Consolidated Appropriations Act of 2021 Notice

Consolidated Appropriations Act of 2021 (CAA)

The Consolidated Appropriations Act of 2021 (CAA) is a federal law that includes the No Surprises Act as well the Provider transparency requirements that are described below.

Surprise Billing Claims

Surprise Billing Claims are claims that are subject to the No Surprises Act requirements:

- Emergency Services provided by Out-of-Network Providers;
- Covered Services provided by an Out-of-Network Provider at an In-Network Facility; and
- Out-of-Network air ambulance services.

No Surprises Act Requirements

Emergency Services

As required by the CAA, Emergency Services are covered under Your Plan:

- Without the need for Precertification;
- Whether the Provider is In-Network or Out-of-Network.

If the Emergency Services You receive are provided by an Out-of-Network Provider, Covered Services will be processed at the In-Network benefit level.

Note that if You receive Emergency Services from an Out-of-Network Provider, Your out-of-pocket costs will be limited to amounts that would apply if the Covered Services had been furnished by an In-Network Provider. However, if the treating Out-of-Network Provider determines You are stable, meaning You have been provided necessary Emergency Services such that Your condition will not materially worsen and the Out-of-Network Provider determines: (i) that You are able to travel to an In-Network Facility by nonemergency transport; (ii) the Out-of-Network Provider complies with the notice and consent requirement; and (iii) You are in condition to receive the information and provide informed consent, You will be responsible for all charges. This notice and consent exception does not apply if the Covered Services furnished by an Out-of-Network Provider result from unforeseen and urgent medical needs arising at the time of service.

Out-of-Network Services Provided at an In-Network Facility

When You receive Covered Services from an Out-of-Network Provider at an In-Network Facility, Your claims will not be covered if the Out-of-Network Provider gives You proper notice of its charges, and You give written consent to such charges. This means You will be responsible for all Out-of-Network charges for those services. This requirement does not apply to Ancillary Services. Ancillary Services are one of the following services: (A) Emergency Services; (B) anesthesiology; (C) laboratory and pathology services; (D) radiology; (E) neonatology; (F) diagnostic services; (G) assistant surgeons; (H) hospitalists; (I) intensivists; and (J) any services set out by the U.S. Department of Health & Human Services.

Out-of-Network Providers satisfy the notice and consent requirement as follows:

- 1) By obtaining Your written consent not later than 72 hours prior to the delivery of services; or
- 2) If the notice and consent is given on the date of the service, if You make an appointment within 72 hours of the services being delivered.

How Cost Shares Are Calculated

Your Cost Shares for Emergency Services or for Covered Services received by an Out-of-Network Provider at an In-Network Facility, will be calculated using the median Plan In-Network contract rate that we pay In-Network Providers for the geographic area where the Covered Service is provided. Any out-of-pocket Cost Shares You pay to an Out-of-Network Provider for either Emergency Services or for Covered Services provided by an Out-of-Network Provider at an In-Network Facility will be applied to Your In-Network Out-of-Pocket Limit.

Appeals

If You receive Emergency Services from an Out-of-Network Provider, Covered Services from an Out-of-Network Provider at an In-Network Facility, or Out-of-Network Air Ambulance Services and believe

those services are covered by the No Surprises Act, You have the right to Appeal that claim. If Your Appeal of a Surprise Billing Claim is denied, then You have a right to Appeal the adverse decision to an Independent Review Organization as set out in the “If You Have a Complaint or an Appeal” section of this Contract.

Provider Directories

Anthem updates the list of participating providers at least every 30 days as required by Georgia law. In accordance with federal law Anthem confirms the list of In-Network Providers in its Provider Directory every 90 days. If You can show that You received inaccurate information from Anthem that a Provider was In-Network on a particular claim, then You will only be liable for In-Network Cost Share (i.e., Copayments, Deductibles, and/or Coinsurance) for that claim. Your In-Network Cost Share will be calculated based upon the Maximum Allowed Amount.

Transparency Requirements

Anthem provides the following information on its website at www.anthem.com:

- Protections with respect to Surprise Billing Claims by Providers, including information on how to contact State and federal agencies if You believe a Provider has violated the No Surprises Act.

You may also obtain the following information on Anthem’s website or by calling Member Services at the phone number on the back of Your ID Card:

- Cost Sharing information for 500 defined services, as required by the Centers for Medicare & Medicaid Services (CMS); and
- A listing/directory of all In-Network Providers.

In addition, Anthem will provide access through its website to the following information:

- In-Network negotiated rates; and
- Historical Out-of-Network rates.

Surprise Billing

If You think You have been wrongly billed, contact Us for more information about the Provider’s claim for payment. If We cannot resolve Your concerns, You may also contact the Georgia Office of the Commissioner of Insurance and Safety Fire online or by phone at 404-656-2070. You may also contact the No Surprises Help Desk at 800-985-3059 to submit Your question.

SCHEDULE OF COST SHARE AND BENEFITS

This chart is an overview of Your benefits for Covered Services, which are listed in detail in the “What is Covered” section. A list of services that are not covered can be found in the “What is Not Covered (Exclusions)” section.

Services will only be Covered Services if rendered by In-Network Providers unless:

- The services are for Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, or Urgent Care services received at an Urgent Care Center; or
- The services are approved in advance by Anthem.

IMPORTANT: You are responsible for confirming that the Provider You are seeing or have been referred to see is an In-Network Provider for this Plan. It is important to understand that Anthem has many contracting Providers who may not be part of the network of Providers that applies to this Plan.

Anthem can help You find an In-Network Provider specific to Your Plan by calling the number on the back of Your Identification Card.

What will I pay?

Reimbursement for Covered Services is based on the Maximum Allowed Amount, which is the most Your Contract will allow for a Covered Service.

The Deductible applies to all Covered Services with a Copayment and/or Coinsurance, including 0% Coinsurance, except for:

- In-Network Preventive Care Services required by law
- Services, listed in the chart below, that specifically indicate that the Deductible does not apply

For a detailed explanation of how Your Deductibles and Out-of-Pocket Annual Maximums are calculated, see the “How Your Claims Are Paid” section. Except for Surprise Billing Claims, when You receive Covered Services from an Out-of-Network Provider, You may also be responsible for paying any difference between the Maximum Allowed Amount and the Provider’s actual charges.

HOW YOUR COVERAGE WORKS

The purpose of this section is to help You understand how to receive the highest level of benefits available under this Plan. It provides details about In-Network Providers who have entered into an agreement with Anthem and Out-of-Network Providers who have not. You will also find information about how to access a list of In-Network Providers in Your service area and the importance of choosing a Primary Care Physician.

To find an In-Network Provider for this Plan, please see “How to Find a Provider in the Network” later in this section.

Your Plan is a HMO Plan. To get benefits for Covered Services, You must use In-Network Providers, unless We have approved an Authorized Service or if Your care involves Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, or Urgent Care services received at an Urgent Care Center.

In-Network Services

If Your care is rendered by a Primary Care Physician (PCP), Specialty Care Physician (SCP), or another In-Network Provider, benefits will be paid at the In-Network level. Regardless of Medical Necessity, no benefits will be paid for care that is not a Covered Service even if performed by a PCP, SCP, or another In-Network Provider. All medical care must be under the direction of doctors. We have final authority to determine the Medical Necessity of the service.

We may inform You that it is not Medically Necessary for You to receive services or remain in a Hospital or other Facility. This decision is made upon review of Your condition and treatment. You have the right to file a grievance as outlined in the “If You Have a Complaint or an Appeal” section of this Contract.

- In-Network Providers - include PCPs, SCPs, other professional Providers, Hospitals, and other Facility Providers who contract with Us to perform services for You. PCPs include general practitioners, internists, family practitioners, pediatricians, geriatricians or other In-Network Providers as allowed by Us. The PCP is the doctor who may provide, coordinate, and arrange Your healthcare services. SCPs are In-Network doctors who provide specialty medical services not normally provided by a PCP.

For services rendered by In-Network Providers:

- You will not be required to file any claims for services You obtain directly from In-Network Providers. In-Network Providers will seek compensation for Covered Services rendered from Us and not from You except for approved Deductibles, Coinsurance, and/or Copayments. You may be billed by Your In-Network Provider(s) for any non-Covered Services You receive or when You have not acted in accordance with this Contract.
- When required, prior approval of benefits is the responsibility of the In-Network Provider. See the “Requesting Approval for Benefits” section.

If there is no In-Network Provider who is qualified to perform the treatment You require, contact Us prior to receiving the service or treatment, and We may approve an Out-of-Network Provider for that service as an Authorized Service.

If You receive Covered Services from an Out-of-Network Provider after We failed to provide You with accurate information in our Provider Directory, or after We failed to respond to Your telephone or web-based inquiry within the time required by federal law, Covered Services will be covered at the In-Network level.

Out-of-Network Services

Covered Services which are not obtained from a PCP, SCP or another In-Network Provider, or that are not an Authorized Service will be considered an Out-of-Network service and not covered under Your Plan. The only exceptions are Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, Urgent Care services received at an Urgent Care Center, or certain services that are provided at an In-Network facility by an Out-of-Network Provider.

Anthem has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking services from non-participating or Out-of-Network Providers could be balance billed by the non-participating/Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

How to Find a Provider in the Network

There are several ways You can find out if a Provider or Facility is in the network for this Plan. You can also find out where they are located and details about their license or training.

- See Your Plan's directory of In-Network Providers at www.anthem.com, which lists the doctors, Providers, and Facilities that participate in this Plan's network.
- Search for a Provider in Our mobile app or website. Details on how to download the app can be found on Our website, www.anthem.com.
- Contact Member Services to ask for a list of doctors and Providers that participate in this Plan's network based on specialty and geographic area.
- Check with Your doctor or Provider.

If You need details about a Provider's license or training or help choosing a doctor who is right for You, call the Member Services number on the back of Your Member Identification Card. TTY/TDD services also are available by dialing 711. A special operator will get in touch with Us to help with Your needs.

Primary Care Physician (PCP)

The Primary Care Physician (PCP) is a doctor who can provide initial care, basic medical services and can be responsible for ongoing patient care. PCPs are usually internal medicine doctors, family practice doctors, general practitioners, or pediatricians. PCPs may provide care in person or virtually. As Your first point of contact, the PCP gives a wide range of healthcare services, including initial diagnosis and treatment, health supervision, management of chronic conditions, and preventive care.

Selecting a Primary Care Physician (PCP)

Your Plan requires You to select a Primary Care Physician from Our network, or We will assign one. We will notify You of the PCP that We have assigned. You may then use that PCP or choose another PCP from Our Provider Directory. Please see "How to Find a Provider in the Network" for more details.

You have direct access for Medical Chats and Virtual Visits with Our virtual care-only partners through Our mobile app.

PCPs include family practitioner, pediatrician, internist, qualified certified nurse practitioners or other qualified Primary Care Physicians, as required by law, for services within the scope of their license. For example, an internist or general practitioner may be chosen for adults and a pediatrician may be selected for children. If You want to change Your PCP, contact Us or refer to Our website, www.anthem.com.

The First Thing To Do – Make an Appointment With Your PCP

Your PCP's job is to help You stay healthy, not just treat You when You are sick. After You choose a PCP, make an appointment with Your PCP. During this appointment, get to know Your PCP and help Your PCP get to know You. At Your first appointment, talk to Your PCP about:

- Personal health history.
- Family health history.
- Lifestyle.
- Any health concerns You have.

It is important to note, if You have not established a relationship with Your PCP, they may not be able to effectively treat You. To see a doctor, contact their office:

- Tell them You are an Anthem Member,
- Have Your Member Identification Card handy. The doctor's office may ask You for Your

- Member ID number.
- Tell them the reason for Your visit.

When You meet with Your PCP, be sure to have Your Member Identification Card available.

Connect with Us Using Our Mobile App

As soon as You enroll in this Plan, You should download Our mobile app. You can find details on how to do this on Our website, www.anthem.com.

Our goal is to make it easy for You to find answers to Your questions. You can chat with Us live in the app, or contact Us on Our website, www.anthem.com.

Referrals

We provide more extensive benefits when healthcare services are provided or coordinated by Your Primary Care Physician. You will receive most of Your healthcare services from Your Primary Care Physician. If Your Primary Care Physician determines that You need specialized care, he or she will authorize You to receive healthcare services from another healthcare Provider. A Referral from Your Primary Care Physician is not a guarantee of coverage for those services. The service must also be covered within the terms of this Contract. Thus, regardless of Medical Necessity, no benefits will be provided for care that is not a Covered Service, even if performed by Your PCP or authorized as a Referral Service. You may call a Member Services Representative at the number on Your ID Card to determine if the service is a Covered Service.

If Your Primary Care Physician authorizes a Referral to a Provider, make sure You understand:

- The name of the Provider to whom You are being referred.
- The period of time, the number of visits and services for which care is authorized.
- Who is to make the appointment(s) with that Provider - You or Your Primary Care Physician's office staff.

While most services will require a Referral, some services do not, such as Medical Chats and Virtual Visits with Our virtual care-only partners through Our mobile app or website.

You will need to discuss additional care recommended by the referring Provider with Your Primary Care Physician, if the care exceeds the initial Referral for services. If Your referred Provider recommends You to another Provider, You must contact Your Primary Care Physician prior to any treatment so he or she can determine if that care will be authorized. Only Your Primary Care Physician can authorize care with another Provider. If Your Primary Care Physician authorizes these services, benefits will be provided according to the terms of this Contract. Care that is not authorized by Your Primary Care Physician is not covered, unless otherwise stated in this Contract. You do not need a Referral from Your Primary Care Physician for Mental Health and Substance Abuse treatment services. Please refer to the "Requesting Approval for Benefits" section of this Contract for details on Prior Authorization.

Note: If Your Primary Care Physician determines You do not need a Referral and You disagree, You have the right to Appeal the decision as outlined in the "If You Have a Complaint or an Appeal" section of this Contract.

Referrals to Specialists

Your Primary Care Physician may refer You to a Specialist. Specialists are Providers who practice in specialty areas such as neurology, surgery, and others. With the prior authorization of Your Primary Care Physician, You can obtain care from In-Network Specialists.

You do not need a Referral or approval from Your PCP to see an Obstetrician/Gynecologist (OB/GYN), Dermatologist, or eye care professionals including Optometrists and Ophthalmologists.

Referral to Out-of-Network

You may require services that are not available from Providers within the network. Your Primary Care Physician may make a Referral to an Out-of-Network Provider. Referrals to an Out-of-Network Provider must be approved by Us for services to be reimbursed.

Standing Referrals

A Member with a special condition requiring ongoing care from a Specialist may receive a standing Referral to a Specialist for treatment of the special condition from the Member's PCP. A special condition is a condition or disease that is life-threatening, degenerative, or disabling and requires specialized medical care over a prolonged period of time. A standing Referral must be made according to a treatment plan, approved by Our medical director in consultation with the Member's PCP.

Dental Providers

You must select an In-Network dentist to receive dental benefits. Please call Our Member Services department at 800-627-0004 for help in finding an In-Network dentist or visit Our website at www.anthem.com. Please refer to Your ID Card for the name of the dental program that In-Network Providers have agreed to service when You are choosing an In-Network dentist.

Continuity of Care

If Your In-Network Provider leaves Our Network for any reason other than termination for cause and You are in active treatment, You may be able to continue seeing that Provider for a limited period of time and still receive In-Network benefits. "Active treatment" includes:

1. An ongoing course of treatment for a life-threatening condition.
2. An ongoing course of treatment for a serious acute condition, (examples include chemotherapy, radiation therapy and post-operative visits).
3. The second or third trimester of pregnancy and through the postpartum period.
4. An ongoing course of treatment for a health condition for which the doctor or healthcare Provider attests that discontinuing care by the current doctor or Provider would worsen Your condition or interfere with anticipated outcomes. An "ongoing course of treatment" includes treatments for Mental Health and Substance Abuse Disorders.

In these cases, You may be able to continue seeing that Provider until treatment is complete, or for 90 days, whichever is shorter. If You wish to continue seeing the same Provider, You or Your doctor should contact Member Services for details. Any decision by Us regarding a request for Continuity of Care is subject to the Appeals Process.

Identification Card

When You receive care, You must show Your Identification Card. Only a Member who has paid the Premiums under this Contract has the right to services or benefits under this Contract. If anyone receives services or benefits to which he/she is not entitled to under the terms of this Contract, he/she is responsible for the actual cost of the services or benefits.

After Hours Care

If You need care after normal business hours, Your doctor may have several options for You. You should call Your doctor's office for instructions if You need care in the evenings, on weekends, or during the holidays and cannot wait until the office reopens.

- If Your condition is an Emergency, You should be taken to the nearest appropriate medical Facility. In the event of an Emergency call 911.
- Your coverage includes benefits for services rendered by Providers other than In-Network Providers when the condition treated is an Emergency, as defined in this Contract.

Relationship of Parties (Anthem and In-Network Providers)

The relationship between Anthem and In-Network Providers is an independent contractor relationship. In-Network Providers are not agents or employees of Ours, nor is Anthem, or any employee of Anthem, an employee or agent of In-Network Providers.

Your healthcare Provider is solely responsible for all decisions regarding Your care and treatment,

regardless of whether such care and treatment is a Covered Service under this Plan. We shall not be responsible for any claim or demand on account of damages arising out of, or in any manner connected with, any injuries suffered by You while receiving care from any In-Network Provider or for any injuries suffered by You while receiving care from any In-Network Provider's Facilities.

Your In-Network Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to the provision of services or referrals to other Providers, including In-Network Providers, Out-of-Network Providers, and disease management programs. If You have questions regarding such incentives or risk sharing relationships, please contact Your Provider or Us.

REQUESTING APPROVAL FOR BENEFITS

Your Plan includes the process of Utilization Review to decide when services are Medically Necessary or Experimental/Investigational as those terms are defined in this Contract. Utilization Review aids in the delivery of cost-effective healthcare by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

Reviewing Where Services Are Provided

A service must be Medically Necessary to be a Covered Service. When level of care, setting or place of service is part of the review, services that can be safely given to You in a lower level place of care or lower cost setting, will not be Medically Necessary if they are given in a higher level place of care, or higher cost setting. This means that a request for a service may be denied because it is not Medically Necessary for that service to be provided in the place of care or setting that is being requested. When this happens the service can be requested again in another setting or place of care and will be reviewed again for Medical Necessity. At times a different type of Provider or Facility may need to be used in order for the service to be considered Medically Necessary.

Examples include, but are not limited to:

- A service may be denied on an Inpatient basis at a Hospital but may be approved if provided on an Outpatient basis in a Hospital setting.
- A service may be denied on an Outpatient basis in a Hospital setting but may be approved at a free-standing imaging center, infusion center, ambulatory surgical center, or in a doctor's office.
- A service may be denied at a Skilled Nursing Facility but may be approved in a home setting.

Certain services must be reviewed to determine Medical Necessity in order for You to get benefits. Utilization Review criteria will be based on many sources including medical policy and clinical guidelines. Anthem may decide that a treatment that was asked for is not Medically Necessary if a clinically equivalent treatment is more cost-effective, available and appropriate. "Clinically equivalent" means treatments that for most Members, will give You similar results for a disease or condition.

If You have any questions about the Utilization Review process, the medical policies or clinical guidelines, You may call the Member Service phone number on the back of Your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed even if We decide Your services are Medically Necessary. For benefits to be covered, on the date You get service:

1. You must be eligible for benefits;
2. Premium must be paid for the time period that services are given;
3. The service or supply must be a Covered Service under Your Plan;
4. The service cannot be subject to an exclusion under Your Plan; and
5. You must not have exceeded any applicable limits under Your Plan.

Types of Reviews

- **Pre-Service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.
 - **Precertification** – A required Pre-Service Review for a benefit coverage determination for a service or treatment. Certain Services require Precertification in order for You to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of Medical Necessity or is Experimental/Investigative as those terms are defined in this Contract.

For admissions following Emergency Care, You, Your authorized representative or doctor must tell Us as soon as possible. For labor/childbirth admissions, Precertification is not required for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require Precertification.

- **Continued Stay/Concurrent Review** – A Utilization Review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a Facility or course of treatment.

Both Pre-Service and Continued Stay/Concurrent Reviews may be considered urgent when, in the view of the treating Provider or any doctor with knowledge of Your medical condition, without such care or treatment, Your life or health or Your ability to regain maximum function could be seriously threatened or You could be subjected to severe pain that cannot be adequately managed without such care or treatment.

Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-Service Review** – A review of a service, treatment or admission for a benefit coverage determination that is conducted after the service or supply has been provided. Post-Service Reviews are performed when a service, treatment or admission did not need Precertification. Post-Service Reviews are done for a service, treatment or admission in which We have a related clinical coverage guideline and are typically initiated by Us.

Who is Responsible for Precertification

Typically, In-Network Providers know which services need Precertification and will get any Precertification when needed. Your Primary Care Physician and other In-Network Providers have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering Provider, Facility or attending doctor (“requesting Provider”) will get in touch with Us to ask for a Precertification. However, You may request a Precertification, or You may choose an authorized representative to act on Your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for Precertification and under what circumstances.

Provider Network Status	Responsibility to Get Precertification	Comments
In-Network	Provider	The Provider must get Precertification when required
Out-of-Network	Member	The Member has no benefit coverage for an Out-of-Network Provider unless: • The Member gets approval to use an Out-of-Network Provider before the service is given; or • The Member requires an Emergency Care admission (See note below.) The Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found not to be Medically Necessary.

Provider Network Status	Responsibility to Get Precertification	Comments
BlueCard® Provider	Member (Except for Inpatient admissions)	The Member has no benefit coverage for a BlueCard® Provider unless • The Member gets approval to use a BlueCard® Provider before the service is given, or • The Member requires an Emergency Care admission (See note below.) If these are true, then • The Member must get Precertification when required (call Member Services). • The Member may be financially responsible for charges/costs related to the service and/or setting in whole or in part if the service and/or setting is found not to be Medically Necessary. • BlueCard® Providers must obtain Precertification for all Inpatient admissions.
NOTE: Precertification is not required to receive Emergency Care. For Emergency Care admissions, You, Your authorized representative or doctor must tell Us as soon as possible.		

How Decisions are Made

We will use Our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make Our Medical Necessity decisions. This includes decisions about Prescription Drugs as detailed in the section “Prescription Drugs Administered by a Medical Provider.” Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning Your request. To ask for this information, call the Precertification phone number on the back of Your Identification Card.

If You are not satisfied with Our decision under this section of Your benefits, please refer to the “If You Have a Complaint or an Appeal” section to see what rights may be available to You.

Decision and Notice Requirements

We will review requests for benefits according to the timeframes listed below. The timeframes and requirements listed are based on State and federal laws. Where State laws are stricter than federal laws, We will follow State laws. If You live in and/or get services in a State other than the State where Your Contract was issued, other State-specific requirements may apply. You may call the phone number on the back of Your Identification Card for more details.

Type of Review	Timeframe Requirement for Decision and Notification
Urgent pre-service review	72 hours from the receipt of the request
Non-urgent pre-service review	7 calendar days from the receipt of the request
Concurrent/continued stay review when hospitalized at the time of the request and no previous authorization exists	24 hours from the receipt of the request, We may request additional information within the first 24 hours and then extend to 72 hours
Urgent concurrent/continued stay review when request is received more than 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent concurrent/continued stay review when request is received less than 24 hours before the end of the previous authorization	72 hours from the receipt of the request
Non-urgent concurrent/continued stay review	7 calendar days from the receipt of the request
Post-service review	30 calendar days from the receipt of the request
For all denials, the Provider will be notified via telephone within one business day.	

If more information is needed to make Our decision, We will tell the requesting Provider of the specific information needed to finish the review. If We do not get the specific information We need by the required timeframe, We will make a decision based upon the information We have.

We will notify You and Your Provider of Our decision as required by State and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

Important Information

Anthem may, from time to time, waive, enhance, modify or discontinue certain medical management processes (including Utilization Review, case management, and disease management) and/or offer an alternative benefit if, in Our discretion, such change is in furtherance of the provision of cost-effective, value based and/or quality services.

We may also select certain qualifying Providers to participate in a program that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt Your claim from medical review if certain conditions apply.

Just because Anthem exempts a process, Provider or claim from the standards which otherwise would apply, it does not mean that Anthem will do so in the future, or will do so in the future for any other Provider, claim or Member. Anthem may stop or modify any such exemption with or without advance notice.

You may find out whether a Provider is taking part in certain programs by checking Your on-line Provider Directory, on-line Precertification list, or contacting the Member Services number on the back of Your ID Card.

We also may identify certain Providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a Provider is selected under this program, then We may use one or more clinical Utilization Review guidelines in the review of claims submitted by this Provider, even if those guidelines are not used for all Providers delivering services to the Plan's Members.

Health Plan Individual Case Management

Our health plan case management programs (Case Management) help coordinate services for Members with healthcare needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate Members who agree to take part in the Case Management program to help meet their health-related needs.

Our Case Management programs are confidential and voluntary and are made available at no extra cost to You. These programs are provided by, or on behalf of and at the request of, Your health Plan case management staff. These Case Management programs are separate from any Covered Services You are receiving.

If You meet program criteria and agree to take part, We will help You meet Your identified healthcare needs. This is reached through contact and team work with You and/or Your chosen representative, treating doctor(s), and other Providers.

In addition, We may assist in coordinating care with existing community-based programs and services to meet Your needs. This may include giving You information about external agencies and community-based programs and services.

In certain cases of severe or chronic illness or injury, We may provide benefits for alternate care that is not listed as a Covered Service. We may also extend Covered Services beyond the benefit maximums of this Plan. We will make Our decisions case-by-case, if in Our discretion the alternate or extended benefit is in the best interest of the Member and Anthem. A decision to provide extended benefits or approve alternate care in one case does not obligate Us to provide the same benefits again to You or to any other Member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, We will notify You or Your representative in writing.

WHAT IS COVERED

This section describes the Covered Services available under this Contract. Covered Services are subject to all the terms and conditions listed in this Contract, including, but not limited to, benefit maximums, Deductibles, Copayments, Coinsurance, exclusions and Medical Necessity requirements.

Please read the following sections of this Contract for more information about the Covered Services described in this section:

- "Schedule of Cost Share and Benefits" – for amounts You need to pay and benefit limits
- "Requesting Approval for Benefits" – for details on selecting Providers and services that require prior authorization
- "What Is Not Covered (Exclusions)" – for details on services that are not covered

Benefits are listed alphabetically to make them easy to find. Please note that several sections may apply to Your claims. For example, if You have Inpatient surgery, benefits for Your Hospital stay will be described under "Hospital Services", "Inpatient Hospital Care" and benefits for Your doctor's services will be described under "Inpatient Professional Services". As a result, You should read all sections that might apply to Your claims.

You should also know that many Covered Services can be received in several settings, including a doctor's office, an Urgent Care Center, an Outpatient Facility, or an Inpatient Facility. Benefits will often vary depending on where You choose to get Covered Services, and this can result in a change in the amount You need to pay.

Medical Services

Ambulance Services (Air, Ground and Water)

Medically Necessary ambulance services are covered when:

- You are transported by a State licensed vehicle that is designed, equipped, and used only to transport the sick and injured and staffed by Emergency Medical Technicians (EMT), paramedics, or other certified medical professionals. This includes ground, fixed wing, rotary wing or water transportation;
- And one or more of the following are met:
You are taken:
 1. From Your home, scene of an accident or medical Emergency to a Hospital;
 2. Between Hospitals, including when We require You to move from an Out-of-Network Hospital to an In-Network Hospital; or
 3. Between a Hospital, Skilled Nursing Facility (ground transport only) or approved Facility.

You must be taken to the nearest Facility that can give care for Your condition. In certain cases We may approve benefits for transportation to a Facility that is not the nearest Facility.

Benefits also include Medically Necessary treatment of a sickness or an injury by medical professionals during ambulance service, even if You are not taken to a Facility.

Out-of-Network Providers may bill You for any charges that exceed the Plan's Maximum Allowed Amount except for Surprise Billing Claims.

Ground Ambulance

Services are subject to Medical Necessity review by Us.

All scheduled ground ambulance services for nonemergency transports, not including acute Facility to acute Facility transport, must be preauthorized.

Air and Water Ambulance

Air ambulance services are subject to Medical Necessity review by Us. We retain the right to select the air ambulance Provider. This includes fixed wing, rotary wing or water transportation.

Air ambulance services for nonemergency Hospital to Hospital transports must be preauthorized.

Hospital to Hospital Air Ambulance Transport

Air ambulance transport is for purposes of transferring from one Hospital to another Hospital and is a Covered Service if such air ambulance transport is Medically Necessary, for example, if transportation by ground ambulance would endanger Your health or the transferring Hospital does not have adequate Facilities to provide the medical services needed. Examples of such specialized medical services that are generally not available at all types of Facilities may include, but are not limited to, burn care, cardiac care, trauma care, and critical care. Transport from one Hospital to another Hospital is covered only if the Hospital to which the patient is transferred is the nearest one with medically appropriate Facilities.

Fixed and Rotary Wing Air Ambulance

Fixed wing or rotary wing air ambulance is furnished when Your medical condition is such that transport by ground ambulance, in whole or in part, is not appropriate. Generally, transport by fixed wing or rotary wing air ambulance may be necessary because Your condition requires rapid transport to a treatment Facility, and either great distances or other obstacles preclude such rapid delivery to the nearest appropriate Facility. Transport by fixed wing or rotary wing air ambulance may also be necessary because You are located in a place that is inaccessible to a ground or water ambulance Provider.

Autism Services

Your Plan includes coverage for the treatment of neurological deficit disorders, including autism.

Autism Spectrum Disorder (ASD)

Your Plan covers certain treatments associated with autism spectrum disorder (ASD). Coverage for ASD includes, but is not limited to, the following:

- Habilitative or Rehabilitative Services;
- Diagnosis of autism spectrum disorder;
- Treatment of autism spectrum disorder;
- Pharmacy care;
- Psychiatric care;
- Psychological care; and
- Therapeutic care.

Please see the Schedule of Benefits for applicable benefit limitations for these treatments.

Applied Behavior Analysis (ABA) Services

Coverage for Habilitative or Rehabilitative Services shall also include Applied Behavior Analysis (ABA). To be eligible for coverage, ABA shall be provided by a person professionally certified by a national board of behavior analysts or performed under the supervision of a person professionally certified by a national board of behavior analysts.

Clinical Trials

Benefits include coverage for services, such as routine patient care costs given to You as a participant in an approved clinical trial if the services are Covered Services under this Contract. An "approved clinical trial" means a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or other life-threatening conditions. The term life-threatening condition means any disease or condition from which death is likely unless the disease or condition is treated.

Benefits are limited to the following trials:

1. Federally funded trials approved or funded by one of the following:
 - a. The National Institutes of Health.
 - b. The Centers for Disease Control and Prevention.
 - c. The Agency for Health Care Research and Quality.
 - d. The Centers for Medicare & Medicaid Services.
 - e. Cooperative group or center of any of the entities described in (a) through (d) or the Department of Defense or the Department of Veterans Affairs.
 - f. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
 - g. Any of the following in i-iii below if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of Health and Human Services determines 1) to be comparable to the system of peer review of studies and investigations used by the National Institutes of Health, and 2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review. The peer review requirement shall not be applicable to cancer clinical trials provided by i-iii below.
 - i. The Department of Veterans Affairs.
 - ii. The Department of Defense.
 - iii. The Department of Energy.
2. Studies or investigations done as part of an Investigational new drug application reviewed by the Food and Drug Administration (FDA).
3. Studies or investigations done for drug trials which are exempt from the Investigational new drug application.
4. Clinical trial programs for treatment of children's cancer. Covered Services include routine patient care cost incurred in connection with the provision of goods, services, and benefits to Dependent children in connection with approved clinical trial programs for the treatment of children's cancer. Routine patient care cost means those pre-certified as Medically Necessary as provided in Georgia law (OCGA 33-24-59.1).

Your Plan may require You to use an In-Network Provider to maximize Your benefits.

Routine patient care costs include items, services, and drugs provided to You in connection with an approved clinical trial and that would otherwise be covered by this Plan.

All requests for clinical trials services, including requests that are not part of approved clinical trials will be reviewed according to Our Clinical Coverage Guidelines, related policies and procedures.

Dental Services for Accidental Injury

Benefits are available only when required to diagnose or treat an accidental injury to the teeth which occurred on or after Your Effective Date. Services must occur within 180 days of the date of an accident.

We also cover the repair of dental appliances damaged as a result of accidental injury to the jaw, mouth or face, and dental services to prepare the mouth for radiation therapy to treat head and neck cancer.

Under Your medical and/or surgical benefits, We cover surgical removal of impacted teeth, dental services for accidental injury, oral surgery which is not for the supporting structure of the teeth and not intended to benefit the teeth, and diagnostic and surgical services for the treatment of TMJ.

We do not consider injury as a result of chewing or biting to be an accidental injury, unless the injury results from a mental or medical condition therefore, We do not cover dental services for this type of care.

Anesthesia services for certain dental patients in a Hospital or ambulatory surgical Facility are covered in conjunction with dental care provided to the following:

- Patients age 19 or younger who are developmentally disabled.

- Medically Necessary;
- Ordered in writing by a doctor or a podiatrist; and
- Provided by a healthcare professional who is licensed, registered, or certified under State law.

For the purposes of this benefit, a "healthcare professional" means the doctor or podiatrist ordering the training or a Provider who has obtained certification in diabetes education by the American Diabetes Association.

Covered Services also include all doctor prescribed Medically Necessary equipment and supplies used for the management and treatment of diabetes. See "Medical Supplies, Durable Medical Equipment and Appliances." Screenings for gestational diabetes are covered under "Preventive Care Services."

- **“Telemedicine/Telehealth”** means the delivery of healthcare or other health services using electronic communications and information technology, including: live (synchronous) secure videoconferencing; or secure instant messaging through Our mobile app or website; interactive store and forward (asynchronous) technology. Covered Services are provided to facilitate the diagnosis, consultation and treatment, education, care management and self-management of a patient's physical and/or mental health. In-person contact between a healthcare Provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. Audio-only Telemedicine services are eligible for mental and behavioral health services only.

Please Note: Not all services can be delivered through virtual visits. Certain services require equipment and/or direct physical hands-on care that cannot be provided remotely. Also, please note that not all Providers offer virtual visits.

If You have any questions about this coverage, please contact Member Services at the number on the back of Your Identification Card.

Home Visits for medical care to examine, diagnose, and treat an illness or injury. Please note that doctor visits in the home are different than the “Home Care Services” benefit described later in this section.

Healthcare services are typically given by physician assistants or nurse practitioners. Services are limited to routine care and treatment of common illnesses for adults and children.

Specialist e-Consultations are electronic communications between Your PCP, who is rendering care to You, and an In-Network Specialist to help evaluate Your condition or diagnosis. The consultation will be at no cost to You. Your PCP may consider the information provided by the In-Network Specialist in determining Your treatment. The consultation will be conducted using electronic information and communication technologies and the results may be documented in an electronic health record.

Emergency Care Services

If You are experiencing an Emergency please call 911 or visit the nearest Hospital for treatment.

Benefits are available in a Hospital Emergency room for services and supplies to treat the onset of symptoms for an Emergency, which is defined below.

Emergency (Emergency Medical Condition)

"Emergency," or "Emergency Medical Condition", means a medical or Behavioral Health Condition, including a mental health condition or substance use disorder, of recent onset and sufficient severity, including, but not limited to, severe pain, that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that his or her condition, sickness, or injury is of such a nature that not getting immediate medical care could result in: (a) placing the patient's health or the health of another person in serious danger or, for a pregnant woman, placing the woman's health or the health of her unborn child in serious danger; (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part. Such conditions include, but are not limited to, chest pain, stroke, poisoning, serious breathing problems, unconsciousness, severe burns or cuts, uncontrolled bleeding, or seizures and such other acute conditions.

Emergency Care means a medical or behavioral health exam done in the Emergency department of a Hospital, and includes services routinely available in the Emergency department to evaluate an Emergency Medical Condition. It includes any further medical or behavioral health exams and treatment required to stabilize the patient.

Stabilize, with respect to an Emergency Medical Condition, means: To provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or occur during the transfer of the individual from a Facility. With respect to a pregnant woman who is having contractions, the term "stabilize" also means to deliver (including the placenta), if there is inadequate time to affect a safe transfer to another Hospital before delivery or transfer may pose a threat to the health or safety of the woman or the unborn child.

Medically Necessary services will be covered whether You get care from an In-Network or Out-of-Network Provider. Emergency Care You get from an Out-of-Network Provider will be covered as an In-Network service and the Out-of-Network Provider will collect applicable Coinsurance, Copayment or Deductible from You. If the Out-of-Network Provider is licensed or otherwise authorized in the State of Georgia to render Emergency Care, We will pay the Out-of-Network Provider the Maximum Allowed Amount for the Emergency Care which shall be the greater of the following:

1. The most recent amount negotiated by Us with the Out-of-Network Provider for the Emergency Care during which time the Provider was an In-Network Provider;
2. The median contracted rate as determined by the State;
3. Any other amount as determined by Us given the complexity of the services rendered.

The Out-of-Network Provider should not bill You for the difference between the Out-of-Network Provider's charge and the Maximum Allowed Amount.

Providers Not Licensed in Georgia

If the Out-of-Network Provider is not licensed or otherwise authorized in the State of Georgia to render Emergency Care the Maximum Allowed Amount for Emergency Care from an Out-of-Network Provider

will be the greatest of the following:

1. The amount negotiated with In-Network Providers for the Emergency Service;
2. The amount for the Emergency Service calculated using the same method We generally use to determine payments for Out-of-Network services but substituting the In-Network Cost Sharing for the Out-of-Network Cost Sharing provisions; or
3. The amount that would be paid under Medicare for the Emergency Service.

If You are admitted to the Hospital from the Emergency room, be sure that You or Your doctor calls Us as soon as possible. We will review Your care to decide if a Hospital stay is needed and how many days You should stay. If You or Your doctor does not call Us, You may have to pay for services that are determined to be not Medically Necessary.

Treatment You get after Your condition has stabilized may not be Emergency Care. If You would like to continue to get care from an Out-of-Network Provider, after You have been discharged from an emergency facility, Covered Services will not be available unless We agree to cover them as an Authorized Service.

Habilitative Services are healthcare services and devices that help You keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who is not walking or talking at the expected age. Services must be prescribed by a doctor and the services must be so inherently complex that they can be safely and effectively performed only by qualified, technical, or professional health staff.

- Medical supplies.

Hospice Care

Hospice care is a coordinated plan of home, Inpatient and/or Outpatient care that provides palliative, supportive medical, psychological, psychosocial, and other health services to terminally ill patients.

Covered Services and supplies are those listed below if part of an approved treatment plan and when rendered by a hospice Provider for the palliative treatment of pain and other symptoms associated with a terminal disease. Palliative care means appropriate care which controls pain and relieves symptoms, but is not meant to cure a terminal illness.

In order to receive hospice benefits (1) Your doctor and the hospice medical director must certify that You are terminally ill and have approximately 12 months to live, and (2) Your doctor must consent to Your care by the hospice and must be consulted in the development of Your treatment plan. You may access hospice care while also participating in a clinical trial or continuing disease modifying therapy, as ordered by Your treating Provider. Disease modifying therapy treats the underlying terminal illness. The hospice must maintain a written treatment plan on file and furnish to Us upon request.

Covered Services beyond those listed above as ordered by Your treating Provider, may be available while in hospice and are detailed in other sections of this Contract.

Hospital Services

Hospital Inpatient Benefits

Hospital Inpatient benefits are available only if a Member is admitted as a bed patient to a Hospital on the order of a licensed doctor. The Member must be under the care of this doctor. The doctor must be on the staff of, or acceptable to, the Hospital at which the Member is a patient.

The service which the Member gets at a Hospital is subject to all the rules and regulations of the Hospital selected. Such rules also control admission policies.

You can choose any legally constituted and approved Hospital You like for the care You receive; however, Your out-of-pocket expenses are higher when You receive care from Out-of-Network Providers. Anthem does not guarantee Your admission to any Hospital. Also, Anthem does not guarantee that any particular service or type of room will be available even if requested by Your doctor.

Inpatient Hospital Care

Covered Services include acute care in a Hospital setting. Benefits for room, board, nursing and ancillary services include:

- A room with two or more beds.
- A private room. The most the Plan will cover for private rooms is the Hospital's average semi-private room rate unless it is Medically Necessary that You use a private room for isolation and no isolation facilities are available.

- A personal bedside exam by another doctor when asked for by Your doctor. Benefits are not available for staff consultations required by the Hospital, consultations asked for by the patient, routine consultations, phone consultations, or EKG transmittals by phone.

Note: Under federal law, We may not limit benefits for any Hospital length of stay for childbirth for the mother or newborn to less than 48 hours after vaginal birth, or less than 96 hours after a cesarean section (C-section). However, federal law as a rule does not stop the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours, or 96 hours, as applicable. In any case, as provided by federal law, We may not require a Provider to get

authorization from Us before prescribing a length of stay which is not more than 48 hours for a vaginal birth or 96 hours after a C-section.

Please see “Continuity of Care” in the “How Your Coverage Works” section regarding a request to continue to see the same Provider for services.

Contraceptive Benefits

Certain contraceptives are covered under the “Preventive Care Services” benefit. Please see that section for further details.

Benefits do not include assisted reproductive technologies (ART) or the diagnostic tests and drugs to support it. Examples of ART include artificial insemination, in-vitro fertilization, zygote intrafallopian transfer (ZIFT), or gamete intrafallopian transfer (GIFT).

Covered Services include diagnostic tests to find the cause of infertility, such as diagnostic laparoscopy, endometrial biopsy, and semen analysis. Benefits include purchase-only equipment and devices, purchase or rent-to-purchase equipment and devices, and continuous rental equipment and devices. Continuous rental equipment must be approved by Us. We may limit the amount of coverage for ongoing rental of equipment. We may not cover more in rental costs than the cost of simply purchasing the equipment.

Benefits include repair and replacement costs, except when damage is due to neglect. Benefits also include supplies and equipment needed for the use of the equipment or device.

Oxygen and equipment for its administration are also Covered Services.

Physical medicine and Rehabilitative Services are a structured therapeutic program of an intensity that requires a multidisciplinary coordinated team approach to upgrade the patient's ability to function as independently as possible; including skilled rehabilitative nursing care, physical therapy, occupational therapy, speech therapy and services of a social worker or psychologist.

Physical medicine and rehabilitation involves several types of therapy, not just physical therapy, and a coordinated team approach. The variety and intensity of treatments required is the major differentiation from an admission primarily for physical therapy.

Preventive Care Services

Preventive care services include screenings and other services for adults and children with no current symptoms or a diagnosed health problem. All recommended preventive services will be covered as required by the Affordable Care Act (ACA) and applicable State law. This means many preventive care services are covered with no Deductible, Copayments or Coinsurance when You use an In-Network Provider.

Certain benefits for Members who have current symptoms or a diagnosed health problem, may be covered under the "Diagnostic Services Outpatient" benefit instead of this benefit, if the coverage does not fall within the State or ACA-recommended preventive services.

Some categories and classes of contraceptives do not have Generics available and, in each of these categories, at least one Brand Drug is available at a \$0 Cost Sharing when You receive it from an In-Network Provider. If Your Provider determines that a Brand Drug with an available

Generic therapeutic equivalent is necessary because a Generic therapeutic equivalent drug is not appropriate for You, You may obtain coverage of the Brand Drug with a \$0 Cost Sharing if Your Provider submits an exception request to receive prior approval. Your doctor must complete a contraceptive exception form and return it to Us. You or Your doctor can find the form online at www.anthem.com or by calling the number listed on the back of Your ID Card. If Medical Necessity has been determined by Your Provider, an exception will be granted and coverage of the drug will be provided at \$0 Cost Sharing. This section describes benefits for certain covered transplant procedures that You get during the transplant Benefit Period. Any Covered Services related to a covered transplant procedure, received before or after the transplant Benefit Period, are covered under the regular Inpatient and Outpatient benefits described elsewhere in this Contract.

Covered Transplant Procedure

A covered transplant procedure is any Medically Necessary human organ and bone marrow/stem cell/cord blood transplants and infusions as determined by Us, including necessary acquisition procedures, mobilization, collection and storage, and including Medically Necessary myeloablative or reduced intensity preparative chemotherapy or radiation therapy or a combination of these therapies.

The initial evaluation, any added tests to determine Your eligibility as a candidate for a transplant by Your Provider, and the collection and storage of bone marrow/stem cells are included in the covered transplant procedure benefit regardless of the date of service.

Unrelated Donor Searches

Your Plan includes Human Leukocyte Antigen (HLA) testing, also referred to as histocompatibility locus antigen testing, for A, B and DR antigens, for use in bone marrow transplantation per transplant. The testing must be done at an accredited Facility.

When approved by Us, Your coverage includes benefits for unrelated donor searches for bone marrow/stem cell/cord blood transplants performed by an authorized licensed registry for bone marrow/stem cell/cord blood transplants for a covered transplant procedure. Donor search charges are limited to the 10 best matched donors per transplant, identified by an authorized registry.

Live Donor Health Services

Medically Necessary charges for the procurement, performed by an authorized licensed registry for bone marrow/stem cell/cord blood transplants, of an organ from a live donor are covered up to the Maximum Allowed Amount, including complications from the donor procedure for up to six weeks from the date of procurement. A live donor is a person who provides the organ, part of an organ, or tissue for transplantation while alive to another person.

Transplant Benefit Period

The transplant Benefit Period starts one day prior to a covered transplant solid organ procedure and one day prior to high dose chemotherapy or preparative regimen for bone marrow stem cell transplants and continues for the applicable case rate/global time period. The number of days will vary depending on the type of transplant received and the In-Network transplant Provider agreement. Contact the case manager for specific In-Network transplant Provider information for services received at or coordinated by an In-Network transplant Provider Facility. Services received from an Out-of-Network transplant Facility start on the day of the covered transplant procedure and continue to the date of discharge.

Prior Approval and Precertification

In order to maximize Your benefits, You will need to call Our transplant department to discuss benefit coverage when it is determined a transplant may be needed. You must do this before You have an evaluation and/or work-up for a transplant. We will assist You in maximizing Your benefits by providing coverage information, including details regarding what is covered and whether any clinical coverage guidelines, medical policies, In-Network transplant Provider requirements, or exclusions are applicable. Please call Us to find out which Hospitals are In-Network transplant Providers. Contact the Member Services telephone number on the back of Your Identification Card and ask for the transplant coordinator. Even if We issue a prior approval for the covered transplant procedure, You or Your Provider must call Our transplant department for Precertification prior to the transplant whether this is performed in an Inpatient or Outpatient setting.

Precertification is required before We will cover benefits for a transplant. Your doctor must certify, and We must agree, that the transplant is Medically Necessary. Your doctor should send a written request for Precertification to Us as soon as possible to start this process. Please see the "Requesting Approval for Benefits" section for how to obtain Precertification.

Please note that there are instances where Your Provider requests approval for human leukocyte antigen (HLA) testing, donor searches and/or a collection and storage of stem cells prior to the final determination as to what transplant procedure will be requested. Under these circumstances, the HLA testing and donor search charges are covered as routine diagnostic testing. The collection and storage request will be reviewed for Medical Necessity and may be approved. However, such an approval for HLA testing, donor search services performed by an authorized registry and/or a collection and storage is NOT an

approval for the subsequent requested transplant. A separate Medical Necessity determination will be made for the transplant procedure.

Transportation and Lodging

We will provide assistance with reasonable and necessary travel expenses as determined by Us when You obtain prior approval and are required to travel more than 75 miles from Your residence to reach the Facility where Your transplant evaluation and/or transplant work-up and covered transplant procedure will be performed. Our assistance with travel expenses includes transportation to and from the Facility and lodging for the patient and one companion. Travel costs for the donor are generally not covered, unless We make an exception and approve them in advance of the procedure. If the Member receiving treatment is a minor, then reasonable and necessary expenses for transportation and lodging may be allowed for two companions. The Member must submit itemized receipts for transportation and lodging expenses in a form satisfactory to Us when claims are filed. Contact Us for detailed information.

For lodging and ground transportation benefits, We will provide a maximum benefit up to the current limits set forth in the Internal Revenue Code.

The human organ and bone marrow/stem cell/cord blood transplant services benefits or requirements described above do not apply to the following:

- Cornea, ventricular assist devices; and
- Any Covered Services, related to a covered transplant procedure, received prior to or after the transplant Benefit Period. Please note that the initial evaluation and any necessary additional testing to determine Your eligibility as a candidate for transplant by Your Provider and the mobilization, collection and storage of bone marrow / stem cells is included in the covered transplant procedure benefit regardless of the date of service.

The above services are covered as Inpatient services, Outpatient services or doctor home visits and office services depending where the service is performed and are subject to Member Cost Shares.

Urgent Care Services

Often an urgent rather than an Emergency health problem exists. An urgent health problem is an unexpected illness or injury that calls for care that cannot wait until a regularly scheduled office visit. Urgent health problems are not life threatening and do not call for the use of an Emergency room. Urgent health problems include earache, sore throat, and fever (not above 104 degrees). Benefits for Urgent Care may include:

- X-ray services;
- Care for broken bones;
- Tests such as flu, urinalysis, pregnancy test, rapid strep;
- Laboratory services;
- Stitches for simple cuts; and
- Draining an abscess.

Prescription Drugs

This section describes how You can obtain covered Prescription Drugs administered by a medical Provider or through a Retail Pharmacy, Our Home Delivery Pharmacy, or Our Specialty Pharmacy. Please see the information below that describes how Prescription Drugs are covered.

Prescription Drugs Administered by a Medical Provider

Your Plan covers Prescription Drugs, including Specialty Drugs, that must be administered to You as part of a doctor's visit, home care visit, or at an Outpatient Facility and are Covered Services. This may include drugs for infusion therapy, chemotherapy, blood products, certain injectables, and any drug that must be administered by a Provider. This section applies when a Provider orders the drug and a medical Provider administers it to You in a medical setting. Benefits for drugs that You inject or get through Your Pharmacy benefit (i.e., Self-Administered Drugs) are not covered under this section. Benefits for those drugs are described in the "Prescription Drug Benefit at a Retail, Home Delivery, or Specialty Pharmacy" section.

Important Details About Prescription Drug Coverage

Your Plan includes certain features to determine when Prescription Drugs should be covered, which are described below. As part of these features, Your prescribing doctor may be asked to give more details before We can decide if the Prescription Drug is eligible for coverage. In order to determine if the Prescription Drug is eligible for coverage, We have established criteria.

The criteria which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration;
- Specific clinical criteria (including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease);
- Specific Provider qualifications (including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies));
- Step therapy requiring one drug, drug regimen or treatment be used prior to use of another drug, drug regimen or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated. Please see "Step Therapy Exception Request" in the "Prescription Drug Benefit at a Retail, Home Delivery, or Specialty Pharmacy" section if You or Your doctor want to request an exception to a step therapy drug regimen;
- Use of an Anthem Prescription Drug List (a formulary developed by Anthem which is a list of drugs that have been reviewed and recommended for use based on their quality and cost effectiveness).

Precertification

Precertification may be required for certain Prescription Drugs to make sure proper use and guidelines for Prescription Drug coverage are followed. We will give the results of Our decision to both You and Your Provider.

For a list of Prescription Drugs that need Precertification, please call the phone number on the back of Your Identification Card. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under Your Plan. Your Provider may check with Us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Please refer to the section "Requesting Approval for Benefits" for more details.

If Precertification is denied, You have the right to file a grievance as outlined in the "If You Have a Complaint or an Appeal" section of this Contract.

Designated Pharmacy Provider

Anthem, in its sole discretion, may establish one or more Designated Pharmacy Provider programs which provide specific Pharmacy services (including shipment of Prescription Drugs) to Members. An In-Network Provider is not necessarily a Designated Pharmacy Provider. To be a Designated Pharmacy Provider, the In-Network Provider must have signed a Designated Pharmacy Provider agreement with

Us. You or Your Provider can contact Member Services to learn which Pharmacy or Pharmacies are part of a Designated Pharmacy Provider program.

For Prescription Drugs that are shipped to You or Your Provider and administered in Your Provider's office, You and Your Provider are required to order from a Designated Pharmacy Provider. A patient care coordinator will work with You and Your Provider to obtain Precertification and to assist shipment to Your Provider's office.

We may also require You to use a Designated Pharmacy Provider to obtain Specialty Drugs for treatment of certain clinical conditions such as hemophilia. We reserve Our right to modify the list of Prescription Drugs as well as the setting and/or level of care in which the care is provided to You. Anthem may, from time to time, change with or without advance notice, the Designated Pharmacy Provider for a drug, if in Our discretion, such change can help provide cost effective, value based and/or quality services.

If You are required to use a Designated Pharmacy Provider and You choose not to obtain Your Prescription Drug from a Designated Pharmacy Provider, You will not have coverage for that Prescription Drug.

You can get the list of the Prescription Drugs covered under this section by calling Pharmacy Member Services at the phone number on the back of Your Identification Card or check Our website at www.anthem.com.

Therapeutic Equivalents

Therapeutic Equivalents is a program that tells You and Your doctor about alternatives to certain prescribed drugs. We may contact You and Your doctor to make You aware of these choices. Only You and Your doctor can determine if the therapeutic equivalent is right for You. For questions or issues about therapeutic drug equivalents, call Pharmacy Member Services at the phone number on the back of Your Identification Card.

Prescription Drug Benefit at a Retail, Home Delivery, or Specialty Pharmacy

Your Plan also includes benefits for Prescription Drugs You get at a Retail, Home Delivery, or Specialty Pharmacy. We use a Pharmacy Benefits Manager (PBM) to manage these benefits. The PBM has a network of Retail Pharmacies, a Home Delivery Pharmacy, and a Specialty Pharmacy. The PBM works to make sure drugs are used properly. This includes checking that Prescriptions are based on recognized and appropriate doses and checking for drug interactions or pregnancy concerns.

Note: Benefits for Prescription Drugs, including Specialty Drugs, which are administered to You by a medical Provider in a medical setting (e.g., doctor's office visit, home care visit, or Outpatient Facility) are covered under the "Prescription Drugs Administered by a Medical Provider" benefit. Please read that section for important details.

Prescription Drug Benefits

Prescription Drug benefits may require prior authorization to determine if Your drugs should be covered. Your In-Network pharmacist will be told if prior authorization is required and if any additional details are needed for Us to decide benefits.

Prior Authorization

Prior authorization is the process of getting benefits approved before certain Prescriptions can be filled.

Prescribing Providers must obtain prior authorization for drug edits in order for You to get benefits for certain drugs. At times, Your Provider will initiate a prior authorization on Your behalf before Your Pharmacy fills Your Prescription. At other times, the Pharmacy may make You or Your Provider aware that a prior authorization or other information is needed. In order to determine if the Prescription Drug is eligible for coverage, We have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration;
- Specific clinical criteria (including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease);

- Specific Provider qualifications (including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies));
- Step therapy requiring one drug, drug regimen or treatment be used prior to use of another drug, drug regimen or treatment for safety and/or cost-effectiveness when clinically similar results may be anticipated;
- Use of a Prescription Drug List (as described below).

You or Your Provider can get the list of the drugs that require prior authorization by calling Pharmacy Member Services at the phone number on the back of Your Identification Card or check Our website at www.anthem.com. The list will be reviewed and updated from time to time. Including a Prescription Drug or related item on the list does not guarantee coverage under Your Plan. Your Provider may check with Us to verify Prescription Drug coverage, to find out which drugs are covered under this section and if any drug edits apply.

Anthem may, from time to time, waive, enhance, change or end certain prior authorization and/or alternate benefits, if in Our sole discretion; such change furthers the provision of cost-effective, value based and/or quality services.

If prior authorization is denied, You have the right to file a grievance as outlined in the “If You Have a Complaint or an Appeal” section of this Contract.

Covered Prescription Drugs

To be a Covered Service, Prescription Drugs must be approved by the FDA and, under federal law, require a Prescription. Prescription Drugs must be prescribed by a licensed Provider and You must get them from a licensed Pharmacy. Controlled Substances must be prescribed by a licensed Provider with an active Drug Enforcement Administration (DEA) license.

Benefits are available for the following:

- Prescription Drugs from either a Retail Pharmacy or the PBM's Home Delivery Pharmacy;
- Specialty Drugs;
- Self-Administered Drugs. These are drugs that do not need administration or monitoring by a Provider in an office or Facility. Injectables and infused drugs that need Provider administration and/or supervision are covered under the “Prescription Drugs Administered by a Medical Provider” benefit;
- Self-injectable insulin and supplies and equipment used to administer insulin;
- Self-Administered contraceptives, including oral contraceptive drugs, self-injectable contraceptive drugs, contraceptive patches, and contraceptive rings; certain contraceptives are covered under the “Preventive Care Services” benefit. Please see that section for more details.
- Flu shots (including administration).

Where You Can Get Prescription Drugs

In-Network Pharmacy

You can visit one of the local Retail Pharmacies in Our network. Give the Pharmacy the Prescription from Your doctor and Your Identification Card and they will file Your claim for You. You will need to pay any Copayment, Coinsurance, and/or Deductible that applies when You get the drug. If You do not have Your Identification Card, the Pharmacy will charge You the full retail price of the Prescription and will not be able to file the claim for You. You will need to ask the Pharmacy for a detailed receipt and send it to Us with a written request for payment.

Note: If We determine that You may be using Prescription Drugs in a harmful or abusive manner, or with harmful frequency, Your selection of In-Network Pharmacies may be limited. If this happens, We may require You to select a single In-Network Pharmacy that will provide and coordinate all future Pharmacy services. Benefits will only be paid if You use the single In-Network Pharmacy. We will contact You if We determine that use of a single In-Network Pharmacy is needed and give You options as to which In-Network Pharmacy You may use. If You do not select one of the In-Network Pharmacies We offer within 31 days, We will select a single In-Network Pharmacy for You. If You disagree with Our decision, You may ask Us to reconsider it as outlined in the “If You have a Complaint or an Appeal” section of this Contract.

In addition, if We determine that You may be using Controlled Substance Prescription Drugs in a harmful or abusive manner, or with harmful frequency, Your selection of Providers for Controlled Substance Prescriptions may be limited. If this happens, We may require You to select a single In-Network Provider that will provide and coordinate all Controlled Substance Prescriptions. Benefits for Controlled Substance Prescriptions will only be paid if You use the single In-Network Provider. We will contact You if We determine that use of a single In-Network Provider is needed and give You options as to which In-Network Provider You may use. If You do not select one of the In-Network Providers We offer within 31 days, We will select a single In-Network Provider for You. If You disagree with Our decision, You may ask Us to reconsider it as outlined in the “If You have a Complaint or an Appeal” section of this Contract.

If We determine that a Provider is demonstrating prescribing or dispensing behavior that is potentially wasteful or an unsafe practice for You, We may limit the medication(s) that the Provider can dispense. If so, You will be notified and benefits will not change if You use another participating Pharmacy.

Your Plan has two levels of coverage. To get the lowest out-of-pocket cost, You must get Covered Services from a Level 1 In-Network Pharmacy. If You get Covered Services from any other In-Network Pharmacy, benefits will be covered at Level 2 and You may pay more in Deductible, Copayments, and Coinsurance.

Level 1 In-Network Pharmacies. When You go to Level 1 In-Network Pharmacies, (also referred to as Core Pharmacies), You pay a lower Copayment/Coinsurance on Covered Services than when You go to other In-Network Providers.

Level 2 In-Network Pharmacies. When You go to Level 2 In-Network Pharmacies, (also referred to as Wrap Pharmacies), You pay a higher Copayment/Coinsurance on Covered Services than when You go to a Level 1 In-Network Pharmacy.

Specialty Pharmacy

We keep a list of Specialty Drugs that may be covered based upon clinical findings from the Pharmacy and Therapeutics (P&T) Process, and where appropriate, certain clinical economic reasons. This list will change from time to time.

When You use the PBM's Specialty Pharmacy its patient care coordinator will work with You and Your doctor to get prior authorization and to ship Your Specialty Drugs to Your home or Your preferred address. Your patient care coordinator will also tell You when it is time to refill Your Prescription.

You can get the list of covered Specialty Drugs by calling Pharmacy Member Services at the phone number on the back of Your Identification Card or check Our website at www.anthem.com.

When You Order Your Prescription Through the PBM's Specialty Pharmacy

You can have Your Prescription for a Specialty Drug filled through the PBM's Specialty Pharmacy. Specialty Drugs are limited to a 30-day supply per fill. The PBM's Specialty Pharmacy will deliver Your Specialty Drugs to You by mail or common carrier for self-administration in Your home. You cannot pick up Your medication at Anthem.

Home Delivery Pharmacy

The PBM also has a Home Delivery Pharmacy which lets You get certain drugs by mail if You take them on a regular basis (Maintenance Medication). You can have Your doctor send Prescriptions electronically, via fax or phone call, or You can submit written Prescriptions from Your doctor to the Home Delivery Pharmacy. Your doctor may also call the Home Delivery Pharmacy.

Maintenance Medication

A Maintenance Medication is a drug You take on a regular basis to treat or control a chronic illness such as heart disease, high blood pressure, epilepsy, or diabetes. If You are not sure the Prescription Drug You are taking is a Maintenance Medication, please call Pharmacy Member Services at the number on the back of Your Identification Card or check Our website at www.anthem.com for more details.

When using Home Delivery, We suggest that You order Your refill two weeks before You need it to avoid running out of Your medication. For any questions concerning the Home Delivery program, You can call Pharmacy Member Services toll-free at 833-236-6196.

The Prescription must state the dosage and Your name and address; it must be signed by Your doctor.

The first Home Delivery Prescription You submit must include a completed patient profile form. This form will be sent to You upon becoming eligible for this program. Any subsequent Home Delivery Prescriptions for that insured need only the Prescription and payment enclosed.

You must authorize the pharmacist to release information needed in connection with the filling of a Prescription to the designated Home Delivery Prescription Drug program.

Note: Some Prescription Drugs and/or medicines are not available or are not covered for purchase through the Home Delivery Prescription Drug program including, but not limited to, antibiotics, drugs not on the Prescription Drug List, drugs and medications to treat infertility, impotence and/or sexual dysfunction, injectables, including self-administered injectables except insulin. Please check with the Home Delivery Prescription Drug program Member Services department at 833-236-6196 for availability of the drug or medication.

What You Pay for Prescription Drugs

Tiers

Your share of the cost for Prescription Drugs may vary based on the tier the drug is in.

To get the lowest out-of-pocket cost, You must get Covered Services from a Level 1 In-Network Pharmacy.

- **Tier 1** Drugs have the lowest Coinsurance or Copayment. This tier contains low cost and preferred drugs that may be Generic, single source Brand Drugs, Biosimilars, Interchangeable Biologic Products, or multi-source Brand Drugs.
- **Tier 2** Drugs have a higher Coinsurance or Copayment than those in Tier 1. This tier may contain preferred drugs that may be Generic, single source, Biosimilars, Interchangeable Biologic Product or multi-source Brand Drugs.
- **Tier 3** Drugs have a higher Coinsurance or Copayment than those in Tier 2. This tier may contain higher cost, preferred, and non-preferred drugs that may be Generic, single source, Biosimilars, Interchangeable Biologic Product or multi-source Brand Drugs.
- **Tier 4** Drugs have a higher Coinsurance or Copayment than those in Tier 3. This tier may contain higher cost, preferred, and non-preferred drugs that may be Generic, single source, Biosimilars, Interchangeable Biologic Product or multi-source Brand Drugs.

Prescription Drug List

We also have a Prescription Drug List (a formulary) which is a list of drugs that have been reviewed and recommended for use based on their quality and cost effectiveness. Benefits may not be covered for certain drugs if they are not on the Prescription Drug List.

The Prescription Drug List is developed by Us based upon clinical findings, and where proper, the cost of the drug relative to other drugs in its therapeutic class or used to treat the same or similar condition. It is also based on the availability of over-the-counter medicines, Generic Drugs, the use of one drug over another by Our Members, and where proper, certain clinical economic reasons.

If You have a question regarding whether a drug is on the Prescription Drug List, please refer to Our website at www.anthem.com.

We retain the right, at Our discretion, to decide coverage based upon medication dosages, dosage forms, manufacturer and administration methods (i.e., oral, injected, topical, or inhaled) and may cover one form instead of another as Medically Necessary.

This Plan limits Prescription Drug coverage to those Prescription Drugs listed on Our Prescription Drug List. This formulary contains a limited number of Prescription Drugs, and may be different than the formulary for Our Anthem products. Benefits may not be covered for certain Prescription Drugs if they are not on the Prescription Drugs List. Generally, it includes select Generic Drugs with limited Brand Drug coverage. This list is subject to periodic review and modification by Anthem. We may add or delete Prescription Drugs from this Prescription Drug List from time to time. Inclusion of a drug or related item on the covered Prescription Drug List is not a guarantee of coverage. A description of the Prescription Drugs that are listed on this Prescription Drug List is available upon request and at

www.anthem.com.

Exception Request for a Drug not on the Prescription Drug List

If You or Your doctor believe You need a Prescription Drug that is not on the Prescription Drug List, please have Your doctor or pharmacist get in touch with Us. We will cover the other Prescription Drug only if We agree that it is Medically Necessary and appropriate over the other drugs that are on the Prescription Drug List. We will make a coverage decision within 72 hours of receiving Your request. If We approve the coverage of the drug, coverage of the drug will be provided for the duration of Your Prescription, including refills. If We deny coverage of the drug, You have the right to request an external review by an Independent Review Organization (IRO). The IRO will make a coverage decision within 72 hours of receiving Your request. If the IRO approves the coverage of the drug, coverage of the drug will be provided for the duration of Your Prescription, including refills.

You or Your doctor may also submit a request for a Prescription Drug that is not on the Prescription Drug List based on exigent circumstances. Exigent circumstances exist if You are suffering from a health condition that may seriously jeopardize Your life, health, or ability to regain maximum function, or if You are undergoing a current course of treatment using a drug not covered by the Plan. We will make a coverage decision within 24 hours of receiving Your request. If We approve the coverage of the drug, coverage of the drug will be provided for the duration of the exigency. If We deny coverage of the drug, You have the right to request an external review by an IRO. The IRO will make a coverage decision within 24 hours of receiving Your request. If the IRO approves the coverage of the drug, coverage of the drug will be provided for the duration of the exigency.

Coverage of a drug approved as a result of Your request or Your doctor's request for an exception will only be provided if You are a Member enrolled under the Plan.

Step Therapy Exception Request

If You or Your doctor want to request an exception for a Prescription Drug not recommended under Our step therapy protocol, You, Your doctor, or Your pharmacist can get in touch with Us by calling the Member Services number on Your Identification Card or by visiting www.anthem.com. We will provide, in writing, a copy of the procedures for requesting an exception.

Upon receipt of Your exception request or Your appeal of a denial of an exception request, We will review the request within:

- Twenty-four hours in an urgent healthcare situation; or
- Two business days from the date such request or appeal is submitted in a non-urgent healthcare situation.

We will approve Your exception request if the prescribing Provider submits clinical documentation to support the exception request and We determine that one or more of the following apply:

- The required Prescription Drug is contraindicated or will likely cause an adverse reaction or physical or mental harm to You;
- The required Prescription Drug is expected to be ineffective, based on both of the following:
 - Your known clinical condition; and
 - Known characteristics of the required Prescription Drug.
- You previously tried the required Prescription Drug or another Prescription Drug in the same pharmacologic class or has the same mechanism of action as the required Prescription Drug and such Prescription Drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event; and/or,
- You are currently receiving a positive therapeutic outcome on a Prescription Drug under Your current or previous health Plan and a change to the required Prescription Drug is expected to be ineffective or cause harm based on Your known clinical condition or the known characteristics of the required Prescription Drug.

We may request a copy of relevant documentation from Your medical records in support of the exception request.

We will notify both You and Your doctor if an exception request is approved. Coverage of a Prescription Drug approved as a result of Your doctor's request for an exception will only be provided if the requested

Prescription Drug is covered under the Plan.

Drug Utilization Review

If there are patterns of over utilization or misuse of drugs, We will notify Your personal doctor and Your pharmacist. We reserve the right to limit benefits to prevent over utilization of drugs.

Additional Features of Your Prescription Drug Pharmacy Benefit**Day Supply and Refill Limits**

Certain day supply limits apply to Prescription Drugs as listed in the "Schedule of Cost Share and Benefits." In most cases, You must use a certain amount of Your Prescription before it can be refilled. In some cases We may let You get an early refill. For example, We may let You refill Your Prescription early if it is decided that You need a larger dose. We will work with the Pharmacy to decide when this should happen.

If You are going on vacation and You need more than the day supply allowed, You should ask Your pharmacist to call Our PBM and ask for an override for one early refill. If You need more than one early refill, please call Pharmacy Member Services at the number on the back of Your Identification Card.

Therapeutic Equivalents

Therapeutic Equivalents is a program that tells You and Your doctor about alternatives to certain prescribed drugs. We may contact You and Your doctor to make You aware of these choices. Only You and Your doctor can determine if the therapeutic equivalent is right for You. For questions or issues about therapeutic drug equivalents, call Pharmacy Member Services at the phone number on the back of Your Identification Card.

Split Fill Dispensing Program

The split fill dispensing program is designed to prevent and/or minimize wasted Prescription Drugs if Your Prescription Drugs or dose changes between fills, by allowing only a portion of Your Prescription to be filled. This program also saves You out-of-pocket expenses.

The Prescription Drugs that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and potential reactions or side-effects. You can access the list of these Prescription Drugs by calling the toll-free Pharmacy Member Services number on Your Member ID Card or log on to the Member website at www.anthem.com.

Special Programs

Except where prohibited by federal regulations (such as HSA rules), from time to time We may offer programs to support the use of more cost-effective or clinically effective Prescription Drugs including Generic Drugs, Home Delivery drugs, over-the-counter drugs or preferred products. Such programs may reduce or waive Copayments or Coinsurance for a limited time. In addition, We may allow access to network rates for drugs not listed on Our Prescription Drug List.

Rebate Impact on Prescription Drugs You Get at Retail or Home Delivery Pharmacies

Anthem and/or its PBM may also, from time to time, enter into agreements that result in Anthem receiving rebates or other funds ("rebates") directly or indirectly from Prescription Drug manufacturers, Prescription Drug distributors or others.

You will be able to take advantage of a portion of the cost savings anticipated by Anthem from rebates on Prescription Drugs purchased by You from Retail, Home Delivery, or Specialty Pharmacies under this section. If the Prescription Drug purchased by You is eligible for a rebate, most of the estimated value of that rebate will be used to reduce the Maximum Allowed Amount for the Prescription Drug. Any Deductible or Coinsurance would be calculated using that reduced amount. The remaining value of that rebate will be used to reduce the cost of coverage for all Members enrolled in coverage of this type.

It is important to note that not all Prescription Drugs are eligible for a rebate, and rebates can be discontinued or applied at any time based on the terms of the rebate agreements. Because the exact value of the ultimate rebate will not be known at the time You purchase the Prescription Drug, the amount the rebate applied to Your claim will be based on an estimate. Payment on Your claim will not be adjusted if the later determined rebate value is higher or lower than Our original estimate.

Pediatric Dental Care

Your Dental Benefits. Dental care treatment decisions are made by You and Your dentist. We cover treatment based on what benefits You have, not whether the care is medically or dentally necessary. The only exception is when You get orthodontic care — We do review those services to make sure they are appropriate.

Pretreatment Estimates. When You need major dental care, like crowns, root canals, dentures/bridges, oral surgery, or braces — it is best to go over a care or treatment plan with Your dentist beforehand. It should include a “pretreatment estimate” so You know what it will cost.

You or Your dentist can send Us the pretreatment estimate to get an idea of how much of the cost Your benefits will cover. Then You can work with Your dentist to make financial arrangements, before You start treatment.

Pediatric Dental Essential Health Benefits. The following dental care services are covered for Members until the end of the month in which they turn 19. All Covered Services are subject to the terms, limitations, and exclusions of this Contract. Deductible and Coinsurance.

Inlays. Inlays are covered at the same frequency as an amalgam filling. Inlays will be paid up to the same Maximum Allowed Amount for an amalgam filling. You are responsible to pay for any amount over the Maximum Allowed Amount, plus any applicable Deductible and Coinsurance.

Onlays or Permanent Crowns. Covered one time per five Year period. Only covered on a permanent tooth. To be covered, the tooth must have extensive loss of natural structure due to decay or fracture so that another restoration (such as a filling or inlay) cannot be used to restore the tooth. We will pay up to the Maximum Allowed Amount for a porcelain to noble metal crown. If You choose to have another type of crown, You are responsible to pay for the difference plus any applicable Deductible and Coinsurance.

Inlay, Onlay or Crown Repair.

Implant Crowns. See the implant procedures description under Prosthodontic Services.

Restorative Cast Post and Core Build Up. Includes one post per tooth and one pin per surface. Covered one time per 60 months. Covered only if needed to retain an indirectly fabricated restoration (such as a crown) due to extensive loss of tooth structure due to decay or fracture.

Prefabricated Post and Core (in addition to crown). Covered one time per tooth every 60 months.

Prosthodontic Services

Dentures and Partial (removable prosthodontic services). Covered one time per five Years for the replacement of extracted permanent teeth. If You have an existing denture or partial, a replacement is only covered if at least five Years have passed and it cannot be repaired or adjusted.

Bridges (fixed prosthodontic services). Covered one time per five Years for the replacement of extracted permanent teeth. If You have an existing bridge, a replacement is only covered if at least 60 months have passed and it cannot be repaired or adjusted. In order for the bridge to be covered:

- A natural healthy and sound tooth is present to service as the anterior and posterior retainer.
- There are no other missing teeth in the same arch that have been replaced with a removable partial denture.
- And none of the individual units (teeth) of the bridge has had a crown or cast restoration covered under this Plan in the last five Years.

The Plan will cover the least costly, commonly performed course of treatment. If there are multiple missing teeth, the Plan may cover a partial denture instead of the bridge. If You still choose to get the bridge, You will be responsible to pay the difference in cost, plus any applicable Deductible and Coinsurance.

Coverage includes only the single surgical placement of the implant body, implant abutment and implant/abutment supported crown. Some adjunctive implant services may not be covered. It is recommended that You get a pretreatment estimate, so You fully understand the treatment and cost before having implant

services done.

Orthodontic Care

Orthodontic care is the prevention and correction of malocclusion of teeth and associated dental and facial disharmonies. Talk to Your dental Provider about getting a pretreatment estimate for Your orthodontic treatment plan, so You have an idea upfront what the treatment and costs will be. You or Your dental Provider should send it to Us so We can help You understand how much is covered by Your benefits.

Dentally Necessary Orthodontic Care. This Plan will only cover orthodontic care that is dentally necessary — at least one of these criteria must be present:

- Spacing between adjacent teeth that interferes with Your biting function
- Overbite that causes the lower front (anterior) teeth to impinge on the roof of Your mouth when You bite
- The position of Your jaw or teeth impairs Your ability to bite or chew
- On an objective, professional orthodontic severity index, the condition scores at a level consistent with the need for orthodontic care

What Orthodontic Care Includes. Orthodontic care may include the following types of treatment:

- Pre-Orthodontic Treatment Exams. Periodic visits with Your dentist to establish when orthodontic treatment should begin.
- Periodic Orthodontic Treatment Visits.
- Limited Treatment. A treatment usually given for minor tooth movement and is not a full treatment case.
- Interceptive Treatment (also known as phase I treatment). This is a limited treatment that is used to prevent or lessen the need for more involved treatment in the future.
- Comprehensive or Complete Treatment. A full kind of treatment that includes all radiographs, diagnostic casts and models, orthodontic appliances and office visits.
- Removable Appliance Therapy. Treatment that uses an appliance that is removable and not cemented or bonded to the teeth.
- Fixed Appliance Therapy. Treatment that uses an appliance that is cemented or bonded to the teeth.
- Complex Surgical Procedures. Surgical procedures given for orthodontic reasons, such as exposing impacted or unerupted teeth, or repositioning of the teeth.

How We Pay for Orthodontic Care. Because orthodontic treatment usually occurs over a long period of time, payments are made over the course of Your treatment. In order for Us to continue to pay for Your orthodontic care You must have continuous coverage under this Contract.

The first payment for orthodontic care is made when treatment begins. Treatment begins when the appliances are installed. Your dental Provider should submit the necessary forms telling Us when Your appliance is installed. Payments are then made at six month intervals until the treatment is finished or coverage under this Contract ends.

If Your orthodontic treatment is already in progress (the appliance has been installed) when You begin coverage under this Contract, the orthodontic treatment benefit under this coverage will be on a pro-rated basis. We will only cover the portion of orthodontic treatment that You are given while covered under this Contract. We will not pay for any portion of Your treatment that was given before Your Effective Date under this Contract.

What Orthodontic Care Does NOT Include. The following is not covered as part of Your orthodontic treatment:

- Monthly treatment visits that are billed separately — these costs should already be included in the cost of treatment.
- Repair or replacement of lost, broken, or stolen appliances.
- Orthodontic retention or retainers that are billed separately — these costs should already be included in the cost of treatment.
- Retreatment and services given due to a relapse.

- Inpatient or Outpatient Hospital expenses, unless covered by the medical benefits of this Contract.
- Any provisional splinting, temporary procedures or interim stabilization of the teeth.

Pediatric Vision Care

These vision care services are covered for Members until the end of the month in which they turn 19. To get In-Network benefits, use a Blue View Vision eye care Provider. For help finding one, try “Find a Doctor” on Our website, or call Us at the number on Your ID Card.

Routine Eye Exam

This Contract covers a complete routine eye exam with dilation as needed. The exam is used to check all aspects of Your vision.

Eyeglass Lenses

Standard plastic (CR39) eyeglass lenses up to 55mm are covered, whether they are single vision, bifocal, trifocal (FT 25-28), progressive or lenticular.

There are a number of additional covered lens options that are available through Your Blue View Vision Provider. See the “Schedule of Cost Share and Benefits” for the list of covered lens options.

Frames

Your Blue View Vision Provider will have a collection of frames for You to choose from. They can tell You which frames are included at no extra charge — and which ones will cost You more.

Contact Lenses

Each Year, You get a lens benefit for eyeglass lenses, non-elective contact lenses or elective contact lenses. But You can only get one of those three options in a given Year. Your Blue View Vision Provider will have a collection of contact lenses for You to choose from. They can tell You which contacts are included at no extra charge — and which ones will cost You more.

Elective contact lenses are ones You choose for comfort or appearance.

Non-elective contact lenses are ones prescribed for certain eye conditions:

- Keratoconus where the patient is not correctable to 20/40 in either or both eyes using standard spectacle lenses
- High ametropia exceeding -12D or +9D in spherical equivalent
- Anisometropia of 3D or more
- For patients whose vision can be corrected three lines of improvement on the visual acuity chart when compared to best corrected standard spectacle lenses.

Note: We will not pay for non-elective contact lenses for any Member who has had elective corneal surgery, such as radial keratotomy (RK), photorefractive keratectomy (PRK), or LASIK.

Low Vision

Low vision is when You have a significant loss of vision, but not total blindness. Your Plan covers services for this condition when You go to a Blue View Vision eye care Provider who specializes in low vision. They include a comprehensive low vision exam (instead of a routine eye exam), optical/non-optical aids or supplemental testing.

HOW YOUR CLAIMS ARE PAID

This section describes how Your claims are administered, explains the Cost Sharing features of Your Plan, and outlines other important provisions. The specific Cost Sharing features, and the applicable benefit percentages and/or limitations, are outlined in the “Schedule of Cost Share and Benefits” section.

We consider Covered Services to be incurred on the date a service is provided. This is important because You must be actively enrolled on the date the service is provided.

Cost Sharing Requirements

Cost Sharing is how Anthem shares the cost of healthcare services with You. It means what Anthem is responsible for paying and what You are responsible for paying. You meet Your Cost Sharing requirements through Your payment of Copayments, Deductibles and/or Coinsurance (as described below).

Anthem works with doctors, Hospitals, Pharmacies and other healthcare Providers to control healthcare costs. As part of this effort, most Providers who contract with Anthem agree to control costs by giving discounts to Anthem. Most other insurers maintain similar arrangements with Providers.

The contracts between Anthem and Our In-Network Providers include a “hold harmless” clause which provides that You cannot be held responsible by the Provider for claims owed by Anthem for healthcare services covered under this Contract.

Covered Services that are not obtained from a PCP, SCP or another In-Network Provider, or that are not Authorized Services will not be covered. The only exceptions are Emergency Care, ambulance services related to an Emergency for transportation to a Hospital, or Urgent Care services received at an Urgent Care Center.

Copayment

Copayment means the fixed dollar amount You may be responsible for when You visit a Provider or fill a Prescription for covered Prescription Drugs at the Retail or Home Delivery Pharmacy. In some instances, a Copayment may be required before the Deductible for certain Covered Services. Your Copayment responsibility is shown in Your “Schedule of Cost Share and Benefits.” Whether a Copayment applies to a Covered Service, depends on Your Contract's benefit design.

Copayments do not accumulate towards the Deductible, however Copayments satisfied in a Calendar Year accumulate towards the Out-of-Pocket Limit.

Coinsurance

Coinsurance means the percentage of the Maximum Allowed Amount for which You are responsible for a specified Covered Service. For example, if Your Coinsurance percentage listed on Your “Schedule of Cost Share and Benefits” is 20%, You are responsible for 20% of the Maximum Allowed Amount. See the explanation of Maximum Allowed Amount in this section for additional information. Whether a Coinsurance applies to a Covered Service depends on Your Plan's benefit design.

Deductible

A Deductible is a specified dollar amount for Covered Services that the Member must pay within each Calendar Year before Anthem reimburses You for Covered Services. A Copayment may be required before the Deductible for certain Covered Services. The Deductible amount is listed in the “Schedule of Cost Share and Benefits” section. A new Deductible applies at the beginning of each Calendar Year.

Deductible Calculation

Each family Member's Maximum Allowed Amounts for Covered Services is applied to his or her individual Deductible. Once two or more family Members' Maximum Allowed Amounts for Covered Services combine to equal the family Deductible, then no other individual Deductible needs to be met for that Calendar Year. No one person can contribute more than his or her individual Deductible to the family Deductible.

The Deductible applies to most Covered Services even those with a zero percent Coinsurance. An example of services not subject to the Deductible is In-Network Preventive Care Services required by law.

Generally, Copayments are not subject to and do not apply to the Deductible, however to confirm how Your Plan works, please refer to the “Schedule of Cost Share and Benefits”.

Credit toward Deductible

Your Plan includes a Deductible carry-over provision. This means that any amounts applied to Your Calendar Year Deductible during the last three months of the Calendar Year will be applied towards the next Calendar Year Deductible. This provision does not apply to vision Calendar Year Deductible.

Out-of-Pocket Limit

The Out-of-Pocket Limit for Covered Services is the sum of the Deductible and Copayment/Coinsurance maximums paid in a Calendar Year. The Out-of-Pocket Limit is the most You pay for Covered Services in a Calendar Year. Once You meet Your Out-of-Pocket Limit, Anthem will cover 100% of the Maximum Allowed Amount for Covered Services for the rest of that Calendar Year.

Out-of-Pocket Limit Calculation

The Deductible, Coinsurance, and Copayment amounts incurred in a Calendar Year apply to the Out-of-Pocket Limit.

The individual Out-of-Pocket Limit applies to each covered family Member. Once two or more covered family Members' Out-of-Pocket Limits combine to equal the family Out-of-Pocket Limit amount, the Out-of-Pocket Limit will be satisfied for the family for that Calendar Year. No one person can contribute more than his or her individual Out-of-Pocket Limit.

Once the Out-of-Pocket Limit is satisfied, no additional Cost Sharing will be required for the remainder of the Calendar Year.

Out-of-Pocket Limit Exceptions

Please read this section very carefully. Not all money that You pay toward Your healthcare costs are counted toward Your Out-of-Pocket Limit.

Amounts You incur towards Your Deductible, Copayments and/or Coinsurance count towards the Out-of-Pocket Limit. However, the following will never count towards the Out-of-Pocket Limit, nor will they ever be paid under this Plan:

- Amounts exceeding the Maximum Allowed Amount;
- Amounts over any Plan maximum or limitation; and/or
- Expenses for services not covered under this Contract.

Benefit Year Maximum

Some Covered Services have a maximum number of days or visits that Anthem will allow during a Calendar Year. When the Deductible is applied to a Covered Service that has a maximum number of days or visits, the maximum benefits may be reduced by the amount applied to the Deductible, whether or not the Covered Service is paid by Us. These maximums apply even if You have satisfied the applicable Out-of-Pocket Limit. See the “Schedule of Cost Share and Benefits” for those services which have a Benefit Limit.

Balance Billing

In-Network Providers are prohibited from balance billing. An In-Network Provider has signed an agreement with Anthem to accept Our determination of the Maximum Allowed Amount or reimbursement rate for Covered Services rendered to a Member who is his or her patient. A Member is not liable for any fee in excess of this determination or negotiated fee, except what is due under the Contract, e.g., Deductibles (if any) or Coinsurance. When You receive Covered Services from an Out-of-Network Provider, including in an Emergency or when services have been previously authorized, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges unless You

receive a Surprise Billing Claim.

The reimbursement rate is the Eligible Charges calculated each Year by Anthem for any contracted Provider and will be applied to all Provider claims during the payment period.

Maximum Allowed Amount

General

This provision describes how We determine the amount of reimbursement for Covered Services.

Reimbursement for services rendered by In-Network and Out-of-Network Providers is based on Your Contract's Maximum Allowed Amount for the Covered Service that You receive. Please also see "Inter-Plan Programs" provision for additional information.

The Maximum Allowed Amount for this Contract is the maximum amount of reimbursement We will allow for services and supplies:

- that meet Our definition of Covered Services, to the extent such services and supplies are covered under Your Contract and are not excluded;
- that are Medically Necessary; and
- that are provided in accordance with all applicable pre-authorization, Utilization Review, or other requirements set forth in Your Contract.

You will be required to pay a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance.

Generally, services received from an Out-of-Network Provider under this Contract are not covered except for under limited circumstances including Emergency Care, certain services that are provided at an In-Network facility by an Out-of-Network Provider, or when services have been previously authorized by Us. Except for Surprise Billing Claims as defined in this contract when You receive Covered Services from an Out-of-Network Provider which have been previously authorized by Us, You may be responsible for paying any difference between the Maximum Allowed Amount and the Provider's actual charges. This amount can be significant.

When You receive Covered Services from a Provider, We will, to the extent applicable, apply claim processing rules to the claim submitted for those Covered Services. These rules evaluate the claim information and, among other things, determine the accuracy and appropriateness of the procedure and diagnosis codes included in the claim. Applying these rules may affect Our determination of the Maximum Allowed Amount. Our application of these rules does not mean that the Covered Services You received were not Medically Necessary. It means We have determined that the claim was submitted inconsistent with procedure coding rules and/or reimbursement policies. For example, Your Provider may have submitted the claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed. When this occurs, the Maximum Allowed Amount will be based on the single procedure code rather than a separate Maximum Allowed Amount for each billed code.

Likewise, when multiple procedures are performed on the same day by the same doctor or other healthcare professional, We may reduce the Maximum Allowed Amounts for those secondary and subsequent procedures because reimbursement at 100% of the Maximum Allowed Amount for those procedures would represent duplicative payment for components of the primary procedure that may be considered incidental or inclusive.

Provider Network Status

The Maximum Allowed Amount may vary depending upon whether the Provider is an In-Network or an Out-of-Network Provider.

An In-Network Provider is a Provider who is in the managed network for this specific product or in other closely managed specialty network, or who has a participation contract with Us. For Covered Services performed by an In-Network Provider, the Maximum Allowed Amount for Your Contract is the rate the Provider has agreed with Us to accept as reimbursement for the Covered Services. Because In-Network Providers have agreed to accept the Maximum Allowed Amount as payment in full for those Covered Services, they should not send You a bill or collect for amounts above the Maximum Allowed Amount. However, You may receive a bill or be

asked to pay all or a portion of the Maximum Allowed Amount to the extent You have not met Your Deductible or have a Copayment or Coinsurance. Please call Member Services for help in finding an In-Network Provider or visit Our website www.anthem.com.

Providers who have not signed any contract with Us and are not in any of Our networks are Out-of-Network Providers, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary Providers. If You use an Out-of-Network Provider, Your entire claim will be denied except for Emergency Care, or unless the services were previously authorized by Us.

Except for Surprise Billing Claims We will calculate the Maximum Allowed Amount for Covered Services You receive from an Out-of-Network Provider that was previously authorized by Us, using one of the following:

1. An amount based on Our Out-of-Network Provider fee schedule/rate, which We have established in Our discretion, and which We reserve the right to modify from time to time, after considering one or more of the following: reimbursement amounts accepted by like/similar Providers contracted with Anthem, reimbursement amounts paid by the Centers for Medicare and Medicaid Services for the same services or supplies, and other industry cost, reimbursement and utilization data; or
2. An amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the Maximum Allowed Amount upon the level or method of reimbursement used by CMS, Anthem will update such information, which is unadjusted for geographic locality, no less than annually; or
3. An amount based on information provided by a third party vendor, which may reflect one or more of the following factors: (1) the complexity or severity of treatment; (2) level of skill and experience required for the treatment; or (3) comparable Providers' fees and costs to deliver care; or
4. An amount negotiated by Us or a third party vendor which has been agreed to by the Provider. This may include rates for services coordinated through case management; or
5. An amount based on or derived from the total charges billed by the Out-of-Network Provider; or
6. An amount based on the Medicaid fee schedule established by the State. When basing the Maximum Allowed Amount upon the level or method of reimbursement established by the State for Medicaid, Anthem will update such information no less than annually.

Providers who are not contracted for this product, but are contracted for other products with Us are also considered Out-of-Network. For this Contract the Maximum Allowed Amount for services from these Providers will be one of the methods shown above unless the contract between Anthem and that Provider specifies a different amount or if Your claim involves a Surprise Billing Claim.

For Emergency Care and/or services provided by an Out-of-Network Provider resulting in a Surprise Bill, We will pay the Out-of-Network Provider the Maximum Allowed Amount which shall be the greater of the following:

1. The most recent amount negotiated by Us with the Out-of-Network Provider for the Emergency Care during which time the Provider was an In-Network Provider;
2. The median contracted rate as determined by the State;
3. Any other amount as determined by Us given the complexity of the services rendered.

For these services, the Out-of-Network Provider should not bill You for the difference between the Out-of-Network Provider's charge and the Maximum Allowed Amount.

For services rendered outside Anthem's service area by Out-of-Network Providers, claims may be priced using the local Blue Cross and/or Blue Shield Plan's non-participating Provider fee schedule/rate or the pricing arrangements required by applicable State or federal law. In certain situations, the Maximum Allowed Amount for out of area claims may be based on billed charges, the pricing We would use if the healthcare services had been obtained within the Anthem service area, or a special negotiated price.

Unlike In-Network Providers, Out-of-Network Providers may send You a bill and collect for the amount of the Provider's charge that exceeds Our Maximum Allowed Amount, this is called "balance billing". You are responsible for paying the difference between the Maximum Allowed Amount and the amount the Provider charges unless these charges are for Emergency Care or certain services that are provided at

an In-Network facility by an Out-of-Network Provider. This amount can be significant. Choosing an In-Network Provider will likely result in lower Out-of-Pocket costs to You. Please call Member Services for help in finding an In-Network Provider or visit Our website at www.anthem.com to verify Provider Network status for Providers who may render Covered Services to You including, but not limited to, radiologists, anesthesiologists, pathologists, or Emergency medicine physicians.

Member Services is also available to assist You in determining Your Contract's Maximum Allowed Amount for a particular service from an Out-of-Network Provider. In order for Us to assist You, You will need to obtain from Your Provider the specific procedure code(s) and diagnosis code(s) for the services the treating Providers will render. You will also need to know the Provider's charges to calculate Your out-of-pocket responsibility. Although Member Services can assist You with this pre-service information, the final Maximum Allowed Amount for Your claim will be based on the actual claim submitted by the Provider.

For Prescription Drugs, the Maximum Allowed Amount is the amount determined by Us using Prescription Drug cost information provided by the PBM.

Member Cost Share

For certain Covered Services and depending on Your Plan design, You may be required to pay a part of the Maximum Allowed Amount as Your Cost Share amount (for example, Deductible, Copayment, and/or Coinsurance).

We will not provide any reimbursement for non-Covered Services. You will be responsible for the total amount billed by Your Provider for non-Covered Services, regardless of whether such services are performed by an In-Network or Out-of-Network Provider. Non-Covered Services include services specifically excluded from coverage by the terms of Your Contract and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Your day/visit limits.

If You receive Covered Services in an In-Network Provider facility from an Out-of-Network Provider who is employed by or contracted with the In-Network Hospital or facility, You will pay the In-Network Cost Share amounts for those Covered Services. However, You also may be liable for the difference between the Maximum Allowed Amount and the amount the Out-of-Network Provider charges unless it's a Surprise Billing Claim. Note that We will not deny or restrict Covered Services provided by the In-Network Provider solely on the basis that You obtained services from an Out-of-Network Provider.

If You request a Referral to an Out-of-Network Provider for additional Covered Services while receiving a Covered Service at an In-Network Facility, claims for such additional Covered Services shall not be treated as Surprise Bill Claims if the Provider has followed the notice and consent requirements set forth in the in the "Consolidated Appropriations Act of 2021 Notice" section . This requirement does not apply to ancillary services.

Authorized Services

In some circumstances, such as where there is no In-Network Provider available for the Covered Service, We may authorize the In-Network Cost Share amounts (Deductible, Copayment, and/or Coinsurance) to apply to a claim for a Covered Service You receive from an Out-of-Network Provider. In such circumstance, You must contact Us in advance of obtaining the Covered Service. We also will authorize the In-Network Cost Share amounts to apply to a claim for Covered Services if You receive Emergency Services from an Out-of-Network Provider and are not able to contact Us until after the Covered Service is rendered. If We authorize an In-Network Cost Share amount to apply to a Covered Service received from an Out-of-Network Provider, You also may still be liable for the difference between the Maximum Allowed Amount and the Out-of-Network Provider's charge except for Surprise Billing Claims. Please contact Member Services for Authorized Services information or to request authorization.

Inter-Plan Arrangements

Out-of-Area Services

Overview

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules

and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever You access healthcare services outside the geographic area We serve (the “Anthem Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When You receive care outside of the Anthem Service Area, You will receive it from one of two kinds of Providers. Most Providers (“participating Providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some Providers (“non-participating Providers”) don’t contract with the Host Blue. We explain below how We pay both kinds of Providers. Anthem covers only limited healthcare services received outside of the Anthem Service Area. For example, Emergency Care or Urgent Care services received at an Urgent Care Center obtained outside the Anthem Service Area is always covered. Any other services will not be covered when processed through any Inter-Plan Arrangements, unless authorized by Anthem.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are Prescription Drugs that You obtain from a Pharmacy and most dental or vision benefits.

A. BlueCard® Program

Under the BlueCard® Program, when You receive Covered Services within the geographic area served by a Host Blue, We will still fulfill Our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its Providers; and (b) handling its interactions with those Providers.

When You receive Covered Services outside the Anthem Service Area and the claim is processed through the BlueCard® Program, the amount You pay is calculated based on the lower of:

- The billed charges for Covered Services; or
- The negotiated price that the Host Blue makes available to Us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the Provider. Sometimes, it is an estimated price that takes into account special arrangements with that Provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of Providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price We used for Your claim because they will not be applied after a claim has already been paid.

B. Special Cases: Value-Based Programs

BlueCard® Program

If You receive Covered Services under a value-based program inside a Host Blue’s service area, You will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or care coordinator fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem through average pricing or fee schedule adjustments. Additional information is available upon request.

C. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or State laws or regulations may require a surcharge, tax or other fee. If applicable, We will include any such surcharge, tax or other fee as part of the claim charge passed on to You.

D. Non-participating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When Covered Services are provided outside of Anthem’s Service Area by non-participating Providers, We may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable State or federal law. In these situations, the amount You pay for such services as Deductible, Copayment or Coinsurance will be based on that allowed amount. Also, You may be responsible for the difference between the amount

that the non-participating Provider bills and the payment We will make for the Covered Services as set forth in this paragraph. Federal or State law, as applicable, will govern payments for Out-of-Network Emergency Services.

2. Exceptions

In certain situations, We may use other pricing methods, such as billed charges, the pricing We would use if the healthcare services had been obtained within the Anthem Service Area, or a special negotiated price to determine the amount We will pay for services provided by non-participating Providers. In these situations, You may be liable for the difference between the amount that the non-participating Provider bills and the payment We make for the Covered Services as set forth in this paragraph.

Notice of Claim and Proof of Loss

After You get Covered Services, We must receive written notice of Your claim in order for benefits to be paid.

- In-Network Providers will submit claims for You. They are responsible for ensuring that claims have the information We need to determine benefits. If the claim does not include enough information, We will ask them for more details, and they will be required to supply those details within certain timeframes.
- Out-of-Network claims can be submitted by the Provider if the Provider is willing to file on Your behalf. However, if the Provider is not submitting on Your behalf, You will be required to submit the claim. Claim forms are usually available from the Provider. If they do not have a claim form, You can send a written request to Us, or contact Member Services and ask for a claim form to be sent to You. If You do not receive the claim form, You can still submit written notice of the claim without the claim form. The same information that would be given on the claim form must be included in the written notice of claim, including:

- o Name of patient.
- o Patient's relationship with the Subscriber.
- o Identification number.
- o Date, type, and place of service.
- o Your signature and the Provider's signature.

Out-of-Network claims must be submitted within 90 days. Failure to file a claim within 90 days shall not invalidate nor reduce any claim if it was not reasonably possible to file the claim within such time, provided such proof is submitted as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one Year from the time the claim is required to be filed.

The claim must have the information We need to determine benefits. If the claim does not include enough information, We will ask You for more details and inform You of the time by which We need to receive that information. Once We receive the required information, We will process the claim according to the terms of Your Plan.

Please note that failure to submit the information We need by the time listed in Our request could result in the denial of Your claim, unless State or federal law requires an extension. Please contact Member Services if You have any questions or concerns about how to submit claims.

Payment of Benefits

Payment of claims will be made as soon as possible following receipt of the claim, unless more time is required because of incomplete or missing information. We will pay all benefits within 15 working days for clean claims filed electronically, or 30 calendar days for clean claims filed on paper. "Clean claim" means a claim submitted by You or a Provider that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment.

If We fail to pay or deny a clean claim in 15 working days for a claim filed electronically; or in 30 calendar days for a claim filed on paper, and We subsequently pay the claim, We will pay interest to the Provider that submitted the claim, as required under Georgia law.

Federal/State Taxes/Surcharges/Fees

Federal or State laws or regulations may require a surcharge, tax or other fee. If applicable, We will include any such surcharge, tax or other fee as part of the claim charge passed on to You.

Claim Denials

If benefits are denied, in whole or in part, Anthem will send the Member a written notice within the established time periods described in the section "Payment of Benefits." The Member or the Member's duly authorized representative may Appeal the denial as described in the "If You Have a Complaint or an Appeal" section. The adverse determination notice will include the reason(s) for the denial, reference to the Plan provisions(s) on which the denial is based, whether additional information is needed to process the claim and why the information is needed, the claim Appeal procedures and time limits.

If the denial involves a Utilization Review determination, the notice will also specify:

- Whether an internal rule, guideline, protocol or other criterion was relied upon in making the claim decision and that this information is available to the Member upon request and at no charge;
- That an explanation of the scientific or clinical judgment for a decision based on Medical Necessity, Experimental or Investigational treatment or a similar limitation is available to the Member upon request and at no charge.

Right of Recovery and Adjustment

Whenever payment has been made in error, or in excess of the maximum amount of payment necessary to satisfy the provisions of this Plan, We will have the right to recover such payment from You or, if applicable, the Provider or otherwise make appropriate adjustments to claims. In most instances, such

recovery or adjustment activity shall be limited to the Calendar Year in which the error is discovered.

We have oversight responsibility of compliance with Provider and vendor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a Provider or vendor resulting from these audits if the return of the overpayment is not feasible. Additionally, We have established recovery and adjustment policies to determine which recoveries and adjustments are to be pursued, when to incur costs and expenses and settle or compromise recovery or adjustment amounts. We will not pursue recoveries for overpayments or adjustments for underpayments if the cost of the activity exceeds the overpayment or underpayment amount. We may not give You notice of overpayments made by Us or You if the recovery method makes providing such notice administratively burdensome.

Member's Cooperation

Each Member shall complete and submit to the Plan such authorizations, consents, releases, assignments and other documents as may be requested by the Plan in order to obtain or assure reimbursement under Medicare, Worker's Compensation or any other governmental program. Any Member who fails to cooperate will be responsible for any charge for services.

This authorization remains valid until expressly revoked by notifying Us, Our affiliates, agents or designees in writing of such revocation at any time (except to the extent any action has been taken based on this authorization and/or except as release of such information may be required or authorized by law). Refusal to consent to the release of such information to Us, Our affiliates, agents or designees will permit Us to deny claims for benefits.

Assignment

We may pay either Your doctor or You for any care which You have received. Payment will be for the amount due under this Contract. Benefits are assignable.

Explanation of Benefits

After You receive medical care, You will generally receive an Explanation of Benefits (EOB). The EOB is a summary of the coverage You receive. The EOB is not a bill, but a statement from Us to help You understand the coverage You are receiving. The EOB shows:

- Total amounts charged for services/supplies received;
- The amount of the charges satisfied by Your coverage;
- The amount for which You are responsible (if any);
- General information about Your Appeals rights and for information regarding the right to bring an action after the Appeals process.

Payment Owed to You at Death

Upon the death of a Member, claims will be payable in Our discretion to either the Member's estate or a beneficiary designated to Us. If the Provider is an In-Network Provider, claims payments will be made to the Provider.

Claims Review for Fraud, Waste and Abuse

Anthem has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. Members seeking Emergency Services, Urgent Care services received in an Urgent Care Center or other services authorized by Us in accordance with this Contract from non-participating or Out-of-Network Providers could be balance billed by the non-participating or Out-of-Network Provider for those services that are determined to be not payable as a result of these review processes. A claim may also be determined to be not payable due to a Provider's failure to submit medical records with the claims that are under review in these processes.

We also may identify certain Pharmacies to review for potential fraud, waste, abuse or other inappropriate activity when claims data suggests there may be inappropriate billing practices. If a Pharmacy is selected, then We may use one or more clinical utilization management strategies in the

adjudication of claims submitted by this Pharmacy, even if those strategies are not used for all Pharmacies delivering services to this Plan's Members.

Payment Innovation Programs

We pay In-Network Providers through various types of contractual arrangements. Some of these arrangements – Payment Innovation Programs (Program(s)) - may include financial incentives to help improve quality of care and promote the delivery of healthcare services in a cost-efficient manner.

These Programs may vary in methodology and subject area of focus and may be modified by Us from time to time, but they will be generally designed to tie a certain portion of an In-Network Provider's total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, In-Network Providers may be required to make payment to Us under the Program as a consequence of failing to meet these pre-defined standards.

The Programs are not intended to affect Your access to healthcare. The Program payments are not made as payment for specific Covered Health Care Services provided to You, but instead, are based on the In-Network Provider's achievement of these pre-defined standards. You are not responsible for any Copayment or Coinsurance amounts related to payments made by Us or to Us under the Program(s), and You do not share in any payments made by In-Network Providers to Us under the Program(s).

IF YOU ARE COVERED BY MORE THAN ONE POLICY

This provision explains coordination of benefits (COB). This COB provision applies when You are covered by more than one health insurance Plan. When the COB provision applies, the insurance carriers involved will coordinate the benefits payable. The purpose of the COB provision is to save healthcare dollars by preventing duplicate payments for the same services.

For the purposes of this provision, "Plan" and "Group Coverage" is defined below.

If You have two insurance Plans, one of the Plans will be considered the primary Plan and the other Plan will be the secondary Plan. The primary Plan is the Plan which will process claims for benefits first (as though no other coverage exists), and the secondary Plan will coordinate its payment so as not to duplicate benefits provided by the primary Plan.

A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

- Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type health coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental Plan, as permitted by law.
- Plan does not include: Hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by State law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Group Coverage means:

- A Plan that is not available to the general public and is obtained and maintained only because of membership in or a connection with a particular organization or group, including blanket coverage; and
- Group Plan does not include an individually underwritten and issued guaranteed renewable plan.

Coordination with Group Coverage

Coverage under this Plan is always secondary to any Group Coverage.

Whenever the benefits under any other Plan are payable without regard to benefits payable under this Plan, this Plan will be secondary. Services that are not eligible for benefits under both Plans will not be subject to coordination of benefits.

When this Plan is secondary, the value of Covered Services will be based on Our Maximum Allowed Amount to determine Our liability. When providing secondary coverage, the aggregate of benefits under both Plans for the coordinated services will not exceed Our Maximum Allowed Amount for those coordinated services. If benefits are provided in the form of services by the primary carrier, as with a health maintenance organization, the value of the coordinate services is based upon Our Maximum Allowed Amount for the service. We may coordinate the benefits We would have paid so that the sum of Our benefits and the value of the coordinated services reduced by any applicable Deductible, Copayment or Coinsurance of the primary carrier does not exceed Our Maximum Allowed Amount.

No limitations will be extended because of coordination of benefits. All dollar amount and visit limits still apply, even when We are the secondary carrier. You may not elect to file Your claims only with Us in order to obtain primary benefits when the other carrier would otherwise be the primary carrier.

Coordination with Plans other than Group Coverage

Each non-group Plan determines its order of benefits using the first of the following rules that apply:

Rule (1) Determining Primary Versus Secondary Coverage for the Insured

If the Subscriber of this Plan is also the insured of another insurance company's individual Plan, the longer Plan rule applies. This means the Plan, which covered the person longer, pays benefits first as the primary carrier. The Plan, which covered that person for the shorter time, pays benefits as the secondary carrier. If the two individual Plans are effective on the same day, We will be the secondary carrier. If both Anthem and the other insurance carrier claim to be secondary and the other carrier demonstrates its denial of primary responsibility, this Plan will be primary.

Rule (2) Determining Primary Versus Secondary Coverage for Non-Dependent or Dependent

The Plan that covers the person other than as a Dependent, for example as an employee, Member, policyholder, Subscriber or retiree is the primary Plan and the Plan that covers the person as a Dependent is the secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a Dependent, and primary to the Plan covering the person as other than a Dependent (e.g. a retired employee), then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, Member, policyholder, Subscriber or retiree is the secondary Plan and the other Plan is the primary Plan.

Rule (3) Dependent Children Dual Coverage and the Birthday Rule

When Dependent children are enrolled and eligible for coverage by another Plan, the primary Plan will be the Plan of the parent whose birthday falls earlier in the calendar year. The month and day are considered, regardless of the birth year. This is termed the Birthday Rule. For example: Father's birth date is December 9th and Mother's birth date is February 4th. The mother's Plan would be primary for the children because her birthday falls first in the calendar year.

Rule (4) Dependents of Divorced Parents

If the parent with custody of the covered children has not remarried, this parent's Plan provides primary benefits and the parent without custody provides secondary benefits.

If the parent with custody has remarried, this parent's Plan still provides primary benefits, the stepparent's Plan provides secondary benefits, and the parent without custody provides any balance of benefits. When there is a divorce decree, which assigns financial responsibility for healthcare of Dependent children, the decree will determine who must provide primary benefits for the children.

Rule (5) Longer Policy Rule

If the primary carrier cannot be determined by the above rules, the Plan that has covered the Dependent longer will be the primary Plan. Some insurance companies designate a father's Plan as the primary Plan for children. If We must coordinate coverage with a Plan that follows this rule, the father's Plan will be primary.

Claims Information

Claims which are applicable to the COB provision are subject to the same requirements as any other claim. This information includes, but is not limited to the following: a description of the services rendered; the diagnosis; date(s) of service; place of treatment; Provider rendering services; date of accident, if applicable; the charge for each service; and admission review for Inpatient services.

When this Plan is secondary, additional information regarding the other carrier's payment is necessary. Usually this is provided by the other carrier's Explanation of Benefits (EOB) form. This EOB provides the processing information of the other carrier including: the amount applied to the Deductible; the paid amount; and any denied charges.

Payment Rules and COB Overpayments

If benefits are determined to be overpaid, We shall have the right to recover the excess amount from the following as We determine, in Our sole discretion, to be appropriate:

- any person to or for whom the payments were made;
- any health insurance company or HMO; or
- any other private or government payer.

Underpayments

If Your Anthem Plan is liable, but payments have been made under any other Plan, We may pay any entity that has paid any amounts We determine will meet the intent of this COB provision. Amounts paid to another entity will be considered as benefits provided under this Plan and We will no longer be liable under Your Anthem Plan.

Investigating Other Insurance

From time to time, You will be asked to complete a questionnaire about other healthcare coverage. Please complete and return the questionnaire to Us quickly. Also, please let Us know when Your family's other insurance coverage changes or is cancelled. This will help to prevent denial of benefits under this Plan for the lack of information

Coordination with Medicare

Unless federal law requires the Plan to be the primary payor, the benefits under This Plan for Members age 65 and older, or Members otherwise eligible for Medicare, do not duplicate any benefit Members are entitled to under Medicare. Where Medicare is the responsible payor, all amounts for services that have been paid for by Us that should have been paid for by Medicare shall be reimbursed to Us by or on behalf of the Members.

IF YOU HAVE A COMPLAINT OR AN APPEAL

Contract Administration

For proper adjudication of claims under this Contract, it is agreed, and the Member consents, that all medical records involving any condition for which a claim is presented will be furnished at Anthem's request and all privileges with respect to such information, are waived. The Member agrees to participate and cooperate with Anthem in any pre-admission, concurrent or other medical review activity at any Hospital or medical Facility as Anthem deems appropriate. This information will be kept confidential to the extent provided by law. Payment will not be provided where sufficient information cannot be obtained to properly adjudicate a claim.

Any person or entity having information about an illness or injury for which benefits are claimed may give Anthem, at its request, any information (including copies or records) about the illness or injury. In addition, Anthem may, with the Member's written consent, give any person or entity similar information at their request if they are providing similar benefits.

In making a decision on claims involving payment for services or supplies or days of care that are determined by Anthem to be Medically Necessary, Anthem reserves the right to obtain advisory opinions from doctor consultants in the appropriate specialty under consideration prior to reaching a decision. On reconsideration of denied Medical Necessity claims, Anthem further reserves the right to refer such cases to an appropriate peer review committee for an advisory opinion before Anthem renders its final determination on such claims.

Please refer to the Section "Prescription Drug List" for the process for submitting an exception request for Drugs not on the Prescription Drug List.

Anthem will not cover the costs and/or copying of medical records.

Summary of Grievances

A summary of the number, nature and outcome results of grievances filed in the previous three Years is available for Your inspection. You may obtain a copy of any such summary from Anthem.

Anthem realizes, however, that there may be times when problems arise or miscommunications occur which lead to feelings of dissatisfaction. As an Anthem Member, You have a right to express dissatisfaction and to expect unbiased resolution of issues.

Temporary custody is not sufficient to establish eligibility under this Contract.

Any foster child who is eligible for benefits provided by any governmental program or law will not be eligible for coverage under this Contract, unless required by the laws of this State.

Open Enrollment

As established by the rules of the Exchange, Qualified Individuals are only permitted to enroll in a Qualified Health Plan (QHP), during the annual open enrollment period or as an enrollee to add a Qualified Individual to the current QHP during a special enrollment period for which the Qualified Individual has experienced a qualifying event.

An annual open enrollment period is provided for Qualified Individuals and enrollees. Qualified Individuals may enroll in a QHP, and enrollees may change QHPs at that time according to rules established by the Exchange.

American Indians are authorized to move from one QHP to another QHP once per month.

Changes Affecting Eligibility and Special Enrollment

A special enrollment period is a period during which a Qualified Individual or enrollee who experiences certain qualifying events or changes in eligibility may enroll in or change a QHP through the Exchange, outside of the annual open enrollment period.

Length of special enrollment periods: Unless specifically stated otherwise, a Qualified Individual or enrollee has 60 calendar days from the date of a triggering event to select a QHP.

The Exchange must allow Qualified Individuals to enroll in or change a QHP as a result of the following triggering events:

- A Qualified Individual or Dependent loses Minimum Essential Coverage;
- A Qualified Individual gains a Dependent or becomes a Dependent through marriage, birth, adoption or placement for adoption;
- An individual, not previously a citizen, national, or lawfully present gains such status;
- A Qualified Individual's enrollment or non-enrollment in a QHP is unintentional, inadvertent, or erroneous and is the result of an error of the Exchange or the Department of Health and Human Services (HHS), or its instrumentalities as determined by the Exchange. In such cases, the Exchange may take such action as may be necessary to correct or eliminate the effects of such error;
- An enrollee demonstrates to the Exchange that the QHP in which he or she is enrolled substantially violated a material provision of its Contract in relation to the enrollee;
- An individual is determined newly eligible or newly ineligible for Advance Payments of the Premium Tax Credit or has a change in eligibility for Cost-Sharing reductions, regardless of whether such individual is already enrolled in a QHP;
- The Exchange must permit individuals whose existing coverage through an eligible employer sponsored Plan will no longer be affordable or provide minimum value for his or her employer's upcoming Plan Year to access this special enrollment period prior to the end of his or her coverage through such eligible employer-sponsored Plan;
- A Qualified Individual or enrollee gains access to new QHPs as a result of a permanent move, provided he or she had Minimum Essential Coverage in effect for one or more days of the 60 days prior to the move;
- A Qualified Individual or enrollee demonstrates to the Exchange, in accordance with HHS guidelines, that the individual meets other exceptional circumstances as the Exchange may provide; and
- A Qualified Individual newly gains access to an Individual Coverage Health Reimbursement Arrangement (ICHRA) or is newly provided a Qualified Small Employer Health Reimbursement Arrangement (QSEHRA).

If You cannot find Your situation, contact Your agent/broker or call Us. We can only enroll based on events defined by State and/or federal law.

NOTE: Special enrollment for marriage – only applies if at least one spouse was enrolled in Minimum Essential Coverage at least one day in the 60 days before marriage; or lived abroad for one or more days in the 60 days before marriage; or is an American Indian or Alaskan Native.

Newborn and Adopted Child Coverage

Newborn children of the Subscriber or the Subscriber's spouse will be covered for an initial period of 31 days from the date of birth. To continue coverage beyond the first 31 days, please contact the Exchange within 60 days of the date of birth to add the child to the Subscriber's Contract and You must pay Anthem timely for any additional Premium due.

A child will be considered adopted from the earlier of: (1) placement for adoption; or (2) the date the court enters a decree granting the adoption. The child will continue to be considered adopted unless the child is removed from Your home prior to issuance of a legal decree of adoption.

Please contact the Exchange within 60 days of the placement for adoption or date of adoption to add the child to the Subscriber's Contract and You must pay Anthem timely for any additional Premium due.

Adding a Child due to Award of Court-Appointed Guardianship

If a Subscriber or the Subscriber's spouse files an application for appointment of guardianship of a child, an application to cover the child under the Subscriber's Contract must be submitted to the Exchange within 60 days of the date the appointment of guardianship is granted. Coverage will be effective on the date the appointment of guardianship is awarded by the court.

Court Ordered Health Coverage

If You are required by a court order, as defined by applicable State or federal law, to enroll Your child under this Contract, and the child is otherwise eligible for the coverage, You must request permission

from the Exchange for Your child to enroll under this Contract, and once approved by the Exchange, We will provide the benefits of this Contract in accordance with the applicable requirements of such order.

A child's coverage under this provision will not extend beyond any Dependent age limit. Any claims payable under this Contract will be paid, at Our discretion, to the child or the child's custodial parent or legal guardian, for any expenses paid by the child, custodial parent, or legal guardian. We will make information available to the child, custodial parent, or legal guardian on how to obtain benefits and submit claims to Us directly.

Effective Date of Coverage

The earliest Effective Date for the annual open enrollment period is the first day of the following Benefit Period for a Qualified Individual who has made a QHP selection during the annual open enrollment period. The applicant's Effective Date is determined by the Exchange based on the receipt of the completed enrollment form. Benefits will not be provided until the applicable Premium is paid to Anthem.

Effective Dates for special enrollment periods:

1. In the case of birth, adoption or placement for adoption, coverage is effective on the date of birth, adoption, or placement for adoption unless the Subscriber timely requests a different Effective Date. Advance Payments of the Premium Tax Credit and Cost Sharing reductions, if applicable, are not effective until the first day of the following month, unless the birth, adoption, or placement for adoption occurs on the first day of the month;
2. In the case of marriage, coverage is effective on the first day of the month after receipt of the application, as long as the application is received within 60 days of the event;
3. In the case where a Qualified Individual loses Minimum Essential Coverage, coverage is effective based on when a complete application is received, which must be within 60 days of the qualifying event; and
4. In the case of new access to an ICHRA or new provision of a QSEHRA, if the Plan selection is made before the day of the triggering event, coverage is effective on the first day of the month following the date of the triggering event or, if the triggering event is on the first day of a month, on the date of the triggering event. If the Plan selection is made on or after the day of the triggering event, coverage is effective on the first day of the month following the Plan selection.

Effective Dates for special enrollment due to loss of Minimum Essential Coverage include loss of eligibility for coverage as a result of:

1. Legal separation or divorce;
2. Cessation of Dependent status, such as attaining the maximum age;
3. Death of an employee;
4. Termination of employment;
5. Reduction in the number of hours of employment;
6. Individual who no longer resides, lives or works in the Plan's service area;
7. A situation in which a Plan no longer offers any benefits to the class of similarly situated individuals that includes the individual;
8. Termination of employer contributions; or
9. Exhaustion of COBRA benefits.

Effective Dates for special enrollment due to loss of Minimum Essential Coverage do not include termination or loss due to:

1. Failure to pay Premiums on a timely basis, including COBRA Premiums prior to expiration of COBRA coverage, or
2. Situations allowing for a rescission such as fraud or intentional misrepresentation of material fact.

Notice of Changes

The Subscriber is responsible to notify the Exchange of any changes that will affect his or her eligibility or that of Dependents for services or benefits under this Contract. The Exchange must be notified of any changes as soon as possible but no later than within 60 days of the event. This includes changes in

address, marriage, divorce, death, changes in income, change of Dependent's impairment or dependency status. Failure to notify the Exchange of persons no longer eligible for services will not obligate Us to pay for such services. Acceptance of Premium for persons no longer eligible for services will not obligate Us to pay for such services.

Family coverage should be changed to single coverage when only the Subscriber is eligible. When notice is provided within 60 days of the event, the Effective Date of coverage is the event date causing the change to single coverage. The Exchange must be notified when a Member becomes eligible for or enrolled in Medicare.

All notifications must be in writing and on approved forms or as otherwise required by the Exchange. Such notifications must include all information required to effect the necessary changes.

Statements and Forms

Subscribers or applicants for membership shall complete and submit to the Exchange applications or other forms or statements the Exchange may request. Subscribers or applicants for membership represent to the best of their knowledge and belief that all information contained in such applications, questionnaires, forms, or statements submitted to the Exchange is true, correct, and complete and understand that all rights to benefits under this Contract are subject to the condition that all such information is accurate. Any act, practice, or omission that constitutes fraud or an intentional misrepresentation of material fact by the Member may result in termination or rescission of coverage.

WHEN MEMBERSHIP ENDS (TERMINATION)

This section describes how coverage for a Member can be terminated, cancelled, rescinded, suspended or not renewed.

Termination of the Member

Unless prohibited by law, the Member's coverage will terminate if any of the following occurs:

1. The Member terminates his or her coverage with appropriate notice to the Exchange;
2. The Member no longer meets eligibility requirements for coverage in a QHP through the Exchange (examples: divorce, dissolution of domestic partnership, overage Dependent, moves outside the service area, etc.). In this case, the Exchange will send a notice to the Member. Coverage ends on the last day of the month following the month in which the Exchange notifies the Member (unless the Member requests an earlier termination date);
3. The Member fails to pay his or her Premium, and the grace period has been exhausted;
4. Rescission of the Member's coverage;
5. The QHP terminates or is decertified;
6. The Member changes to another QHP;
7. The Member was enrolled in a QHP without his or her knowledge or consent by a third party, including by a third party with no connection with the Exchange; or
8. The QHP Issuer may terminate coverage as permitted by the Exchange. The Member will be notified by the QHP Issuer as required by law.

"Grace Period" refers to either:

1. The three month grace period required for individuals receiving Advance Payments of the Premium Tax Credit; in this case, the last day of coverage will be the last day of the first month of the three month grace period; or
2. Any other applicable grace period.

Effective Dates of Termination

Termination of coverage is effective on the following date(s):

1. In the case of termination initiated by the Member, the last day of coverage is:
 - a. The termination date specified by the Member, if reasonable notice is provided;
 - b. Fourteen days after the termination is requested, if the Member does not provide reasonable notice; or
 - c. On a date determined by the Member's QHP Issuer, if the Member's QHP Issuer is able to implement termination in fewer than 14 days and the Member requests an earlier termination Effective Date.
2. If the Member is newly eligible for Medicaid, Children's Health Insurance Program (CHIP), or the Basic Health Plan, the last day of coverage is the day before such coverage begins.
3. In the case where a Member is no longer eligible for coverage in a QHP through the Exchange (examples: divorce, dissolution of domestic partnership, overage Dependent, move outside the service area, etc.), the last day of coverage is the last day of the month following the month in which notice is sent by the Exchange, unless the Member requests an earlier termination Effective Date.
4. In the case of a termination for non-payment of Premium and the three month grace period required for Members receiving Advance Payments of the Premium Tax Credit has been exhausted, the last day of coverage will be the last day of the first month of the three month grace period.
5. In the case of a termination for non-payment of Premium, and the Member is not receiving Advance Payments of the Premium Tax Credit, the last day of coverage is the last day for which Premium is paid, consistent with existing State laws regarding grace periods.

6. In the case of a termination when a Member changes QHPs, the last day of coverage in a Member's prior QHP is the day before the Effective Date of coverage in his or her new QHP.
7. The day following the Member's death. When a Subscriber dies, the surviving spouse or Domestic Partner of the deceased Subscriber, if covered under the Contract, shall become the Subscriber.

"Reasonable notice" is defined as 14 days prior to the requested Effective Date of termination.

Guaranteed Renewable

Coverage under this Contract is guaranteed renewable, except as permitted to be terminated, cancelled, rescinded, or not renewed under applicable State and federal law, provided the Member is a Qualified Individual as determined by the Exchange. The Member may renew this Contract by payment of the renewal Premium by the end of the grace period of the Premium due date, provided the following requirements are satisfied:

1. Eligibility criteria as a Qualified Individual continues to be met.
2. There are no fraudulent or intentional misrepresentations of material fact on the application or under the terms of this Contract.
3. This Contract has not been terminated by the Exchange.

Loss of Eligibility

Coverage ends for a Member when he or she no longer meets the eligibility requirements for coverage. You must timely furnish to the Exchange or the QHP Issuer any information requested regarding Your eligibility and the eligibility of Your Dependents. Failure to give timely notification of a loss of eligibility will not obligate Us to provide benefits for ineligible persons, even if We have accepted Premiums or paid benefits.

Rescission

If within two Years after the Effective Date of this Contract, We discover any act, practice or omission that constitutes fraud or an intentional misrepresentation of material fact that You or Your covered Dependents did not disclose on the application, We may terminate or rescind this Contract as of the original Effective Date. Additionally, if within two Years after adding an additional Dependent (excluding newborn children of the Subscriber added within 31 days of birth), We discover any act, practice or omission that constitutes fraud or an intentional misrepresentation of material fact that You or Your covered Dependent did not disclose on the application, We may terminate or rescind coverage for the additional covered Dependent as of his or her original Effective Date. We will give You at least 30 days written notice prior to rescission of this Contract.

This Contract may also be terminated if You engage in fraudulent conduct, furnish Us fraudulent or misleading material information relating to claims or if You knowingly participate in or permit fraud or deception by any Provider, vendor or any other person associated with this Contract. Termination will be effective 31 days after Our notice of termination is mailed. We will also terminate Your Dependent's coverage, effective on the date Your coverage is terminated.

You are responsible to pay Us for the cost of previously received services based on the Maximum Allowed Amount for such services, less any Copayment/Coinsurance made or Premium paid for such services. After the two Years following Your Effective Date, We may only rescind or terminate Your coverage on the basis of any act, practice or omission that constitutes fraud.

Time Limit on Certain Defenses

Anthem may cancel this coverage within two Years from the Effective Date for any ineligible family Member on whom fraudulent information has been submitted. The Member assumes liability for reimbursement to Anthem for any benefit payment made on behalf of such family Member.

Two years after this Contract is issued, no false statements which might have been in Your Application for Coverage can be used to void the Contract. Also, after these same two years no covered claim can be denied because of any false statement on Your Application unless found to be made intentionally.

One year after this Contract is issued, no claim can be reduced or denied simply because You had a disease or condition prior to Your Effective Date. This section does not remove the limits on services which are excluded from payment.

Reinstatement

If Your coverage ends in any manner, You may be considered for reinstatement. However, if Your coverage ended because You did not make payments, coverage under a reinstatement is limited to covering Accidental Injuries from the date of reinstatement and any illness which begins 10 days after Your reinstatement. Your rights in all other areas of this Contract remain the same as before the due date of the charges which You did not pay. Anthem does not require an application for reinstatement.

However, if in the future Anthem requires an application for reinstatement and issues a conditional receipt for the Premium tendered, the Contract will be reinstated upon approval, upon the 45th day following the date of such conditional receipt unless Anthem has previously notified the insured in writing of its disapproval of such application.

Discontinuation of Coverage

We can refuse to renew Your Contract if We decide to discontinue a health coverage product that We offer in the individual market. If We discontinue a health coverage product, We will provide You with at least 90 days notice of the discontinuation. In addition, You will be given the option to purchase any health coverage Plan that We currently offer without regard to claims status or health history. Nonrenewal will not affect an existing claim.

Grace Period

If the Subscriber does not pay the full amount of the Premium by the Premium due date, the grace period is triggered. The grace period is an additional period of time during which coverage may remain in effect and refers to either the three month grace period required for individuals receiving Advance Payments of the Premium Tax Credit (APTC) or for individuals not receiving the APTC, it refers to any other applicable grace period.

If the Subscriber does not pay the required Premium by the end of the grace period, the Contract, is terminated. In order for a Premium to be considered paid during the Grace Period, We must receive it by the last day of the Grace Period. The application of the grace period to claims is based on the date of service and not on the date the claim was submitted.

Subscriber Receives APTC

If the Subscriber receiving the APTC has previously paid at least one month's Premium in a Benefit Year We must provide a grace period of at least three consecutive months. During the grace period, We must apply any payment received to the first billing cycle in which payment was delinquent and continue to collect the APTC. If full Premium payment is not received during the grace period, the last day of coverage will be the last day of the first month of the three month grace period. We must pay claims during the first month of the grace period but may pend claims in the second and third months subject to Anthem's right to terminate the Contract, as provided herein. You will be liable to Us for the Premium payment due including those for the grace period. You will also be liable to Us for any claims payments made for services incurred after the last day of the first month of the three month grace period.

Subscriber Does Not Receive APTC

If the Subscriber is not receiving an APTC, this Contract has a grace period of 31 days. This means if any Premium payment, except the first, is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the Contract will stay in force unless prior to the date Premium payment is due You give timely written notice to Us that the Contract is to be terminated. If You do not make the full Premium payment during the grace period, the Contract will be terminated on the last day of the grace period. You will be liable to Us for the Premium payment due including for the grace period. You will also be liable to Us for any claims payments made for services incurred after the last day of the grace period.

After Termination

Once this Contract is terminated, the former Members cannot reapply until the next annual open enrollment period unless they experience an event that qualifies for a special enrollment period prior to the annual open enrollment period.

Removal of Members

A Subscriber may terminate the enrollment of any Member from the Plan. If this happens, no benefits will be provided for Covered Services provided after the Member's termination date.

Refund of Premium

Upon termination, We shall return promptly the unearned portion of any Premium paid.

Electronic Funds Transfer

If You submit a personal check for Premiums payment, You automatically authorize Us to convert that check into an electronic payment. We will store a copy of the check and destroy the original paper check. Your payment will be listed on the financial institution account statement as an Electronic Funds Transfer (EFT). Converting Your paper check into an electronic payment does not authorize Us to deduct Premiums from Your account on a monthly basis unless You have given Us prior authorization to do so.

Administrative Fee

An administrative fee of \$20 will be charged for any check, automatic deduction, or Electronic Funds Transfer which is returned or dishonored by the financial institution as non-payable to Anthem for any reason.

Policies, Procedures and Pilot Programs

We are able to introduce new policies, procedures, rules and interpretations, as long as they are reasonable. Such changes are introduced to make the Plan more orderly and efficient. Members must follow and accept any new policies, procedures, rules, and interpretations.

Under the terms of the Plan, We have the authority, in Our sole discretion, to introduce or terminate from time to time, pilot or test programs for disease management, care management, case management, clinical quality or wellness initiatives that may result in the payment of benefits not otherwise specified in this Plan. We reserve the right to discontinue a pilot or test program at any time.

Confidentiality and Release of Information

Applicable State and federal law requires Us to undertake efforts to safeguard Your medical information.

For informational purposes only, please be advised that a statement describing Our policies and procedures regarding the protection, use and disclosure of Your medical information is available on Our website and can be furnished to You upon request by contacting Our Member Services department.

Obligations that arise under State and federal law and policies and procedures relating to privacy that are referenced but not included in this Contract are not part of the Contract between the parties and do not give rise to contractual obligations.

Right to Receive Necessary Information

Anthem has the right to receive any information necessary in order to determine how much to cover on any claims submitted by a Hospital, doctor or an individual Member. Anthem agrees to hold all such material confidential.

Notice of Privacy Practices

We are committed to protecting the confidential nature of Members' medical information to the fullest extent of the law. In addition to various laws governing Member privacy, We have Our own privacy policies and procedures in place designed to protect Member information. We are required by law to provide individuals with notice of Our legal duties and privacy practices. To obtain a copy of this notice, visit Our website or contact Our Member Services department.

Catastrophic Events

In case of fire, flood, war, civil disturbance, court order, strike, an act of terrorism or other cause beyond Our control, We may be unable to process Your claims on a timely basis. No legal action or lawsuit may be taken against Us due to a delay caused by any of these events. In such an event, however, We shall use reasonable efforts to perform Our respective obligations.

Refusal to Follow Recommended Treatment

If a Member refuses treatment that has been recommended by Our In-Network Provider, the Provider may decide that the Member's refusal compromises the Provider-patient relationship and obstructs the provision of proper medical care. Providers will try to render all necessary and appropriate professional services according to a Member's wishes, when they are consistent with the Provider's judgment. If a Member refuses to follow the recommended treatment or procedure, the Member is entitled to see another Provider of the same specialty for a Second Opinion. The Member can also pursue the Appeal/grievance process.

Entire Contract and Changes

Your Application for Coverage, this document, any later applications, and any future attachments, additions, deletions, or other amendments will be the entire Contract. No change in this Contract is valid

unless signed by the President of Anthem. No agent or employee of Anthem may change this Contract or declare any part of it invalid.

Anthem has the right to amend this Contract at any time by giving You written notice of the amendment at least 90 days before the amendment takes effect. You must agree to the change in writing. However, this requirement of notice shall not apply to amendments which provide coverage mandated by the laws of the State of Georgia.

Excess Coverage Provision

This coverage pays for eligible charges after any group health Plan has paid. In no case shall the total payment of this healthcare coverage and other coverage exceed 100% of the eligible charges. Eligible charges which are reimbursed by any group healthcare Plan are not covered by this Contract.

Misstatement of Age

If the Premium for this Contract is based on Your age and if Your age has been misstated, the benefits will be those the Premium paid would have purchased at the correct age.

Notice

Any notice given by Anthem to a Subscriber shall be sufficient if mailed to the Subscriber at his or her address as it appears in Anthem's records. Notice given to Anthem must be sent to Anthem's address as shown in this Contract. Anthem, or a Member may, by written notice, indicate a new address for giving notice.

Not Liable for Provider Acts or Omissions

We are not liable for the acts or omissions by any individuals or institutions furnishing care or services to You.

Physical Examinations and Autopsy

We, at Our own expense, shall have the right and opportunity to examine the Member when and as often as it may reasonably be required during the pendency of a claim and to make an autopsy in case of death where it is not prohibited by law.

Third Party Liability

These provisions apply when We pay benefits as a result of injuries or illness You sustained and You have a right to a Recovery or have received a Recovery as a result of actions or omissions of a third party. We will automatically have a lien upon any Recovery. Our lien will equal the amount of benefits We pay on Your behalf for injuries, disease, condition or loss You sustained as a result of any act or omission for which a third party is liable. Our lien will not exceed the amount We actually paid for those services. We have a first priority right to recover Our lien.

In this section, "Recovery" means money You (or Your estate, parent, trustee or legal guardian) receive, are entitled to receive, or have a right to receive, whether by judgment, award, settlement or otherwise as a result of injury or illness caused by the third party, regardless of whether liability is contested. In this section "third party" refers to any person or entity who is legally responsible in relation to the injuries or illnesses sustained by You for which We paid benefits, including but not limited to the party(ies) who caused the injury or illness ("tortfeasor"), the tortfeasor's insurer, the tortfeasor's indemnifier, the tortfeasor's guarantor, the tortfeasor's principal or any other person or entity responsible or liable for the tortfeasor's acts or omissions, Your own insurer (underinsured or uninsured motorist benefits, medical payments, no fault benefits, personal injury protection, etc.), or any other person, entity, policy or Plan that may be liable or responsible in relation to the injuries or illness, to the extent permitted by law.

Subrogation or reimbursement under this Plan may only be permitted if You have been fully compensated, and the amount recoverable by Us may be reduced by a pro rata share of Your reasonable attorney's fees and costs, if State law so requires.

Right of Reimbursement

- You must reimburse Us the full amount of Our lien.
- Our rights are not limited by any allocation or characterization made in a settlement agreement or court order.
- We are not bound by, nor responsible for any fees or costs recoverable by or assigned to Your attorney as set forth in any fee agreement.

Member's Duties

- Your signed Application for Coverage and/or Your receipt of benefits under this Plan authorizes and/or acknowledges each of Our rights set forth in this section.
- You, or Your attorney, must notify Us promptly of how, when and where an accident or incident resulting in personal injury or illness to You occurred and all information regarding the parties involved.
- You agree to advise Us, directly or through Your attorney, in writing of Your claim against a third party, or a claim against Your own insurance, within 60 days of making such claim, unless a shorter period of time is prescribed by law, and that You or Your attorney will take such action, furnish such information and assistance, and execute such papers as We may require to facilitate enforcement of Our lien rights.
- Relevant information includes, but is not limited to, police reports, pleadings, settlement agreements, and communications with any party regarding the accident, incident, injury or illness.
- Neither You, nor Your attorney, shall take any action that may prejudice Our rights or interests under this section.
- You and/or Your attorney must cooperate with Us in the investigation, settlement and protection of Our rights.
- You and/or Your attorney must immediately notify Us if a trial is commenced, if a settlement occurs or is consummated, or if potentially dispositive motions are filed in a case.
- You and/or Your attorney must hold in trust the extent of Our lien that is recoverable by Us under the law and the Recovery must not be dissipated or disbursed until such time as We have been repaid in accordance with these provisions.
- If You, or Your attorney, fail to give Us notice, fail to cooperate with Us, or intentionally take any action that prejudices Our rights, You will be in material breach of this Contract. In the event of such material breach, You will be personally responsible and liable for reimbursing to Us the amount of benefits We paid.

Nothing in this Plan shall be construed to limit Our right to utilize any remedy provided by law to enforce Our rights to recover Our lien.

Any action that interferes with Our right to recover Our lien may result in the termination of coverage as allowed by law for You and Your covered Dependents.

The Plan is entitled to recover any attorney's fees and costs incurred in enforcing any provision in this section.

Severability

In the event that any provision in this Contract is declared legally invalid by a court of law or determined to be illegal due to the enactment of new legislation or regulations, such provision will be severable and all other provisions of the Contract will remain in force and effect.

Unauthorized Use of Identification Card; Fraudulent Statements

If You permit Your Anthem Identification Card to be used by someone else or if You use the card before coverage is in effect or after coverage has ended, You will be liable for payment of any expenses

incurred resulting from the unauthorized use. Fraudulent misuse could also result in termination of the coverage.

Fraudulent statements on Subscriber application forms and/or claims for services or payment involving all media (paper or electronic) may invalidate any payment or claims for services and be grounds for voiding the Subscriber's coverage. This includes fraudulent acts to obtain medical services and/or Prescription Drugs.

Unpaid Premium

Upon the payment of a claim under this Contract, any Premiums then due and unpaid or covered by any note or written order may be deducted from that claim payment.

Right to Change Plan

No agent or employee of the Plan or other person, except an authorized officer of the Plan, has authority to waive, even if by providing incomplete or incorrect information, any conditions or restrictions or to change the form or content of this Plan, to extend the time for making a payment to the Plan, or to bind the Plan by making any promise or representation or by giving or receiving any information. Such changes can be made only through a written authorization, signed by an officer of the Plan.

Care Coordination

We pay In-Network Providers in various ways to provide Covered Services to You. For example, sometimes We may pay In-Network Providers a separate amount for each Covered Service they provide. We may also pay them one amount for all Covered Services related to treatment of a medical condition. Other times, We may pay a periodic, fixed pre-determined amount to cover the costs of Covered Services. In addition, We may pay In-Network Providers financial incentives or other amounts to help improve quality of care and/or promote the delivery of healthcare services in a cost-efficient manner, or compensate In-Network Providers for coordination of Member care. In some instances, In-Network Providers may be required to make payment to Us because they did not meet certain standards. You do not share in any payments made by In-Network Providers to Us under these programs.

Medical Policy and Technology Assessment

Anthem reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria are used to determine the Experimental / Investigational status or Medical Necessity of new technology. Guidance and external validation of Anthem medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 Doctors from various medical specialties including Anthem's medical directors, Doctors in academic medicine and Doctors in private practice.

Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to Medical Necessity criteria used to determine whether a procedure, service, supply or equipment is covered.

Program Incentives

We may offer incentives from time to time, at Our discretion, in order to introduce You to covered programs and services available under this Contract. We may also offer, at Our discretion, the ability for You to participate in certain voluntary health or condition focused digital applications or use other technology based interactive tool, or receive educational information in order to help You stay engaged and motivated, manage Your health, and assist in Your overall health and well-being. The purpose of these programs and incentives include, but are not limited to, making You aware of cost effective benefit options or services, helping You achieve Your best health, encouraging You to update Member-related information and encouraging You to enroll automatically to pay Premiums electronically. These incentives may be offered in various forms such as retailer coupons, gift cards, health related merchandise, and discounts on fees or Member Cost Shares. Acceptance of these incentives is voluntary as long as Anthem offers the incentives program. Motivational rewards, awards or points for

achieving certain milestones may be a feature of the program. We may discontinue an incentive or a program for a particular covered program or service at any time. If You have any questions about whether receipt of an incentive or retailer coupon results in taxable income to You, We recommend that You consult Your tax advisor.

Value-Added Programs

We may offer health or fitness related programs and products to Our Members, through which You may access discounted rates from certain vendors for products and services available to the general public. We may also offer value-added services that include discounts on Pharmacy products (over-the-counter drugs, consultations and biometrics). In addition, You may have access to additional value-added services that include discounts on pet medications, wholesale club memberships, mobile phone minutes and banking and payment services.

The products and services available under this program are not Covered Services under the Plan but are in addition to Plan benefits and may include giveaways that promote a healthy lifestyle. As such, program features are not guaranteed under Your Contract and could be discontinued at any time. We do not endorse any vendor, product or service associated with this program. Program vendors are solely responsible for the products and services You receive.

If You have any questions about whether receipt of rewards results in taxable income to You, We recommend that You consult Your tax advisor.

Voluntary Clinical Quality Programs

We may offer additional opportunities to assist You in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that You have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage You to get certain care when You need it and are separate from Covered Services under Your Plan. These programs are not guaranteed and could be discontinued at any time. We will give You the choice and if You choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, You may receive incentives such as gift cards or retailer coupons, which We encourage You to use for health and wellness related activities or items.

Under other clinical quality programs, You may receive a home test kit that allows You to test for immediate results or collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any Cost Shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. (If You have any questions about whether receipt of a gift card or retailer coupon results in taxable income to You, We recommend that You consult Your tax advisor.)

Members' Rights and Responsibilities

The delivery of quality healthcare requires cooperation between patients, their Providers and their healthcare benefit Plan. One of the first steps is for patients and Providers to understand Member rights and responsibilities. Therefore, Anthem has adopted a Members' Rights and Responsibilities statement.

It can be found on Our website FAQs. To access, go to www.anthem.com and select "Member Support". Under the Support column select "FAQs" > "Select My State" > "Pick Your State" > "Laws and Rights That Protect You" > "What are my rights as a member?". Members or Providers who do not have access to the website can request copies by contacting Anthem, or by calling the number on the back of the Member ID Card.

Medicaid

Medical Necessity or Medically Necessary

The program only pays the cost of Covered Services Anthem considers Medically Necessary. The fact that a doctor has prescribed, ordered, recommended or approved a service or supply does not, in itself, make it Medically Necessary. A service is considered Medically Necessary if it is:

- Appropriate and consistent with the diagnosis and the omission of which could adversely affect or fail to improve the patient's condition;
- Compatible with the standards of acceptable medical practice in the United States;
- Not provided solely for Your convenience or the convenience of the doctor, healthcare Provider or Hospital;
- Not primarily custodial care; and
- Provided in a safe and appropriate setting given the nature of the diagnosis and the severity of the symptoms.

Cost-effective compared to alternative interventions, including no intervention. Cost-effective does not always mean lowest cost. It does mean that as to the diagnosis or treatment of the Member's illness, injury or disease, the service is: (1) not more costly than an alternative service or sequence of services that is medically appropriate, or (2) the service is performed in the least costly setting that is medically appropriate. For example We will not provide coverage for an Inpatient admission for surgery if the surgery could have been performed on an Outpatient basis or an infusion or injection of a Specialty Drug provided in the Outpatient department of a Hospital if the drug could be provided in a doctor's office or the home setting.

For purposes of treatment of mental health and substance use disorder, Medically Necessary means a service or product addressing the specific needs of that patient for the purpose of screening, preventing,

diagnosing, managing or treating an illness, injury, condition, or its symptoms, including minimizing the progression of an illness, injury, condition, or its symptoms, in a manner that is all of the following:

- In accordance with generally accepted standards of mental health or substance use disorder care;
- Clinically appropriate in terms of type, frequency, extent, site, and duration; and
- Not primarily for the economic benefit of Anthem and the Member or for the convenience of the patient, treating doctor, or other healthcare Provider.
