirement for a 30-day supply or less to allow You to get an emergency supply of medication from a participating Pharmacy near You. A Member Services representative from the PBM's Specialty Pharmacy will coordinate the exception and You will not be required to pay additional Coinsurance.

Home Delivery Pharmacy

The PBM also has a Home Delivery Pharmacy which lets You get certain drugs by mail if You take them on a regular basis (Maintenance Medication). You can have Your doctor send Prescriptions electronically, via fax or phone call, or You can submit written Prescriptions from Your doctor to the Home Delivery Pharmacy. Your doctor may also call the Home Delivery Pharmacy.

Maintenance Pharmacy

You may also obtain a 90-day supply of Maintenance Medications from a Maintenance Pharmacy. A Maintenance Medication is a Drug You take on a regular basis to treat or control a chronic illness such as heart disease, high blood pressure, epilepsy, or diabetes. If You are not sure if the Prescription Drug You are taking is a Maintenance Medication, please call Pharmacy Member Services at the number on the back of Your Identification Card or check Our website at www.anthem.com for more details.

Maintenance Medication

If You are not sure the Prescription Drug You are taking is a Maintenance Medication, please call Pharmacy Member Services at the number on the back of Your Identification Card or check Our website at www.anthem.com for more details.

When using Home Delivery, We suggest that You order Your refill two weeks before You need it to avoid running out of Your medication. For any questions concerning the Home Delivery program, You can call Pharmacy Member Services at the number on the back of Your Identification Card.

The Prescription must state the dosage and Your name and address; it must be signed by Your doctor.

The first Home Delivery Prescription You submit must include a completed patient profile form. This form will be sent to You upon becoming eligible for this program. Any subsequent Home Delivery Prescriptions for that Insured need only the Prescription and payment enclosed.

Note: Some Prescription Drugs and/or medicines are not available or are not covered for purchase through the Home Delivery Prescription Drug program including, antibiotics, drugs not on the Prescription Drug List, drugs and medications to treat infertility, impotence and/or sexual dysfunction, injectables, including Self-Administered injectables, except insulin. What You Pay for Prescription Drugs

Tiers

Your share of the cost for Prescription Drugs may vary based on the tier the drug is in.

- **Tier 1** drugs have the lowest Coinsurance or Copayment. This tier contains low cost and preferred drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products, or multi-source Brand Drugs.
- **Tier 2** drugs have a higher Coinsurance or Copayment than those in Tier 1. This tier may contain preferred drugs that may be Generic, single source, Biosimilars, Interchangeable Biologic Product or multi-source Brand Drugs.
- **Tier 3** drugs have a higher Coinsurance or Copayment than those in Tier 2. This tier may contain higher cost, preferred, and non-preferred drugs that may be Generic, single source, Biosimilars, Interchangeable Biologic Product or multi-source Brand Drugs.

Prescription Drug List

We also have a Prescription Drug List (a formulary) which is a list of drugs that have been reviewed and recommended for use based on their quality and cost effectiveness. Benefits may not be covered for certain drugs if they are not on the Prescription Drug List.

The Prescription Drug List is developed by Us based upon clinical findings, and where proper, the cost of the drug relative to other drugs in its therapeutic class or used to treat the same or similar condition. It is also based on the availability of over-the-counter medicines, Generic Drugs, the use of one drug over another by Our Members, and where proper, certain clinical economic reasons.

If You have a question regarding whether a drug is on the Prescription Drug List, please refer to Our website at www.anthem.com.

We retain the right, at Our discretion, to decide coverage based upon medication dosages, dosage forms, manufacturer and administration methods (i.e., oral, injected, topical, or inhaled) and may cover one form instead of another as Medically Necessary.

This Plan limits Prescription Drug coverage to those Prescription Drugs listed on Our Prescription Drug List. This formulary contains a limited number of Prescription Drugs, and may be different than the formulary for other Anthem products. Benefits may not be covered for certain Prescription Drugs if they are not on the Prescription Drug List. Generally, it includes select Generic Drugs with limited Brand Drug coverage. This list is subject to periodic review and modification by Anthem. We may add or delete Prescription Drugs from this Prescription Drug List from time to time. Inclusion of a drug or related item on the covered Prescription Drug List is not a guarantee of coverage. A description of the Prescription Drugs that are listed on this Prescription Drug List is available upon request and at www.anthem.com.

Exception Request for a Drug not on the Prescription Drug List

If You or Your doctor believe You need a Prescription Drug that is not on the Prescription Drug List, please have Your doctor or pharmacist get in touch with Us. We will cover the other Prescription Drug only if We agree that it is Medically Necessary and appropriate over the other drugs that are on the Prescription Drug List. We will make a coverage decision within 72 hours of receiving Your request. If We approve the coverage of the drug, coverage of the drug will be provided for the duration of Your Prescription, including refills. If We deny coverage of the drug, You have the right to request an external review by an Independent Review Organization (IRO). The IRO will make a coverage decision within 72 hours of receiving Your request. If the IRO approves the coverage of the drug, coverage of the drug will be provided for the duration of Your Prescription, including refills.

You or Your doctor may also submit a request for a Prescription Drug that is not on the Prescription Drug List based on exigent circumstances. Exigent circumstances exist if You are suffering from a health condition that may seriously jeopardize Your life, health, or ability to regain maximum function, or if You are undergoing a current course of treatment using a drug not covered by the Plan. We will make a coverage decision within 24 hours of receiving Your request. If We approve the coverage of the drug, coverage of the drug will be provided for the duration of the exigency. If We deny coverage of the drug, You have the right to request an external review by an IRO. The IRO will make a coverage decision within 24 hours of receiving Your request. If the IRO approves the coverage of the drug, coverage of the drug will be provided for the duration of the exigency.

Coverage of a drug approved as a result of Your request or Your doctor's request for an exception will only be provided if You are a Member enrolled under the Plan.

Drug Utilization Review

If there are patterns of over utilization or misuse of drugs, We will notify Your personal doctor and Your pharmacist. We reserve the right to limit benefits to prevent over utilization of drugs.

Additional Features of Your Prescription Drug Pharmacy Benefit

Day Supply and Refill Limits

Certain day supply limits apply to Prescription Drugs as listed in the "Schedule of Cost Share and Benefits." In most cases, You must use a certain amount of Your Prescription before it can be refilled. In some cases We may let You get an early refill. For example, We may let You refill Your Prescription early if it is decided that You need a larger dose. We will work with the Pharmacy to decide when this should happen.

If You are going on vacation and You need more than the day supply allowed, You should ask Your pharmacist to call Our PBM and ask for an override for one early refill. If You need more than one early refill, please call Pharmacy Member Services at the number on the back of Your Identification Card.

As required by Kentucky law, this Plan will cover refills of Prescription eye drops as follows:

- For a 30-day supply, between 25 and 30 days from the later of a) the original date the Prescription was filled, or b) the date You received Your most recent refill.
- For a 90-day supply, between 80 and 90 days from the later of a) the original date the Prescription was filled, or b) the date You received Your most recent refill.
- The Plan will also cover one additional bottle of drops every three months when the additional bottle is requested by You or Your prescribing Provider at the time the original Prescription is filled, and the Provider indicates on the Prescription that the additional bottle is needed by You for use in a day care center or school.

Emergency Supply Limits

We will authorize an override of the day supply and refill limits for 72 hours of a Maintenance Medication, or until the next business day following a holiday or weekend to allow You to get a 72-hour emergency supply of medication. We will authorize more than a 72 hour supply if the standard unit of the drug exceeds a 72 hour supply or the drug is used for insulin therapy or the treatment of chronic respiratory diseases. This does not apply to controlled substances or for any drug which is not essential to maintenance of life or continuation of therapy in chronic diseases.

Therapeutic Equivalents

Therapeutic Equivalents is a program that tells You and Your doctor about alternatives to certain prescribed drugs. We may contact You and Your doctor to make You aware of these choices. Only You and Your doctor can determine if the therapeutic equivalent is right for You. For questions or issues about therapeutic drug equivalents, call Pharmacy Member Services at the phone number on the back of Your Identification Card.

Split Fill Dispensing Program

The split fill dispensing program is designed to prevent and/or minimize wasted Prescription Drugs if Your Prescription Drugs or dose changes between fills, by allowing only a portion of Your Prescription to be filled. This program also saves You out-of-pocket expenses.

The Prescription Drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and potential reactions or side-effects. You can access the list of these Prescription Drugs by calling the toll-free Pharmacy Member Services number on Your Member ID Card or log on to the Member web site at www.anthem.com.

Special Programs

Except where prohibited by federal regulations (such as HSA rules), from time to time We may offer programs to support the use of more cost-effective or clinically effective Prescription Drugs including Generic Drugs, Home Delivery drugs, over-the-counter drugs or preferred products. Such programs may reduce or waive Copayments or Coinsurance for a limited time. In addition, We may allow access to network rates for drugs not listed on Our Prescription Drug List.

Rebate Impact on Prescription Drugs You Get at Retail or Home Delivery Pharmacies

Anthem and/or its PBM may also, from time to time, enter into agreements that result in Anthem receiving rebates or other funds (“rebates”) directly or indirectly from Prescription Drug manufacturers, Prescription Drug distributors or others.

You will be able to take advantage of a portion of the cost savings anticipated by Anthem from rebates on Prescription Drugs purchased by You from Retail, Home Delivery, or Specialty Pharmacies under this section. If the Prescription Drug purchased by You is eligible for a rebate, most of the estimated value of that rebate will be used to reduce the Maximum Allowed Amount for the Prescription Drug. Any Deductible or Coinsurance would be calculated using that reduced amount. The remaining value of that rebate will be used to reduce the cost of coverage for all Members enrolled in coverage of this type.

It is important to note that not all Prescription Drugs are eligible for a rebate, and rebates can be discontinued or applied at any time based on the terms of the rebate agreements. Because the exact value of the ultimate rebate will not be known at the time You purchase the Prescription Drug, the amount the rebate applied to Your claim will be based on an estimate. Payment on Your claim will not be adjusted if the later determined rebate value is higher or lower than Our original estimate.

Pediatric Vision Care

These vision care services are covered for Members until the end of the month in which they turn 21. To get Network benefits, use a Blue View Vision eye care Provider. For help finding one, try “Find a Doctor” on Our website, or call Us at the number on Your Identification Card.

Routine Eye Exam

This Contract covers a complete routine eye exam with dilation if needed. The exam is used to check all aspects of Your vision.

Eyeglass Lenses

Standard plastic (CR39) eyeglass lenses up to 55mm are covered, whether they are single vision, bifocal, trifocal (FT 25-28) progressive or lenticular.

There are a number of additional covered lens options that are available through Your Blue View Vision Provider. See the “Schedule of Cost Share and Benefits” for the list of covered lens options.

Frames

Your Blue View Vision Provider will have a collection of frames for You to choose from. They can tell You which frames are included at no extra charge — and which ones will cost You more.

Contact Lenses

Each Year, You can get a lens benefit for eyeglass lenses, non-elective contact lenses or elective contact lenses. But You can only get one of those three options in a given Year (replacement lenses will be covered if they are Medically Necessary). Your Blue View Vision Provider will have a selection of contact lenses for You to choose from. They can tell You which contacts are included at no extra charge – and which ones will cost You more. Benefits also include a contact lens fitting and evaluation.

Elective contact lenses are ones You choose for comfort or appearance.

Non-elective contact lenses are ones prescribed for certain eye conditions:

- Keratoconus where the patient is not correctable to 20/40 in either or both eyes using standard spectacle lenses
- High ametropia exceeding -12D or +9D in spherical equivalent
- Anisometropia of 3D or more
- For patients whose vision can be corrected three lines of improvement on the visual acuity chart when compared to best corrected standard spectacle lenses.

Note: We will not pay for non-elective contact lenses for any Member who has had elective corneal surgery, such as radial keratotomy (RK), photorefractive keratectomy (PRK), or LASIK.

WHAT IS NOT COVERED (EXCLUSIONS)

In this section You will find a review of items that are not covered by Your Plan. Excluded items will not be covered even if the service, supply, or equipment is Medically Necessary. This section is only meant to be an aid to point out certain items that may be misunderstood as Covered Services. This section is not meant to be a complete list of all the items that are excluded by Your Plan.

We will have the right to make the final decision about whether services or supplies are Medically Necessary and if they will be covered by Your Plan.

The following services are not covered:

- Services rendered by Providers located outside the United States, unless the services are for Emergency Care, Urgent Care services received from a BlueCard® participating Provider at an Urgent Care Center, or ambulance services related to an Emergency for transportation to a Hospital.
- Services by Non-Network Providers unless:
  - the services are for Emergency Care, ambulance services related to an Emergency for transportation to a Hospital; or
  - the services are approved in advance by Us.

Medical Services

We will not allow benefits for any of the following services, supplies, situations, or related expenses:

Abortions. For elective abortions and/or fetal reduction surgery. An elective (voluntary) abortion is an abortion for any reason other than to preserve the life of the female upon whom the abortion is performed.

Administrative Charges. Charges to complete claim forms, charges to get medical records or reports, and Membership, administrative, or access fees charged by doctors or other Providers. Examples include fees for educational brochures or calling You to give You test results.

- the evidence demonstrates the service has been shown to be as beneficial for the total population for whom the service might be proposed as any established alternatives; and
- the evidence demonstrates the service has been shown to improve the net health outcomes of the total population for whom the service might be proposed under the usual conditions of medical practice outside clinical investigatory settings.

HOW YOUR CLAIMS ARE PAID

This section describes how Your claims are administered, explains the Cost Sharing features of Your Plan, and outlines other important provisions. The specific Cost Sharing features, and the applicable benefit percentages and/or limitations, are outlined in the "Schedule of Cost Share and Benefits" section.

We consider Covered Services to be incurred on the date a service is provided. This is important because You must be actively enrolled on the date the service is provided.

Cost Sharing Requirements

Cost Sharing is how Anthem shares the cost of healthcare services with You. It means what Anthem is responsible for paying and what You are responsible for paying. You meet Your Cost Sharing requirements through Your payment of Copayments, Deductibles and/or Coinsurance (as described below).

Anthem works with doctors, Hospitals, Pharmacies and other healthcare Providers to control healthcare costs. As part of this effort, most Providers who contract with Anthem agree to control costs by giving discounts to Anthem. Most other insurers maintain similar arrangements with Providers.

The contracts between Anthem and Our Network Providers include a "hold harmless" clause which provides that You cannot be held responsible by the Provider for claims owed by Anthem for healthcare services covered under this Contract.

Covered Services that are not obtained from a PCP, SCP or another Network Provider, or that are not Authorized Services will not be covered. The only exceptions are Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, or Urgent Care services received at an Urgent Care Center. Urgent Care services received at an Urgent Care Center obtained outside the Anthem Service Area are only covered when received from a BlueCard® participating Provider.

Copayment

Copayment means the fixed dollar amount You may be responsible for when You visit a Provider or fill a Prescription for covered Prescription Drugs at the Retail or Home Delivery Pharmacy. In some instances, a Copayment may be required before the Deductible for certain Covered Services. Your Copayment responsibility is shown in Your "Schedule of Cost Share and Benefits." Whether a Copayment applies to a Covered Service, depends on Your Plan's benefit design.

Copayments do not accumulate towards the Deductible, however Copayments satisfied in a Calendar Year accumulate towards the Out-of-Pocket Limit.

Coinsurance

Coinsurance means the percentage of the Maximum Allowed Amount for which You are responsible for a specified Covered Service. For example, if Your Coinsurance percentage listed on Your "Schedule of Cost Share and Benefits" is 20%, You are responsible for 20% of the Maximum Allowed Amount. See the explanation of Maximum Allowed Amount in this section for additional information. Whether a Coinsurance applies to a Covered Service depends on Your Plan's benefit design.

Deductible

A Deductible is a specified dollar amount for Covered Services that the Member must pay within each Calendar Year before Anthem reimburses You for Covered Services. A Copayment may be required before the Deductible for certain Covered Services. The Deductible amount is listed in the "Schedule of Cost Share and Benefits" section. A new Deductible applies at the beginning of each Calendar Year.

Deductible Calculation

Each family Member's Maximum Allowed Amounts for Covered Services is applied to his or her individual Deductible. Once two or more family Members' Maximum Allowed Amounts for Covered Services combine to equal the family Deductible, then no other individual Deductible needs to be met for that Calendar Year. No one person can contribute more than his or her individual Deductible to the family Deductible.

The Deductible applies to most Covered Services even those with a zero percent Coinsurance. An example of services not subject to the Deductible is Network Preventive Care Services required by law.

Generally, Copayments are not subject to and do not apply to the Deductible, however to confirm how Your Plan works, please refer to the "Schedule of Cost Share and Benefits."

Out-of-Pocket Limit

The Out-of-Pocket Limit for Covered Services is the sum of the Deductible and Copayment/Coinsurance maximums paid in a Calendar Year. The Out-of-Pocket Limit is the most You pay for Covered Services in a Calendar Year. Once You meet Your Out-of-Pocket Limit, Anthem will cover 100% of the Maximum Allowed Amount for Covered Services for the rest of that Calendar Year.

Out-of-Pocket Limit Calculation

The Deductible, Coinsurance, and Copayment amounts incurred in a Calendar Year apply to the Out-of-Pocket Limit.

The individual Out-of-Pocket Limit applies to each covered family Member. Once two or more covered family Members' Out-of-Pocket Limits combine to equal the family Out-of-Pocket Limit amount, the Out-of-Pocket Limit will be satisfied for the family for that Calendar Year. No one person can contribute more than his or her individual Out-of-Pocket Limit.

Once the Out-of-Pocket Limit is satisfied, no additional Cost Sharing will be required for the remainder of the Calendar Year.

Out-of-Pocket Limit Exceptions

Please read this section very carefully. Not all money that You pay toward Your healthcare costs are counted toward Your Out-of-Pocket Limit.

Amounts You incur towards Your Deductible, Copayments and/or Coinsurance count towards the Out-of-Pocket Limit. However, the following will never count towards the Out-of-Pocket Limit, nor will they ever be paid under this Plan:

- Amounts exceeding the Maximum Allowed Amount;
- Amounts over any Plan maximum or limitation; and/or
- Expenses for services not covered under this Contract.

Benefit Year Maximum

Some Covered Services have a maximum number of days or visits that Anthem will allow during a Calendar Year. When the Deductible is applied to a Covered Service that has a maximum number of days or visits, the maximum benefits may be reduced by the amount applied to the Deductible, whether or not the Covered Service is paid by Us. These maximums apply even if You have satisfied the applicable Out-of-Pocket Limit. See the "Schedule of Cost Share and Benefits" for those services which have a Benefit Limit.

Balance Billing

Network Providers are prohibited from balance billing. A Network Provider has signed an agreement with Anthem to accept Our determination of the Maximum Allowed Amount or reimbursement rate for Covered Services rendered to a Member who is his or her patient. A Member is not liable for any fee in excess of this determination or negotiated fee, except what is due under the Plan, e.g., Deductibles (if any) or Coinsurance.

When You receive Covered Services from a Non-Network Provider, including services for genetic testing when at risk for cancer, in an Emergency, or when services have been previously authorized, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges unless You receive a Surprise Billing Claim .

Maximum Allowed Amount

General

This provision describes how We determine the amount of reimbursement for Covered Services.

Reimbursement for services rendered by Network and Non-Network Providers is based on Your Contract's Maximum Allowed Amount for the Covered Service that You receive. Please also see "Inter-Plan Programs" provision for additional information.

The Maximum Allowed Amount for this Contract is the maximum amount of reimbursement We will allow for services and supplies:

- that meet Our definition of Covered Services, to the extent such services and supplies are covered under Your Contract and are not excluded;
- that are Medically Necessary; and
- that are provided in accordance with all applicable pre-authorization, Utilization Review, or other requirements set forth in Your Contract.

You will be required to pay a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance.

Generally, services received from a Non-Network Provider under this Contract are not covered except for Emergency care, or when services have been previously authorized by Us. Except for Surprise Billing Claims, when You receive Covered Services from a Non-Network Provider either in an Emergency or when services have been previously authorized, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.

When You receive Covered Services from a Provider, We will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect Our determination of the Maximum Allowed Amount. Our application of these rules does not mean that the Covered Services You received were not Medically Necessary. It means We have determined that the claim was submitted inconsistent with procedure coding rules, reimbursement policies, and/or reimbursement requirements. For example, Your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same doctor or other healthcare professional, We may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is a Network or a Non-Network Provider.

A Network Provider is a Provider who is in the managed network for this specific product or in other closely managed specialty network, or who has a participation contract with Us. For Covered Services performed by a Network Provider, the Maximum Allowed Amount for Your Contract is the rate the Provider has agreed with Us to accept as reimbursement for the Covered Services. Because Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send You a bill or collect for amounts above the Maximum Allowed Amount. However, You may receive a bill or be asked to pay all or a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding a Network Provider or visit Our website www.anthem.com.

Providers who have not signed any contract with Us and are not in any of Our networks are Non-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary Providers. If You use a Non-Network Provider, Your entire claim will be denied except for Emergency care, or unless the services were previously authorized by Us.

Except for Surprise Billing Claims, We will calculate the Maximum Allowed Amount for Covered Services You receive in an Emergency or if previously authorized from a Non-Network Provider, using one of the following:

1. An amount based on Our Non-Network Provider fee schedule/rate, which We have established in Our discretion, and which We reserve the right to modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar Providers contracted with Anthem, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data; or
2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the Maximum Allowed Amount upon the level or method of reimbursement used by CMS, Anthem will update such information, which is adjusted or unadjusted for geographic locality, no less than annually; or
3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers’ fees and costs to deliver care; or
4. An amount negotiated by Us or a third party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management; or
5. An amount based on or derived from the total charges billed by the Non-Network Provider; or
6. An amount based on the Medicaid fee schedule established by the State. When basing the Maximum Allowed Amount upon the level or method of reimbursement established by the State for Medicaid, Anthem will update such information no less than annually.

Providers who are not contracted for this product, but are contracted for other products with Us are also considered Non-Network. For this Contract the Maximum Allowed Amount for services from these Providers will be one of the methods shown above unless the contract between Anthem and that Provider specifies a different amount or if Your claim involves a Surprise Billing Claim.

For services rendered outside Anthem’s Service Area by Non-Network Providers, claims may be priced using the local Blue Cross and/or Blue Shield plan’s non-participating Provider fee schedule/rate or the pricing arrangements required by applicable State or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing We would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price.

Unlike Network Providers, Non-Network Providers may send You a bill and collect for the amount of the Provider's charge that exceeds Our Maximum Allowed Amount unless Your claim involves a Surprise Billing Claim. You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges. This amount can be significant. Choosing a Network Provider will likely result in lower out of pocket costs to You. Please call Member Services for help in finding a Network Provider or visit Our website at www.anthem.com.

Member Services is also available to assist You in determining Your Contract's Maximum Allowed Amount for a particular service from a Non-Network Provider. In order for Us to assist You, You will need to obtain from Your Provider the specific procedure code(s) and diagnosis code(s) for the services the Provider will render. You will also need to know the Provider's charges to calculate Your out-of-pocket responsibility. Although Member Services can assist You with this pre-service information, the final Maximum Allowed Amount for Your claim will be based on the actual claim submitted by the Provider.

For Prescription Drugs, the Maximum Allowed Amount is the amount determined by Us using Prescription Drug cost information provided by the PBM.

Member Cost Share

For certain Covered Services and depending on Your Plan design, You may be required to pay a part of the Maximum Allowed Amount as Your Cost Share amount (for example, Deductible, Copayment, and/or Coinsurance).

We will not provide any reimbursement for non-Covered Services. You will be responsible for the total amount billed by Your Provider for non-Covered Services, regardless of whether such services are performed by Network or Non-Network Provider. Non-Covered Services include services specifically excluded from coverage by the terms of Your Contract and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Your day/visit limits.

The following are examples for illustrative purposes only; the amounts shown may be different than this Contract's Cost Share amounts; see Your "Schedule of Cost Share and Benefits" for Your applicable amounts.

Example: Your Contract has a Coinsurance Cost Share of 20% for Network services after Deductible has been met.

You undergo a nonemergency surgical procedure in a Network Hospital.

- You choose a Network surgeon. The charge was $2500. The Maximum Allowed Amount for the surgery is $1500; Your Coinsurance responsibility when a Network surgeon is used is 20% of $1500, or $300. We allow 80% of $1500, or $1200. The Network surgeon accepts the total of $1500 as reimbursement for the surgery regardless of the charges. Your total out of pocket responsibility would be $300.
- You choose a Non-Network surgeon. Unless previously authorized by Us, all services will be denied and You will be responsible for the total amount billed.

Authorized Services

In some circumstances, such as where there is no Network Provider available for the Covered Service, We may authorize the Network Cost Share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service You receive from a Non-Network Provider. In such circumstance, You must contact Us in advance of obtaining the Covered Service. If We authorize a Network Cost Share amount to apply to a Covered Service received from a Non-Network Provider, You also may still be liable for the difference between the Maximum Allowed Amount and the Non-Network Provider's charge except for Surprise Billing Claims. Please contact Member Services for Authorized Services information or to request authorization.

The following are examples for illustrative purposes only; the amounts shown may be different than this Contract's Cost Share amounts; see Your "Schedule of Cost Share and Benefits" for Your applicable amounts.

Example:

You require the services of a specialty Provider; but there is no Network Provider for that specialty available to You. You contact Us in advance of receiving any Covered Services, and We authorize You to go to an available Non-Network Provider for that Covered Service and We agree that the Network Cost Share will apply.

Your Contract has a $25 Copayment for Network Providers for the Covered Service. The Non-Network Provider's charge for this service is $500. The Maximum Allowed Amount is $200.

Because We have authorized the Network Cost Share amount to apply in this situation, You will be responsible for the Network Copayment of $25 and We will be responsible for the remaining $175 of the $200 Maximum Allowed Amount.

Because the Non-Network Provider's charge for this service is $500, You may receive a bill from the Non-Network Provider for the difference between the $500 charge and the Maximum Allowed Amount of $200. Combined with Your Network Copayment of $25, Your total out of pocket expense would be $325.

Inter-Plan Arrangements

Out-of-Area Services

Overview

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever You access healthcare services outside the geographic area We serve (the "Anthem Service Area"), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When You receive care outside of the Anthem Service Area, You will receive it from one of two kinds of Providers. Most Providers ("participating Providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some Providers ("non-participating Providers") don't contract with the Host Blue. We explain below how We pay both kinds of Providers. Anthem covers only limited healthcare services received outside of the Anthem Service Area. For example, Emergency Care obtained outside the Anthem Service Area is always covered. Urgent Care services received at an Urgent Care Center obtained outside the Anthem Service Area is only covered when received from a BlueCard® participating Provider. Any other services will not be covered when processed through any Inter-Plan Arrangements, unless authorized by Anthem.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that You obtain from a Pharmacy and most dental or vision benefits.

A. BlueCard® Program

Under the BlueCard® Program, when You receive Covered Services within the geographic area served by a Host Blue, We will still fulfill Our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When You receive Covered Services outside the Anthem Service Area and the claim is processed through the BlueCard® Program, the amount You pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to Us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price We used for Your claim because they will not be applied after a claim has already been paid.

B. Special Cases: Value-Based Programs

BlueCard® Program

If You receive Covered Services under a value-based program inside a Host Blue’s Service Area, You will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or care coordinator fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem through average pricing or fee schedule adjustments. Additional information is available upon request.

C. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or State laws or regulations may require a surcharge, tax or other fee. If applicable, We will include any such surcharge, tax or other fee as part of the claim charge passed on to You.

D. Non-participating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When Covered Services are provided outside of Anthem’s Service Area by non-participating Providers, We may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable State or federal law. In these situations, the amount You pay for such services as Deductible, Copayment or Coinsurance will be based on that allowed amount. Also, You may be responsible for the difference between the amount that the non-participating Provider bills and the payment We will make for the Covered Services as set forth in this paragraph. Federal or State law, as applicable, will govern payments for Out-of-Network Emergency Services.

2. Exceptions

In certain situations, We may use other pricing methods, such as billed charges, the pricing We would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price to determine the amount We will pay for services provided by non-participating Providers. In these situations, You may be liable for the difference between the amount that the non-participating Provider bills and the payment We make for the Covered Services as set forth in this paragraph.

E. Blue Cross Blue Shield Global® Core Program

If You plan to travel outside the United States, call Member Services to find out Your Blue Cross Blue Shield Global® Core benefits. Benefits for services received outside of the United States may be different from services received in the United States. - Doctors services;
- Inpatient Hospital care not arranged through Blue Cross Blue Shield Global® Core; and
- Outpatient services.

You will need to file a claim form for any payments made up front.

Payment Authorization

You authorize Us to make payments directly to Providers giving Covered Services for which We provide benefits under this Contract. In no event, however, shall Our right to make payments directly to a Provider be deemed to suggest that any Provider is a beneficiary with independent claims and appeal rights under the Contract. We reserve the right to make payments directly to You as opposed to any Provider for Covered Service, at Our discretion. In the event that payment is made directly to You, You have the responsibility to apply this payment to the claim from the Non-Network Provider. Payments and notice regarding the receipt and/or adjudication of claims may also be sent to an Alternate Recipient (which is defined herein as any child of a Subscriber who is recognized under a "Qualified Medical Child Support Order" as having a right to enrollment under the Subscriber's Contract), or that person's custodial parent or designated representative. Any payments made by Us (whether to any Provider for Covered Service or You) will discharge Our obligation to pay for Covered Services.

Once a Provider gives a Covered Service, We will not honor a request for Us to withhold payment of the claims submitted.

Notice of Claim and Proof of Loss

After You get Covered Services, We must receive written notice of Your claim in order for benefits to be paid.

- Network Providers will submit claims for You. They are responsible for ensuring that claims have the information We need to determine benefits. If the claim does not include enough information, We will ask them for more details, and they will be required to supply those details within certain timeframes.
- Non-Network claims can be submitted by the Provider if the Provider is willing to file on Your behalf. However, if the Provider is not submitting on Your behalf, You will be required to submit the claim. Claim forms are usually available from the Provider. If they do not have a claim form, You can send a written request to Us, or contact Member Services and ask for a claim form to be sent to You. We will send the form to You within 15 days. If You do not receive the claim form within 15 days, You can still submit written notice of the claim without the claim form. The same information that would be given on the claim form must be included in the written notice of claim, including:
    - Name of patient.
    - Patient's relationship with the Subscriber.
    - Identification number.
    - Date, type, and place of service.

- Your signature and the Provider's signature.

Non-Network claims must be submitted within 90 days. Failure to file a claim within 90 days shall not invalidate nor reduce any claim if it was not reasonably possible to file the claim within such time, provided such proof is submitted as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one Year from the time the claim is required to be filed.

The claim must have the information We need to determine benefits. If the claim does not include enough information, We will ask You for more details and inform You of the time by which We need to receive that information. Once We receive the required information, We will process the claim according to the terms of Your Plan.

Claims will be paid within 30 days of the date We get the completed claim and proof of loss.

Please note that failure to submit the information We need by the time listed in Our request could result in the denial of Your claim, unless State or federal law requires an extension. Please contact Member Services if You have any questions or concerns about how to submit claims.

Payment of Benefits

Payment of claims will be made as soon as possible following receipt of the claim, unless more time is required because of incomplete or missing information. We will pay all benefits within 30 calendar days. "Clean claim" means a claim submitted by You or a Provider that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment.

If We fail to pay or deny a clean claim in 30 calendar days and We subsequently pay the claim, We will pay interest to the Provider that submitted the claim, as required under Kentucky law.

Federal/State Taxes/Surcharges/Fees

Federal or State laws or regulations may require a surcharge, tax or other fee. If applicable, We will include any such surcharge, tax or other fee as part of the claim charge passed on to You.

Claim Denials

If benefits are denied, in whole or in part, Anthem will send the Member a written notice within the established time periods described in the section "Payment of Benefits." The Member or the Member's duly authorized representative may appeal the denial as described in the "If You Have a Complaint or an Appeal" section. The adverse determination notice will include the reason(s) for the denial, reference to the Plan provisions(s) on which the denial is based, whether additional information is needed to process the claim and why the information is needed, the claim Appeal procedures and time limits.

If the denial involves a Utilization Review determination, the notice will also specify:

- Whether an internal rule, guideline, protocol or other criterion was relied upon in making the claim decision and that this information is available to the Member upon request and at no charge;
- That an explanation of the scientific or clinical judgment for a decision based on Medical Necessity, Experimental/Investigational treatment or a similar limitation is available to the Member upon request and at no charge.

Right of Recovery and Adjustment

Whenever payment has been made in error, or in excess of the maximum amount of payment necessary to satisfy the provisions of this Plan, We will have the right to recover such payment from You or, if applicable, the Provider or otherwise make appropriate adjustments to claims. In most instances, such recovery or adjustment activity shall be limited to the Calendar Year in which the error is discovered. Except in cases of fraud, we will only recover such payment from the Provider during the 24 months after the date we made payment on the claim submitted by the Provider.

We have oversight responsibility of compliance with Provider and vendor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible.

Additionally, We have established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. We will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount. We may not give You notice of overpayments made by Us or You if the recovery method makes providing such notice administratively burdensome.

Member's Cooperation

Each Member shall complete and submit to the Plan such authorizations, consents, releases, assignments and other documents as may be requested by the Plan in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program. Any Member who fails to cooperate will be responsible for any charge for services.

This authorization remains valid until expressly revoked by notifying Us, Our affiliates, agents or designees in writing of such revocation at any time (except to the extent any action has been taken based on this authorization and/or except as release of such information may be required or authorized by law). Refusal to consent to the release of such information to Us, Our affiliates, agents or designees will permit Us to deny claims for benefits.

Assignment

We may pay either Your doctor or You for any care which You have received. Payment will be for the amount due under this Contract. Benefits are assignable.

Explanation of Benefits

After You receive medical care, You will generally receive an Explanation of Benefits (EOB). The EOB is a summary of the coverage You receive. The EOB is not a bill, but a statement from Us to help You understand the coverage You are receiving. The EOB shows:

- Total amounts charged for services/supplies received;
- The amount of the charges satisfied by Your coverage;
- The amount for which You are responsible (if any);
- General information about Your Appeals rights and for information regarding the right to bring an action after the Appeals process.

Payment Owed to You at Death

Upon the death of a Member, claims will be payable in Our discretion to either the Member's estate or a beneficiary designated to Us. If the Provider is a Network Provider, claims payments will be made to the Provider.

Payment Innovation Programs

We pay Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) - may include financial incentives to help improve quality of care and promote the delivery of healthcare services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by Us from time to time, but they will be generally designed to tie a certain portion of a Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, Network Providers may be required to make payment to Us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect Your access to healthcare. The Program payments are not made as payment for specific Covered Healthcare Services provided to You, but instead, are based on the Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by Us or to Us under the Program(s), and You do not share in any payments made by Network Providers to Us under the Program(s).

IF YOU ARE COVERED BY MORE THAN ONE POLICY

The Coordination of Benefits (COB) provision applies when a person has healthcare coverage under more than one Plan. Plan is defined below.

Please note that several terms specific to this provision are listed below. For this provision, the terms below will have the meanings, as describe in this section. Some of these terms may have different meanings, in other parts of the Contract. In the rest of the Contract, the meaning of a term can be determined based on the "Definitions" section, provided at the end of this Contract.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense.

Coordination of Benefits Definitions

A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, Closed Panel Plans or other forms of group or group-type coverage (whether insured or uninsured); and Medicare or any other federal governmental plan, as permitted by law.
2. Plan does not include: Hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by State law; school accident type coverage; medical benefits under group or individual "no-fault" and traditional "fault" type automobile contracts; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

This Plan means, the part of the contract providing the healthcare benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing healthcare benefits is separate from this Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when You have healthcare coverage under more than one Plan.

When This Plan is Primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is Secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

Allowable Expense is a healthcare expense, including Deductibles, Coinsurance and Copayments that is covered at least in part by any Plan covering You. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging You is not an Allowable Expense.

The Allowable Expense under COB is generally the higher of the Primary and Secondary Plans' allowable amounts. A Network Provider can bill You for any remaining Coinsurance, Deductible and/or Copayment under the higher of the Plans' allowable amounts. This higher allowable amount may be more than Our Maximum Allowed Amount.

The following are not Allowable Expenses:

1. The difference between the cost of a semi-private Hospital room and a private Hospital room is not an Allowable Expense, unless one of the Plans provides coverage for private Hospital room expenses.
2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
3. If You are covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
4. If You are covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the Provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
5. The amount of any benefit reduction by the Primary Plan because a Member has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, Precertification of admissions, and preferred Provider arrangements.
6. The amount that is subject to the Primary high-deductible health Plan’s Deductible, if We have been advised by You that all Plans covering You are high-deductible health plans and You intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code of 1986.

Closed Panel Plan is a Plan that provides healthcare benefits primarily in the form of services through a panel of Providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other Providers, except in cases of emergency or Referral by a panel member.

Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the Calendar Year excluding any temporary visitation.

Order of Benefit Determination Rules

When You are covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.

Except as provided in the paragraph below, a Plan that does not contain a coordination of benefits provision that is consistent with this COB provision is always primary unless the provisions of both Plans state that the complying Plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are placed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is Secondary to that other Plan.

Each Plan determines its order of benefits using the first of the following rules that apply:

Rule (1) Non-Dependent or Dependent. The Plan that covers You other than as a Dependent, for example as an employee, Member, policyholder, Subscriber or retiree is the Primary Plan and the Plan that covers You as a Dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is Secondary to the Plan covering the person as a Dependent; and primary to the Plan covering the person as other than a Dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, Member, policyholder, Subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.

Rule (2) Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Plan the order of benefits is determined as follows:

(A.) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:

- The Plan of the parent whose birthday falls earlier in the Calendar Year is the Primary Plan; or
- If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.

(B.) For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

- If a court decree states that one of the parents is responsible for the Dependent child's healthcare expenses or healthcare coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to Plan years commencing after the Plan is given notice of the court decree;
- If a court decree states that both parents are responsible for the Dependent child's healthcare expenses or healthcare coverage, Rule (2)(A) above shall determine the order of benefits;
- If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the healthcare expenses or healthcare coverage of the Dependent child, Rule (2)(A) above shall determine the order of benefits; or
- If there is no court decree assigning responsibility for the Dependent child's healthcare expenses or healthcare coverage, the order of benefits for the child are as follows:
    - The Plan covering the custodial parent;
    - The Plan covering the spouse of the custodial parent;
    - The Plan covering the non-custodial parent; and then
    - The Plan covering the spouse of the non-custodial parent.

(C.) For a Dependent child covered under more than one Plan of individuals who are not the parents of the child, Rule (2)(A) or Rule (2)(B) above shall determine the order of benefits as if those individuals were the parents of the child.

Rule (3) Active Employee or Retired or Laid-off Employee. The Plan that covers You as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Plan. The Plan covering You as a retired or laid-off employee is the Secondary Plan. The same would hold true if You are a Dependent of an active employee and You are a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if Rule (1) above can determine the order of benefits.

Rule (4) COBRA or State Continuation Coverage. If You are covered under COBRA or under a right of continuation provided by State or other federal law, the Plan covering You as an employee, Member, Subscriber or retiree or covering the person as a Dependent of an employee, Member, Subscriber or retiree is the Primary Plan and the COBRA or State or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if Rule (1) above can determine the order of benefits.

Rule (5) Longer or Shorter Length of Coverage. The Plan that covered You as an employee, Member, policyholder, Subscriber or retiree longer is the Primary Plan and the Plan that covered You the shorter period of time is the Secondary Plan.

Rule (6) If the preceding rules do not determine the order of benefits, the Allowable Expenses will be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefit of This Plan

When This Plan is Secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Plan Year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other healthcare coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim.

Because the Allowable Expense is generally the higher of the Primary and Secondary Plans' allowable amounts, a network Provider can bill You for any remaining Coinsurance, Deductible and/or Copayment under the higher allowable amount. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other healthcare coverage.

If You are enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one Closed Panel Plan; COB shall not apply between that Plan and other Closed Panel Plans.

When This Plan is Secondary, You will receive credit during the Calendar Year for the amount by which Your benefits are reduced. This credit will not be applied to the extent that would cause You to receive:

- A combined benefit from all Plans greater than the Allowable Expense; or
- More benefits during a Calendar Year than You would receive if there were no other coverage.

When the benefits of This Plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of this Plan.

Right to Receive and Release Needed Information

Certain facts about healthcare coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts We need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give Us any facts We need to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, We may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by Us is more than We should have paid under this COB provision, We may recover the excess from one or more of the persons We have paid or for whom We have paid; or any other person or organization that may be responsible for the benefits or services provided for the Member. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Coordination with Medicare

Unless federal law requires the Plan to be the primary payor, the benefits under This Plan for Members age 65 and older, or Members otherwise eligible for Medicare, do not duplicate any benefit Members are entitled to under Medicare. Where Medicare is the responsible payor, all amounts for services that have been paid for by Us that should have been paid for by Medicare shall be reimbursed to Us by or on behalf of the Members.

IF YOU HAVE A COMPLAINT OR AN APPEAL

We want Your experience with Us to be as positive as possible. There may be times, however, when You have a complaint, problem, or question about Your Plan or a service You have received. In those cases, please contact Member Service by calling the number on the back of Your Identification Card.

You will be notified, in writing, if a claim or other request for benefits is denied in whole or in part. If such a request is denied, the notice of denial will explain why benefits were denied and describe Your rights under the Appeals process. A complaint process also exists to help You understand the Plan's determinations.

The Complaint Process

A complaint process is available to provide reasonable, informative responses to complaints that You may have about Us. A complaint is an expression of dissatisfaction that can often be resolved by an explanation from Us of Our procedures and contracts. We invite You to share any concerns that You may have over benefit determinations, coverage terminations, or the quality of care rendered by Providers in Our Networks.

If You have a complaint or problem concerning benefits or services, please contact Us. Please refer to Your Identification Card for Our address and telephone number. You may send in Your complaint by letter or by phone call. Or, if You wish, You may meet with Your local service representative to discuss Your complaint. Members are encouraged to file complaints within 60 days of an initial, adverse action, but must file within six months after receipt of notice of the initial, adverse action. The time required to review complaints does not extend the time in which Appeals must be filed.

The Appeals Process

An Appeal is a formal request from You that asks Us to change a previous determination. If You are notified in writing of any Adverse Determination or Coverage Denial, You will be advised of Your right to an internal Appeal and an external review if appropriate. You also have a right to Appeal if We fail to make a Utilization Review determination and provide written notice within the required time frame, if our failure to make a determination or provide notice of a determination within the required time frame is as a result of circumstances beyond our control. For purposes of this section:

- Coverage Denial means Our determination that a service, treatment, drug or device is specifically limited or excluded under this Contract.
- Adverse Determination means Our denial, reduction, or termination of a benefit (either in whole or in part) based on any of the following:
    - A determination that You are not eligible to participate in the Plan, including the denial, reduction, or termination of a benefit (in whole or in part) as a result of a Utilization Review;
    - A determination that the benefit is Experimental / Investigative or not Medically Necessary;
    - A determination that the benefit is not a covered benefit under the Plan; or
    - A determination that the benefit is excluded due to a source-of-injury exclusion, Network exclusion, or other limitation in the Plan.
- Adverse Determination includes any rescission of coverage, whether or not, in connection with the rescission, there is an adverse effect on any particular benefit.

The internal Appeals process may be initiated by the You, Your authorized representative, or a Provider acting on Your behalf within 60 days of the date You get Our written notice of an Adverse Determination, a Coverage Denial or any other adverse decision We made, but must be filed within six months of the date You get the initial decision. The request should include any medical information pertinent to the Appeal. All portions of the medical records that are relevant to the Appeal and any other comments, documents, records or other information submitted by You relating to the issue being appealed, regardless of whether such information was considered in making the initial decision, will be considered

in the review of the Appeal. Any new medical information pertinent to the Appeal will also be considered. You are entitled to receive, upon request and free of charge, reasonable access to, and copies of, documents, records, and other information relevant to the Appeal.

In addition, We will also provide You, free of charge, with any new or additional evidence We will consider, rely upon, or generate in connection with the claim, as well as Our rationale for making any Adverse Determination. We will provide this as soon as possible and sufficiently in advance of the date on which the final Adverse Determination is due, by law, to give You a reasonable opportunity to respond prior to that date.

You will continue to get coverage under the Plan pending the outcome of the internal Appeal, as long as You remain eligible for coverage. If You have undertaken an ongoing course of treatment, We will only reduce or terminate it after giving You advance notice.

If a representative is seeking an Appeal on Your behalf, We must get a signed Designation of Representation (DOR) form from You. The Appeal process will not begin until We get the properly completed DOR form. The only exception to this is if a doctor requests an expedited internal Appeal on Your behalf, the doctor will be deemed to be Your representative for the purpose of filing the expedited internal Appeal even though We did not get the signed form. We will forward a Designation of Representation form to You to complete in all other situations.

We will ensure that Appeals are reviewed in a manner designed to ensure the independence and impartiality of the individuals responsible for reviewing Your request (referred to as qualified reviewers). The qualified reviewers will not be the same people who made the initial denial or determination. They will not be the subordinates of the initial decision maker either and no deference will be given to the initial decision. If the internal Appeal is related to an Adverse Determination or any other adverse decision that is based in whole or in part on a medical judgment, at least one person conducting the Appeal will be a licensed doctor (or if the determination involves services rendered by a Chiropractor or Optometrist, a Chiropractor or Optometrist licensed in Kentucky) unless a nurse can approve the request. If the Appeal is related to a medical or surgical specialty or subspecialty, upon Your request, the request of Your authorized representative or Your Provider, at least one person conducting the Appeal will be a board eligible or certified doctor in the appropriate specialty or subspecialty.

Within a reasonable time given the medical circumstances and no later than 30 days after We get a written or an oral request for Appeal, We will send a written decision to You or Your authorized representative and, if applicable, Your Provider.

If We fail to resolve the Appeal within the required time, You may pursue external review as described later in this section. This option is not available, however, if Our failure to resolve the Appeal is due to a de minimus violation that does not cause harm to You or is not likely to cause prejudice or harm to You, if the delay is for good cause or due to matters beyond Our control, and is part of an ongoing, good faith exchange of information between You and Us.

Please refer to the “Prescription Drug List” subsection under the “Prescription Drugs” section for the process for submitting an exception request for drugs not on the Prescription Drug List.

Expedited Appeals

An expedited Appeal is deemed necessary when You are hospitalized, or in the opinion of the treating Provider (or any doctor with knowledge of Your medical condition), review under the standard time frame could, in the absence of immediate medical attention, result in any of the following:

- Placing Your health or, with respect to a pregnant woman, Your health or Your unborn child in serious jeopardy;
- Subjecting You to severe pain that cannot be adequately managed;
- Serious impairment to bodily functions;
- Serious dysfunction of a bodily organ or part; or
- Any claim that a doctor with knowledge of Your medical condition determines is a claim involving Urgent Care.

In addition, Members in Urgent Care situations and Members receiving an ongoing course of treatment may be allowed to proceed with an expedited external review at the same time as the internal Appeals process.

The Plan, applying a prudent lay person standard, may also determine that an Appeal may be expedited. The request for an expedited internal Appeal may be in writing or an oral request, followed up by an abbreviated written request by You, Your authorized representative or Provider acting on Your behalf. We have the right to require verification from the treating Provider (or other doctor with knowledge of Your medical condition), that Your condition warrants an expedited internal Appeal.

The process for the expedited internal Appeal is similar to the standard internal Appeal, except that We will communicate Our decision to You or Your authorized representative as soon as possible taking into account the medical urgency of the situation, but no later than 72 hours after receipt of the request for an expedited internal Appeal. All necessary information, including Our decision on review, shall be transmitted between Us and You or Your authorized representative by phone, facsimile, or other available similarly expeditious method.

If Our decision is to uphold a Coverage Denial, You, Your authorized representative or a Provider acting on behalf of and with Our consent may contact the Kentucky Department of Insurance, Health and Life Division, 500 Mero Street, 2 SE 11, P.O. Box 517, Frankfort, KY 40602, and request a review of Our decision. The Department will make a determination as to whether the service should or should not be covered. If the Department determines the disputed service should be covered, it may direct Us to either pay the service or offer external review to resolve the issue.

External Review by an Independent Review Entity

You, Your authorized representative, or a Provider acting on Your behalf and with Your consent may request an external review of an Adverse Determination if the following criteria are met:

- The internal Appeal process outlined above was completed or jointly waived by You and Us or We failed to make a decision within 30 days of receiving the written Appeal or within 72 hours of receiving the request for an expedited Appeal; and
- You were covered under this Contract on the date of service or, if a prospective denial, You were eligible to receive benefits under this Contract on the date the proposed service was requested.

The request for an external review of an Adverse Determination must be sent to Us within four months of the date You get Our written decision rendered under the internal Appeals process. As part of the request, You shall provide written consent authorizing the independent review entity to get all medical records from Us and any Provider utilized for review purposes regarding the decision to deny, limit, reduce or terminate coverage.

We will determine if Your request qualifies for independent review and will refer all eligible requests to the Kentucky Department of Insurance, who will assign an independent review entity. Independent review entities are assigned on a rotating basis so that We do not have the same independent review entity for two consecutive external reviews. We will inform You in writing of the independent review entity that will conduct the review and inform You of their right to submit additional information to the independent review entity within five days. If the independent review entity receives the information within five days they will include it in their review and forward a copy to Us within one day. We will also forward all information required to be considered for an external review to the independent review entity within three business days of assignment.

You will be assessed a filing fee of $25 to be paid to the independent review entity. This fee may be waived if the independent review entity determines that the fee creates a financial hardship on You. The fee shall be refunded if the independent review entity finds in favor of You. If You send in multiple requests for external review within a one-Year period, You will not have to pay more than $75 per Year in filing fees. We will be responsible for the rest of the cost of the external review.

The independent review entity will send a written decision to You within 21 days from the date they get all of the information required from Us. An extension of up to 14 days may be allowed if agreed to by You and Us. In no event will the independent review entity take longer than 45 days to complete their review.

You will not be able to get an external review of an Adverse Determination if:

- Your Adverse Determination has previously gone through the external review process and the independent review entity found in Our favor; and
- No new relevant new clinical information has been sent to Us since the independent review entity found in Our favor.

If a dispute arises between You and Us about the right to an external review, You may file a complaint with the Kentucky Department of Insurance. Within five days of the date they get Your complaint, the Department will make a decision. They may direct Us to send the dispute to an independent review entity for an external review if they find that the dispute involves denial of coverage based on Medical Necessity or the service being Experimental/Investigative and all other external review requirements have been met.

Expedited External Reviews

External reviews shall be done in an expedited manner by the independent review entity if You are hospitalized, or if, in the opinion of the treating Provider, review under the standard time frame could, in the absence of immediate medical attention, result in any of the following:

- Placing Your health or, with respect to a pregnant woman, Your health or the health of Your unborn child in serious jeopardy;
- Subjecting You to severe pain that cannot be adequately managed;
- Serious impairment to bodily functions; or
- Serious dysfunction of a bodily organ or part.

Expedited reviews are also available if You are requesting review of a decision that a recommended or requested service is Experimental/Investigative and Your doctor certifies in writing that the requested service would be significantly less effective if not promptly initiated.

Members may pursue an expedited external review while simultaneously pursuing an expedited internal Appeal.

The request for an expedited external review may be in writing or an oral request, followed up by an abbreviated written request, by You, Your authorized representative or a Provider acting on Your behalf with Your consent. Requests for expedited external review shall be sent by Us to the independent review entity within 24 hours of receipt. We will call the independent review entity to confirm that a Specialist is available and that the review has been accepted.

For expedited external review, a decision shall be made by the independent review entity within 24 hours of getting all information required from Us. An extension of up to 24 hours may be allowed if agreed to by You and Us. We will provide notice to the independent review entity and to You by the same day that the Adverse Determination has been assigned to an independent review entity for expedited review. In no event will the independent review entity take longer than 72 hours to complete their review.

The Decision of the Independent Review Entity

The independent review entity shall provide to You, Your treating Provider, the Kentucky Department of Insurance and Us a decision which shall include:

- The findings for either Us or You regarding each issue under review;
- A summary of the proposed service, treatment, drug, device or supply for which the review was performed;
- The relevant provisions in the Contract and how they were applied; and
- The relevant provisions of any nationally recognized and peer-reviewed medical or scientific documents used in the external review.

Records provided to independent review organizations are handled as confidential records.

The decision of the independent review entity will be binding on Us and You except to the extent that there are remedies available under applicable State or federal law.

    a. For purposes of this Contract, a domestic partner shall be treated the same as a spouse, and a domestic partner's child, adopted child, or child for whom a domestic partner has legal guardianship shall be treated the same as any other child.
    b. A domestic partner's or a domestic partner's child's coverage ends at the end of the month of the date of dissolution of the domestic partnership.

The Plan must be informed of the Dependent's eligibility for continuation of coverage within 31 days after the date the Dependent would normally become ineligible. You must notify Us if the Dependent's status, including marital status changes and they are no longer eligible for continued coverage.

The Plan may require the Subscriber to submit proof of continued eligibility for any Dependent. Your

failure to provide this information could result in termination of a Dependent's coverage.

Temporary custody is not sufficient to establish eligibility under this Contract.

Any foster child who is eligible for benefits provided by any governmental program or law will not be eligible for coverage under this Contract unless required by the laws of this State.

If You are required by a court order, as defined by applicable State or federal law, to enroll Your child under this Contract, and the child is otherwise eligible for the coverage, We will permit Your child to enroll under this Contract, and We will provide the benefits of this Contract in accordance with the applicable requirements of such order.

A child's coverage under this provision will not extend beyond any Dependent Age Limit. Any claims payable under this Contract will be paid, at Our discretion, to the child or the child's custodial parent or legal guardian, for any expenses paid by the child, custodial parent, or legal guardian. We will make information available to the child, custodial parent, or legal guardian on how to obtain benefits and submit claims to Us directly.

Effective Date of Coverage

The earliest Effective Date for the annual open enrollment period is the first day of the following Calendar Year. The actual Effective Date is determined by the date Anthem receives a complete application with the applicable Premium payment. The Subscriber will receive the Anthem Welcome Letter specifying the Effective Date and the applicable Premium, such letter is incorporated herein by reference.

Effective Dates for Special Enrollment periods

1. In the case of birth, adoption or placement for adoption, coverage is effective on the date of birth, adoption, or placement for adoption unless the Subscriber timely requests a different Effective Date;
2. In the case of marriage, coverage is effective on the first day of the month after We receive a complete application, as long as the application is received within 60 days of the event;

If the Plan selection is made on or after the day of the triggering event, coverage is effective on the first day of the month following the Plan selection.

2. Situations allowing for a rescission such as fraud or intentional misrepresentation of material fact.

Notice of Changes

The Subscriber is responsible to notify Us of any changes that will affect his or her eligibility or that of Dependents for services or benefits under this Contract. We must be notified of any changes as soon as possible but no later than within 60 days of the event. This includes changes in address, marriage, divorce, death, change of Dependent's impairment or dependency status. Failure to notify Us of persons no longer eligible for services will not obligate Us to pay for such services. Acceptance of Premium for persons no longer eligible for services will not obligate Us to pay for such services.

Family coverage should be changed to single coverage when only the Subscriber is eligible. When notice is provided within 60 days of the event, the Effective Date of coverage is the event date causing the change to single coverage. The Plan must be notified when a Member becomes eligible for or enrolled in Medicare.

All notifications must be in writing and on approved forms. Such notifications must include all information required to effect the necessary changes.

Statements and Forms

Subscribers or applicants for membership shall complete and submit to the Plan applications or other forms or statements the Plan may request. Subscribers or applicants for membership represent to the best of their knowledge and belief that all information contained in such applications, questionnaires, forms, or statements submitted to the Plan is true, correct and complete. Subscribers and applicants for membership understand that all rights to benefits under this Contract are subject to the condition that all such information is accurate. Any act, practice, or omission that constitutes fraud or an intentional misrepresentation of material fact by a Member may result in termination or rescission of coverage.

WHEN MEMBERSHIP ENDS (TERMINATION)

This section describes how coverage for a Member can be terminated, cancelled, rescinded, suspended or not renewed.

Termination of the Member

The Member's coverage will terminate if any of the following occurs:

1. The Member terminates his/her coverage with appropriate notice to Anthem.
2. The Member no longer meets the eligibility requirements for coverage under this Contract.
3. The Member fails to pay his or her Premium, and the grace period has been exhausted.
4. Rescission of the Member's coverage.

Effective Dates of Termination

Except as otherwise provided, Your coverage may terminate in the following situations. This information provided below is general, and the actual effective date of termination may vary based on Your specific circumstances; for example, in no event will coverage be provided beyond the date through which Premium is paid in full:

- If You terminate Your coverage, termination will be effective on the last day of the billing period in which We receive Your notice of termination.
- If the Member moves outside of the Service Area, or the Member is not located within the Service Area, coverage terminates for the Member and all covered Dependents at the end of the billing period that contains the date the Member failed to meet any of the conditions above regarding the Service Area.
- A Dependent's coverage will terminate at the end of the billing period in which notice was received by Us that the person no longer meets the definition of Dependent.
- In the case where a Member is no longer eligible for coverage as an overage Dependent, coverage for Dependent children ends on the last day of the Benefit Year in which the child turns age 26.
- If You permit the use of Yours or any other Member's Plan Identification Card by any other person; use another person's card; or use an invalid card to obtain services, Your coverage will terminate immediately upon Our written notice. Any Subscriber or Dependent involved in the misuse of a Plan Identification Card will be liable to and must reimburse Us for the Maximum Allowed Amount for services received through such misuse.
- If You stop being an eligible Subscriber, or do not pay the required Premium, coverage terminates for all Members at the end of the period for which Premium is paid subject to the grace period. We will provide the Subscriber 30 days written notice of cancellation for nonpayment of Premium by regular, first class mail.

IMPORTANT: Termination of the Contract automatically terminates all Your coverage as of the date of termination, whether or not a specific condition was incurred prior to the termination date. Covered Services are eligible for payment only if Your Contract is in effect at the time such services are provided.

Guaranteed Renewable

Coverage under this Contract is guaranteed renewable, except as permitted to be terminated, cancelled, rescinded, or not renewed under applicable State and federal law. The Member may renew this Contract by payment of the renewal Premium by the end of the grace period of the Premium due date, provided the following requirements are satisfied:

1. Eligibility criteria continues to be met;
2. There are no fraudulent or intentional misrepresentations of material fact on the application or

under the terms of this coverage;
3. Membership has not been terminated by Anthem under the terms of this Contract.

Loss of Eligibility

Coverage ends for a Member when he or she no longer meets the eligibility requirements for coverage. You must timely furnish any information requested regarding Your eligibility and the eligibility of Your Dependents. Failure to give timely notification of a loss of eligibility will not obligate Us to provide benefits for ineligible persons, even if We have accepted Premiums or paid benefits.

Rescission

If within two Years after the Effective Date of this Contract, We discover any act, practice or omission that constitutes fraud or an intentional misrepresentation of material fact that You or Your covered Dependents did not disclose on Your application, We may terminate or rescind this Contract as of the original Effective Date. Additionally, if within two Years after adding an additional Dependent (excluding newborn children of the Subscriber added within 31 days of birth), We discover any act, practice or omission that constitutes fraud or an intentional misrepresentation of material fact that You or Your covered Dependent did not disclose on the application, We may terminate or rescind coverage for the additional Dependent as of his or her original Effective Date. We will give You at least 30 days written notice prior to rescission of this Contract.

This Contract may also be terminated if You engage in fraudulent conduct, furnish Us fraudulent or misleading material information relating to claims or if You knowingly participate in or permit fraud or deception by any Provider, vendor or any other person associated with this Contract. Termination will be effective 31 days after Our notice of termination is mailed. We will also terminate Your Dependent's coverage, effective on the date Your coverage is terminated.

You are responsible to pay Us for the cost of previously received services based on the Maximum Allowed Amount for such services, less any Copayment/Coinsurance made or Premium paid for such services. After the two Years following Your Effective Date, We may only rescind or terminate Your coverage on the basis of any act, practice or omission that constitutes fraud.

Time Limit on Certain Defenses

After three Years from the date of issue of this Contract, no misstatements, except fraudulent misstatements, made by You in the application for the Contract will be used to void or cancel the Contract or to deny a claim.

Discontinuation of Coverage

We can refuse to renew Your Contract if We decide to discontinue a health coverage product that We offer in the individual market. If We discontinue a health coverage product, We will provide You with at least 90 days notice of the discontinuation. In addition, You will be given the option to purchase any health coverage plan that We currently offer without regard to claims status or health history. Discontinuation will not affect an existing claim.

After Termination

Once this Contract is terminated, the former Members cannot reapply until the next annual open enrollment period unless they experience an event that qualifies for a special enrollment period prior to the annual open enrollment period.

Grace Period

This Contract has a 31 day grace period. This means if any Premium except the first is not paid by its payment due date, it may be paid during the next 31 days. In order for a Premium to be considered paid during the grace period, We must receive it by the last day of the grace period. During the grace period, the Contract will stay in force and claims will be pended unless prior to the date Premium payment is due You give timely written notice to Us that the Contract is to be terminated. If You do not make the full Premium payment during the grace period, the Contract will be terminated on the last day through which

Premium is paid. You will be liable to Us for any claims payments made for services incurred after the date through which Premium is paid.

Removal of Members

A Subscriber may terminate the enrollment of any Member from the Plan. If this happens, no benefits will be provided for Covered Services received after the Member's termination date.

Refund of Premium

Upon termination, We shall return promptly the unearned portion of any Premium less any claims paid.

Reinstatement

If Your Contract has been terminated for non-payment, We may reinstate Your coverage or We may decline to reinstate Your coverage. We have the right to require an application for Reinstatement and issue a conditional receipt for the Premium. If You have not been notified in writing, within 45 days of the date of the conditional receipt, of Our disapproval of Your application for Reinstatement, Your Contract will be reinstated on the 45th day following the date of the conditional receipt.

Premium accepted in connection with a Reinstatement will not be applied to a period more than 60 days prior to the date of Reinstatement.

If We fail to provide You with a 30 day written notice of Our cancellation, coverage will remain in effect at the existing Premium until 30 days after the notice is given or the effective date of replacement coverage obtained by the Subscriber, whichever occurs first.

IMPORTANT INFORMATION ABOUT YOUR COVERAGE

Additional Benefits

The Plan has the authority to cover services and supplies not specifically covered by the Contract. This applies if the Plan determines such services and supplies are in lieu of more expensive services and supplies which would otherwise be required for the care and treatment of a Member.

Premium

You shall have the responsibility for remitting payments to Anthem as they come due. Even if You have not received a Premium notice from Anthem, You are still obligated to pay, at a minimum, the amount of the prior Premium notice.

In the event that there are insufficient funds in Your account to cover the amount of Your Premium payment at the time Your payment is presented to Your financial institution, a fee may appear on a subsequent Premium notice to satisfy the fee charged for insufficient funds.

The Member's monthly Premium for this Contract is stated in the Anthem Welcome Letter. The Contract between Us and the Subscriber includes this Contract, Your Schedule of Cost Share and Benefits, Your application, any supplemental application or change form, Your Identification Card, and any endorsements or riders and Your Anthem Welcome Letter. Please keep the letter and attach it to Your Contract.

The amount of Premium is also printed on Your Premium notice; however, this amount is subject to change as allowed by law. We will not increase Premium for any reason without giving You at least 60 days written notice. We will then send You a new notice with the new Premium amount.

If a Premium increase is necessary, We will bill You for the extra amount due. If this amount is not paid, this Contract will be terminated at the end of the grace period and You will receive a refund of any unearned Premium.

If a decrease in Premium is appropriate, We will adjust what is owed to Us and let You know the new amount of Premium due. We will refund or credit the overage amount to You.

If We have not charged the proper amount of Premium, We will let You know the new amount of Premium due from You. We will refund or credit the overage amount that has been overpaid to Us. You must pay Us any amounts that should have been paid but were not.

If Premium has been paid for any period of time after this Contract has been terminated, We will refund that Premium to You. The refund will be for that period of time after Your coverage ends.

Please see Refund of Premium in the "When Membership Ends (Termination)" section.

Changes in Premiums

The Premium rates are guaranteed for the 12 month period following the first day of the Calendar Year.

The Premium for this Contract may change subject to, and as permitted by, applicable law. You will be notified of a Premium change at the address in Our records at least 60 days prior to such change. Any such change will apply to Premiums due on or after the effective date of change. If advance Premiums have been paid beyond the effective date of a rate change, such Premiums will be adjusted as of that effective date to comply with the rate change. Additional Premiums may be billed, if necessary, for future periods.

Payment of the Premium by the Subscriber shall serve as notice of the Subscriber's acceptance of the

change.

How to Pay Your Premium

After making Your initial Premium payment, You can make future payments by the following methods:

- online at www.anthem.com
- by mail using the address on Your Premium notice
- by authorizing Us to automatically deduct Your Premium payment from Your financial institution account every month
- by using Our mobile application

To learn more about any of these options, please contact Member Services at the number on the back of Your Identification Card.

Electronic Funds Transfer

If You submit a personal check for Premium payment, You automatically authorize Us to convert that check into an electronic payment. We will store a copy of the check and destroy the original paper check. Your payment will be listed on the financial institution account statement as an Electronic Funds Transfer (EFT). Converting Your paper check into an electronic payment does not authorize Us to deduct Premiums from Your account on a monthly basis unless You have given Us prior authorization to do so.

Administrative Fee

An administrative fee of $20 will be charged for any check, automatic deduction, or Electronic Funds Transfer which is returned or dishonored by the financial institution as non-payable to Anthem for any reason.

Premiums Paid by a Third Party

Anthem will accept Premium payments made on behalf of Subscribers if the Premium is paid by the following persons or entities:

- The Ryan White HIV/AIDS Program;
- Other Federal and State government programs that provide Premium and Cost Sharing support for specific individuals;
- Indian tribes, tribal organizations and urban Indian organizations;
- Any other organization that is not a church or association of churches that does not receive funding in any form from a health care Provider and Premium assistance payments are sufficient to cover Your Premium for a full Benefit Year;
- Any organization that has been issued an Advisory Opinion by the Secretary of the U.S. Department of Health and Human Services that the organization does not conduct a Premium assistance program that is not prohibited remuneration in violation of federal law; the program as conducted would not constitute grounds for the imposition of civil monetary penalties, or the issuing agency would not impose sanctions in connection with the program; or
- A relative or legal guardian on behalf of a Subscriber.

Unless required by law, Anthem does not accept Premium payments from third parties that are not listed above. Examples of third parties from whom Anthem will not accept Premium payments include, but are not limited to, Providers, Hospitals, not-for-profit organizations (including religious organizations) that have or whose primary donors have a financial interest in the benefits of the contract/policy, commercial entities with a direct or indirect financial interest in the benefits of the contract/policy and employers that offer coverage under an employer health plan.

Policies, Procedures and Pilot Programs

We are able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the Plan more orderly and efficient. Members must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the Plan, We have the authority, in Our sole discretion, to introduce or terminate from time to time, pilot or test programs for disease management, care management, case management, clinical quality or wellness initiatives that may result in the payment of benefits not otherwise specified in this Plan. We reserve the right to discontinue a pilot or test program at any time.

Confidentiality and Release of Information

Applicable State and federal law requires Us to undertake efforts to safeguard Your medical information.

For informational purposes only, please be advised that a statement describing Our policies and procedures regarding the protection, use and disclosure of Your medical information is available on Our website and can be furnished to You upon request by contacting Our Member Services department.

Obligations that arise under State and federal law and policies and procedures relating to privacy that are referenced but not included in this Contract are not part of the Contract between the parties and do not give rise to contractual obligations.

Right to Receive and Release Needed Information

Certain facts are needed to apply these rules. We have the right to decide which facts We need. Subject to applicable privacy restrictions, We may obtain needed facts from, or give them to, any other organization or person. We need not tell You or obtain Your consent to do this. Each person claiming benefits under this Plan must give Us any facts We need to pay the claim.

If You have enrolled in a Plan associated with a Health Savings Account (HSA) provided by Our service provider, You have agreed to allow Us to disclose Your name, social security number, and claims data, and that of Your dependents if applicable, to Our service provider to support Your HSA.

Notice of Privacy Practices

We are committed to protecting the confidential nature of Members' medical information to the fullest extent of the law. In addition to various laws governing Member privacy, We have Our own privacy policies and procedures in place designed to protect Member information. We are required by law to provide individuals with notice of Our legal duties and privacy practices. To obtain a copy of this notice, visit Our website or contact Our Member Services department.

Catastrophic Events

In case of fire, flood, war, civil disturbance, court order, strike, an act of terrorism or other cause beyond Our control, We may be unable to process Your claims on a timely basis. No legal action or lawsuit may be taken against Us due to a delay caused by any of these events. In such an event, however, We shall use reasonable efforts to perform Our respective obligations.

Contract Modifications

The Plan reserves the right to change the benefit provisions effective on Your renewal date, and the terms and conditions thereof, provided for under this Contract by giving written notice to the Subscriber not less than 30 days prior to the Effective Date of such change; however, such notice requirement shall not apply to changes in benefits provisions that are required by State or federal law.

Clerical Error

A clerical error will never disturb or affect a Member's coverage, as long as the Member's coverage is valid under the rules of this Contract. This rule applies to any clerical error, regardless of whether it was the fault of the Subscriber or the Plan.

Refusal to Follow Recommended Treatment

If a Member refuses treatment that has been recommended by Our Network Provider, the Provider may decide that the Member's refusal compromises the Provider-patient relationship and obstructs the provision of proper medical care. Providers will try to render all necessary and appropriate professional services according to a Member's wishes, when they are consistent with the Provider's judgment. If a Member refuses to follow the recommended treatment or procedure, the Member is entitled to see another Provider of the same specialty for a second opinion. The Member can also pursue the Appeal process.

Effective Date of Contract

Coverage begins for the persons covered under this Contract on the Effective Date stated in the Anthem Welcome Letter, and such letter is incorporated herein by reference.

Entire Contract

This Contract, the application, any riders, endorsements or amendments, constitute the entire Contract between the Plan and You and, as of the Effective Date, supersede all other agreements between the parties. Any and all statements made to the Plan by You and any and all statements made to You by the Plan are representations and not warranties, and no such statement, unless it is contained in a written application for coverage under this Contract, shall be used in defense to a claim under this Contract.

Note: The laws of the State in which this Contract was issued will apply unless otherwise stated herein.

Misstatement of Age

If the Premium for this Contract is based on Your age and if Your age has been misstated, the benefits will be those the Premium paid would have purchased at the correct age.

Notice

Any notice given under this Contract shall be in writing. The notices shall be sent to: Anthem Blue Cross and Blue Shield at P.O. Box 37730, Louisville, Kentucky 40233-7730. If We are forwarding You a notice, it will be sent to Your most recent address as it appears in the Plan's records.

Not Liable for Provider Acts or Omissions

We are not liable for the acts or omissions by any individuals or institutions furnishing care or services to You.

Headings

The headings and captions in this Contract are not to be considered a part of this Contract and are inserted only for purposes of convenience.

Physical Examinations and Autopsy

We, at Our own expense, shall have the right and opportunity to examine the Member when and as often as it may reasonably be required during the pendency of a claim and to make an autopsy in case of death where it is not prohibited by law.

Reservation of Discretionary Authority

The Plan, or anyone acting on Our behalf, shall determine the administration of benefits and eligibility for participation in such a manner that has a rational relationship to the terms set forth herein. However, We, or anyone acting on Our behalf, have, to the fullest extent permitted under applicable law, discretion to determine administration of Your benefits. Our determination shall be binding, subject to any rights of complaint and/or Appeal provided under the Contract or under applicable law. This may include, without limitation, determinations of whether the services, care, treatment, or supplies are Medically Necessary, Experimental/Investigational, whether surgery is cosmetic, and whether charges are consistent with Our Maximum Allowed Amount. However a Member may utilize all applicable complaint and/or Appeals procedures specified in the Contract or otherwise required by applicable law. This reservation of discretionary authority shall not be used in such a manner as to deny coverage clearly set forth in the Contract or to arbitrarily construe or abuse the provision of benefits or rights of Appeal under the Contract. This reservation of discretionary authority does not prohibit You from seeking judicial review of Our determination after exhausting administrative remedies.

The Plan, or anyone acting on Our behalf, shall have all the powers necessary or appropriate to enable Us to carry out Our duties in connection with the operation and administration of this Contract. This includes, without limitation, the power to construe the Contract, to determine all questions arising under the Contract and to make, establish and amend the rules, regulations and procedures with regard to the interpretation and administration of the provisions of this Contract. However, these powers shall be exercised in such a manner that has reasonable relationship to the provisions of the Contract, Provider agreements, and applicable State or federal laws. A specific limitation or exclusion will override more general benefit language.

Third Party Liability

These provisions apply when We pay benefits as a result of injuries or illness You sustained and You have a right to a Recovery or have received a Recovery as a result of actions or omissions of a third party. We will automatically have a lien upon any Recovery. Our lien will equal the amount of benefits We pay on Your behalf for injuries, disease, condition or loss You sustained as a result of any act or omission for which a third party is liable. Our lien will not exceed the amount We actually paid for those services.

In this section, “Recovery” means money You (or Your estate, parent, trustee or legal guardian) receive, are entitled to receive, or have a right to receive, whether by judgment, award, settlement or otherwise as a result of injury or illness caused by the third party, regardless of whether liability is contested. In this section “third party” refers to any person or entity who is legally responsible in relation to the injuries or illnesses sustained by You for which We paid benefits, including but not limited to the party(ies) who caused the injury or illness (“tortfeasor”), the tortfeasor’s insurer, the tortfeasor’s indemnifier, the tortfeasor’s guarantor, the tortfeasor’s principal or any other person or entity responsible or liable for the tortfeasor’s acts or omissions, Your own insurer (underinsured or uninsured motorist benefits, medical payments, no fault benefits, personal injury protection, etc.), or any other person, entity, policy or plan that may be liable or responsible in relation to the injuries or illness, to the extent permitted by law.

We, or Our designee, have first priority for the full amount of Our lien and shall be entitled to payment, reimbursement and/or subrogation to the extent of the total amount of Our lien regardless of whether the total amount of the Recovery on account of the injury or illness is less than the actual loss suffered by You (or Your estate, parent, trustee or legal guardian).

Subrogation

- We shall be subrogated to Your rights as to any Recovery and have first priority rights to take whatever legal action necessary against any party or entity to recover Our lien.
- We may proceed in Your name against the responsible party. Additionally, We have the right to recover Our lien from any party responsible for compensating You.
- To the extent the total assets available from a Recovery are insufficient to satisfy in full Our subrogation claim and any claim still held by You, Our subrogation claim shall be first satisfied

before any part of a Recovery is applied to Your claim, Your attorney's fees, other expenses or costs.

- We are not responsible for any attorney's fees, other expenses or costs You incur without Our prior written consent. Further, the "common fund" doctrine does not apply to any funds recovered by any attorney You hire regardless of whether funds recovered are used to repay benefits paid by Us.

Right of Reimbursement

- You must reimburse Us the full amount of Our lien.
- Our rights are not limited by any allocation or characterization made in a settlement agreement or court order.
- If You fail to repay Us, fail to cooperate or Our lien is otherwise not recovered by Us, We shall be entitled to deduct any of the unsatisfied portion of Our lien or the amount of Your Recovery, whichever is less, from any future benefit under the Plan.
- In the event that You fail to disclose to Us the amount of Your settlement, We shall be entitled to deduct the amount of Our lien from any future benefit under the Plan.
- We shall also be entitled to recover any of the unsatisfied portion of Our lien or the amount of Your settlement, whichever is less, directly from the Providers to whom We have made payments. In such a circumstance, it may then be Your obligation to pay the Provider the full billed amount, and We would not have any obligation to pay the Provider.
- We are not bound by, nor responsible for any fees or costs recoverable by or assigned to Your attorney as set forth in any fee agreement.

Member's Duties

- Your signed application for coverage and/or Your receipt of benefits under this Plan authorizes and/or acknowledges each of Our rights set forth in this section.
- You, or Your attorney, must notify Us promptly of how, when and where an accident or incident resulting in personal injury or illness to You occurred and all information regarding the parties involved.

The benefits under this Contract are not designed to duplicate any benefit for which Members are eligible under the Workers' Compensation Law. All sums paid or payable by Workers' Compensation for services provided to a Member shall be reimbursed by, or on behalf of, the Member to the Plan to the extent the Plan has made or makes payment for such services. It is understood that coverage hereunder is not in lieu of, and shall not affect, any requirements for coverage under Workers' Compensation.

Care Coordination

We pay Network Providers in various ways to provide Covered Services to You. For example, sometimes We may pay Network Providers a separate amount for each Covered Service they provide. We may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, We may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, We may pay Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of healthcare services in a cost-efficient manner, or compensate Network Providers for coordination of Member care. In some instances, Network Providers may be required to make payment to Us because they did not meet certain standards. You do not share in any payments made by Network Providers to Us under these programs.

Medical Policy and Technology Assessment

Anthem reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or Medical Necessity of new technology. Guidance and external validation of Anthem medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 doctors from various medical specialties including

Anthem's medical directors, doctors in academic medicine and doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Program Incentives

We may offer incentives from time to time, at Our discretion, in order to introduce You to covered programs and services available under this Plan. We may also offer, at Our discretion, the ability for You to participate in certain voluntary health or condition focused digital applications or use other technology based interactive tool, or receive educational information in order to help You stay engaged and motivated, manage Your health, and assist in Your overall health and well-being. The purpose of these programs and incentives include, but are not limited to, making You aware of cost effective benefit options or services, helping You achieve Your best health, encouraging You to update Member-related information and encouraging You to enroll automatically to pay Premiums electronically. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member Cost Share. Acceptance of these incentives is voluntary as long as Anthem offers the incentives program. Motivational rewards, awards or points for achieving certain milestones may be a feature of the program. We may discontinue an incentive or a program for a particular covered program or service at any time. If You have any questions about whether receipt of an incentive or retailer coupon results in taxable income to You, We recommend that You consult Your tax advisor.

Value-Added Programs

We may offer health or fitness related programs and products to Our Members, through which You may access discounted rates from certain vendors for products and services available to the general public. We may also offer value-added services that include discounts on Pharmacy products (over-the-counter drugs, consultations and biometrics). In addition, You may have access to additional value-added services that include discounts on pet medications, wholesale club memberships, mobile phone minutes and banking and payment services.

The products and services available under this program are not Covered Services under the Plan but are in addition to Plan benefits and may include giveaways that promote a healthy lifestyle. As such, program features are not guaranteed under Your Contract and could be discontinued at any time. We do not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services You receive. Your participation in a program is optional and at no charge from Us. Visit Our website, www.anthem.com for information about programs, including how to obtain program services, how to find replacement services if a program vendor no longer provides services, and other useful information.

Voluntary Clinical Quality Programs

We may offer additional opportunities to assist You in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that You have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage You to get certain care when You need it and are separate from Covered Services under Your Plan. These programs are not guaranteed and could be discontinued at any time. We will give You the choice and if You choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, You may receive incentives such as gift cards or retailer coupons, which We encourage You to use for health and wellness related activities or items. Under other clinical quality programs, You may receive a home test kit that allows You to test for immediate results or collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any Cost Share that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. (If You have any questions about whether receipt of a gift card or

retailer coupon results in taxable income to You, We recommend that You consult Your tax advisor.)
